INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: August Complex - Northeast Zone	2. Operational Period: Date From: TUE 10/06 Date To: WED 10/07 Time From: 0700 Time To: 0700												
3. Objective(s): <ul style="list-style-type: none"> • Provide for firefighter and public safety by assessing and mitigating risk in order to develop and implement sound tactical operations. Ensure all resources have a clear understanding of assignments and associated hazards. • Provide for point protection within the fire area where it is safe to do so. Develop and implement direct and indirect contingency lines to protect communities, utility infrastructure, transportation corridors, county watersheds and timber values from immediate and long-term threats. • Prepare for a well-planned, efficient, and orderly transfer of command by ensuring pertinent organizational information is collected and conveyed to incoming Incident Management Team. • Maintain and enhance relationships with agency partners, cooperators, stakeholders, and the public through timely and accurate information exchange. Ensure long-term strategies are communicated. • Ensure coordination and communication is taking place between South Zone, West Zone, Northwest Zone, and Area Command to provide unified strategic direction, efficient resource use, and common public messaging. • Follow CDC, local, state, and federal COVID-19 mitigation guidance and protocols to reduce exposure and protect firefighters and the public from virus spread. • Treat all personnel with dignity and respect by providing a harassment free, zero-tolerance work environment. • Ensure financial and documentation packages are prepared in accordance with agency requirements and agreements are closed out when no longer necessary. 													
4. Operational Period Command Emphasis: The Alaska IMT will begin a shadow period and transfer of command process with the Great Basin 2 IMT. Our focus will remain on providing for firefighter and public safety, while maintaining operational tempo, and ensuring field operations are not impacted by the series of transitions we have undergone over the past five shifts. Focus on communicating clearly to reduce potential confusion!													
5. General Situational Awareness Conditions continue to promote rapid fire growth and resistance to control. Be ready to adjust tactics to meet the objectives of firefighter and public safety. Communicate fire movement and location to ensure communications with the public, cooperators and adjacent suppression agencies are timely and accurate.													
6. Incident Action Plan (the items checked below are included in this Incident Action Plan): <table style="width: 100%; margin-top: 10px;"> <tr> <td><input checked="" type="checkbox"/> ICS 203</td> <td><input checked="" type="checkbox"/> ICS 206</td> <td><u>Other Attachments:</u></td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 204</td> <td><input type="checkbox"/> ICS 207</td> <td><input checked="" type="checkbox"/> Fire Behavior</td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 205</td> <td><input checked="" type="checkbox"/> Map/Chart</td> <td><input checked="" type="checkbox"/> Safety</td> </tr> <tr> <td><input type="checkbox"/> ICS 205A</td> <td><input checked="" type="checkbox"/> Weather Forecast</td> <td><input checked="" type="checkbox"/> Unit Log</td> </tr> </table>		<input checked="" type="checkbox"/> ICS 203	<input checked="" type="checkbox"/> ICS 206	<u>Other Attachments:</u>	<input checked="" type="checkbox"/> ICS 204	<input type="checkbox"/> ICS 207	<input checked="" type="checkbox"/> Fire Behavior	<input checked="" type="checkbox"/> ICS 205	<input checked="" type="checkbox"/> Map/Chart	<input checked="" type="checkbox"/> Safety	<input type="checkbox"/> ICS 205A	<input checked="" type="checkbox"/> Weather Forecast	<input checked="" type="checkbox"/> Unit Log

FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 28	INCIDENT TYPE: Wildfire
FIRE NAME: August Complex - Northeast	OPERATIONAL PERIOD: Day/Night Shift, 6 October 2020
DATE ISSUED: 5 October 2020	TIME ISSUED: 2000
UNIT: Shasta-Trinity National Forest	PREPARED BY: <i>J. Bradley Washa</i> – FBAN/SOPL

INPUTS

WEATHER SUMMARY: See Fire Weather Forecast for Details

Warm and dry weather will continue through Wednesday followed by increasing onshore flow accompanied by cooler and more humid conditions during the second half of the week.

