Medical plan: Notify line supervisor whether medevac or non-emergency medical transport. Line supervisor will notify ICP. All **Yellow** and **Red** Medicals will be transmitted over Command. Primary life-flight will be out of Central Airstrip.

Safety: Bear intrusions into camp are fairly common in Alaska. Store trash away from camp, and don't bring any aromatics near or into your tent. If a bear enters camp at night, **alert everyone!** Bears respond well to chainsaws being revved as a deterrent. Think and plan for a bear potentially becoming a problem in your camp.

Notes: Call in orders to logistics by 1400 for next day delivery.
Send in all CTR's and shift tickets through line supervisors.
