

# INCIDENT ACTION PLAN

# CZU LIGHTNING

CA-CZU-005205

Monday

## OPERATIONAL PERIOD

8/31/2020 0700  
to  
9/1/2020 0700

# INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name:</b> CZU Lightning	<b>2. Operational Period:</b>	Date From: 8/31/2020	Date To: 9/1/2020	
		Time From: 0700	Time To: 0700	

**3. Objective(s):**

**Strategic Objectives**

A full suppression strategy is to be implemented on the CZU Lightning Incident. Values at risk associated to the incident include human safety, private property and associated improvements, electrical power infrastructure, and cultural values. Minimize acres burned on all lands by utilizing effective and efficient strategies and tactics while maintaining safety first.

**Leaders Intent**

Work effectively with cooperative partners in a unified command structure towards a common goal of protecting values in a safe and efficient manner. All incident assigned personnel should be prepared to take the appropriate actions regarding:

- Professional behavior, conduct, and timely / effective communications
- Personal safety and safety of others, including driving slowly, safely and defensively
- Implementation of tactics that offer a high probability of success
- Manage fatigue by taking breaks and maintaining work rest cycles
- All line supervision personnel including crew and striketeam leaders must attend the morning Operational Briefing

**Management Objectives**

- Fight fire aggressively while maintaining safe work practices to minimize threats to the public and emergency responders, all actions and efforts will focus on safe-guarding the citizens and resources of Santa Cruz and San Mateo counties
- Ensure evacuation and repopulation occurs in safe, efficient, and effective manner
- Ensure COVID-19 precautions and best practices are met always
- Minimize damage to structures, private property and other improvements in the fire area
- Protect natural, cultural, and heritage resources
- Continue to foster and maintain positive relationships with all local cooperators and stakeholders
- Provide timely and accurate incident information
- Maintain fiscal accountability keeping costs commensurate with values at risk

**Control Objectives**

- Keep the fire North of Highway 17
- Keep the fire South of Highway 92
- Keep the fire East of Highway 1
- Keep the fire West of Interstate 280

**General Situational Awareness:**

Steep and rugged terrain, critically dry and receptive fuel beds, active area for fire history and drought stressed trees.

**Stop, Think, Organize, Proceed**

In the COVID-19 environment, high density populations or large groups are particularly at risk. To help protect yourself, your family and to ensure all employees return home safely, make sure to practice social distancing.

Enhanced hygiene (especially handwashing), PPE & monitoring practices help limit the infection rate of first responders.

**5. Site Safety Plan Required?** Yes  No

**Approved Site Safety Plan(s) Located at:**

# CZU Lightning Fire Weather Forecast

**FORECAST NO:** 12  
**PREDICTION FOR:** Monday Day and Night  
**SHIFT DATE:** 8/31 0700 to 9/1 0700  
**FORECAST ISSUED:** 8/30/2020 at 1900

**NAME OF FIRE:** CZU Lightning  
**UNIT:** CA-CZU  
**SIGNED:** *Alex Hoon*  
**Incident Meteorologist**

## WEATHER DISCUSSION:

The fog layer will burn off in the valley late this morning with stratus over the coast through the day. The marine layer will continue to lower each day this week as high pressure squashes down on the inversion. This will mean that more and more of the fire area will be exposed to the hotter and drier conditions each day above the inversion in the thermal belts. The fog will push in again tonight, but only up to 1000ft as the marine layer continues to trend lower each night. Temperatures will become above normal by the second half of the week with very dry conditions, increasing northwest winds, and a shallower marine layer.

## WEATHER FORECAST MONDAY:     ...**WARMER AND DRIER IN THE UPPER ELEVATIONS...**

**WEATHER:** Valley fog burning off by late morning. Mostly sunny with smoke. Coastal fog through the day.

**TEMPERATURES:** Highs 60-75 below 1200ft.... 75-85 above 1200ft.   **LITTLE CHANGE**

**HUMIDITY:** 35-50% below 1200ft... **20-30% above 1500ft.   10% DRIER**

### **20 FT WINDS:**

**ABOVE 1500ft** – Southwest 5-10 mph. Gusts up to 15 mph.

**BELOW 1500ft** – Southwest 5-10 mph. Gusts up to 15 mph.

**MARINE LAYER:** up to 1200ft.

**HAINES:** 4 above 1200ft level....2 below.

## MONDAY NIGHT:     ...**POOR RECOVERY IN THE THERMAL BELT...**

**WEATHER:** Smoky skies. Coastal fog developing overnight.

**TEMPERATURES:** Overnight lows upper 50s below 1000ft... 60s above 1000ft.   **LITTLE CHANGE**

**HUMIDITY:** 60-100% below 1000ft... **20-35% above 1000ft.   10% DRIER**

### **20 FT WINDS:**

**ABOVE 1500ft** – Southwest 4-8 mph.

**BELOW 1500ft** – Downslope-downvalley 3-6 mph.

**MARINE LAYER:** up to 1000ft.

## EXTENDED FORECAST:     ...**BECOMING WARMER AND DRIER LATE IN THE WEEK...**

**TUESDAY THROUGH TUESDAY NIGHT:** Mostly sunny with smoke. Coastal fog. Max temps...80-90. Day RH 25-35%. SW to NW winds 5-10 mph. Min Temps... 70-85. Night RH... 30-40%....except near 80% along the coast. Northwest winds 15 mph with gusts to 25 mph possible Tuesday night.