FUELS & FUEL MOISTURE:

Fuels and Fire Behavior Advisory in effect for Northern California Geographic Area

- Fuels vary greatly based on elevation and aspect but are primarily timber with heavy loads of grass and areas of thick brush.
- At all elevations, fuels are **critically dry** in all size classes, both live and dead.
- Fuels driven spread is possible when terrain is favorable even under an inversion.

Fine Fuels: 3%-exposed and 6%-shaded; 1000-hr 9%; ERC-G Aug. SIG 68 (90th percentile); PIG 60-90%

OUTPUTS - FIRE BEHAVIOR

GENERAL:

With poor overnight RH recovery, lower RH's, and increased temperatures, fire behavior for Tuesday should be similar to Monday. Fuels are at critical levels and if smoke clears, resulting in greater solar radiation, the fuels become more available and expect active fire behavior. This is compounded with winds typically involved with the clearing of the smoke, also contributing to increased fire behavior. As seen on Saturday, when slope and fuels are in alignment, major advances in fire movement can occur anywhere on the Northeast Zone of the August Complex. Any spots outside of control lines could be problematic based upon location of spots and resources available to respond.

Fuel Model	ROS (ch/hr)		Flame Length (ft)		PIG	Spot Dist
	Head	Backing	Head	Backing		
Timber-Shrub	8-11	.7	8	2.4	60-90%	0.2 mi
Shrub	34-40	2.8	13-14	4.1	60-90%	
Grass	42-50	3.4	5-6	1.6	60-90%	

Fire behavior predictions are for surface fire during the hottest and driest period of the day.

SPECIFIC:

Branch 31 – Smoky conditions will limit fire spread. Higher elevations aligned with winds will have the most potential for spread. Fire north of the Highway 36 will continue to spread, if unchecked, based on topography with influences from the Trinity River. On the south side of Highway 36, fire will continue to back down slope. The threat to Trinity Pines/Post Mountain will remain as the fire continues to back down to Highway 36.

Branch 40 – Smoky conditions will limit fire spread, unless clearing occurs resulting in increased fire behavior. Fire in the upper reaches of the North Fork of Beegum Creek will continue to be active with backing and increased fire behavior if smoke clears. Interior fuels will continue to consume.

Night Operations – Be aware of potential down canyon/down drainage influences on fire behavior. Poor RH recovery will allow fire to burn into the evening. Thick smoke can develop in low lying areas reducing visibility.

AIR OPERATIONS: Sunrise 0711 Sunset 1842. Smoky conditions will persist in the valley/canyon bottoms with limited chances for clear on the ridges for air operations.

SAFETY: Contingency operations continue away from the fire perimeter –

Remember Watch Out Situation #10 – **Cannot see main fire, not in contact with anyone who can.**

Northwest Zone

Special Instructions:

Ensure all Medical Resources are in place to provide rapid response to medical incidents. Field Operations must determine medical response times for all medical resources before engaging. Average ground transport times from all Divisions to a Level 2 or 3 hospital is 3-4 hrs depending on roadblocks, road conditions, visibility and location of IWI.

Special Medical Emergency Procedures:

Follow the Medical Incident Report (MIR) on the back of the IAP

ALL MEDICAL RESOURCES CHECK IN AND OUT WITH COMMS DAILY.

Daily- Establish your PACE (Primary, Alternative, Contingency, Emergency) model for medical emergency extraction.

Fireline/ Spike Camp Medical Transports and Emergencies:

Green - Provide immediate patient care, Notify Branch/Division Medic or EMT on Tac. Medic or EMT will contact MEDL by phone at earliest convenience. Minimize, non-critical, operational radio traffic on Command and maintain situational awareness.

Yellow/Red- Contact Communications on Command with a Medical Incident Report.

