Fire Weather Forecast

FORECAST NO: 27 **PREDICTION FOR: 24 Hr Shift** SHIFT DATE: Tuesday 9/15/2020 **TIME AND DATE ISSUED:** 9/14/2020 1800 PDT

INCIDENT: August Complex **UNIT:** Mendocino NF SIGNED: Rick Davis and Steve Hannah Incident Meteorologist (IMET) and (Trainee)

Discussion:

Tuesday will be the last day of drier conditions with Wednesday seeing additional moisture arrive in the area. The additional moisture in the area could lead to light showers as early as Wednesday. However, these showers will not produce any meaningful rainfall. Temperatures will continue to cool all the way to the weekend. The transport winds will stay southwest which will continue to produce clearer skies on the south and west portions of the fire.

WEATHER FORECAST FOR TODAY:

SKY/WEATHER: Warm, and dry.

Max Temperature: 73 to 78 higher elevations and except 83 to 88 lower valleys Min RH: 15 to 20 percent.

WINDS:

-20 ft Level-WINDS

Lower Valleys/Lower Slopes Terrain or southwest winds 5 to 10 mph gusts to 15 mph. Upper Ridges: Southwest winds 10 to 15 mph gusts to 20 mph. TRANSPORT WINDS: Southwest 10 to 20 mph. Mixing Height 7,000 ft.

TONIGHT:

SKY/WEATHER: Mostly Clear skies with a few clouds. Min Temperature: low 50 and 60s. Max RH: 25 to 35 percent. WINDS: -20 ft Level-

Valleys/Lower Slopes: Down drainage 5 to 10 mph after sunset. Upper Ridges: Southwest 5 to 10 mph gusts to 15 mph.

WEDNESDAY:

SKY/WEATHER: Cooler and moister with a low chance of light rainfall. Max Temperature: 70 to 75 higher elevations and 81 to 86 lower valleys Min RH: 22 to 27 percent. WINDS:

-20 ft Level-WINDS

Lower Valleys/Lower Slopes Terrain or southwest 5 to 10 mph gusts to 15 mph. Upper Ridges: Southwest wind 10 to 15 mph gust to 20 mph. TRANSPORT WINDS: Southwest 10 to 20 mph. Mixing Height 7,000 ft

Outlook Thursday through Saturday:

Southwest winds expected on the fire area Thursday becoming more westerly Friday into Saturday. Increased RH is expected with a slight chance of light rains showers. Amount of rainfall is expected to be very low.

6. Control Operations/Work Assignments:

Point protection in the Pillsbury Ranch and Rice Fork summer home area. Build control lines around in-holdings in the area.

Continue working on approved fire line locations in Elk Creek drainage and Sanhedrin Wilderness. Work closely with READs and REAFs inside of wilderness. Continue coordination and cooperation with CAL FIRE

## **Radio Cloning Procedures:**

- At operational briefings, one representative from each module should be cloned by Communications Unit, then subsequently share the radio code plug/program with the module.
- Cloning procedure:
  - 1. COMT puts on gloves and face covering.
  - 2. COMT clones radio (COMT is only person that handles cloning cable and cloner).
  - 3. COMT wipes down customer radio with appropriate disinfecting solution or wipes and returns the radio.
  - 4. COMT wipes down cloner, cable, and gloves.
  - 5. Move on to the next radio.
- Module representatives, single resources, and cooperators will maintain social distancing as they line up for service.
- As practical, cloning areas should be set up outdoors in wellventilated areas with enough space for social distancing.

#### **Finance Message**

ALL Resources – if you have not already done so, please submit all the required paperwork to finance (contracts, casual hire forms, cooperator agreements, etc.

### TO SUBMIT TIME:

- Be sure to get your hard copies to the appropriate individual after morning briefing.
- Hard copies are preferred but you may also send digital copies to 2020.AugustComplex.finance@firenet.gov.
- Ensure your resource order number is on your CTR and shift tickets.
- Single resources please put only one person on each CTR.
- Please remember to put the reason for hazard pay and compensable meal justifications in the Remarks block on the CTR or shift ticket.
- Please submit time at least every other day.