**WEDNESDAY THROUGH FRIDAY:** Mostly sunny with smoke. Coastal fog. Max temps...80-90. Day RH 25-35%. Northwest winds 10-15 mph. Gusts to 25 mph. Min Temps... 70-82. Night RH... 20-30%....except near 80% along the coast.

## FIRE BEHAVIOR FORECAST

<b>FORECAST NUMBER:</b> 12	<b>TYPE OF FIRE:</b> Wildfire
<b>FIRE NAME:</b> CZU LIGHTNING CA-CZU-5205	<b>OPERATIONAL PERIOD:</b> 8/31/20 – 9/1/20
<b>DATE ISSUED:</b> 8/30/2020	<b>TIME ISSUED:</b> 1900
<b>UNIT:</b> SAN MATEO / SANTA CRUZ	<b>SIGNED:</b> <i>Brian Newman</i> <b>Typed/printed:</b> Brian Newman FBAN

### INPUTS

#### WEATHER SUMMARY

Marine influence will have less influence over the upper elevations of the fire. Lower elevations will continue with the marine layer influence, but will burn off earlier today. A warming and drying trend continues and will become much hotter and drier later into the week. Light winds over the fire area from the South to Southwest  
Review the IMET forecast for specific details

### OUTPUTS

#### FIRE BEHAVIOR

**GENERAL:** The fuels in the fire area are made up of a heavy timber mix of Hardwoods and Coastal Redwoods along with thick litter and some intermixed grass and brush. There is no significant recorded fire history for much of the fire area, allowing for an excessive buildup of dead and down fuels with a thick duff layer in the lower slopes. Fuel moistures in the brush are at critical levels, and the 100-hour fuels are around 10% with the 1000-hour fuels moistures around 7%. Expect persistent burning conditions around the fire but be aware of the upcoming change in weather conditions later in the week.

ERC currently at 90% for Dense Conifer fuels, trending up

#### SPECIFIC:

Below 1200 feet: The marine layer will be over the fire for these areas for the first part of the shift, burning off midmorning which is earlier than the previous few shifts. Fire activity is mainly creeping and smoldering in most areas with ash pits and heavy down fuels. Fire spread in Branch 1 has active backing, flanking and rollout, increasing potential for slopovers. Deep seated heat in the duff layer and root systems continues to smolder and may cause control issues. Probability of ignition is 40%

Above 1200 feet: Creeping and smoldering ground fuels can burn through control lines in dirty burn areas loaded with thick duff. Widespread isolated heat signatures are still showing in most areas still with heavier ground fuels consuming near 100%. Fuel orientation is changing with trees and brush falling over stump holes and smoldering duff layers. Poor overnight moisture recovery may allow for heavy fuels to remain active. Probability of ignition is 55%

**AIR OPERATIONS:** Smoke and marine layer may remain over the lower elevations of the fire for a good portion of the morning, should burn off midmorning.

Sunset: 19:37 Sunrise: 06:38

#### SAFETY

- Weather is getting hotter and drier. Watch for poor overnight humidity recovery at the upper elevations
- Be aware of ash pits and stump holes across the incident, watch where you step!
- Fire weakened trees and branches continue to release, falling with little warning

# CALFIRE INCIDENT MANAGEMENT TEAM 3

<b>1. INCIDENT NAME:</b> CZU Lightning Complex	<b>2. DATE PREPARED:</b> August 30, 2020	<b>3. TIME PREPARED:</b> 1500
<b>4. PREPARED BY:</b> Damon Godden SOF1(T)	<b>5. LEADER NAME:</b> David Sargenti SOF1	<b>6. OPERATIONAL PERIOD:</b> 8/31/2020 0700 TO 9/1/2020 0700

## SAFETY MESSAGE

Complacency: A feeling of quiet pleasure or security, often while unaware of some potential danger or defect.

- STOP COVID-19! (*Wash your hands while on the fireline*).
- Scout, size up and mitigate hazards during mop up and patrol operations.
- DRIVE slowly and cautiously. (Falling trees, rolling material, utility workers).
- Heavy equipment and falling modules. (Small trees are dangerous too).
- Multiple hazards in the WUI: steep narrow roads, heavy fuel loading, wells, wooden septic tanks, long escape routes, public presence, and power lines.
- Communications: Ensure you have the correct clone for today's shift.
- Leaders attend operational briefing and brief every firefighter every shift.
- Weather is getting hotter and dryer. Drink water and maintain proper nutrition.

### LCES

#### Lookouts

- ✓ Experienced, competent, trusted.
- ✓ Aware of decision points.

#### Communications

- ✓ Radio Frequencies confirmed.

#### Escape Routes

- ✓ More than one escape route.

#### Safety Zones

- ✓ Survivable without a fire shelter.
- ✓ Known location by resources

### 10's and 18's

13. ON A HILLSIDE WHERE ROLLING MATERIAL CAN IGNITE FUEL BELOW

*In readiness is all*

# CAL FIRE INCIDENT MANAGEMENT TEAM 3

## Fire and COVID-19 Briefing Checklist

### Self-Awareness / Screening

- Immediately separate yourself from others.
- Notify supervisor if you or others experience:
  - Cough, more than expected
  - Shortness of breath or difficulty breathing
  - New loss of taste or smell
  - Fever                      ○ Sore throat
  - Chills                      ○ Muscle pain
- Review and follow crew and division plans to isolate, triage, and transport symptomatic personnel.

### Hygiene on the Fireline

- Properly wash or sanitize your hands often, especially before and after eating or entering a public place, and after coughing or sneezing.
- Avoid handshakes and communal use items.
- Maintain a supply of hand sanitizer and hand wipes. Inform supervisor of needed resupply.
- Disinfect high touch surfaces often:
  - Radios, phones, doors, pumps, fuel cans, etc.

