

This map displays Unit 7, a 132-acre area highlighted in orange. A yellow line indicates the Unit7\_RoadBuffer, and a blue dashed line shows the Ephemeral stream. The map includes a legend, a scale bar (0 to 0.5 miles), and a north arrow. A callout box provides specific instructions regarding the ephemeral stream: "Ephemeral stream runs through the unit. Buffer the stream by not mowing within 30 feet of either side of the stream bed. No mechanized equipment is allowed within the buffer. Only cross the stream bed on the road." The map also shows surrounding roads (15, 1520, 1513) and topographic features (contours, elevation points like 3976).
