Spillway DWR Weather Forecast

FORECAST NO: 2

NAME OF INCIDENT: Spillway DWR

PREDICTION FOR: 0600 Sat - 0600 Sun
SHIFT DATE: Saturday Feb 18, 2017

UNIT: CA-BTU
SIGNED:

TIME AND DATE

FORECAST ISSUED: 1900 2/17/17

Incident Meteorologist

Jason Clapp - Cell 530-383-4839

Weather Discussion: Mostly cloudy with isolated to scattered light showers today with snow levels around 5000-5500 feet as the low pressure area weakens and moves over central to southern CA. Fairly light winds should have no impact on helo operations.

WEATHER FORECAST for Today:

	Lake Oroville	Feather River Basin (2000-5000 ft)
Weather	Mostly cloudy with isolated to scattered showers	Mostly cloudy with isolated to scattered showers
Highs	54 – 57	40 – 50
20 ft Winds	E 4-6 mph gusting to 9 mph After 1100, SSE 6-9 mph gusting 15 mph After 1700, ESE 5-9 mph	
500 ft Winds	E 5-10 mph gusting to 15 mph After 1100, ENE 7-12 mph gusting 15-20 mph After 1700, ESE 5-8 mph gusting to 12 mph	
24 hr Precip	< 0.25 inches	< 0.3 inches
Snow Level	5000-5500 ft	

WEATHER FORECAST for Sunday: Calm before the storm with increasing cloudiness throughout the day with light showers beginning in the afternoon. Total precipitation 0.25-0.75 inches (most amounts later in the day over the Basin). Snow levels decreasing to 4500-5000 ft early Sunday behind storm, then climbing overnight. Dam high temperatures 53-56 and lows in 45-50 at Dam. SE winds 5-10 mph with afternoon gusts to 15 mph. Overnight winds ENE 4-8 mph.

OUTLOOK for Sunday Night through Tuesday: *Impacts – Significant heavy rain with limited runoff due to lower snow levels than during original spillway issue. Strong SE winds may limit aviation flying time.* Significant wet period with two waves and strong southerly winds. Precipitation totals are 2 - 4 inches at the Dam and 5 - 9 inches over the Basin. Dam high temperatures mid 50s and lows in upper 40s to lower 50s.

Snow levels: 5000-5500 feet into Monday morning, climbing toward 6000 feet by midday Monday, and then falling to 4000-5000 feet Tuesday. SE winds 10 mph with gusts 15 mph Sunday night increasing S winds 15-25 mph gusting to 35-40 mph Monday morning and continuing throughout the day. Speeds slightly weaken on Tuesday.

OUTLOOK for Wednesday – Friday: *Impacts – Gusty NE wind speeds generating waves toward Dam and flying concerns for aviation.* Drying begins as high pressure builds into the area. NW winds Wednesday will likely turn NE Thursday and Friday as the strongest NE winds of 8-12 mph gusting to 20 mph at the Dam during the morning hours.

Comments:

Widespread, light to heavy precipitation is returning to the Feather Basin. A new series of storms, bringing periods of rain and snow, are forecasted to last into next week. Overall, the QPF has slightly decreased since yesterday, especially for early next week. Significant snowfall accumulation is expected in the Sierra. Strong, gusty winds are likely at times. A large degree of uncertainty exists for next week's forecast. The next update of this forecast will be about Saturday, February 18, 2017, unless there are significant hydrologic changes.

The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (e.g. Project 25) or "M" indicating mixed mode. All channels are shown as if programmed in a control station, mobile or portable radio. Repeater and base stations must be programmed with the Rx and Tx reversed.

MEDIA – The California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. You can get further information about Penal Code Section 409.5(d) at <http://www.leginfo.ca.gov/cgi-bin/displaycode?section=pen&group=00001-01000&file=403-420.1>

PHOTOGRAPHS AND VIDEOS OF INCIDENT – We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics. You can also send your photographs and videos to the following email "Richard.Cordova@fire.ca.gov".

LOST AND FOUND – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well.

Finance Message

2/18/2017

DWR staff needs to complete their DWR 208 time sheets daily and ICS-214 Activity Logs weekly and submit in the black box in the lobby.

