2/15/2017 0600

to

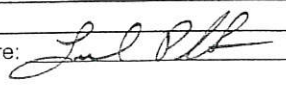

2/16/2017 0600

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: SPILLWAY DWR	2. Operational Period: Date From: 2/15/2017 Date To: 2/16/2017 Time From: 0600 Time To: 0600
3. Objective(s): 1. Provide for the protection of the public health and welfare, and for the safety of all first responders. 2. Maintain the integrity of Oroville Dam. 3. Continue to monitor and assess the damage to the Lake Oroville Spillway. 4. Ensure coordinated, timely, and accurate release of public information to all stakeholders: public, responding agencies and all agencies affiliated with the Department of Water Resources. 5. Maintain the operational availability of the Hyatt Power Plant. 6. Maintain the integrity and operational availability of the Thermalito Diversion Dam.	
<u>Control Objectives:</u> 1. Continue work to repair emergency spillway. 2. Validate readiness and implementation of mitigation measures. 3. Apply flood mitigation measures to protect the Hyatt Powerhouse. 4. Coordinate airspace within TFR.	
<u>General Situational Awareness:</u> (This section is currently blank)	
5. Site Safety Plan Required? Yes ___ No <u>X</u> Approved Site Safety Plan(s) Located at:	
6. Incident Action Plan X ICS 203 X ICS 208 X Weather Forecast X ICS 204 X ICS 220 X Security Memo X ICS 205 X ICS 214 X Facilities Map X ICS 205A X ICS 215A X ICS 206 X Finance Message

SPOT FORECAST for Spillway DWR...CALFIRE
National Weather Service SACRAMENTO CA

DISCUSSION...

Storm system has slowed with dry weather now expected through Wednesday...main band of rain will move in after midnight and heaviest into Thursday morning. 24 hour rainfall amounts on Thursday of 2.00 to 2.25 inches over the Feather river basin are expected. Gusty winds will also develop Thursday with gusts up to 27 mph. Wet pattern is likely to continue through at least through Wednesday Feb 22nd.

.WEDNESDAY...

Sky/weather.....Mostly cloudy.
Chance of pcpn.....5 percent.
Max temperature.....62-67.
Surface winds.....Southeast 5 to 10 mph.
Pcpn amount.....0.00 inches.
Snowfall amount.....0.0 INCHES.
Snow level.....8,000 feet

.WEDNESDAY NIGHT...

Sky/weather.....A chance of rain in the evening, then rain likely after midnight.
Chance of pcpn.....70 percent.
Min temperature.....51-56.
Surface winds.....Southeast winds 10 to 16 mph.
Pcpn amount (6pm-12am).....0.10 inches.
Snowfall amount.....0.0 INCHES.
Snow level.....8,000 feet.

.THURSDAY...

Sky/weather.....Rain...heavy at times in the morning, then showers likely in the afternoon.
Chance of pcpn.....100 percent.
Max temperature.....58-63.
Surface winds.....Southeast winds 10 to 20 mph. gusts to 27 mph.
24 hour Pcpn amount (12 am-12 am) 1.26 inches at the dam site. 2.00 to 2.25 inches over the Feather river basin.
Snowfall amount 6 to 12 inches above 6000 feet higher amounts over mountain peaks.
Snow level.....7,000 feet falling to 5,500 feet during the afternoon.

.FORECAST DAYS 3 THROUGH 7...

.FRIDAY...

Cloudy with rain. Lows 50 to 55. Highs 57 to 62. East winds up to 6 mph. 24 hour precipitation: 0.65 inches at the dam site. 1.00 to 1.25 inches over the Feather river basin.

Accumulated Observed Precip for WY 2017:			73.2	(WY 2016: 63.0)			

Comments:

Dry and mild conditions are forecasted to continue for the Feather Basin into the middle of the work-week. Beginning Wednesday, widespread, light to heavy precipitation is expected to return to the region. A new series of storms, bringing periods of rain and snow, are expected to last through the weekend, along with a gradual cooling trend. Significant snowfall accumulation is expected in the Sierra. Strong, gusty winds are likely at times. A great deal of uncertainty is present for next week's forecast. The next update of this forecast will be about Tuesday, February 14, 2017, unless there are significant hydrologic changes.