### Please Click the QR code below for the following fillable Finance forms:

CTRs/Shift Tickets and Comps/Claim

When completing claims form be sure to include your Resource Order #, your home unit address, your contact number and email address as well as pictures of the damage/damaged item.

#### **Finance Contact Information**

Finance Chief:	Carol Bass	775-296-2402		
Finance Chief Trainee	Sharon Holmes 3	18-730-5813		
Procurement Unit Leader	Dan Mye	ers 970-485-0139		
Comp Claims	Judy May	775-340-0224		

Judy May GBT2 COMP Unit Leader at 775-340-0224.

# **CHECK-IN PROCEDURES**

Virtual Check-In: Please complete online check-in with your smart phone.

Use your Resource Order and Incident Qualification Card to complete the check-in information accurately. For CREWS, only the leader must check in online. For all other resources with multiple people per resource order number, all people should complete check-in.

**1.SCAN THE QR CODE and COMPLETE the form in its entirety.** 

## 2.EMAIL RESOURCE ORDER AND MANIFEST TO:

or 2020.augustcomplex.resources@firenet.gov

If you do not have the capability or information needed to complete online check-in on your smart phone, please come to Check-In Trailer and knock on the door and someone will come outside to assist you with check-in. Thank You!

Base Camp Check-in Trailer Hours 0600 – 2000

Willows ICP Check-In Hours 0700-2100

## PAPERLESS DEMOBILIZATION CHECKOUT PROCESS

Questions??? Contact Lori Price @ DEMOB 925-588-6089

- 1.) Visit the DMOB Unit Last for final checkout.
- 2.) At each of the following units, take a picture of the Unit Lead's signature after you have been cleared by them for DEMOB.

Supply	(856-430-5621)
Communications	(925-817-9846)
Ground Support	(928-679-0611)

- 3.) Once cleared from <u>all 3 units</u> present your pictures to the DEMOB unit leader for final approval and checkout.
- If you do not have all required signatures you will not be cleared from ICP.
- Those without the ability to take a picture on their phones should coordinate with their supervisor.

## CREW SWAP???

Click the QR code below

to complete e-Form

# 24 hours prior to GROUND travel and 48 hours prior to AIR travel...

<u>SECTION</u> SUPERVISORS will complete either paper or fillable electronic Gen Msg (213) containing the following info to lorie_price@firenet.gov

- Release Date and Time
- ETD and ETA in Pacific ST
- Mode of Transport: (Air, AOV, POV)
- Name on Driver's License
- Date of Birth
- 3 letter Jetport Identifier
- Need for transport to airport?
- Preferred time of day to travel

TRAINING MESSAGE - **Trainees - please check in with the Training Specialist**, by accessing the fillable Trainee Check-In Form here:

If Trainee or Trainer is demobing: Trainers – Trainer needs to fill out the relevant parts of the Task Book and do an Incident Personnel Performance Rating and discuss the assignment with the trainee.

If Trainee is staying: Trainee should contact Training Specialist to discuss plans for remainder of the assignment.

If Trainee is demobing: Trainee should access the Trainee Check-Out form here:

Don Washco, 623-695-6487 Don_Washco@firenet.gov

'Work smarter, not harder,' the saying goes. Here on the incident, working smarter includes:

- encouraging one another in our individual assignments,
- maintaining the collective energy and focus of the team, and
- supporting each other in times of adversity, challenge and change.

Remember that we are all here for a common purpose and each of us is making a valuable contribution to our mission.

Karen Mora - HRSP Cell 970-420-5108

Tony Torres - HRSP <u>Anthony.torres@usda.gov</u> or 505-249-2341

### Great Basin Team 2 Expectations 2020 Safety is the Team's Number One Priority Everyone is a safety officer-See It, Say It, and Fix It!

The Team is committed to identifying clear Task, Purpose, and End State that achieves the Agency Administrator's direction and objectives in a timely and cost effective manner.

