PONDEROSANational Weather Service Sacramento2017-08-31 6:55 PM PDT

SPOT FORECAST for PONDEROSA...CALFIRE National Weather Service SACRAMENTO CA 531 PM PDT Thu Aug 31 2017

Forecast is based on request time of 1800 PDT on August 31. If conditions become unrepresentative...contact the National Weather Service.

.DISCUSSION...

Strong high pressure will remain over the region and bring very hot temperatures to the location, low humidities and poor humidity recovery's each day and night. Local easterly gusts to 20 mph late Thursday night and in the early morning hours and again Friday night.

.FRIDAY ...

Sky/weather.....Sunny. Max temperature....103-108. Min humidity.....7-12 percent. Wind (20 ft)..... Slope/valley.....Northeast winds 7 to 12 mph early shifting to the southwest up to 6 mph in the afternoon. Ridgetop.....East 8 mph. Mixing height......200 ft AGL increasing to 10700-11900 ft AGL late in the morning. Transport winds.....East 8 mph. CWR...... percent. .FRIDAY NIGHT ... Sky/weather.....Clear.

Min temperature....78-83.

Max humidity.....20-30 percent.

Wind (20 ft).....

Slope/valley.....Southwest winds up to 6 mph shifting to the east 5 to 10 mph after midnight.

Ridgetop......Northeast 6 mph.

Mixing height......11700 ft AGL decreasing to 200-1600 ft AGL

early in the evening.

Transport winds....Northeast 6 mph.

CWR..... percent.

FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 2	TYPE OF FIRE: Wildfire				
FIRE NAME: Ponderosa Fire	OPERATIONAL PERIOD: 09/01/17 0700-0700				
DATE ISSUED: 08/31/17	TIME ISSUED: 1930				
UNIT: CA-BTU-013737	SIGNED: Todd Hopkins Robert Clark				
	Typed/printed: Todd Hopkins (FBAN)				
	Robert Clark (FBTS)				

INPUTS

WEATHER SUMMARY: Strong high pressure will remain over the region and bring very hot temperatures to the location, low humidities and poor humidity recoveries each day and night. Local easterly gusts to 20 mph late Thursday night and in the early morning hours and again Friday night.

WEATHER: Sunny, Smoky, very hot, and very dry.

TEMPERATURES / HUMIDITY: Day: Max Temperature 103-108 F / Min Humidity: 7%-12%

Night: Min Temperature 78-83 F / Max Humidity: 20%-30%

20 FT WINDS: Slope/Valley: Northeast/Downslope 7-12 mph in the morning, shifting to the southwest

up to 6 mph in the afternoon. Southwest winds up to 6 mph shifting to the east 5 to 10 mph

after midnight.

Ridgetop: East 8 mph in the morning, becoming northeast 6 mph in afternoon continuing through the

evening hours.

OUTPUTS

FIRE BEHAVIOR

GENERAL: The fire is burning in a mix of grass and brush with stands of timber and timber litter that are extremely dry and have a heavy fuel loading. The fire spread is being driven by fuel and topography runs with short range spotting. Group tree torching could cast embers to produce spot fires in receptive fuel beds, especially where timber litter fuel loading is high. Nighttime humidity recovery is expected to be poor, however the fire activity should decrease slightly due to the lack of solar heating on the fuels.

Probability of Ignition: 100% 100 HRFM: 97th Percentile

FDFM: 2%

ERC: Above 90th Percentile 1000 HRFM: 90th Percentile

SPECIFIC:

Rate of Spread: Grass: Head Fire: 33-83 ft/min, Flanking Fire: 6-17 ft/min, Backing Fire: 4-9 ft/min

Brush: Head Fire: 23-47 ft/min, Flanking Fire: 5-9 ft/min, Backing Fire: 2-5 ft/min Timber Understory: 7-9 ft/min, Flanking Fire: 1-2 ft/min, Backing Fire: >1 ft/min

Flame Length- Grass: Head Fire 5-13 ft,

Flanking Fire: 2-6 ft.

Backing Fire: 2-5 ft Brush: Head Fire: 11-17 ft. Flanking Fire: 5-8 ft, Backing Fire: 4-6 ft Timber Understory: Head Fire: 5-7 ft, Flanking Fire: 2-3 ft, Backing Fire: 1-2 ft

Spotting Distances- Up to 500 feet

AIR OPERATIONS:

Smoky conditions may make visibility difficult for air resources, Sunrise: 0635 Sunset: 1938

SAFETY

- Identify Trigger Points Early in the Shift and Respect Them!
- Watch out when on a hillside where rolling materials can ignite fuel below.
- Expect Areas Where Wind and Terrain Align to Produce Surprisingly Rapid Rates of Spread!

