### INCIDENT ACTION PLAN SCU LIGHTNING COMPLEX

CA-SCU-005740

### **OPERATIONAL PERIOD**

8/25/2020 0700

to

8/26/2020 0700

INCIDE	ENT OBJECTIV	ES (ICS )	202)								
1. Incident Name:	2. Operational Period:	Date From:	8/25/2020	Date To:	8/26/2020						
SCU LIGHTNING COMPLEX		Time From:	0700	Time To:	0700						
3. Objective(s):											
Management Objectives											
- Provide for emergency personnel and public safe	ety at all times.										
- Ensure COVID-19 precautions and best practice	s are met at all times.										
- Protect property, improvements, and infrastructu	re.										
Ensure repopulation takes place in a quick, efficient, and effective manner.											
- Ensure coordinated, timely and accurate release of public information.											
Foster and maintain relationships with all cooperators and stakeholders.											
- Protect economic, natural, cultural and heritage r	resources.										
- Maintain fiscal accountability and keep costs con	nmensurate with values at ris	sk.									
Control Objectives											
Canyon Zone and Calaveras Zone											
- Keep the fire North of Panoche Rd., Cienega Rd	., and San Juan Canyon Rd,										
- Keep the fire West of I-5	- Keep the fire West of I-5										
- Keep the fire South of I-580											
- Keep the fire East of I-680 and Hwy 101											
Deer Zone											
- Keep individual fires within current perimeters.											
General Situational Awareness:											
Steep and rugged terrain, critically dry and recep	otive fuel beds, active area fo	r fire history and	drought stresse	ed trees.							
In the COVID-19 environment, high density popu	ılations or large groups are p	articulary at risk	. To help protect	yourself, y	our family						
and to ensure all employees return home safely,											
Enhanced hygiene (especially handwashing), PF	PE & monitoring practices he	ip limit the infect	ion rate of first re	esponders.							
5. Site Safety Plan Required?	Yes □ No										
Approved Site Safety Plan(s) Located at:											
6. Incident Action Plan

### SCU Lightning Complex Fire Weather Forecast

FORECAST NO: 7

**NAME OF FIRE:** SCU Lightning Complex

PREDICTION FOR: 0700 Tue-0700 Weds

**UNIT: CALFIRE Santa Clara** 

**SHIFT DATE:** Aug 25<sup>th</sup>-Aug 26th

SIGNED:

TIME AND DATE

Incident Meteorologist-Ryan Walbrun

FORECAST ISSUED: 2000 Aug 24th

WEATHER DISCUSSION: A seasonable weather pattern looks to be setting up today and lasting through much of the upcoming week. Fire Weather conditions will be moderated with seasonable daytime highs from the mid 80s lower slopes of the Calaveras Zone and mid 90s hottest interior portions of the Canyon Zone. General winds will be westerly and strongest over the higher terrain and northwest facing sections of the Calaveras Zone such as around Div Q. Winds over the Canyon Zone will be light and mainly terrain driven. Smoke will be most prevalent over the Canyon Zone as westerly transport winds push interior smoke eastward. Humidity values will be seasonably dry, lowering 22-32% afternoon hours. Continue to expect night time crashing of the humidity from around 2am-6am, especially above 1500-2000 feet interior portions of the Calaveras and Canyon Zones which can lead to rapid increases in fire behavior during the pre-dawn hours from fuels burning out or burning operations.

### **WEATHER FORECAST FOR TUESDAY:**

**WEATHER:** Smoke and haze under mostly sunny skies

**TEMPERATURES:** Highs 85-90 lower slopes of Calaveras Zone exposed to the Bay breezes.

Highs 91-96 interior sections of the Canyon Zone.

**HUMIDITY:** 25-35% Calaveras Zone, wettest below 1500 feet. 15-25% Canyon Zone.

20 FT WINDS:

Ridgetop: Southwest 5-10 mph afternoon gusts 15-20 mph strongest Div Q and I.

Upslope/Upcanyon 3-8 mph late afternoon gusts 12 mph Canyon Zone drainages.

Expect strong and gusty west winds near Div M as the fire approaches Pacheco Pass Hwy 152:

and gets close to San Luis Reservoir. Afternoon and evening westerly gusts 30 mph.

**STABILITY/INVERSION:** Moderate morning inversion breaking by midday Calaveras Zone then Canyon.

### **WEATHER FORECAST FOR TUESDAY NIGHT:**

**WEATHER:** Smoke and haze otherwise mostly clear skies over the fire with clouds on the lower slopes.

TEMPERATURES: Lows 57-65 lower slopes of Calaveras Zone and 66-75 above 1500 feet.

