MOTOR VEHICLE USE MAP (MUM)

The MUM is a legal enforceable document that identifies the roads, trails, and areas where motor vehicle use is allowed in a Forest Service administrative unit or ranger district. MUMs are released each year. It is the responsibility of motor vehicle users to acquire the current MUM. MUMs are available FREE at Forest Service offices and at:

<https://www.fs.usda.gov/recreation/programs/ohv/mum.shtml>

This is not a legal document. Public lands are subject to change and leasing, and may have access restrictions. Not all roads and trails in this map are open to motor vehicle use. Check with appropriate officials and obtain appropriate regulatory maps and information. Obtain permission before entering private lands.

The USDA Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. Using GIS products for purposes other than those for which they were intended may yield inaccurate or misleading results.

USDA is an equal opportunity provider, employer, and lender.