PONDEROSA SAFETY MESSAGE

Maintain Situational Awareness

INCIDENT: Ponderosa Fire CA-BTU-013737 DATE: September 1, 2017 TIME: 0700-0700

Major Hazards and Risks: Extreme fire behavior, Hot dry weather, Steep terrain, Hazard trees.

Heat/Fatigue/Dehydration: Hot weather for the next several days, be alert for signs of fatigue and take breaks as necessary. Be alert for signs of heat stress in yourself and others. Utilize cooling stations when appropriate.

Fire Behavior: Fuels are receptive to fire spread. A small amount of wind on this dry fuel changes fire behavior dramatically!! Be alert to changes in wind direction and expect changes in fire behavior.

Hazard trees: Survey your work areas for hazard trees, flag and restrict access, use only qualified personnel for tree felling. Dead trees from bug kill. Review and follow **Hazard Tree Safety**, pg. 22-23 in your IRPG.

Steep slopes/rolling material: Watch your footing while hiking in steep terrain. Be careful of loose rolling debris. Maintain Situational Awareness.

Personnel: Manage yourself and those around you for fatigue. Drink fluids frequently and eat nutritious food regularly. As fatigue increases, injuries tend to increase also.

Driving: Slow Down! Drive defensively. Expect the unexpected around every curve. Drive with headlights and seatbelts on. Coordinate your movements on all one-lane roads.

Downed powerlines and High voltage powerlines: Follow power line safety guidelines (IRPG pg.24), watch out for burned out power poles.

Review your ICS 206 and know what to do in the event of an (IWI).

Lookouts, Communication, Escape routes, Safety zones

Tailgate Safety

- Accountability: everyone checks in and everyone checks out. Supervisors know where their crews are at all times
- Communication: everyone knows the com-plan
- Briefing: everyone knows the plan and the contingency plan
- Safety gear: everyone has the appropriate safety gear in good working condition
- LCES: they are clear and made known to everyone

Heat Illness Prevention:

- Drink plenty of fluids:
 - Water and Gatorade
- Avoid drinking energy drinks
- Rest when you can
- Find shade when you can
- Eat nutritious food regularly

PONDEROSA INCIDENT RISK ANALYSIS (ICS 215a)

DIV	HAZARDOUS ACTIONS/CONDITIONS	MITIGATIONS / WARNINGS / F	REMEDIES				
P, Q,	HAZARD TREES	Identify and Isolate the area to provide for the safety of others					
V		Flag and make proper notifications. Many dead trees.					
		Evaluate all trees prior to working under or near them.					
		DO NOT Fall trees out of your certification level.					
	HEAT/FATIGUE/DEHYDRATION	Be alert for signs of fatigue, take breaks as necessary and doct					
		Monitor incoming resources for level of fatigue. Drink water h	before, during and after shifts,				
ALL		up to 1.5 gal. per shift.	. Is sith Districtions and				
		Increased Heat cooling stations will be set up at Drop Points,	work with Divisions and				
		Branches when utilizing. Be alert for signs of heat stress in yourself and others; use the	buddy eystem				
		Eat small meals often and when possible	ouddy system.				
		Drink electrolyte drinks at a 3 water to 1 sport drink ratio.					
		Watch your footing while hiking in steep terrain.					
	STEEP TERRAIN / ROLLING DEBRIS	Be careful of loose rolling debris					
ALL		Maintain Situational Awareness.					
	EXTREME FIRE BEHAVIOR	Review "Severe Fire Behavior Potential" (IRPG p.68).	terber of the second				
ATT	EXTREME FIRE DEHAVIOR	Monitor current weather conditions and forecasts. Make sure	all personnel receive				
ALL		thorough briefings every shift.	an personner recerve				
		Maintain adequate escape routes and safety zones. Advise all	personnel if these are				
		compromised or changed. Set trigger points when appropriate					
		Adhere to 10 Standard Orders, mitigate 18 situations, Maintain					
	DRIVING HAZARDS	Slow Down! Drive defensively! Expect the unexpected are					
		Drive with headlights and seatbelts on.	•				
ALL		Narrow dirt roads with limited passing room.					
1.11.11		Coordinate your movements on all one lane roads.					
		Use warning devices when operating near traffic.					
	LINE CONSTRUCTION	Conduct thorough briefing for all personnel (inside rear cover IRPG).					
		Ensure LCES in place prior to engagement (IRPG p. 7).					
ALL		Establish adequate safety zones (IRPG p.8).					
		Use Downhill Line Checklist (IRPG p. 9).					
		Follow "Look Up, Look Down, Look Around" procedu	res (IRPG p. 3-4).				
		Utilize Risk Management Process (IRPG p.1).					
	AIRCRAFT OPERATIONS	Only utilize aircraft to insert personnel on the line when neces	sary,				
ALL		Monitor air-to-ground frequency, they are your eyes in the sky					
TIED	·	Use air-to-ground frequency to communicate with aircraft.					
		Use clear, concise statements when directing aircraft.					
	DOZER SAFETY	Watch for rolling material.					
ALL	vi.	Monitor safe working distances.					
		Avoid working below Dozer.					
		Utilize communication with the operator (radio or hand signal	s)				
	POWER LINES	Follow Power Line Safety guidelines (IRPG pg.24.)					
		Communicate power line hazards to immediate supervisor and	l hazard flag				
ALL		accordingly,					
		Flag area around downed power lines and deny access.					
177		Treat all downed power lines as energized.	- TDDO				
ALL	STRUCTURE DEFENSE & HAZARDS	Conduct thorough briefing for all personnel (inside rear					
		Follow Wildland Urban Interface Guidelines (IRPG p.					
ALL	MARIJUANNA GROW OPERATIONS	Use extreme caution on grow sites. Isolate and Do Not					
-		Hazardous chemicals associated with growing operation

