Important Travel Notice

Motorized, wheeled cross-country travel is prohibited. *Stay on designated open roads and trails.*

Cross-country travel by motorized, wheeled vehicles is prohibited yearlong on all lands administered by the Forest Service. Please stay on roads and trails.

Current local road, trail, and area restrictions still apply.

The purpose of these restrictions is to protect riparian areas, wetlands, crucial wildlife habitat, threatened or endangered species, soils and vegetation, aquatic resources and/or to reduce user conflicts.

All motorized vehicle users should obtain the latest editions of Motor Vehicle Use Maps (MVUM) available for each ranger district of the Flathead National Forest and use in conjunction with this visitor use map.

The MVUM identifies and displays roads, trails, and areas designated as OPEN to public motor vehicle use. It is reissued annually as a free map available at all ranger district offices.

Motorized users must comply with the motorized use designations on the MVUM. Only those roads, trails, and areas designated as open on the MVUM are legally authorized for travel by motorized vehicles. Contact local Forest Service offices for additional information.