Night Shift

Green- Provide immediate patient care, Notify Night Med Team or Ambulance on Tac. Med Team/ Ambulance will contact MEDL by phone at end of shift. Minimize, non-critical, operational radio traffic on Command and maintain situational awareness.

Yellow/ Red- Contact Communications on Command with a Medical Incident Report.

ICP/ Helibase Emergencies:

Call 911 and contact MEDL and Comms as soon as possible.

Covid- 19 Tip of the day:

Preventing a Covid outbreak has many parallels to firefighting, the way you stop the spread is by starving it of fuel and, in this case, the fuel is us. Social distancing is our fuel break!

6. Control Operations/Work Assignments:						
<p>TASK: Resource accountability. Assess structure protection opportunities by deliberately analyzing probability of success given current and expected fire behavior. Assist other divisions as requested. Develop plan for containment lines N of Hwy 36.</p> <p>PURPOSE: Minimize structure loss in the Forest Glen area, protect Rowdy Bear and Hayfork communities.</p> <p>END STATE: Structure loss is minimized. Values at risk are minimally impacted by fire.</p>

	SAFETY MESSAGE

MAJOR HAZARDS AND RISKS

- | | |
|--|---|
| <ul style="list-style-type: none"> • Driving/Roads • Steep Terrain/Footing • Heavy Equipment • COVID | <ul style="list-style-type: none"> • Snags/Hazard Trees • Fatigue • Unburned Fuel • Team Transition |
|--|---|

NARRATIVE:

Many of us are demobing in the next couple of days and please remember that your assignment is not over until you are home safe and sound. That means additional time on the road, Driving is one of the most hazardous things we do because we literally perform the task hundreds of times in the course of our daily lives – we tend to take it for granted. Based on recent accident trends, vehicle accidents are the source of more deaths and serious injuries to wildland firefighters than any other single cause.

- To be a safe driver you have to *want* to be one. Take a good hard look at your driving habits. Are you training yourself to do the right things the right way, like fastening your seat belt, checking your mirrors, and maintaining safe following distances?
- Inattentiveness is a major contributing factor in motor vehicle accidents within the wildland firefighting community. Since the average adult attention span is 15-20 minutes we must develop techniques that allow us to refocus our attention on our driving.
- Many things can lure our attention away from our driving such as fatigue, eating and drinking, reading directions and maps, writing, cell phone and radio use, conversation within the vehicle, and music.
 - Drive only when you are well-rested and alert and avoid driving during the hours of 10:00 PM and 6:00 AM. Take a 10- to 15-minute break after every 2 hours.
 - Practice situational awareness; be aware of what is happening in front, behind, and on both sides of your vehicle.
 - Never drive when taking medications that make you drowsy.
 - Delegate navigation and communication to a passenger or pull over.
 - By constantly moving your vision, checking mirrors, and distant road conditions, you can avoid highway hypnosis and daydreaming.
 - Avoid eating or drinking while driving.
 - When talking with passengers, keep your eyes on the road and both hands on the steering wheel. Avoid serious or argumentative conversations.
 - Switch off driving with others if multiple people are in the vehicle.
 - Do not be in a hurry, be patient.

From the Alaska Safety Team

IMT COVID-19 INTENT for the AUGUST NORTH COMPLEX

All wildland firefighters must take COVID-19 messaging seriously and demonstrate consistent, preventative measures known to be effective in limiting viral spread. The Alaska IMT is reminding firefighters to apply the core values of wildland fire management community of “Duty, Respect, and Integrity” and apply these values to the COVID mitigation requirements:

- **Duty:** To provide a workforce safe from known hazards such as disease transmission, and keep us, our fellow firefighters, and the public safe, on and off the clock.
- **Respect:** To demonstrate respect to oneself and to each other by taking routine precautions as guided, such as wearing a mask and social distancing.
- **Integrity:** To do the right thing when at home, while travelling, or on assignment. Undertake the precautions to keep ourselves and the rest of the workforce healthy and able to respond, then we are not the source of an outbreak within the public we are assigned to protect.

