- 36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour time frames:
- 12 hours: Continued perimeter growth.
- 24 hours: Continued perimeter growth.

48 hours:

72 hours:

Anticipated after 72 hours:

- 37. Strategic Objectives (define planned end-state for incident):
- Perimeter control. Secure and hold existing fireline. Recon and patrol for new ignitions.
- 38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:
- Continued perimeter growth could threaten property and isolated rural homes. Smoke impacts could result in decreased air quality.
- 24 hours: Continued perimeter growth could threaten property and isolated rural homes. Smoke impacts could result in decreased air quality.

48 hours:

72 hours:

Anticipated after 72 hours:

- 39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:
- 12 hours: Engines, Crews, Aircraft, Heavy equipment, water tenders.
- 24 hours: Engines, Crews, Aircraft, Heavy equipment, water tenders.

48 hours:

72 hours:

Anticipated after 72 hours:

- 40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:
- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.

Incident: CANYON

High fire activity in the region has challenged fulfillment of resource requests.

41. Planned Actions for Next Operational Period:

Perimeter control. Transition to Type 1 IMT today occurred at 1500.

- 42. Projected Final Incident Size/Area (use unit label e.g., "Acres", "Square Miles"):
- 43. Anticipated Incident Containment or Completion Date: 08/22/2020
- 44. Projected Significant Resource Demobilization Start Date:
- 45. Estimated Incident Costs to Date: \$3,000.00
- 46. Projected Final Incident Cost Estimate:
- 47. Remarks (or continuation of any blocks above list block number in notation):
- 49. Resources (summarize resources by category, kind, and/or type; show # of resources on top ½ of box, show # of personnel associated with resource on bottom ½ of box):