The Team provides every person associated with the incident a safe, productive, and supportive work environment.

The Team operates in a transparent manner, facilitating open communication and dialogue up, down, and across the chain of command, with active listening and opportunity for discussion and collaboration.

Here are a few ways you can help the Team create an atmosphere of **Duty**, **Respect**, and **Integrity** as outlined in the Incident Response Pocket Guide (IRPG):

### If you Need to Leave the Incident Environment when Off Duty:

Notify your supervisor of destination and estimated time of return in the event you are needed for duty prior to expected time

### Alcohol /Illegal Drugs / Fitness for Duty

Alcohol and illegal drugs are not permitted within the incident environment. Be ready, willing, and able to perform your duties. If you are unable to perform your duties, you may be released from the incident with the home unit or employer being notified of the circumstances.

### Work Environment/Human Relations:

Conduct yourselves as professionals and maintain a positive, non-hostile work environment with mutual respect. Sexual harassment, discrimination, acts of reprisal or any inappropriate behavior that violates human rights, the provisions of equal employment opportunity (EEO), or ethics and conduct standards will not be tolerated. If you need clarification of these expectations, contact the Human Resource Specialist.

Your actions in the community outside of the incident environment must also conform to these standards while assigned to this incident. Your integrity is shown by obeying the law and following local rules and ordinances. Non-compliance with these expectations could result in your being released from the incident with the home unit or employer being notified of the circumstances.

### Work / Rest Guidelines:

Any shift times over 16 hours require written justification and approval by the appropriate Section Chief on the Crew Time Report, and will be reviewed by the Incident Commander.

#### **Performance Evaluations:**

Performance Evaluations will be completed for all trainees and contractors (including ADs). Any unsatisfactory performance will be documented on an evaluation. It is your responsibility to ensure that your supervisor has completed an evaluation.

### Use of Social Media on Wildland Fire Assignments:

Firefighters and Incident Management Team (IMT) members should be aware that existing agency-specific ethics and conduct regulations and restrictions governing the use of social media by federal employees on fire assignments apply.

Only authorized employees designated by the hosting unit may represent the government on public social media websites. If you choose to post to a social media website you should have a disclaimer that clearly states the views or opinions that you express are yours alone and do not represent the views of your agency or the IMT.

However, anything that you do post regarding wildland firefighting and the agency you work for reflects on that agency, the IMT you are assigned to and all wildland firefighters.

Social media sites are regularly monitored by federal agencies and employees may be held accountable for inappropriate conduct or ethics. When in doubt, don't post!

I hope you have a safe, productive and rewarding experience here. If you have any needs or concerns that cannot be addressed by my Command and General Staff, please feel free to visit with me.

Tony DeMasters

Incident Commander

# HEALTH AND SAFETY MESSAGE

SAFETY starts with YOU

We are <u>ALL</u> accountable for <u>SAFE</u> behaviors r Day/ Night Operations: September 15, 2020

Tor Day/ Night Operation	ons: September 13, 2020
INCIDENT: August Complex	TIME: Day-0700 Night-1800
<ul> <li>traffic may not be looking at the road.</li> <li>Heat Related Illness (HRI): Take care to monitor plenty of water/fluids, take frequent breaks, get task of the day.</li> </ul>	ming traffic on roadways and fire area. Remember or the health and welfare of yourself and crew, drink 8 hours of sleep, and get enough food to support your - Wear Face Coverings n 6 Feet distance from others"
Fire Order	of the Day:
Keep informed on fire weather	<u>r conditions and forecasts (#1)</u>
<ul> <li>Listen to IMET or FB.</li> </ul>	asts provided in the IAP. AN on the radio for updates eather forecasts telling you?
Signs & Symptoms of Heat Related Illness	L.C.E.S.
<ul> <li>Heavy sweating</li> <li>Weakness</li> <li>Cold, pale, and clammy skin</li> <li>Fast, weak pulse</li> <li>Nausea or vomiting</li> <li>Fainting</li> </ul>	<ul> <li>Lookouts- Use experienced people, know your trigger points, don't depend on air resources and check your surroundings!</li> <li>Communications- Know your radio frequencies, check batteries, and be cognizant of any problems with direct communications.</li> </ul>
<ul> <li>Heat Stroke</li> <li>Hot, red, dry or moist skin</li> <li>Rapid and strong pulse</li> <li>Possible unconsciousness</li> </ul>	<ul> <li>Escape Routes- Know them, time them, discuss them, and reassess them!</li> <li>Safety Zones- Identify the Best Safety Zone, evaluate the "black" as needed for your back up Safety Zone. Reassess for problems.</li> </ul>
Your Safety Team: Laney Cutshaw, Brandon Hoffman	SAFETY IS AN OUTCOME OF DOING THINGS RIGHT!!!

