28. Significant Events for the Time Period Reported (summarize significant progress made, evacuations, incident growth, etc.):

Unburned islands well within the perimeter continue to be consumed. Release of excess resources. Initiating Suppression

Incident: APPLEGATE

Repair, mop up and tactical patrols. PG&E re-energized the powerlines in the area. Union Pacific Railroad is back to normal operations. All evacuations have been lifted.

29. Primary Fuel Model, or Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc.):

Fuel Model: Timber (Grass and Understory)

Timber and Brush

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc.):

Damage inspection in progress.

Firefighters assisted the residents as they returned to their damaged or destroyed homes.

| Structural Summary | # Threatened (up to 72 hrs) | # Damaged | # Destroyed |
|---------------------------------------|--------------------------------|--------------|----------------|
| Single Residences | 400 | 0 | 6 |
| Multiple Residences | 0 | 0 | 0 |
| Mixed Commercial / Residential | 0 | 0 | 0 |
| Nonresidential Commercial Property | 0 | 0 | 0 |

36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour timeframes:

Red Flag Warning in fire area (low RH and Winds), contributing to conditions for interior torching, crown runs and spotting across the line.

24 hours: Red Flag area continues to contribute to conditions for interior torching and associated spotting across the line.

48 hours: null

72 hours: Chance of light showers over the fire area.

Anticipated after 72 hours: **null**

37. Strategic Objectives (define planned end-state for incident):

Fire is still under full suppression strategy. Protect and minimize fire effects to residential structures, communities infrastructure and private properties.

Access and implement suppression repair.

38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:

Strong potential for new starts in the Red Flag Warning area. Some resources are in staging to augment the initial response as needed.

12 hours:

Interstate 80, Union Pacific Railroad, 60 kV Powerlines, Water flume, Natural gas distribution pipeline.

24 hours: **null** 48 hours: **null** 72 hours: **null**

Anticipated after 72 hours: **null**

39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:

12 hours: None 24 hours: null 48 hours: null 72 hours: null

Anticipated after 72 hours: **null**

Incident: APPLEGATE

- 40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:
- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

null

41. Planned Actions for Next Operational Period:

Continue with suppression repair and mop-up.

Team transition back to Unit on Tuesday morning.

42. Projected Final Incident Size/Area: 500

43. Anticipated Incident Containment or Completion Date: 10/13/2014

44. Projected Significant Resource Demobilization Start Date: 10/11/2014

45. Estimated Incident Costs to Date: \$6,550,943.00

46. Projected Final Incident Cost Estimate:

47. Remarks (or continuation of any blocks above – list block number in notation):

All times are represented in Central Standard Time (CST), unless otherwise noted.

All Evacuations have been lifted.