Kyle Johnson

Incident Location
Oroville Dam

The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (e.g. Project 25) or "M" indicating mixed mode. All channels are shown as if programmed in a control station, mobile or portable radio. Repeater and base stations must be programmed with the Rx and Tx reversed.

PUBLIC INFORMATION SECTION

Incident Information Line: (530) 872-5951

Incident Media Line: (530) 268-5869

STATUS	
Incident Start Date: 02/07/2017	Incident Start Time: 2:00 PM
Incident Type: Northern Winter Storms	Description: Damage to the Oroville Spillway
Incident Location: Oroville Dam, Canyon Dr. & Oroville Dam Rd, Oroville, CA 95966	

MEDIA – The California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. You can get further information about Penal Code Section 409.5(d) at <http://www.leginfo.ca.gov/cgi-bin/displaycode?section=pen&group=00001-01000&file=403-420.1>

PHOTOGRAPHS AND VIDEOS OF INCIDENT – We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics. You can also send your photographs and videos to the following email "Richard.Cordova@fire.ca.gov".

LOST AND FOUND – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well.

In readiness is all

FINANCE SECTION

MESSAGE

2/15/17

DWR time sheets (DWR 208 & ICS 214) were due last Monday. Please submit them as soon as possible. There is a finance document box in the lobby in the administration office