### Social Distancing and Protective Equipment

- Initiate, practice, and remind others of social distancing.
- Conduct briefings and conversations outdoors and at least 6 feet apart.
- Utilize face coverings as a tool when practical.
- Clean or replace dirty face coverings, equipment, and PPE.

### Communications

- Face coverings and social distancing complicate communications. Ensure effective sender/receiver messaging.

**Protect yourself, your crew, and your camp!**

## 8. MEDICAL EMERGENCY PROCEDURES

**LINE EMERGENCY:** Crew Supervisor to contact Division Supervisor with patient complaint/condition and location.

- Division Supervisor contacts:
  - FEMT / FEMP
  - Communications Unit
- Communication Unit will clear command channel for emergency traffic; as needed for Minor/Major Emergency
- Communications will switch all emergency traffic to CALCORD as needed or requested.
- Communications Unit contacts:
  - Medical Unit
  - Safety
  - Operations
- Division Supervisor will run medical emergency on CALCORD.
- Medical Unit will:
  - Dispatch air/ground ambulance to as appropriate.
  - If necessary, after patient pickup, dispatch ambulance to helibase for transportation.
  - Notify receiving hospital of injury status.

**CAMP EMERGENCY:** Contact Medical Unit with patient complaint/condition and location. Medical Staff will respond to stabilize incident.

# Peer Support Team Message

## CZU LIGHTNING COMPLEX INCIDENT PEER SUPPORT

Resource Box

Watch for the signs and symptoms of stress in yourself and the people around you. Many of us are here, away from our families and kindness towards each other is key. Try and stay positive and get much needed rest when you can. We can do this, together!

**Stay Healthy, Stay Alert and Stay Strong!**

In addition to peer support, if there is a need, we can have a culturally competent Clinician available that could meet with you on an individual and/or group basis. You may not be experiencing these symptoms now. However, you may find yourself experiencing them when you return to your home or Unit.

If you find yourself in this situation and need to talk to someone, please contact Employee Support Services.

**Michael DeLeo 805-573-2419**

**Tony Howard 916-224-1543**

**Mike Aiello 916-584-0548**

**Below are other Team Members not on the incident who can also be contacted directly:**

**Jeremy Sanders 916-281-6472**

**Shawna Powell 530-717-0667**

**Warren Parrish 916-823-6641**

**Nikole Schutz 916-709-0434**

**Amber Henderson 805-794-1690**

**Amy Head 916-956-3277**

We are here for all personnel at this incident.

*CAL FIRE Employees can also contact EAP directly at: 1-866-327-4762*

## TRAINING SPECIALIST MESSAGE

### TRAINEES:

In order to receive documented credit for your training assignment, you must register with the TNSP prior to starting the demob process.

### TRAINERS/EVALUATORS:

If as much work as possible has been completed in the position task book, you are strongly encouraged to take advantage of your time in camp and conduct the training close-out with the TNSP. It is not necessary to wait until you demob.

Bring the following with you to the "exit interview"

- Your properly initiated Position Task Book
- Completed and signed ICS 225 Performance Evaluation
- Completed and signed Evaluation Record

REMOTE CHECK-IN

Justin Voyson TNSP  
661-547-8629

Matt Seybert TNSP

## INCIDENT MANAGEMENT TEAM 3

### DEMOBILIZATION MESSAGE

**CZU Lightning  
CA-CZU-005205**

We appreciate your efforts during this incident and want to make sure that we get you to your next destination safely and efficiently. When we begin demobilization, a Tentative Demobilization List will be posted in several places around base camp, including the briefing area and the eating area. If you are on this list, please adhere to the following:

### SHOW UP AT THE DESIGNATED TIME

- Show up at the designated time.
- Do not show up early.
- Do not show up late.

A demobilization schedule has been prepared in careful coordination with all essential demobilization functions. Not following the demobilization schedule can have significant negative impacts on the Demobilization Unit staff and all other resources scheduled for demobilization. We do not want you or any other resources to have unnecessary delays. Please adhere to your scheduled demobilization time.

### BE PREPARED FOR A RE-ASSIGNMENT

There may be other incidents in the state that are in need of resources. There is a possibility that some of the resources released from this incident will be immediately assigned to another one. Please make sure you are properly supplied, rested, and nourished while waiting for your designated demobilization time.

### BE THOROUGH AND EFFICIENT

Demobilization begins and ends at the Demobilization Unit. Please follow the instructions given to you when starting the demobilization process. Returning to the Demobilization Unit with a complete and accurate Demobilization Check-Out (ICS-221) form will help prevent any unnecessary delays and ensure you are shown as available for future assignments. Unforeseen delays can occur during the demobilization process, such as mechanical issues discovered while at Ground Support. Plan to visit the Time Unit towards the end of the demobilization process in order to provide an accurate accounting of your time.

IMT-3

*In readiness is all*

# PUBLIC INFORMATION SECTION

Incident Information Line: (831) 335-6717  
Media Line: (831) 337-8445

Email Updates (sign up):  
[www.tinyurl.com/CZUlightning](http://www.tinyurl.com/CZUlightning)

STATUS	
Incident Start Date: 8/16/2020	Incident Start Time: 3:15 PM
Cause: Lightning	Acres:
Containment:	Total Personnel:

**MEDIA** – The California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. More information can be found [here](#).