TRAINING SPECIALIST MESSAGE

A Training Specialist is now on the incident.

ALL ASSIGNED TRAINEES

working on position task books will need to register with the Incident Training Specialist in order to receive proper credit for your assignment.

The Training Specialist is available immediately following the morning Operations Briefing.

Location: Trailer Row

TRAINING SPECIALIST

Claudia Soiza Cell-(949)632-7813

Incident Trainee/Trainer Data Form Ponderosa Fire CA-BTU-013737

Training Specialist: Claudia Soiza

949.632.7813

- > All Incident trainees, including those on Firefighting Modules at your earliest opportunity complete this form and see the Training Specialist.
- > Prior to or as you process through DEMOB, remember to close your training package. To close your training package bring: 1) A performance rating from your trainer. (ICS 225)
 - 2) Your task book that has as many entries as possible by your Trainer.

PONDEROSA PUBLIC INFORMATION

Incident Information Line: 503-538-7826

Media Line: 916-203-4153

MEDIA

California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot, or civil disturbance. Properly identified members of the news media should not be restricted from entering the locations specified within the code, even if the area presents a danger to them. Media members should be advised of the nature of possible danger. Members of the media do not have the right to access crime scenes or any area where their presence may interfere with incident operations, mitigation or evidence collection.

- The media may only access private property with the property owner's permission. Fire personnel cannot provide members of the media with authorization to enter private property
- If approached and questioned by the media and/or the public, talk about your assignment or task at hand. If need be, direct the questioning party to the incident PIO.
- Do not speculate or give opinions
- There is no such thing as an "off the record" comment.

CAL FIRE SOCIAL MEDIA POLICY (Social Media 0691)

Social Media is increasingly being used by public agencies and the media as well as the public. This form of communication continues to grow rapidly in order to supply the public's desire for instant information gratification. All personnel assigned to a CAL FIRE incident will adhere to the CAL FIRE Social Media Policy. Further information about the CAL FIRE Social Media Policy can be obtained from the Information Officer. If you are uncertain, please ask. Do not post:

- Inappropriate information, pictures or videos
- Opinions regarding the incident or policy
- Endorsements of any kind

PICTURES AND VIDEO OF INCIDENT

We are in a new era of media. Media no longer means the news/broadcast industry but now refers to anyone that has the capability to shoot video and or photographs and post them onto social media in a matter of minutes. Unfortunately we have seen some instances of video or photographs that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could have unwanted effects. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera can't be looking up, down and all around.

LOST AND FOUND

The Information staff will manage Lost and Found items for the incident. If you have lost an item, leave your contact information and what you have lost at the Information trailer. If you have found an item on the incident, bring the item to the Information trailer.