Driving is one of the most hazardous things we do because we literally perform the task hundreds of times in the course of our daily lives – we tend to take it for granted. Based on recent accident trends, vehicle accidents are the source of more deaths and serious injuries to wildland firefighters than any other single cause.

To be a safe driver you have to *want* to be one. Take a good hard look at your driving habits. Are you training yourself to do the right things the right way, like fastening your seat belt, checking your mirrors, and maintaining safe following distances?

Driving Safety Vehicles/Roads Category

- Inattentiveness is a major contributing factor in motor vehicle accidents within the wildland firefighting community. Since the average adult attention span is 15-20 minutes we must develop techniques that allow us to refocus our attention on our driving.
- Many things can lure our attention away from our driving such as fatigue, eating and drinking, reading directions and maps, writing, cell phone and radio use, conversation within the vehicle, and music.
  - ✓ Drive only when you are well-rested and alert and avoid driving during the hours of 10:00 PM and 6:00 AM. Take a 10- to 15-minute break after every 2 hours.
  - Practice situational awareness; be aware of what is happening in front, behind, and on both sides of your vehicle.
  - ✓ Never drive when taking medications that make you drowsy.
  - ✓ Delegate navigation and communication to a passenger or pull over.
  - ✓ By constantly moving your vision, checking mirrors and distant road conditions, you can avoid highway hypnosis and daydreaming.
  - Avoid eating or drinking while driving.
  - ✓ When talking with passengers, keep your eyes on the road and both hands on the steering wheel. Avoid serious or argumentative conversations.
  - ✓ Switch off driving with others if multiple people are in the vehicle.
  - ✓ Do not be in a hurry, be patient.
- Safe driving starts with a safe vehicle. Something as simple as under-inflated tires can have serious consequences. Before operating any vehicle, do a walk-around to look for potential problems, make sure the lights and blinkers work, and adjust your seat and mirrors. If it is the first time you have driven the vehicle, make yourself aware of where everything is.

### 2020 COVID-19 Guidance

#### **LEADERS INTENT:**

- Incident responders have a **DUTY** to safeguard each other and the public we serve from hazards. It is through our **RESPECT** for everyone's health and safety that we follow these mitigations, and we rely on everyone's **INTEGRITY** to ensure that we do so and expect the same of others.
- All incident personnel are expected to conduct self-screening of their health on a daily basis. Individuals experiencing any of the symptoms should take precautions to self-isolate and immediately report symptoms to your supervisor and to the IMT's Medical Officer or MEDL for assessment.
- All incident personnel will adhere to the Module of One concept to the extent practical.
- All incident personnel and visitors will wear cloth face coverings when six feet of social distancing cannot be maintained with others outside of their Module of One.
- All incident personnel and visitors are required to wear cloth face coverings when attending briefings or meetings in common use areas at ICP and camps.
- All incident personnel and visitors will wear cloth face coverings whenever they enter an enclosed incident facility, such as yurt, tent, building, restroom facility, or other common-use areas regardless of proximity to other people.

#### ALL RESOURCES (IMT Members, Single Resource, Operational & Support resources):

• Each resource should arrive at the incident "self-sufficient" for 72 hours, including food, water, sanitizer or wipes, batteries, etc.