Concept of “Module as One:”

Team members, crews, and other resources should use a “Module as One” approach to insulate as one unit and reduce exposure to the public and other crews. If each member within a unit is monitored, screened, and healthy, then proximity, when necessary, is not an issue.

By insulating as a unit, crews and modules can limit outside viral exposure and may safely complete operational tasks in closer proximity, and ride in vehicles without face coverings when working within their “**Module as One**” concept:

- As often as practical, the same team members should travel in the same vehicle, work together in the same space, and ensure module members are conscientious regarding mitigations.
- Identify select individuals on a crew or module that will interact with the public, ensuring this person relies on social distancing, wears a cloth face covering, and practices hand hygiene during or after every interaction.
- When the “Module as One” has been established, minimize contact with public and outside community. This is to protect every crew member, their family, and the community we serve.

Essential Mitigations:

- **Pre-Screening and Regular Monitoring:** Individuals should measure temperature and assess symptoms each day prior to starting work. Ideally, temperature checks should happen before the individual enters the facility or interacts with others on staff or the crew.
- **Social/Physical Distance:** The employee should maintain 6 feet and practice social distancing as work duties permit in the workplace.
- **Wearing a Mask:** Employees should always wear a facemask or face covering when social distancing cannot be maintained. When facemasks cannot be worn during arduous work tasks, social distancing practices should be implemented.
- **Disinfect and Clean:** Clean and disinfect all areas, particularly “high touch surfaces” such as engine compartments, bathrooms, common areas and shared electronic equipment routinely.
- **Empower** all individuals to ask co-workers to follow social distancing guidelines.

COVID-19 REPORTING , TRANSPORT AND TESTING

People with COVID-19 have had a wide range of symptoms reported ranging from mild symptoms to severe illness.

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

This list does not include all possible symptoms. The CDC will continue to update this list as we learn more about COVID-19.

All personnel should be encouraged to self-monitor for symptoms before they come to work. Fire personnel who have symptoms of COVID-19 should immediately notify their supervisor, safety officer and self-isolate. If symptoms are severe contact medical personnel. Personnel in the symptomatic patient's group or module should be monitored for signs and symptoms. Contact the the COVID Coordinator for testing arrangements.

Human Resources Message

Transition or Re-entry to the Real World

You have been on assignment for a while. While you were on the fire things continue to happen at home. Your son has a new hobby of making pizza from scratch, your daughter got an A on her first algebra test, your dog had to go to the vet and he got car sick all over the back seat of your car, and the garden died. A lot has happened while you've been away.

Before you share all of the things you have done and seen, listen to what they have experienced in your absence. Remember to ask about school, what they have been doing for fun, and the like. Apologize for not being there to help with the backseat clean-up. If you spend the time to listen to them first, it will make the transition easier and encourage support for future assignments.

**Your Human Resource Specialist is located at the ICP in Redding.
Please call or email if you have any questions or concerns**

Linda Overton 707-373-7631

**Far and away the best prize that life has to offer is
the chance to work hard at work worth doing.**
--Theodore Roosevelt--

FINANCE CHECK IN

Due to there being so many incidents that have rolled into the August Complex we are asking all resources to complete this form and send to Finance. You can complete and email to 2020.elkhorn.finance@firenet.gov, drop it off with Logistics at either camp or give to your Division Supervisor to get to Finance. We want to ensure we have all resources accounted for in our system and getting everyone's time posted correctly so that you can get paid.

NO INFO, NO PAY....

Resource Name: _____

Original Incident Ordered On: _____

Original Request Number: _____ First Day Worked: _____

Type of Resource: _____ OH _____ Crew _____ Equipment

(Crews and Engines please provide a LEGIBLE copy of roster/manifest with position classification, FFT1, FFT2, ENGB, etc.)

OVERHEAD:

Position Classification: _____ (DIVS, TFLD, OPBD, etc.)