MAIL SERVICE

The Information staff will assist you in mailing and receiving letters and packages.

Archaeological and Historic Properties: Fireline Guidance for the Ponderosa Fire Butte County

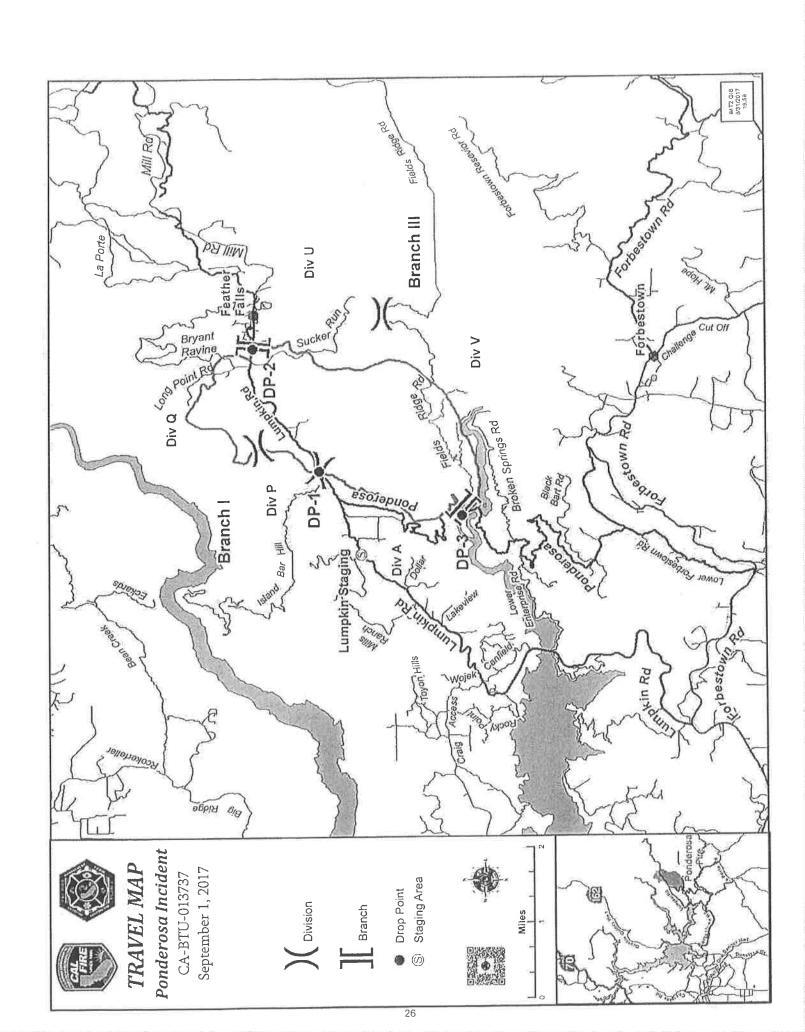

Do not compromise safety for the protection and preservation of archaeological and historic properties. When possible and prudent:

- 1. Be on the lookout for prehistoric and historic archaeological sites. These sites typically occur adjacent to streams and springs but can occur in other areas as well. The most common indicators of prehistoric sites in this area are scatters of chipped stone flakes from tool making activities, food processing features including bedrock mortars, and areas of dark soil. Historic sites include homesteads and/or cabins that contain foundations, rock chimneys, wells, can/bottle scatters, ditches, mining tailings, and/or non-native vegetation.
- 2. Known sites will be flagged with a length of red flagging and a length of white plastic flagging tape close together. Note that much of the area has never been surveyed for archaeological resources and many sites out there have yet to be discovered.
- 3. If you observe archaeological resources, flagged or unflagged, attempt to avoid with ground disturbing activities altogether.
- 4. If avoidance is not possible, minimize ground disturbance. Use a hand crew rather than a dozer to remove fuels from control lines that must cross site areas if possible.
- 4. Leave all artifacts in place as some may have been intentionally placed for religious or ceremonial reasons. No collection permitted for any reason.
- 5. Note locations of discovered resources on a map. Better yet take site coordinates with a GPS. Leave information for the archaeologist with the Plans Unit so that the sites can be relocated and protected during Fire Suppression Repair. Flag the site in pink if possible.
- 6. If you encounter human remains, cease work in that area and contact the archaeologist immediately.

Your help preserving California's non-renewable cultural resources is appreciated.