#### ICP AND CAMPS

- Access into ICP and some base camp facilities may be restricted to essential personnel only, i.e. module supervisors and trainees.
- To promote isolation and social distancing, operational resources will be assigned to camps and spike camps dispersed on the incident.
- Food will be individually packaged and delivered to drop points for distribution. Special dietary needs should be reported to your line supervisor.
- Daily operational briefings will be conducted via radio or virtually. Only supervisors and trainees should attend in-person briefings.

# WILDLAND FIRE COVID-19 SCREENING TOOL

Today or in the past 24 hours, have you had any of the following symptoms¹?

Symptom	
Cough more than expected?	
Shortness of breath or difficulty breathing?	
Fever? Chills?	
Muscle pain, outside your normal for firefighting?	
Sore throat?	
New loss of taste or smell?	
Fatigue, outside your normal for firefighting?	
Headache, outside your normal for firefighting?	
Congestion or runny nose, outside your normal for firefighting?	
Nausea or vomiting	
Diarrhea	
* Take temperature with no-touch thermometer, if available *	

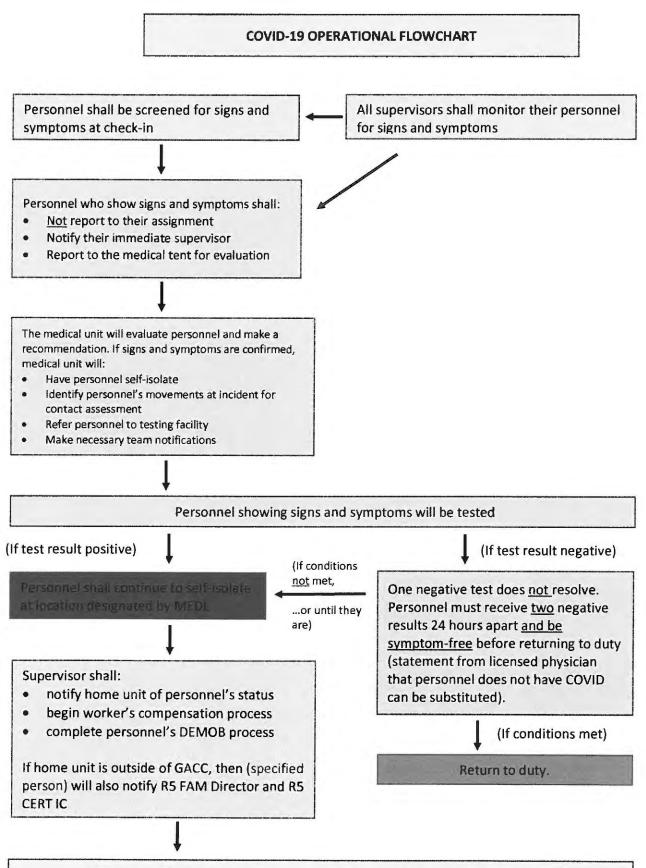

### **Instructions for Screening**

Item	What to Do
If resource has a cough that is more than expected, shortness of breath or difficulty breathing, or any other symptoms listed.	DO NOT MOBILIZE
At Entries:	DO NOT ANNOUNCE
Consider adequate number of personnel needed for screening. Although medical personnel are ideal, screeners do not have to be medically trained.	Ask individual to step aside and follow the steps below.
If resource has cough, shortness of breath or difficulty breathing, or any other listed symptoms including fever (over 100.4) at entry.	

teps to follow	
scort symptomatic individual to isolation area.	
solation support personnel should begin documentation.	
lave symptomatic individual contact Supervisor for further direction.	
lotify public health officials.	
lave individual transported as appropriate.	
rotect and secure any collected Personal Identifiable Information (PII) or Personal nformation (PHI).	Health

¹ Symptoms of Coronavirus

https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html

IMT will provide direction and support until personnel is received by the home unit.