**HUMIDITY RECOVERY:** 55-65% but locally 25-35% hills of the Canyon Fire above 1500 feet.

**20 FT WINDS:** Ridgetop: Southwest winds 5-10 mph evening gusts 15 mph.

Slopes: Downcanyon 2-5 mph.

**STABILITY/INVERSION:** Stable inversion layer setting up overnight.

Extended Forecast: Wednesday through Saturday a seasonable weather pattern looks to set up. Look for daytime highs mid 80s to mid 90s. Humidity will lower 15-25% with good recovery on the lower slopes. Night time drying trends will likely continue across the Canyon Zone as the marine layer makes its way into the Santa Clara and East Bay Valleys. Prevailing wind direction will be Westerly 5-10 mph gusts 15-20 mph afternoon hours.

### FIRE BEHAVIOR FORECAST FORECAST NUMBER: 8 TYPE OF FIRE: WILDFIRE FIRE NAME: SCU LIGHTNING COMPLEX OPERATIONAL PERIOD: 8/25-8/26/20 0700-0700 CASCU-005740 DATE ISSUED: 8/24/20 TIME ISSUED: 2000 UNIT: SANTA CLARA SIGNED: Typed/printed: Stephen Volmer FBAN

**INPUTS** 

### **WEATHER SUMMARY:**

Seasonable weather will enter the area, and will last through next week. Humidity values will be dry, lowering in the afternoon to the low 20's. Temperatures will vary between the Calaveras and Canyon Zones due to the ocean breezes. Expect high 80's on the lower slopes of the Calaveras Zone, and mid 90's on the interior portions of the Canyon Zone. Nighttime humidity will crash to low teens between 2am and 6am each night in the areas above 1,500' elevation. Winds over the Canyon zone will be light and terrain driven, while the Calaveras Zone will experience strong westerly winds.

### **OUTPUTS**

### **FIRE BEHAVIOR**

FUEL MODEL	RATE OF SPREAD FT/MIN	FLAME LENGTH FT	SPOTTING DISTANCE	PROBABILITY OF IGNITION	
GRASS	45-87	7	.20 mi	90%	
BRUSH	46-81	19	.40 mi	90%	
OAK OVERSTORY	11-21	11	.30 mi	90%	

### **GENERAL:**

Fuels are currently at seasonal levels, and below the 90<sup>th</sup> percentile. Brush fields have a large amount of dead material in them from the previous years of drought and lack of fire history. Fuels above 1,500' elevation have been burning extremely well in the early morning hours due to the humidity dropping each night. When fuels, wind, and topography are all in alignment you can expect dangerous rates of spread. The winds along Hwy 152 can be very strong from the west and will eddy in the canyons and drainages found there.

### \*\*\*Values above are valid for any new starts in the area\*\*\*

### SPECIFIC:

- New ignitions will become established quickly in the dry fuels.
- Take the weather often throughout the shift to track the changing trends and conditions.
- The fire will slow greatly when it enters Oak and Pine stands.

**AIR OPERATIONS:** Visibility will clear up by midday when the inversion lifts. Expect gusty conditions over the ridgetops in the afternoon. Transport winds W 10mph. Air resources might not be available for your tactical plans due to visibility, weather, new fires, or being timed out. Have a plan in place for air resources before they arrive to maximize their efforts.

Sunset 19:44 Sunrise 06:30

### SAFETY

- The best safety zone is in clean burn. Locate safety zones early in the shift, and update them as your working location changes.
- Fire weakened timber and branches will release due to winds. Roadways will become blocked easily.

### CAL FIRE / INCIDENT MANAGMENT TEAM 6

### **COVID-19 DAILY HEALTH CHECK SCREENING ALGORITHM**

### **EACH WORKDAY WILL BEGIN WITH THE FOLLOWING:**

Temperature recorded Employee Screening Questionnaire

### **TEMPERATURE RECORDED**

- Fever YES/NO? \*Fever is considered > 100.4\*
   EMPLOYEE SCREENING QUESTIONNAIRE
- Are you feeling ill/feverish?
- Are you having chills?
- Do you have new or worsening SOB?
- Do you have a new or worsening cough?
- Do you have a new or prolonged sore throat?

