mph.	Planning for Evacuation			
	Planning for Shelter-in-Place			

Incident: APPLEGATE

	Active?
Evacuation(s) in Progress	
Shelter-in-Place in Progress	
Repopulation in Progress	
Mass Immunization in Progress	
Mass Immunization Complete	
Quarantine in Progress	
Area Restriction in Effect	

36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour timeframes:

12 hours: Cold front passage will promote winds continuously for the next three days.

24 hours:

48 hours: Chance of light showers over the fire area on Wed less than .01".

72 hours: **null**

Anticipated after 72 hours: **null**

37. Strategic Objectives (define planned end-state for incident):

Fire is still under full suppression strategy. Protect and minimize fire effects to residential structures, communities infrastructure and private properties.

38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:

12 hours: Interstate 80, Union Pacific Railroad, 60 kV Powerlines, Water flume, Natural gas distribution pipeline.

24 hours: **null** 48 hours: **null** 72 hours: **null**

Anticipated after 72 hours: **null**

39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:

12 hours: None
24 hours: null
48 hours: null
72 hours: null

Anticipated after 72 hours: **null**

- 40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:
- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

null

41. Planned Actions for Next Operational Period:

Continue with suppression repair and mop-up.

Incident: APPLEGATE

Team transition back to Unit on Tuesday morning 0700.

42. Projected Final Incident Size/Area: 459

43. Anticipated Incident Containment or Completion Date: 10/16/2014

44. Projected Significant Resource Demobilization Start Date: 10/11/2014

45. Estimated Incident Costs to Date: \$7,680,985.00

46. Projected Final Incident Cost Estimate: \$8,352,231.00

47. Remarks (or continuation of any blocks above – list block number in notation):

All times are represented in Central Standard Time (CST), unless otherwise noted.

All Evacuations have been lifted.
