to

7/22/2020 0700

INCIDENT OBJECTIVES (ICS 202)													
1. Inci	dent Name:			2. Ope	rational Period:	Date F	rom:	07/21/20	Date To:	07/22/20			
	H	OG				Time F	rom:	0700	Time To:	0700			
3. Obj	ective(s):												
Strate	gic Objectives												
and as	A full suppression strategy is to be implemented on the Hog Incident. Values at risk associated to the incident include human safety, private property and associated improvements, electrical power infrastructure, and cultural values. Minimize acres burned on all lands by utilizing effective and efficient strategies and tactics while maintaining safety first.												
<u>Leaders Intent</u>													
persor P P In	Work effectively with cooperative partners towards a common goal of protecting values in a safe and efficient manner. All incident assigned personnel should be prepared to take the appropriate actions regarding:  Professional behavior, conduct timely / effective communications  Personal safety and safety of others, including driving slowly, safely and defensively  Implementation of tactics that offer a high probability of success  Manage fatigue by taking breaks and maintaining work rest cycles												
Manag	gement Objectives												
focu -Ensu -Minir -Ensu -Prote -Cont -Prov	-Fight fire aggressively while maintaining safe work practices to minimize threats to the public and emergency responders, all actions and efforts will focus on safe guarding the citizens and resources of Lassen County -Ensure COVID-19 precautions and best practices are met always -Minimize damage to structures, private property and other improvements in the fire area -Ensure repopulation takes place in a quick, efficient and effective manner -Protect natural, cultural, heritage resources -Continue to foster and maintain positive relationships with all local cooperators and stakeholders -Provide timely and accurate incident information -Maintain fiscal accountability keeping costs commensurate with values at risk												
-Keep -Keep -Keep	o the fire South of Eag o the fire West of D Lir	le Lake ne	Diamond Mountain to Summit to Bridge Cre ountain to Gold Run R	ek Sprir	ral Hill to Peg Leg Mou ngs Road	ntain to Mi	ikes Lodge	е

#### Hog Fire Forecast

FORECAST NO: 1

NAME OF FIRE:

Hog

CALFIRE

Incident Meteorologist (IMET): Tony Fuentes

Email: Tony.Fuentes@noaa.gov

Cell: (240) 778-5300

PREDICTION FOR: Tuesday Shift

SHIFT DATE:

UNIT:

July 21, 2020

FORECAST ISSUED:

2000 PDT July 20, 2020

#### \*\*\* Dry Lightning Threat: Red Flag Warning Today, Fire Weather Watch Wednesday\*\*\*

An area of low pressure approaching northern California will bring increased thunderstorm activity this afternoon and Wednesday. A few storm cells could be strong this afternoon and some becoming severe Wednesday. Strong outflows with erratic winds are possible with these storms along with localized areas of heavy rainfall, small hail, and dry lightning strikes.

TODAY (TUESDAY):

\*Red Flag Warning: 1300-2100\*

WEATHER:

Scattered showers and thunderstorms after 1300. A hybrid mix of wet/dry

storms. A few storms could be strong.

WINDS (EYE LEVEL):

Upslope 3-7 mph becoming west 4-8 mph after 1300. Gusty and erratic

winds with outflows of 40-50 mph possible near thunderstorms in the

afternoon.

MAX TEMPERATURES:

86 - 91°

MIN HUMIDITY:

15 - 18%

TRANSPORT WIND:

LAL 4 / HAINES: 5

Southeast around 10 mph.

TONIGHT (TUESDAY NIGHT):

WEATHER:

Partly cloudy. Scattered showers and thunderstorms in the evening.

MIN TEMPERATURES:

50 - 55°F

MAX HUMIDITY:

55 - 60%

WINDS (EYE LEVEL):

Downslope 2-6 mph. Gusty and erratic winds expected near T-storms.

LAL: 4 HAINES: 4

WEDNESDAY:

\*Fire Weather Watch: 1100-2100\*

WEATHER:

Scattered showers and thunderstorms after 1100. A hybrid mix of wet/dry

storm. A few storms could be severe.

WINDS (EYE LEVEL):

West around 10 mph. Gusty and erratic winds with outflows of up to 60

mph possible near thunderstorms in the afternoon.

MAX TEMPERATURES:

82 - 87°

MINIMUM HUMIDITY:

20 - 25%

TRANSPORT WIND:

S 10 - 15 mph.

HAINES: 5 LAL 4

F	IRE BEHAVIOR FORECAST
FORECAST NUMBER: 1	TYPE OF FIRE: Wildfire
FIRE NAME: Hog DATE ISSUED: 7/21/2020	OPERATIONAL PERIOD: 7/21 – 7/22 TIME ISSUED: 0600
UNIT: CA-LMU-3874	SIGNED: Brian Newman
	Typed/printed: Brian Newman FBAN INPUTS

## WEATHER SUMMARY: RED FLAG WARNING IN EFFECT 1300 to 2100 PDT TUESDAY DUE TO THUNDERSTORM ACTIVITY AND POTENTIAL DRY LIGHTNING OVER THE FIRE AREA.