# **INCIDENT SAFETY ANALYSIS 215a**

# August Complex CA-000753 - Tuesday, September 15, 2020

8. Location 9. Hazard		6. Control or Abatement Action (Engineering, Administrative, PPE, Avoidance, Education, etc)				
ALL	Helicopter Operations	<ul> <li>Stay clear of all bucket drops when suppression actions are in place and allow 1 mi prior to re-entry.</li> <li>Monitor A-G communications.</li> <li>Follow aviation safety guidelines in IRPG and IHOG.</li> </ul>				
ALL Driving & Traffic		<ul> <li>Practice "Defensive Driving" techniques traveling on all roads and city streets.</li> <li>Use spotters when backing.</li> <li>Honk horn to alert personnel when backing.</li> <li>Keep clutter off dash and inside cab.</li> <li>Follow Driving LCES (Lights, Chock blocks, Emergency brake, Seat belts.</li> <li>Always use headlights.</li> <li>Yield to pedestrians and bicycles.</li> <li>Observe posted speed limits.</li> <li>Use the 3 second rule for following distance when driving.</li> <li>Use chock blocks, turn wheels into hill.</li> <li>Avoid distractions (eating, cell phones, radio).</li> <li>Ensure that windshields are kept clean of dust and bugs.</li> <li>Allow Dust to settle to maintain safe visibility.</li> </ul>				
ALL	Fatigue & Over Exertion	<ul> <li>Drink 1 quart of water each hour during and after work.</li> <li>Rotate crews out of smoky areas.</li> <li>Set a reasonable work pace and allow adequate rest breaks while on the project.</li> <li>Stagger work crews start time to limit fatigue.</li> <li>Use buddy system to monitor personnel of heat related and fatigue issues.</li> <li>Follow work / rest guidelines.</li> </ul>				
DIVS O,R,D,F	Firing Operations & Devices	<ul> <li>Only personnel trained in the use of each device will be authorized to use firing equipment.</li> <li>Ensure all personnel are aware of firing operation that may affect them.</li> <li>Wear appropriate PPE.</li> <li>Ensure aerial/ground ignition plans have been adequately developed and personnel are briefed.</li> </ul>				
DIVS R,O,D,F	Indirect Fireline	<ul> <li>Post lookouts, identify escape routes and safety zones (IRPG pg. 7).</li> <li>Review "Strategy/Indirect Attack" (IRPG pg. 83).</li> </ul>				
~ Ide ~ Ide Firefighter & Public ~ Use ALL Smoke Exposure opera ~ Rot		<ul> <li>Identify homes and structures with private parties remaining behind the evacuation.</li> <li>Identify personnel responsible for contacting private parties.</li> <li>Use warning lights and provide traffic control on roadways during smoky and night operations.</li> <li>Rotate crews out of smoky areas during firing and mop-up operations.</li> <li>Contact Communications when firing operations are initiated.</li> </ul>				
DIVS O,R,D,F DIVS O,R,D,F Heavy Equipment Operations - Use han - Maintain height whe - Use a sp		<ul> <li>Ensure communications are established with operators.</li> <li>Use hand signals if other communications are unavailable.</li> <li>Maintain a 50'-100' exclusion area around equipment and increase it to 1 1/2 times tree height when in timber.</li> <li>Use a spotter when backing.</li> <li>Avoid working below heavy equipment.</li> </ul>				

