

Incident Status Summary (ICS-209)

Incident: **FORK**

1. Incident Name: FORK		2. Incident Number: CA-ENF-027219	
3. Report Version (check one box): Initial <input checked="" type="checkbox"/> Update Final	4. Incident Commander(s) & Agency or Organization: Leusch/Thane(trainee)	5. Incident Management Organization: Type 3 Team	6. Incident Start Date/Time: Date: 09/08/2020 Time: 1115 PDT
7. Current Incident Size or Area Involved (use unit label – e.g., "Acres", "Square Miles"): 2500 Acres	8a. Percent (%) Contained or Completed: 0 %	9. Incident Type: Wildfire B. Incident Description: C. Cause: Unknown D. Fire Suppression Strategy:	10. Incident Complexity Level: <input checked="" type="checkbox"/> Single Complex
	b. Total Percentage (%) of Perimeter that will be Contained or Completed: 100 %		
12. Prepared By: Print Name: Cara Scott Date/Time Prepared: 09/09/2020 1800 PDT		13. Approved By: Print Name: Nickie Johnny Signature: _____	
14. Date/Time Submitted: 09/09/2020 1936 PDT		15. Primary Location, Organization, or Agency Sent To: CA-ENF	
16. State: CA	17. County / Parish / Borough: El Dorado	18. City:	
19. Unit or Other:	20. Incident Jurisdiction:	21. Incident Location Ownership (if different than jurisdiction): CA-ENF	
22. Latitude/Longitude: Latitude: 38° 59' 25" Longitude: 120° 23' 39"	23. US National Grid Reference: Grid Zone: x-Coordinate: y-Coordinate:	24. Legal Description: Principal Meridian: Township: Range: Section: 1/4 Sec: of 1/4 Sec:	
25. Short Location or Area Description (list all affected areas or a reference point): Crystal Basin/Gerle Creek, 15 Miles NE of Pollock Pines			26. UTM Coordinates: Zone: Easting: Northing:
27. Note any geospatial data available (indicate data format, content, and collection time information and labels):			
28. Observed Fire Behavior or Significant Events for the Time Period Reported (describe fire behavior using accepted terminology. For non-fire incidents, describe significant events related to the materials or other causal agents): Active Spotting Running Narrative:			

Incident Status Summary (ICS-209)

Incident: **FORK**

Fire behavior was active overnight. Short runs, isolated torching and spotting.

29. Primary Fuel Model, Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc):

**Timber (Litter and Understory)
Heavy Logging Slash
Timber (Litter and Understory)**

Narrative:

Fire is burning into King Fire scar, heavy concentration of standing snags and 4-6 foot brush.

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc):

Recreation residences, power and water company facilities, and recreation sites are threatened. Stumpy Meadows, the towns of Quintette and Volcanoville.

Hell Hole reservoir & campground, French Meadows reservoir & campground and Oxbow reservoir & campground

A. Structural Summary	B. # Threatened (up to 72 hrs)	C. # Damaged	D. # Destroyed
E. Single Residences	200	0	0
F. Multiple Residences	0	0	0
G. Mixed Commercial / Residential	0	0	0
H. Nonresidential Commercial Property	5	0	0
I. Other Minor Structures	10	0	0

31. Public Status Summary:

C. Indicate the Number of Civilians (Public) Below:

	Previous Report Total	A. # this Reporting Period	B. Total # to-date
D. Fatalities	0		0
E. With Injuries/Illness	0		0
F. Trapped/In Need of Rescue	0		0
G. Missing	0		0
H. Evacuated	600	0	600
I. Sheltering in Place	0		0
J. In Temporary Shelters	0		0
K. Have Received Mass Immunizations	0		0
L. Require Immunizations	0		0
M. In Quarantine	0		0
N. Total # Civilians (Public) Affected:	600	0	600

32. Responder Status Summary:

C. Indicate the Number of Responders Below:

	Previous Report Total	A. # this Reporting Period	B. Total # to-date
D. Fatalities	0		0
E. With Injuries/Illness	0		0
F. Trapped/In Need of Rescue	0		0
G. Missing	0		0
H. Evacuated	0		0
I. Sheltering in Place	0		0
J. In Temporary Shelters	0		0
K. Have Received Mass Immunizations	0		0
L. Require Immunizations	0		0
M. In Quarantine	0		0
N. Total # Responders Affected:	0		0

33. Life, Safety, and Health Status/Threat Remarks:

On September 8th, based on current and predicted fire behavior with winds expected to continue throughout the night, El Dorado County Sheriff's Office (EDSO) issued a mandatory evacuation order for 600 residents in Stumpy Meadows, Quintette and Volcanoville.