No Fever and No answered to all Employee Screening Questionnaire

**Continue with Daily Operations** 

### Yes Fever OR Yes answered to any of the Employee Screening Questionnaire

- Wash Hands, Don Mask and Isolate from other employ-ees. Maintain a distance of > 6 feet.
- Notify the Company Officer and/or Strike Team Leader.
- Notify Medical Unit Leader
- Refer employee to appropriate healthcare provider for evaluation and treatment,
- Disinfect "High-touch" surface areas.

### REMINDERS TO ALL EMPLOYEES

- Self-Monitor yourself while you are on and off the line. If you experience any flu-like symptoms, COVID-19 symptoms, or any Respiratory illness symptoms contact your Company Officer and or Strike Team Leader.
- Maintain proper hand hygiene. Wash hands with soap and water for 20 seconds. Utilize hand sanitizer often. Do not shake hands, touch, or hug others.
- Over coughs or sneezes (if not masked). Cloth Masks should be exchanged and or washed daily.
- Masks are required when out in the public on non-emergency business.
- Disinfect high-touch surfaces daily.
- Practice social distancing (> 6 feet) at meal times, dormitories, in-person meeting, or while in public.

### **CAL FIRE / Incident Management Team** 6

CAL FIRE

**COVID-19 Response Algorithm** 

### **Employee Response Action Plan**

### **COVID-19 Positive Test or COVID-19 Positive Clinical Symptoms Presentation**

- COVID 19 Symptoms: Cough, SOB, Fever or afebrile, Chills, Muscle Pain, Sore throat, Loss of taste/smell
- Employee informs Company Officer and Strike Team Leader of presumed/confirmed COVID-19 symptoms.
- Employee advised to seek evaluation by Medical Unit and CAL MAT or base camp medical unit.
- Crew initiates cleaning measures. Mask, safety glasses, gloves worn. (If needed, LOGS will assist)
- Medical Unit to notified IC, Liaison, Safety and Logistics ASAP. Medical Unit will notify COVID-19 Public Health Officer and determine need for testing and locations.

### **Incident Action Plan**

- Company Officer / Strike Team Leader notified of personnel with COVID-19 positive test or symptom.
- Medical Unit evaluates individual(s) and need for care and evaluation.
- IC, Liaison, Safety and Logistics notification made to determine course of incident evaluation and response.
- Line Chief, Agency Administrator, and Region Office updated upon notification

### **Facilities Response**

- Medical and Safety notified
- Incident Notification
- Disinfection plan initiated.
- Resource Status Evaluated

### **Medical Evaluation & Contact Tracing**

- Personnel interviewed by Medical Unit. List of Positive contacts made in the last 5 days acquired. All Exposed are required to wear surgical mask, self monitor for Fever/Resp symptoms for up to 14 days (exposed personnel are subject to COVID-19 testing)
- Home Unit / Department utilized and retrospective tracking of Positive COVID-19 personnel inter-actions are identified within the last 5 days.
- Home Unit / Department updated by Company Officer / Strike Team Leader.
- Public Health Department is contacted and updated by IC or Designated Representative.
- Positive COVID-19 Employees w/symptoms will need to be evaluated by Health Department conducting testing, prior to returning to assignment.
- Positive COVID-19 Employees w/o symptoms may be required to be evaluated and resource status will be reviewed prior to returning to assignment.

### TRAINING MESSAGE

### TRAINERS:

PLEASE REMEMBER TO REVIEW THE TASK BOOK WITH YOUR TRAINEE EACH DAY AND SET TRAINING GOALS FOR THE UPCOMING OPERATIONAL PERIODS.

### TRAINEES:

IF YOU HAVE ANY QUESTIONS REGARDING YOUR TRAINING ASSIGNMENT, PLEASE CONTACT THE TRAINING SPECIALIST.

IF IT'S NOT DOCUMENTED, IT DIDN'T HAPPEN!

Any questions please contact the Training Specialist:

Shane Vargas (530) 410-4225

**Dottie Shaw (619) 971-1701** 

lan Crossley (530) 681-5100

### ATTN: Federal Resources (specifically Federal Contracted Resources/ADs)

### **RE: Virtual Finance Support**

If you are assigned to a CAL FIRE managed incident, you have noticed that there is no "federal" time unit on site. We have developed a virtual finance section to provide you with your invoices/time sheets. We will need for you to <a href="mailto:scan and email">scan and email</a> your documents to the <a href="mailto:R5.CalFire.Support@firenet.gov">R5.CalFire.Support@firenet.gov</a> email address. (The CAL FIRE finance section may have a scanner available if you do not have a "scanning" app on your phone and/or computer.) In the subject line enter:

TIME - Resource # - Company/Person Name - Attachment description - Fire Name/Number

### **Contract Crew/Equipment:**

We need for you to send us the following information (even if you have submitted it to the CAL FIRE finance unit):

- Contact name, phone number, and email for on-site "leader"
- Resource Order
- Contract (Pages 1-2 and any additional pages referencing equipment/resource information)
- Crew Manifest
- Inspection (if one was done)
- Shift Tickets (signed by you and your incident supervisor) / CTRs (signed by your incident supervisor)

### Administratively Determined (AD) Resources:

We need for you to send us the following information:

- Contact phone number and email
- Resource Order
- Casual Hire Form
- CTRs (signed by your incident supervisor)

### Federal Employees:

As of right now, we are not planning to create OF-288s for Federal "regular" employees. Each of you can utilize your CTRs as your backup documentation for submitting your time sheets.

IF, however you require an OF-288, we will do our best to accommodate your needs. If you are claiming Hazard Pay, just like always, you must provide a justification for the claim ("H=Hazard") is NOT enough. Use "action verbs" to explain what/why you are claiming the hazard.

### WHEN YOU ARE CLOSE TO DEMOB:

- Give Finance a "Courtesy Email" 1-2 days prior to make sure all your documents have been received.
- Submit all time documentation (including travel home) ahead of demob.
- Send an email the morning of your demob to the Support email so the demob process can be started from the virtual finance group.

### EMAIL: R5.CalFire.Support@firenet.gov

Please do not wait until the end of your assignment to get us your information. Since we are virtual, the process will take additional time.

### Media Law

The <u>California State Penal Code Section 409.5(d)</u> allows the news media to enter scenes of disaster, riot, or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, and does not imply that the news media may interfere with incident operations while they are in the areas of concern. If entering such a location that is hazardous, they should be advised; media access cannot be prevented for safety reasons unless their presence would impede CAL FIRE's mitigation of the incident or the disturbing of evidence. When working around the media, remember:

- Media is not permitted on private property without the property owners permission.
- If approached and questioned by the media and or the public, talk about your assignment or task at hand. Remember to wear all the appropriate PPE.
- If needed call for an incident PIO through the chain of command.
- Never speculate, give opinions or speak for others.
- There is no such thing as an "off the record" comment.

### CAL FIRE Social Media Policy (Social Media 0691)

Social Media is increasingly being used by public agencies, the media as well as the public. This form of communication continues to grow rapidly in order to supply the instant gratification needs of society. Therefore when on a CAL FIRE incident you will adhere to the CAL FIRE Social Media Policy, 0691. You can get further information about the CAL FIRE Social Media Policy from the incident Public Information Officer. While assigned to the incident, there will be **no** posting of:

- Inappropriate information or materials
- No opinions
- No endorsements
- Inappropriate pictures or videos

### Lost and Found

The Information Section will manage Lost and Found items for the incident. If you have lost an item leave your contact information and what you have lost at the Information Section. If you have found an item on the incident bring the item to the Information Section with your contact information as well.

**Incident Base Camp Mailing Address** 

c/o Public Information Office/Trailer 4501 Pleasanton Ave. Pleasanton, CA 94566

Pleasanton Ave. Street Entrance

### Peer Support Team Message:

**INCIDENT PEER SUPPORT:** 

We have a few people on the incident for any peer support related needs. The best way to get a hold of them is to call them directly.

Jeremy Sanders-916 281-6472 Shawna Powell-530 717-0667 John Kiszka-530 598-2615 Amber Henderson-805 794-1690 Clinician Jill Gustafson-530 957-8020

or

CAL FIRE Peer Support/Helpline 916-445-4337

Below are other Team Members not on the incident who can also be contacted directly:

Tony Howard 916-224-1543
Mike Aiello 916-584-0548
Warren Parrish 916-823-6641
Nikole Schutz 916-709-0434
Amy Head 916-956-3277
Chris Lomanto 916-247-6974
Connie Quarisa 916-213-8697

In addition to peer support, if there is a need, we can have a culturally competent Clinician available on the incident that could meet with you on an individual and/or group basis.

Watch for the signs and symptoms of stress in yourself and the people around you. Try and stay positive and get much needed rest when you can. We can do this, together!

Stay Healthy, Stay Alert and Stay Strong!

CAL FIRE Employees can also contact EAP directly at: 1-866-327-4762