### **INCIDENT SAFETY ANALYSIS 215a**

	·	~ Drink Fluids throughout operational period (6-8 qts/shift).			
ALL	Heat Related Illness (HRI)& Dehydration	<ul> <li>Maintain water/electrolyte ratio of 3 to 1.</li> <li>Carry extra water on line and cache water at drop points.</li> <li>Take Frequent breaks, minimum of 10 minutes every hour.</li> <li>Allow out of area resources time to acclimatize before expecting peak performance.</li> <li>Recognize symptoms of HEAT RELATED ILLNESS which include.</li> <li>o Lack of energy</li> <li>o Headaches, dizziness</li> <li>o Lack of rest</li> <li>o No hunger, poor eating habits</li> <li>o Hot skin, and lack of sweating</li> </ul>			
ALL	Steep Terrain & Rolling Debris	<ul> <li>Maintain 8'-10' spacing when working &amp; walking.</li> <li>Don't work above any personnel.</li> <li>Be on the lookout for rolling rocks, debris, or burning material.</li> <li>Evaluate necessity to send personnel in areas with limited access.</li> <li>Post lookouts (IRPG pg 7).</li> </ul>			
ALL	Communications	<ul> <li>Maintain communication with aviation resources, and suppression organization.</li> <li>Ensure all know frequency and protocol for contacting resources.</li> <li>Utilize the ICS 205.</li> <li>Utilize human repeaters when working in dead spots.</li> </ul>			
ALL	Extreme Fire Behavior	<ul> <li>Share weather observations with all personnel assigned to division.</li> <li>Establish "Trigger Points" to withdraw.</li> <li>Use "Risk Management" process prior to engaging in suppression actions, refer to page 1, IRPG.</li> </ul>			
ALL	Spike Camp	~ Keep a clean camp. ~ Ensure communications are in place. ~ Review and observe "Line Spike" considerations (IRPG pg. 95).			
DIVS O,R,D,F	Structure Protection & HAZMAT	<ul> <li>Review "Wildland Urban Interface" Watch outs, IRPG page 12.</li> <li>Use "Structure Assessment" checklist, IRPG pages 12-16.</li> <li>Follow "HAZMAT Incident Operations" on pages 36-41 in IRPG.</li> </ul>			
DIVS O,R,D,F	Chain Saw Operations	<ul> <li>Follow "Hazard Tree Safety" guidelines, IRPG page 22</li> <li>Look up, Look down, Look around for hazard tree indicators.</li> <li>Only fell and buck trees within your expertise, and training.</li> <li>Follow "Procedural Felling Operations" on page 85 in IRPG.</li> <li>Do not fall trees during high wind events.</li> <li>Ensure proper use of all required PPE.</li> </ul>			
ALL	ATV/UTV use	<ul> <li>Ensure equipment is inspected and safe to use.</li> <li>Restrict UTV's to max width of 50" on ATV trails due to width and severe out sloped conditions.</li> <li>Ensure operator is trained and certified to operate.</li> <li>Ensure operator has proper PPE according to the Redbook and/or RMA.</li> <li>Question if it is mission critical.</li> </ul>			
ALL	COVID-19	<ul> <li>Follow local and CDC guidelines.</li> <li>Practice social distancing.</li> <li>Wear face coverings in designated areas and when social distancing is not possible.</li> <li>Wash and Sanitize hands often.</li> <li>Follow module of one concept.</li> <li>Minimize number of indivuals at briefings and meetings.</li> <li>Monitor symptoms of all resourses daily and report concerns to COVID Coordinator.</li> </ul>			
ALL	Wildlife & Livestock	<ul> <li>Watch out for wildlife &amp; livestock inside fire area and along roadways.</li> <li>Clean up all debris and trash during each operational period.</li> <li>Rattlesnakes and Scorpions are pleantiful in the fire area, keep your distance from these critters.</li> <li>Wear gloves when moving logs and debris.</li> <li>Look around before you sit or step over logs and rocks.</li> <li>Give wildlife pleanty of room to escape/ retreat to safety.</li> </ul>			

## **INCIDENT SAFETY ANALYSIS 215a**

Branch III	Night Operations	<ul> <li>Maintain high visibility in work area and wear vest while in roadway.</li> <li>Use glow sticks to mark hazards.</li> <li>Ensure personnel have a personal light (headlamp).</li> <li>Watch for signs of fatigue.</li> <li>Take breaks away from areas of known hazard.</li> </ul>
ALL	Bees, Ticks, Mosquitoes	<ul> <li>Canvas crew members for those with known allergic reactions to stings.</li> <li>Ensure crew members have medication pens if needed.</li> <li>Perform daily self inspection.</li> <li>Use repellent as necessary.</li> <li>Advanced Life Support, multi-dose epi and airway protection.</li> <li>Keep affected area clean and bandaged.</li> <li>Be extra careful when eating and/or drinking to avoid stings to mouth and throat.</li> </ul>