**CAL FIRE SOCIAL MEDIA POLICY** – When assigned to a CAL FIRE incident, you will adhere to the CAL FIRE Social Media Policy, Section 0691. You can find further information about the CAL FIRE Social Media Policy [here](#).

**PHOTOGRAPHS AND VIDEOS OF INCIDENT** – We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics.

**LOST AND FOUND** – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well. All items left in Lost and Found will be turned over to the local CAL FIRE Santa Cruz Unit.

**MAIL SERVICE** – Due to the complexity of the incident, mail service will not be available.

# FINANCE SECTION MESSAGE

## CAL FIRE TIME UNIT (Personnel and Hired Equipment)

- Located at the Community Center
- CAL FIRE personnel ensure you have started your eFC33's and turn in the update sheet after each shift.
- Hired Equipment Suppliers ensure to check in with the TIME unit and drop off your EERA's.
- Shift Ticket books for Division/Line Supervisors are available in the TIME unit.

## DIVISION GROUP/LINE SUPERVISORS

- Please make sure the shift tickets are being done for the suppliers and turned into the TIME unit after each shift.

## COMP/CLAIMS

- Located on site in trailer row.
- Contact phone number (916) 206-2195
- For any suppression damages please use the QR code or document on a ICS213 with the location or address, description of damages, your name and contact number and if possible any photos.

## WATER USAGE FORM

- Water tenders and engines please use the QR code or attached water usage form and turn it into the TIME unit.

## FEDERAL TIME

- CAL FIRE TIME Unit or Line Supervisor will sign your Crew Time Reports (CTR's)
- A computer and printer will be available for use at the TIME Unit (Federal Time Kiosk)

## OES/LOCAL GOVERNMENT

- Located on site in trailer row.
- Please make sure you have checked in with the representative.
- Chief Pete Mercado (619) 302-5360

## ASSISTANCE BY HIRE (ABH)

- Any Local unit (San Mateo-Santa Cruz) that will be assistance by hire to CAL FIRE please see the TIME unit.

ROGER RAINES, FSC1 (559) 281-4311

TERRY EASTWOOD, DEP. FSC1

PATRICK AGUADA, DEP. FSC1 (T)

## DAMAGE REPORT

## WATER USAGE

**ATTN: Federal Resources (specifically Federal Contracted Resources/ADs)**

**RE: Virtual Finance Support**

If you are assigned to a CAL FIRE managed incident, you have noticed that there is no “federal” time unit on site. We have developed a virtual finance section to provide you with your invoices/time sheets. We will need for you to **scan and email** your documents to the [R5.CalFire.Support@firenet.gov](mailto:R5.CalFire.Support@firenet.gov) email address. (If you do not have a “scanning” app on your phone and/or computer you may visit the clerical trailer. If no clerical trailer is available check in with the Finance Section for assistance.) In the subject line enter:

TIME - Resource # - Company/Person Name – Attachment description - Fire Name/Number

**Contract Crew/Equipment:**

We need for you to send us the following information (even if you have submitted it to the CAL FIRE finance unit):

- Contact name, phone number, and email for on-site “leader”
- Resource Order
- Contract (Pages 1-2 and any additional pages referencing equipment/resource information)
- Crew Manifest
- Inspection (if one was done)
- Shift Tickets (signed by you and your incident supervisor) / CTRs (signed by your incident supervisor)

**Administratively Determined (AD) Resources:**

We need for you to send us the following information:

- Contact phone number and email
- Resource Order
- Casual Hire Form
- CTRs (signed by your incident supervisor)

**Federal Employees:**

As of right now, we are not planning to create OF-288s for Federal “regular” employees. Each of you can utilize your CTRs as your backup documentation for submitting your time sheets.

IF, however you require an OF-288, we will do our best to accommodate your needs. If you are claiming Hazard Pay, just like always, you must provide a justification for the claim (“H=Hazard”) is NOT enough. Use “action verbs” to explain what/why you are claiming the hazard.

**WHEN YOU ARE CLOSE TO DEMOB:**

- Give Finance a “Courtesy Email” 1-2 days prior to make sure all your documents have been received.
- Submit all time documentation (including travel home) ahead of demob.
- Send an email the morning of your demob to the Support email so the demob process can be started from the virtual finance group.

EMAIL: [R5.CalFire.Support@firenet.gov](mailto:R5.CalFire.Support@firenet.gov)

Please **do not wait** until the end of your assignment to get us your information. Since we are virtual, the process will take additional time.

## *Who needs to turn in what?*

Unit Logs (ICS-214s) are required by Strike Team Leaders and above. However, Crews, Engines and possibly other contractors working on the line or in camp, may be asked to fill them out, especially if there has been a significant event that may need to be documented, or if requested by your Supervisor.

Strike Team Leaders only submit one 214 for your resource and not multiple Unit Logs for each engine.

Copies of the Crew Evaluations (ICS-224s) and Personnel Evaluations (ICS-225s) are sent to your home unit or business office. Therefore, it is imperative to provide the home unit or business name and address on the evaluation form.

Please do not turn in documents with staples.

Thank you for your help and cooperation.

*Kim Moore* ~ Documentation Unit

**CZU LIGHTNING**  
**Fireline Suppression Repair Guide**

**Suppression Repair Guidelines:**

1. Follow the CZU Lightning Incident Suppression Repair Plan.
2. Identify issues of damage made by fire suppression activities.
3. Repair damaged areas as instructed by the North and South Group Leaders.
4. Attempt to make contact with the landowners prior to repairs.
5. Identify issues to be brought to Comp Claims when it is outside the scope of suppression repair.

