-
- The image displays two logos side-by-side. On the left is the official Forest Service shield logo, featuring a green background with a yellow border. It contains the text "FOREST SERVICE" at the top, "U S" in large yellow letters with a green tree silhouette between them, and "DEPARTMENT OF AGRICULTURE" at the bottom. On the right is a triangular logo for the Incident Management Team. It has a blue background with a yellow border. The word "WIND" is on the left side, "FIRE" is on the right side, and "EARTH" is at the bottom. In the center is a large red number "2". Below the number, it reads "CALIFORNIA INTERAGENCY INCIDENT MANAGEMENT TEAM".

The map displays a topographic view of a mountainous area, likely in the Sierra Nevada region, characterized by numerous contour lines and a network of roads. The area is divided into four distinct regions, each labeled with a division name and a large black double-arc symbol: DIV M (top left), DIV P (top right), DIV R (bottom left), and DIV S (bottom right). A central area, outlined in red, is labeled '2014 WEST WEST' and '2021 BASIN'. Other labeled features include '2021 GULCH', '2015 BLUE', '2021 Plummer', and '2020 HOPKINS'. The map is overlaid with a grid of latitude and longitude coordinates, ranging from 123°16'W to 123°12'W and 40°23.5'N to 40°25.5'N. A scale bar at the bottom indicates a distance of 0 to 1 mile.