Agency: ___ FS ___ BLM ___ NPS ___ Other ___ AD (Provide copy of Casual Hire Form)

AD Classification: _____ Hiring Agency: _____

How did you get here: ___ AOV ___ POV ___ Rental ___ Air

EQUIPMENT:

Agency: ___ FS ___ BLM ___ NPS ___ Other ___ Contractor

Contractor Name: _____ Contract Number: _____

VIPR Contract: ___ EERA: ___ (Please provide copy of contract, if you haven't already done so)

CONTACT INFORMATION:

Phone Number: _____ Email: _____

Home Unit: _____

Remarks: _____

LOGISTICS: We need this info for any support equipment you have at the camps. (porta potties, sleepers, tents, etc.)

THANK YOU FOR YOUR COOPERATION. THIS WILL HELP US GET YOU PAID.
AUGUST COMPLEX – NORTH ZONE FINANCE

FINANCE MESSAGE

All incident personnel (crews, contractors, and overhead resources) need to turn in daily CTR's and Shift Tickets to one of the following locations:

- Hayfork Spike
- ICP - Redding

Time can also be submitted electronically via email to:

2020.elkhorn.finance@firenet.gov

In the email subject line, please put your resource number, your company/engine name, followed by the date. (Example: E-1045 South River Fire Rescue 10-07-20).

Shift Ticket Requirements:

If you have equipment or an engine that has a secondary rate for mileage, additional operators (i.e., crew) and/or a lowboy (or other transport), please ensure your shift tickets reflect the necessary justification for both the start and stop odometer readings, any additional operator names, and "transport attached" if applicable. Also enter your "current" E# in the upper right corner of the ticket.

CTR Requirements:

Any shift times that exceed 16 hours unless already authorized by the incident, must have a shift justification form attached.

Please ensure you have accurately notated any travel time, hazard pay, or meal breaks with justifications as needed.

Finance Demobing:

If you are within two (2) days from your scheduled demob date, please take a few minutes to review all your time submissions and ensure that they were properly completed and signed. Any missing CTRs/Shift Tickets or other finance documents will delay your demob process.

Finance Section

August Complex - North Zone

Resource Extension Request Form

RESOURCE and INCIDENT INFORMATION:

Resource Name: _____

Incident Name: _____ Incident #: _____ Request #: _____

Position on Incident: _____

Home Unit Supervisor: _____ Email: _____ Fax #: _____

EXTENSION INFORMATION:

Prior to any extension, consider the health, readiness and capability of the resource. The health and safety of incident personnel and resources will not be compromised under any circumstances.

Length of Extension: _____ Last Work Day: _____

Justification (Select from the List Below):

- Life and Property are imminently threatened,
- Suppression objectives are close to being met, or
- Replacement resources are unavailable or have not yet arrived

Explanation for Extension:

REQUESTED BY:

Incident Supervisor: _____ Incident Position: _____

APPROVED BY:

- 1) Incident Commander or Deputy: _____
- 2) Resource or Resource supervisor: _____
- 3) Host GACC (excluding single-resource Overhead) : _____
- 4) Home Unit Supervisor: _____
- 5) Sending GACC (excluding single-resource Overhead): _____
- 6) NICC (only if National Resource): _____

Gather signatures in the order they are numbered above. For IMT extensions, only signature lines 1, 3, 5 and 6 are required.

DEMOB – NORTHEAST ZONE

2020.elkhorn.dmob@firenet.gov

PLEASE READ THE FOLLOWING PROCEDURES IF YOU ARE DEMOBING IN THE NEXT FOUR DAYS

Resources that are flying home need to contact demob 3-4 days prior to their demob date so that their flight can be arranged. We will need: Your **Name**, as it appears on your picture ID you use at airport security, your **Date of Birth**, **Gender**, and a few other questions. Call **608-797-6554 OR 360-801-8471**

DAY OF DEMOB INSTRUCTIONS FOR RESOURCES AT HAYFORK:

Step 1: PICK UP AN ICS221, DEMOBILIZATION CHECKOUT SHEET TO START THE PROCESS

- Go to Ground Support to pick up the checkout sheet

Step 2: CHECK OUT IN PERSON WITH SUPPLY*, COMMO*, AND GROUND SUPPORT*

- Supply: return non-expendable supplies and equipment
- Commo: Return radios and other commo gear
- Ground Support: Weed wash, inspections, etc..