**General Cleanup and Repair:**

1. Collect all trash such as plastic water bottles, cardboard, plastic flagging, foodstuffs, wrappers, blown hose and plastic bags and pack it out.

**Access Roads:**

1. Install waterbreaks where a waterbreak previously existed.
2. Install or maintain rolling dips where they previously existed.
3. Breach berms to facilitate drainage.
4. Clean out inlet and outlet of culverts plugged with soil and vegetation pushed by the dozer.
5. Water roads as necessary that were used for fire control operations to reduce dust and stabilize soil. Grading will be determined by the Group leader.
6. Where suppression activities have damaged/destroyed road drainage facilities (culverts, over-side drains) repair or replace as determined by the Group Leader.

**Constructed Fireline Adjacent to Homes:**

1. Spread piles of soil where Dozers ran adjacent to homes.
2. Lop, chip, and/or make safe piled or knocked over trees and vegetation that was pushed over for dozer line construction.
3. Repair any broken or damaged fences and/or gates as the result of fire suppression activities. Document the extent and condition of damage prior to repairs.

**Helispots, Drop Points, Staging Areas, Safety Zones:**

1. Avoid leaving heavy piles of slash and/or debris; scatter so it appears natural.
2. Pull any berms back onto the site. Install cross-drainage.
3. Spread slash or brush over the area if available.