34. Life, Safety, and Health Threat Management:

	Active?
A. No Likely Threat	
B. Potential Future Threat	

Incident Status Summary (ICS-209)

Incident: **FORK**

<p>Placer County Sheriff's Department also evacuated Hell Hole reservoir & campground, French Meadows reservoir & campground and Oxbow reservoir & campground as a precautionary measure. Fortunately, the campgrounds were mostly empty after emergency closures were implemented yesterday in response to critical fire weather.</p>																																	
<p>35. Weather Concerns (synopsis of current and predicted weather; discuss related factors that may cause concern): Easterly pressure gradients forecast to weaken, however, air mass will remain very dry with very poor humidity recovery until Thursday afternoon when winds should begin to turn upslope. Fuels are extremely dry due to prolonged heating trend.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 80%;"></th> <th style="width: 20%; text-align: center;">Active?</th> </tr> </thead> <tbody> <tr><td>C. <p>36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour time frames:</p>	
12 hours:	<p>Fire is in Rubicon River drainage and the King Fire burn scar. Rubicon River is extremely steep and remote. Currently rapid rates of fire spread, spotting, torching and running in dense timber. Fork fire is established in the King fire burn scar where there is light flashy fuels and heavy dead/down. Active burning is expected to continue through the night.</p>
24 hours:	<p>Fire will continue to spread in westerly direction in the Rubicon canyon towards communities of Quintette, Volcanoville and Georgetown.</p>
48 hours:	<p>Once fire is established in Rubicon and a return to diurnal wind patterns, it will have potential to run up slope/canyon towards Hell Hole reservoir, in the same path as King Fire.</p>
72 hours:	
Anticipated after 72 hours:	

<p>37. Strategic Objectives (define planned end-state for incident): Keep fire east of 11 Pines, West of Wentworth Springs, Rd, South of Rubicon</p>
--

<p>38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:</p>	
12 hours:	<p>The fire is a threat to infrastructure, recreational, natural and cultural values. These include a scattered mix of recreation residences, private structures and larger private inholdings. In addition, private industrial timberlands, Crystal Basin Recreation Area and associated recreational and administrative facilities, recreational trail systems, hydroelectric power facilities, and distribution lines.</p> <p>Additional values include natural and cultural resource resources including botanical, Goshawk and Spotted Owl PACs, California Red-Legged Frog critical habitat and cultural resources, including high value Native American historic sites.</p>
24 hours:	

Incident Status Summary (ICS-209)

Incident: **FORK**

48 hours:							
72 hours:							
Anticipated after 72 hours:							
39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order: 4 Type 1 Crews, 2 T3 Engine Strike Team, 5 T 3, 4, 5, or 6 Engines, 1 Fuel tender, 10 T2 Water							
12 hours: Tenders							
24 hours:							
48 hours:							
72 hours: 3 Type 1 IHC for 3 days to secure perimeter. Surge capacity.							
Anticipated after 72 hours:							
40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to: 1) critical resource needs identified above, 2) the Incident Action Plan and management objectives and targets, 3) anticipated results. Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts. Implement a full suppression strategy on the fork fire. Values at risk include human safety, private property, private timber lands, Placer County water association infrastructure and SMUD facilities. Apply tactics that offer the highest probability of success.							
41. Planned Actions for Next Operational Period: Establish direct control lines where possible, utilizing indirect control line where direct control line isn't feasible. Provide structure defense to residential structures in the threatened communities. Protect critical utility infrastructure and values at risk.							
42. Projected Final Incident Size/Area (use unit label – e.g., "Acres", "Square Miles"):							
43. Anticipated Incident Containment or Completion Date: 09/22/2020							
44. Projected Significant Resource Demobilization Start Date:							
45. Estimated Incident Costs to Date: \$400,000.00							
46. Projected Final Incident Cost Estimate:							
47. Remarks (or continuation of any blocks above – list block number in notation): A Type 2 Incident Management team has been ordered. Incident size based on air attack and ground resource estimates							
49. Resources (summarize resources by category, kind, and/or type; show # of resources on top 1/2 of box, show # of personnel associated with resource on bottom 1/2 of box):							
48. Agency or Org		CR2	ENG3	DOZR	WTDT	50. Ovhd	51. Tot Pers
FS	Rsrc	1	6	1	2		
	Pers	10	30	3	4	12	59
52. Total Resources		1	6	1	2		59
53. Additional Cooperating and Assisting Organizations Not Listed Above:
