38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:	
12 hours:	LMU is currently managing two large wildland fire incidents. Additionally, there is a Red Flag Warning in effect until 9 P.M. on Wednesday for thunderstorms and strong outflow winds, which will increase the potential for additional ignitions in the area. The incident is burning in areas with private residences, ranches and commercial operations including agriculture, livestock and timber. There are cultural resources that are threatened. The Willow Creek Campground is threatened.
24 hours:	LMU will continue to manage two large wildland fire incidents. Additionally, there is a Red Flag Warning in effect until 9 P.M. on Wednesday for thunderstorms and strong outflow winds, which will increase the potential for additional ignitions in the area. The incident is burning in areas with private residences, ranches and commercial operations including agriculture, livestock and timber. There are cultural resources that are threatened. The Willow Creek Campground will continue to be threatened.
48 hours:	LMU will continue to manage two large wildland fire incidents. The incident is burning in areas with private residences, ranches and commercial operations including agriculture, livestock and timber. There are cultural resources that are threatened. The Willow Creek Campground will continue to be threatened.

3) anticipated results.
 Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.
LMU is currently managing two large wildland fire incidents. Additionally, there is a Red Flag Warning in effect until 9 P.M. on Wednesday for thunderstorms and strong outflow winds, which increased the potential for additional ignitions. The current incident continues to impacted private residences, ranches and commercial operations including agriculture, livestock and timber. The incident is also experiencing some communication issues to the fiber optic cable damaged on the Hog Incident.

41. Planned Actions for Next Operational Period:
CAL FIRE IMT 4 assumed command of the Gold Incident at 1300 hours.

42. Projected Final Incident Size/Area (use unit label – e.g., "Acres", "Square Miles"): **25,000**

43. Anticipated Incident Containment or Completion Date: **08/04/2020**