**Dozer Lines:**

1. Install waterbars on constructed dozer lines. Waterbar spacing will not exceed 150 feet.

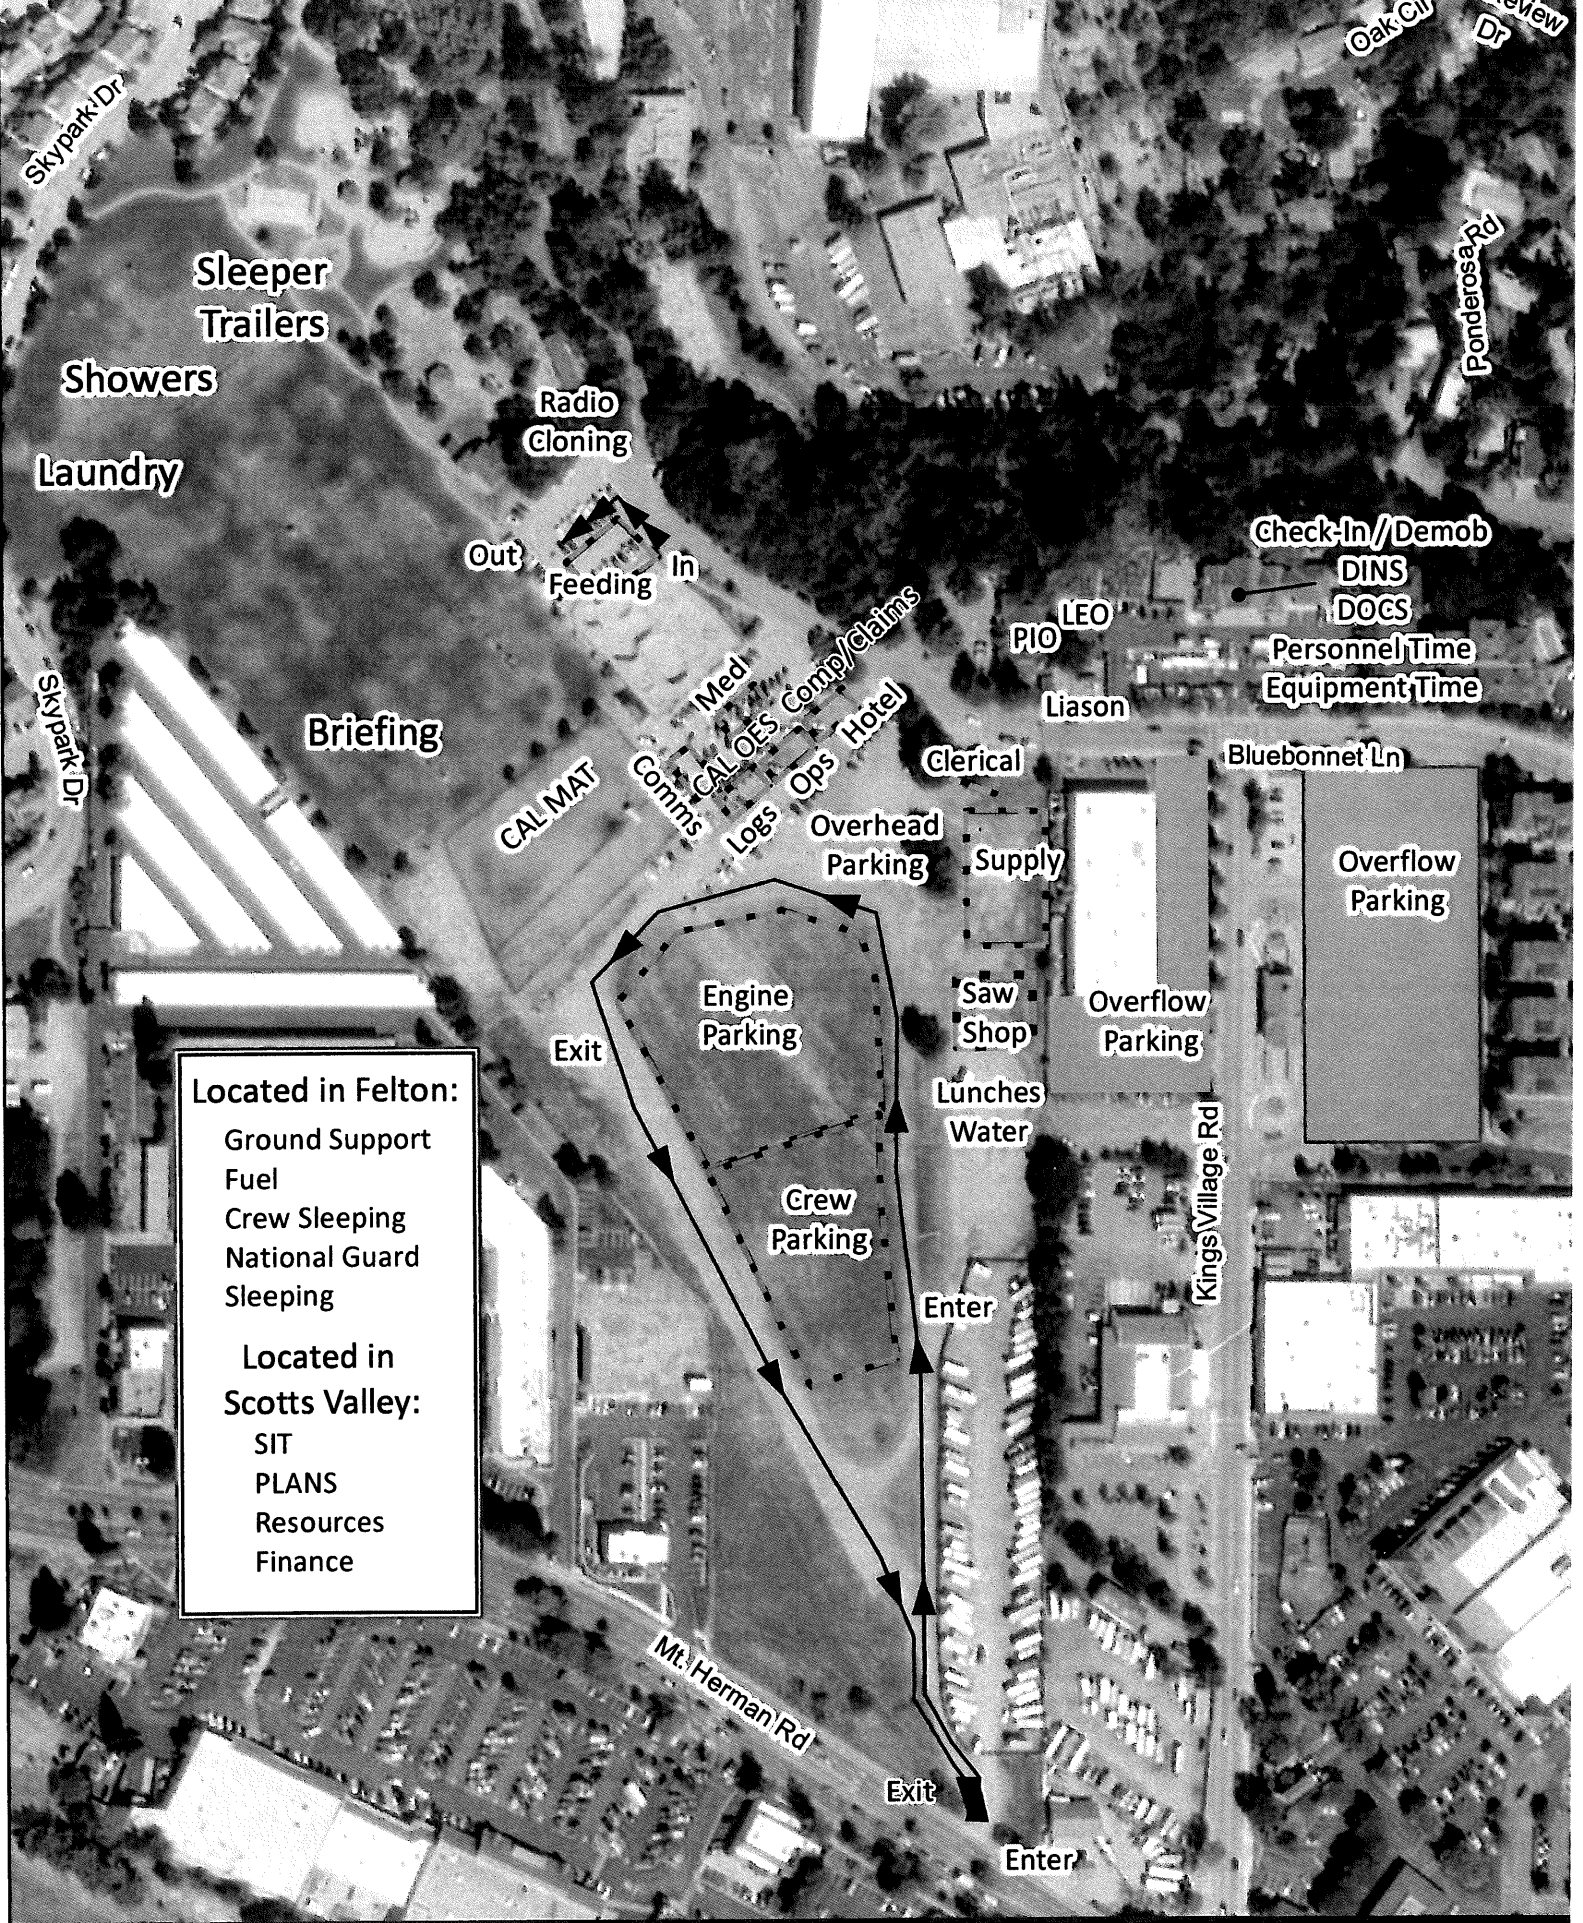

Road Gradient	Waterbreak spacing
0-10%	150 feet
11-25%	100 feet
26-50%	75 feet
>50%	50 feet