Low pressure coming into the area will increase the chances of thunderstorms to 30%. The potential for dry lightning exists with these storms along with strong outflow winds. Temperature will be similar to yesterday, 86-91° with RH values lowering to 15-18% in the afternoon. Winds will be light early becoming slope driven 4-8 MPH in the afternoon. The inversion will persist until at least 1500 unless cleared by thunderstorm winds.

#### **OUTPUTS**

#### **FIRE BEHAVIOR**

**GENERAL:** The fire is burning in heavy timber and slash with intermixed brush, along with clear cut plots that have moderate to heavy slash. Fuel moistures in the brush are nearing record levels, with timber fuel moistures very low due to drought conditions in the area. The fire will burn actively when aligned with the wind and slope, with short to mid range spotting.

Watch for thunderstorm outflow winds and collapsing columns when activity increases

- Timber and slash: Rates of spread 9 16 feet per minute, 25 48 feet/minute with outflow winds Flame lengths 7-10 feet, 11-13 feet with outflow winds Spotting 1/4 to 1/2 mile, with 1 mile possible during outflow winds
- Brush: Rates of spread 7 9 feet per minute, 58 65 feet per minute with outflow winds Flame lengths 3 4 feet, 7 8 feet with outflow winds Spotting up to ½ mile. ¾ mile with outflow winds
- Probability of Ignition above 95%

#### SPECIFIC:

Branch I: This Branch has a mix of brush and timber with slash. If active thunderstorms develop, increased fire activity with short to midrange spotting possible. Expect spotting of up to 1 mile when aligned with the wind. Spotting has been an issue in Division C & E

Branch V: This Branch should have clear air and could see an increase in fire behavior first throughout the day. Winds should push smoke and fire into the burned area, with the potential for active fire with afternoon winds. Spotting has been an issue in Division J

Branch IX: This Branch has the largest variation in topography, and may see significant fire activity when the winds align with the slope as the day progresses and thunderstorm activity increases. Spotting has been an issue, especially in Divisions F & Q

AIR OPERATIONS: Thick inversion will inhibit air operations until mid afternoon.

#### SAFETY

- In the heavy timber safety zones are limited, if the hard black is used for safety zones watch out for snags
- Be aware of the afternoon thunderstorms that can bring shifting winds
- Short intense fire runs are possible. Make sure you know where your safety zone is at and the time it takes to get there

#### **CAL FIRE INCIDENT MANAGEMENT TEAM 3**

## SAFETY MESSAGE

#### ac·count·a·bil·i·ty

- 1. the obligation of an individual or organization to account for its activities, accept responsibility for them, and to disclose the results in a transparent manner.
  - Take all COVID 19 precautions.
  - Trees are weakened due to fire activity. Look Up, Down, and Around.
  - Make sure everyone gets a briefing!
  - Red Flag Warning for the area, thunderstorms are possible during the operational period. Be prepared to take appropriate actions.
  - Drive defensively and expect the unexpected.
  - Be aware of changing road conditions on roadways within the fire area.

#### **SNAG (Hazard Tree) SAFETY:**

Size up snag hazards in work area

Never become complacent

Always look up

Get weather reports

Scout out parking, work areas, and safety zones

Advise co-workers of known hazards

Face your hazards and take appropriate action

Examine work area for other hazards

Take extra caution around heavy equipment

You are responsible for your own safety

Lookouts
Communications
Escape Routes
Safety Zones

## CAL FIRE INCIDENT MANAGEMENT TEAM 3

## TRAINING SPECIALIST MESSAGE

## A Training Specialist is now on the Incident.

All assigned trainees working on Position Task Books will need to register with the Incident Training Specialist in order to receive documented credit for your assignment.

Bring the following with you to register:

- -Incident Qualification Card
- -Initiated Position Task Book
  - -Trainee Registration form

\*\*Only two members will be allowed in the trailer at a time\*\*

\*\*Face coverings will be required prior to entering trailer\*\*

Justin Voyson TNSP 661-547-8629

#### **INCIDENT TRAINEE REGISTRATION FORM**

#### HOG INCIDENT CA-LMU-003874 JUSTIN VOYSON TNSP 661-547-8629

Complete ALL fields and return to Training Specialist or DROP BOX for entry into database.

Remember to close out training packets with the Training Specialist before DEMOB.

**MEDIA** – The California State Penal Code, Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. More information can be found <a href="https://example.com/here-news-media-ne

409.5

**CAL FIRE SOCIAL MEDIA POLICY** – When assigned to a CAL FIRE incident, you will adhere to the CAL FIRE Social Media Policy, Section 0691. You can find further information about the CAL FIRE Social Media Policy here.

Social Media

PHOTOGRAPHS AND VIDEOS OF INCIDENT — We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics.

**LOST AND FOUND** – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well.

MAIL SERVICE - The Information Section can assist you with sending and receiving mail.