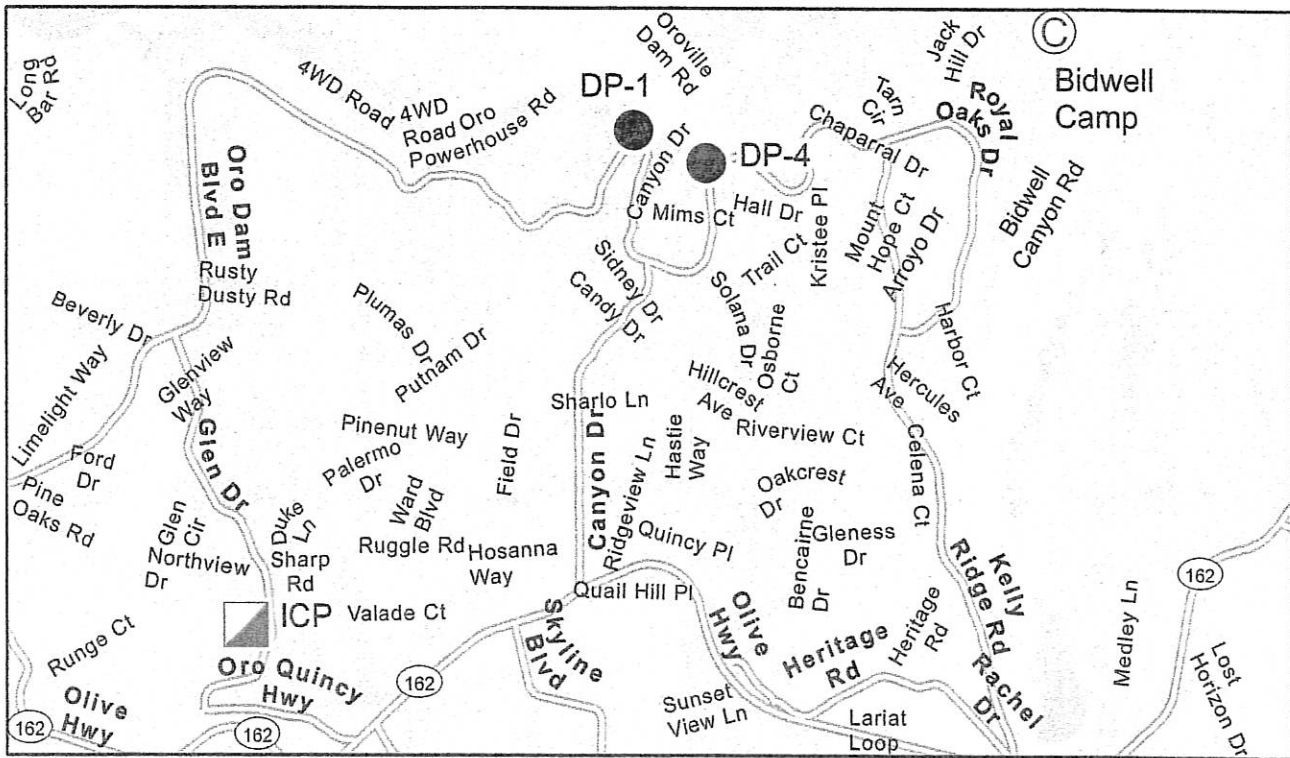

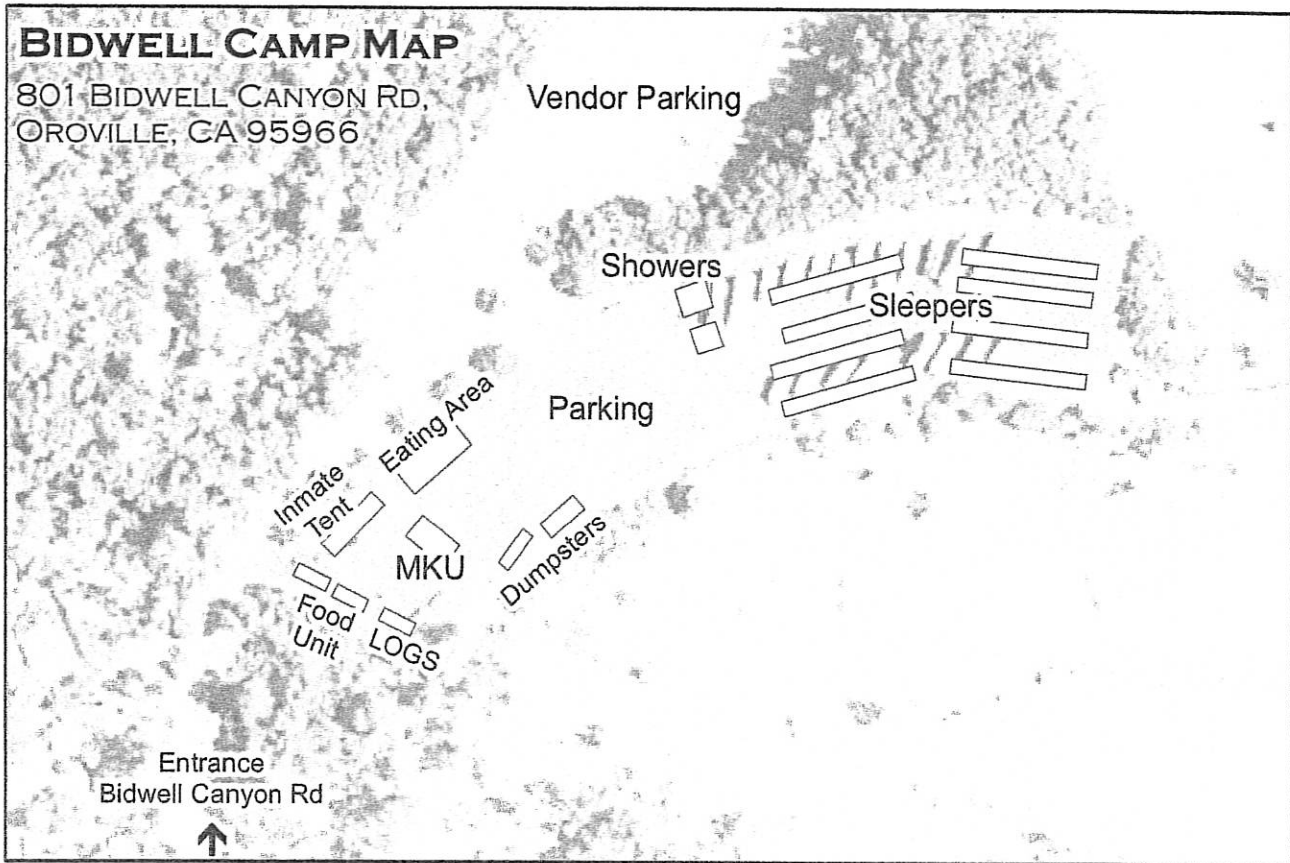

CAL FIRE - Continue to check in with the time Unit to update your FC33's

DWR staff with hotel rates over \$90 requires an approved "Excess Lodging Rate Request/Approval STD 255c" attached to their travel expense claim. A supply of forms are available at the Admin Building lobby counter. These forms require your Division Chief approval. Please submit all requests to Jessica Roles. She will insure they get to the appropriate Division Chief for approval