Step 3: CHECK OUT REMOTE OR IN PERSON WITH FINANCE*:

- You may checkout in person with Finance personnel.
- Or you can check out Remote by calling the following:
 - **Equipment: 907-371-0512**
 - **Personnel: 907-371-6311**
- If you are passing by ICP on your way home, you can check out in person at ICP.

Step 4: CHECK OUT REMOTE OR IN PERSON WITH DEMOB* We need your actual departure time, estimated arrival times and any overnight stops. This helps us coordinate with Dispatch to close out your travel home.

- If you are passing by ICP on your way home, you can check out in person at ICP.
- Or you can check out Remote by calling the following:
 - **DEMOB: 608-797-6554 or 360-801-8471**
- Turn in any Unit Logs, Evaluations, and General Messages for documentation.
- Turn these in at ICP if your finishing your demob at ICP

**Required Check-outs*

Step 5: ARRIVE HOME SAFELY.

For Extension Request forms and instructions, please call 828 541-1082 or 907 987-9329.

Special Instructions:

Average ground transport times from all Divisions to a Level 2 or 3 hospital is 3-4 hrs depending on roadblocks, road conditions, visibility and location of IWI.

Special Medical Emergency Procedures:

Follow the Medical Incident Report (MIR) on the back of the IAP

Fireline (Day and Night Shifts) / Spike Camp Medical Transports and Emergencies:

Green - Provide immediate patient care, Notify Division Medic or EMT on Tac. Medic or EMT will contact MEDL by phone at earliest convenience. Minimize, non-critical, operational radio traffic on Command and maintain situational awareness.

Yellow/Red- Contact Communications on Command with a Medical Incident Report. Call 911 and contact MEDL as soon as possible.

Covid- 19 Tip of the day:

Covid and Camp Crud... Two reasons you should keep your distance!

MEDICAL PLAN (ICS 206 WF)

Controlled Unclassified Information//Basic

Medical Incident Report					
FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.					
FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.					
Use the following items to communicate situation to communications/dispatch.					
1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report) <i>Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."</i>					
2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure. <i>Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."</i>					
Severity of Emergency / Transport Priority	<input type="checkbox"/> RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° - 3° burns more than 4 palm sizes, heat stroke, disoriented.</i>				
	<input type="checkbox"/> YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. <i>Ex: Significant trauma, unable to walk, 2° - 3° burns not more than 1-3 palm sizes.</i>				
	<input type="checkbox"/> GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport <i>Ex: Sprains, strains, minor heat-related illness.</i>				
Nature of Injury or Illness & Mechanism of Injury			Brief Summary of Injury or Illness <i>(Ex: Unconscious, Struck by Falling Tree)</i>		
Transport Request			Air Ambulance / Short Haul/Hoist Ground Ambulance / Other		
Patient Location			Descriptive Location & Lat. / Long. (WGS84)		
Incident Name			Geographic Name + "Medical" <i>(Ex: Trout Meadow Medical)</i>		
On-Scene Incident Commander			Name of on-scene IC of Incident within an Incident <i>(Ex: TFLD Jones)</i>		
Patient Care			Name of Care Provider <i>(Ex: EMT Smith)</i>		
3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)					
Patient Assessment: See IRPG page 106					
Treatment:					
4. TRANSPORT PLAN:					
Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:					
Helispot / Extraction Site Size and Hazards:					
5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:					
<i>Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication</i>					
6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable					
Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					
7. CONTINGENCY: Considerations: If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.					
8. ADDITIONAL INFORMATION: Updates/Changes, etc.					
REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
