The following items are only a suggestion that an Incident Technology Support Specialist (ITSS) can take to an incident as a single resource (Qualified or Trainee). Although not required, the following items can be helpful:

Critical Items:
1 – Resource Order
1 – Red Card
1 – Thumb Drive with ITSS Training Class Materials (available from the FTP site) including latest EISuite install and updates/patches. Most recent ROSS Import file for the incident if available.
1 – Initiated ITSS Task Book if a Trainee

Nice to have items:
1 – Laptop (depending on agency) if documented on resource order
1 - Cable Tester
1 - Ideal RJ45 Crimp Tool
1 - Router 802.11g/n/ac (attached storage via USB 2.0/3.0)
1 - 8 Port 100/1000 Switch
3 - Cat5e/6 Patch Cable 10ft
3 - Cat5e/6 Patch Cable 15ft
3 - Cat5e/6 Patch Cable 25ft
1 - Portable USB 2.0 Hub/Card Reader
1 - 16GB Thumb Drive
1 - 200GB USB 2.0/3.0 Portable Hard Drive
1 - 6' USB A/B Cable
1 - 6' USB A/Mini-B Cable
1 - USB 2.0 to IDE or SATA Drive Adapter
1 - Digital Camera with Memory Card
1 - 25pk DVD Spindle
1 - 25pk CD-R Spindle
1 - Multimedia Wallet
1 - CD Sleeves 50pk
1 – PC Toolkit
2 - 12' Power Strip
1 – Roll of 2" Gaffers Tape