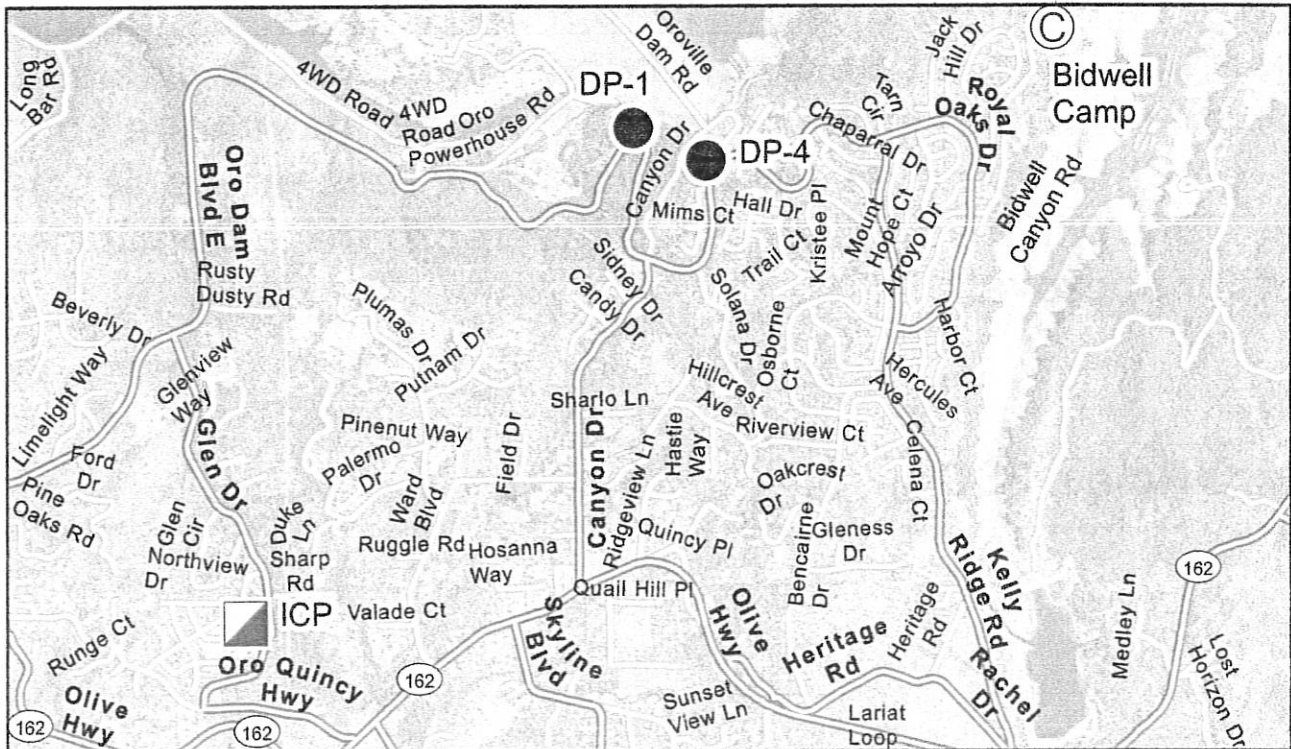

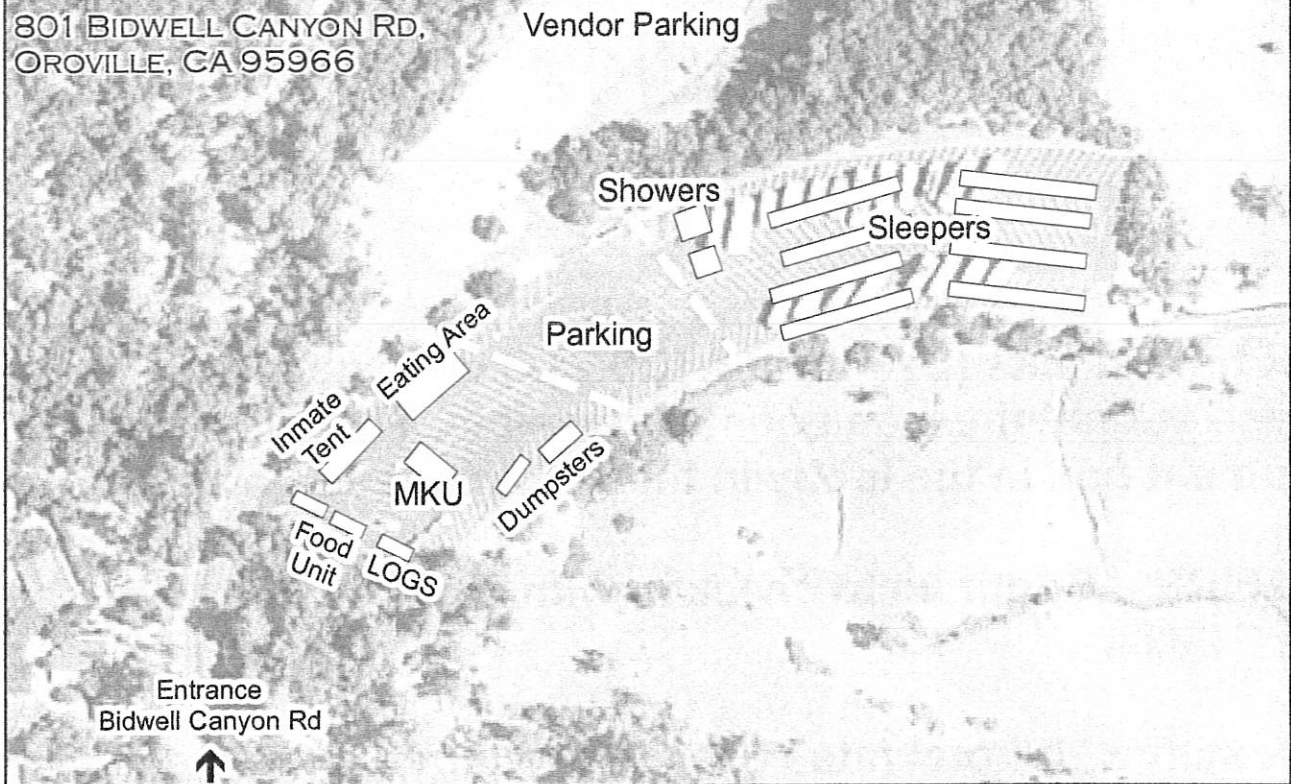

CAL FIRE - Continue to check in with the time Unit to update your FC33's

DWR staff with hotel rates over \$90 requires an approved "Excess Lodging Rate Request/Approval STD 255c" attached to their travel expense claim. A supply of forms are available at the Admin Building lobby counter. These forms require your Division Chief approval. Please submit all requests to Jessica Roles. She will insure they get to the appropriate Division Chief for approval

Jessica Roles, FSC
