WEATHER SUMMARY:

TODAY (Sunday): See Fire Weather Forecast

rueis continue to dry due to lack or precipitation combined with low humidity's (18-28%) yesterday. Smoke over the fire area is impacting fire spread and behavior, but the potential is still there for rapid fire movement and moderate/extreme fire behavior if the airshed clears out. Most of the fire spread is anticipated to be terrain driven except on exposed ridgetops.

SPECIFIC:

- >Branch I: Anticipate continued Fire spread up the Willow Creek drainage towards the M2 Road closing the gap between the Doe and Glade Fires. Post lookouts and monitor the situation developing on the Elkhorn Fire to the N/NE. Movement on the spot fire on Boswell Ridge is expected to spread up the ridgeline with backing and flanking down the ridge edges.
- >Branch II: Active upslope fire spread on the Western edge of the Doe Fire. The pocket of unburned fuel in the 311 Road area will continue to fill in as the fire moves upslope along Bear Wallow Ridge.
- >Branch III: Anticipate continued terrain influenced fire spread along Brushy Camp Ridge.
- >Branch IV: Hull Fire, the NE portion of the fire continues to curve to the NW towards Pole Point/Goat Rock. Once this gets fully aligned with the terrain monitor for movement to the NW. Maintain SA during the firing operations on the Southern portion of the fire.
- >Branch V: Hopkins fire, IR indicates significant heat along the Northern half of the fire perimeter. Expect continued fire movement to the north following terrain and fuels. Willow Basin fire, some heat detected on SE corner of the fire. Does not appear to be significant perimeter growth over the last few operational periods. Continue to monitor fire spread.

AIR OPERATIONS:

Smoke will continue to impact air operations.

SAFETY

When working with unburned fuel between you and the fire know your escape routes and safety zones. Post lookouts.

the lookout for opportunities to reduce exposure. There has already been one moving an exposed to smoke on this incident. "As CO exposure increases, your ability to think clearly decreases. Being in smoke you don't need to be in is the epitome of not working "smarter." In fact, it is actually working dumber."

Smoke Exposure = Concentration x Time x Volume

Protect your lungs!

If you can safely do so, step away from highest concentration.

When you are able, spend break or rest time in cleaner air.

Breathing deeply brings 10 times as much air into your lungs. Remember to **take a breather** from strenuous activity if you start feeling the effects of smoke.

COVID-19 Response and Employee Notification

Important Notes:

- * Recovered is defined as 10 days since symptoms first appeared AND 24 hours with no fever without the use of fever-reducing medicines AND other symptoms of COVID-19 are improving.
- Symptoms of COVID-19 include cough, shortness of breath, trouble breathing, fever, chills, repeated shaking with chills, muscle or body aches, headache, sore throat, new loss of taste or smell, congestion or runny nose, nausea or vomiting, or diarrhea.
- Contact Assessment should be conducted to help determine potential exposure of additional employees; conduct assessment for the 2-day period before illness onset or test date of sick employees, whichever came first.
- Close contact is defined as less than 6 feet, for at least 15 minutes with or without face coverings/ masks. Casual contact is defined as less than 6 feet for less than 15 minutes or more than 6 feet for more than 15 minutes.
- Any employee in "close contact with someone who is sick" may return to the workplace if the sick person is tested for COVID-19 and the test is negative.
- Contact with exposed individuals is classified as secondary contact and does not typically require selfisolation unless the exposed individual tests positive.
- You do not need to self-isolate unless you meet one of the criteria identified.
- Always follow the advice of a medical provider, if given, including any need for isolation or clearance for return-to-duty.

Are you on this list? Are you supposed to be on this list?

If you are supposed to be on the list, there are several things you need to do before leaving the incident:

- 1. Return all equipment to Supply and Communications.
- 2. Does your vehicle need inspection from Ground Support? If so, get it done!
- 3. Then proceed to the ICP in Willows to meet with Finance.
- 4. When done, call DMOB @ 540-798-2218, answer 5 short questions about your travel and be on your way! Questions ? Call 540-798-2218.

California Law concerning journalist's access to fires

<u>California Penal Code 409.5(d)</u>: Journalists do not have a general right to access private property. Consent is between the journalists and persons having control of the property; not the public safety agency.

The California Penal Code allows media access to scenes of disaster, riot, or civil disturbance, but not to crime scenes. Media access cannot be prevented for safety reasons unless their presence would impede firefighting operations. If entering a location is hazardous, they should be advised of the situation.

Nothing shall prevent a duly authorized representative of any news service, newspaper, radio or television station or network from entering the areas closed pursuant to this section. Exceptions are crime scenes or deliberately interfering with incident operations.

Contact your incident Public Information Officer at (530) 487-4602 with any questions.

Human Resource Message

Drugs and Alcohol

- Alcohol, non-prescription drugs, and unlawful drugs (includes marijuana) are not permitted at the incident, including fire camp, spike camps, and the fire-line. Possession or use of these substances will result in immediate action.
- During off-incident Rest & Recuperation periods, personnel are responsible for proper conduct and maintenance of fitness for duty. Please observe quiet hours. Drug or alcohol abuse resulting in unfitness for duty will normally result in action.
- Be a positive role model. Do not be involved with drug or alcohol abuse. Report any observed drug or alcohol abuse to your supervisor.
