Medical: For medical emergencies refer to the ICS 206 Medical Plan and the Medical Incident Report in the IAP (also on pg 120 of the IRPG). First on scene needs to initiate additional resources by getting Medical Incident Report started over Command 1.

Safety: Information sharing allows incoming resources to benefit from the accumulated knowledge of others on the incident. Take time to share key info on trends, locations, and resources.

Notes: Call in orders to operations by 1300 for next day delivery. Send in all CTR's and shift tickets by boat.

Digital filing for CTR's should follow this format: CTR RO YYMMDD-DD