2. Waterbars should be constructed at an angle of approximately 45 degrees to the fire line, and deep enough to significantly reduce the chance of being destroyed by off-road vehicle use.
3. For dozer lines that are located along ridgelines, alternate the direction of the waterbars (in a herring bone configuration) to eliminate water accumulation on one side of the ridge.
4. Waterbars should be located to discharge into natural vegetation where possible.
5. Scatter organic debris over dozer line surface near areas where dozer lines intersect roads to prevent trespass.

## CZU LIGHTNING REPORTING LOCATION TRAVEL DIRECTIONS

### Directions from ICP to DP-10

*Pescadero High School – 360 Butano Cutoff, Pescadero, CA*

<https://tinyurl.com/CZU-DP10-PHS>

1. Turn Right on Mt. Hermon Rd.
2. Turn Left on Lockwood Ln.
3. Turn Left on Graham Hill Rd
4. Continue onto Ocean St.
5. Turn Right on CA Highway 1 N
6. Turn Right on Pescadero Creek Rd.
7. Turn Right on Butano Cutoff

### Directions from ICP to DP-60

*Bonny Doon Fire Station – 7276 Empire Grade, Bonny Doon, CA*

<https://tinyurl.com/CZU-DP60-BDFS>

1. Turn Right on Mt. Hermon Rd.
2. Turn Right on Graham Hill Rd
3. Continue onto Felton Empire Rd
4. Sharp Left on Empire Grade

