28. Significant Events for the Time Period Reported (summarize significant progress made, evacuations, incident growth, etc.):

Release of any excess resources. Suppression Repair, mop up and tactical patrols. PG&E energized the powerlines in the

Incident: APPLEGATE

area. Union Pacific Railroad is back to normal operations. All evacuations have been lifted.

29. Primary Fuel Model, or Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc.):

Fuel Model: Timber (Grass and Understory)

Timber and Brush

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc.):

Firefighters continue to assist the residents as they returned to their damaged or destroyed homes.

Structural Summary	# Threatened (up to 72 hrs)	# Damaged	# Destroyed
Single Residences	400	0	6
Multiple Residences	0	0	0
Mixed Commercial / Residential	0	0	0
Nonresidential Commercial Property	0	0	0
Other Minor Structures	0	0	4

Shelter-in-Place in Progress	
Repopulation in Progress	
Mass Immunization in Progress	
Mass Immunization Complete	
Quarantine in Progress	
Area Restriction in Effect	

36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour timeframes:

12 hours: **null**

24 hours: Chance of light showers over the fire area less than 0.1".

48 hours: 72 hours: **null**

Anticipated after 72 hours: **null**

37. Strategic Objectives (define planned end-state for incident):

Fire is still under full suppression strategy. Protect and minimize fire effects to residential structures, communities infrastructure and private properties.

Access and implement suppression repair.

38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:

12 hours: Interstate 80, Union Pacific Railroad, 60 kV Powerlines, Water flume, Natural gas distribution pipeline.

24 hours: **null** 48 hours: **null** 72 hours: **null**

Anticipated after 72 hours: **null**

39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:

12 hours: None 24 hours: null 48 hours: null 72 hours: null

Anticipated after 72 hours: **null**

- 40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:
- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

null

Incident: APPLEGATE

41. Planned Actions for Next Operational Period:

Continue with suppression repair and mop-up.

Team transition back to Unit on Tuesday morning 0700.

42. Projected Final Incident Size/Area: 459

43. Anticipated Incident Containment or Completion Date: 10/16/2014

44. Projected Significant Resource Demobilization Start Date: 10/11/2014

45. Estimated Incident Costs to Date: \$7,680,985.00

46. Projected Final Incident Cost Estimate: \$8,352,231.00

47. Remarks (or continuation of any blocks above – list block number in notation):

All times are represented in Central Standard Time (CST), unless otherwise noted.

All Evacuations have been lifted.
This is the final 209 from IMT1