### Directions from ICP to DP-21

*Brookdale Lodge - 11570 Hwy 9, Brookdale, CA*

1. Turn Right on Mt. Hermon Rd.
2. Turn Right on Graham Hill Rd
3. Turn Right on Hwy 9

### Directions from ICP to DP-23

*Hwy 236 and Waterman Gap*

1. Turn Right on Mt. Hermon Rd.
2. Turn Right on Graham Hill Rd
3. Turn Right on Hwy 9
4. Turn Left on Big Basin Way

### Directions from ICP to DP-22

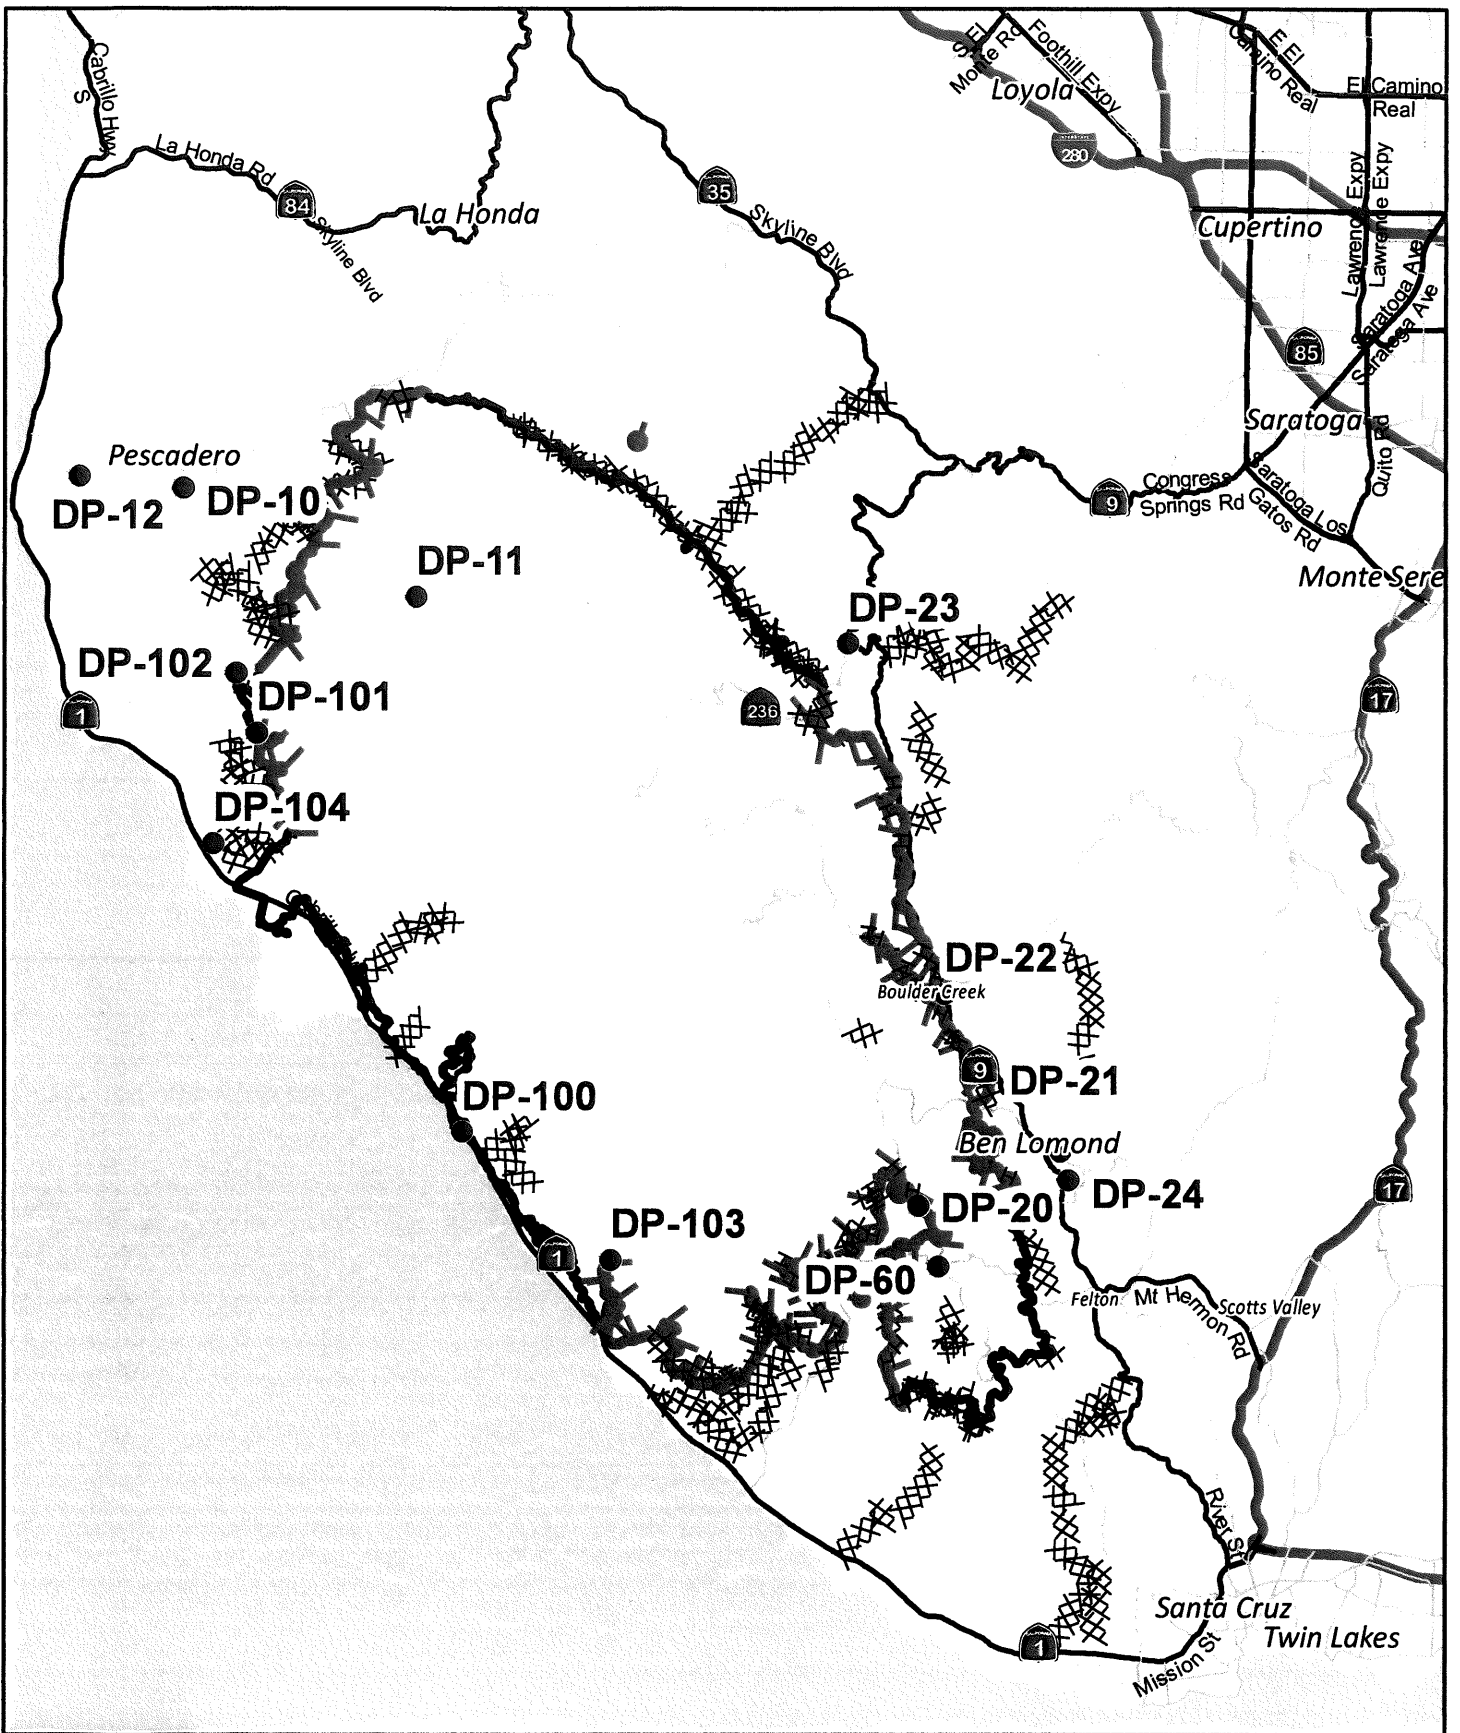

*Boulder Creek Fire Station - 13230 CA-9, Boulder Creek, CA*

1. Turn Right on Mt. Hermon Rd.
2. Turn Right on Graham Hill Rd
3. Turn Right on Hwy 9

### Directions from ICP to DP-100

*Big Creek Lumber - 3564 CA-1, Davenport, CA*

1. Turn Right on Mt. Hermon Rd.
2. Turn Right on Graham Hill Rd
3. Turn Right on Hwy 9
