# INCIDENT ACTION PLAN CALDOR INCIDENT

CA-ENF-024030 P5N8GM21

**OPERATIONAL PERIOD** 

10/5/2021 0700 to 10/6/2021 0700

# Interagency Incident Management

# INCIDENT OBJECTIVES (ICS 202) 2. Operational Period: Date From: 10/9

1. Incident Name:	2. Op	erational Period:	Date F	rom:	10/5/2021	Date To:	10/6/2021
CALDOR			Time F	From:	0700	Time To:	0700
3. Objective(s):							
Management Objectives:							
- Analyze incident risk at all times to identify and m	nitigate	hazardous conditions	and to p	provide for	responder ar	nd public sat	ety.
- Ensure timely and accurate information is coordin	nated a	and disseminated to co	operator	rs, stakeho	olders, and th	e public.	
- Reduce the potential for impacts to natural and c	ultural	resources by limiting th	ne effect	s of fire an	d fire suppre	ssion.	
Provide a safe environment to isolate and prever the incident.	nt the p	andemic spread by so	cial dista	ancing and	mask wearir	ng of all pers	sonnel on
- Maintain fiscal accountability on the incident and	keep c	osts commensurate wi	ith value	es at risk.			
Control Objectives:							
- Keep the fire within its currently identified perime	ter and	North of Highway 4 to	Highwa	av 88			
			-	-			
Keep the fire within its currently identified perime N16A, N20A, N08, and N21.	ter and	South of Wentworth S	prings F	Rd, to Mose	quito Pass, a	nd road sys	tems
- Keep the fire within its currently identified perime	ter and	East of County Highw	20V E16	and Fiddle	town		
			-				
- Keep the fire within its currently identified perime	ter and	West of the El Dorado	o County	, Alpine Co	ounty, and the	e state line b	ooundary.

## **Fire Weather Forecast**

FORECAST NO: 48 PREDICTION FOR: Tuesday-Tuesday Night DATE: October 5th, 2021 FORECAST ISSUED: 1900 October 4th, 2021

Fire: Caldor **UNIT: USFS Eldorado NF** Incident Meteorologist: Derek Williams Signed:

WEATHER DISCUSSION: Onshore flow in response to an approaching Pacific low pressure trough will bring increasing southwest winds along ridgetops and exposed upper slopes to the fire area today and more so tonight into Wednesday morning. Wind gusts of 35-40 mph are possible along the Sierra Crest tonight into early Wednesday morning. Expect increasing cloud cover and moisture resulting in improving relative humidity overall. Temperatures will continue to trend downward with smoke from fires to the south diffusing by late afternoon as southwest winds increase.

	R: Increasing clouds with disper	•	
MAX TEMP:	Below 5000 feet: 69-76° Above 5000 feet: 57-68°	MIN RH:	Below 5000 feet: 18-28% Above 5000 feet: 25-35%
	INL 00/		
CHC WTG RA	IN: 0%	<b>LAL:</b> 1	
WINDS:	<b>Slope/Valley:</b> Upslope/upvalle gusts to 15 mph in the afternoo		oping late morning with southwest winds 7-12 mph with eys.
(20 feet)	<b>Ridgetop:</b> Southwest 10-15 m afternoon.	ph in the mornin	g increasing to 15-20 mph with gusts 25 mph late
HAINES:	3 (Low).		
MIXING HEIG	HT: Rising to 12000 feet by 1500	).	
INVERSION:	Shallow inversion slowly lifting	from 1100 to 12	30.
<u>TONIGHT:</u> WEATHER:	Mostly Cloudy.		
MIN TEMP:	East Valleys: Upper 20s Below 5000 feet: 37-42° Above 5000 feet: 49-54°	MAX RH:	Below 5000 feet: 70-80% Above 5000 feet: 55-65%
CHC WTG RA	IN: 0%	<b>LAL</b> : 1	
WINDS: (20 FEET) INVERSION:	<b>Slope/Valley:</b> Southwest 5-10 <b>Ridgetops:</b> Southwest 15-25 Shallow inversion developing i	with gusts 35-40	•

Shallow inversion developing in sheltered valleys.

EXTENDED OUTLOOK: Wednesday through Sunday: A Pacific trough will move into northern California Wednesday bringing gusty ridgetop winds, higher humidity and cloud cover along with increasing chances for rain showers Wednesday night into Friday. Rain chances continue into Friday along with even cooler temperatures with highs into the 40s and 50s. A dusting of snow is possible above 7000 feet Friday morning. Drier and milder conditions settle in for the weekend along with lighter winds.

## FEDERAL EMPLOYEES AND CONTRACTORS

EXTRACT FROM Secretary Vilsack and Deputy Secretary Bronaugh

Thank you to the tens of thousands of USDA employees who have already been fully vaccinated. For those of you who still need to be vaccinated, below are interim deadlines that will ensure you are two weeks from your last does and thus fully vaccinated by the Nov. 22nd deadline. You can visit <u>vaccines.gov</u> to find a COVID-19 vaccine near you and learn more about the <u>benefits of vaccinations</u>.

- Oct. 11: First dose deadline (Moderna COVID-19 vaccine)
- **Oct. 18**: First dose deadline (Pfizer COVID-19 vaccine)
- **Nov. 8**: Second dose deadline (Moderna and Pfizer vaccine)
- Nov. 8: First (only) dose deadline (Johnson and Johnson COVID-19 vaccine)
- Nov. 22: Federal employees must be fully vaccinated

Please be aware that USDA employees will be required to provide more information about vaccine status, including proof of vaccination. In the coming days, Pandemic Coordinators will be following up with their agency or staff office regarding how we will collect this information in a way that maintains privacy while also meeting new federal reporting requirements.

## If interested, please reach out to COVID Advisors

## **East Caldor**

Greg Flory 530-721-5975

West Caldor

Kayla Nimmo 786-475-5748

## **Covid Testing Notice**

All federal employees and federal contractors on type 1 and 2 wildfire incidents in California, are now required to be tested for Covid-19 regardless of vaccination status. For the Caldor Fire:

- Incoming federal resources and contractors: Testing must occur both at check-in and demobilization
- Resources currently assigned to the fire: It is recommended to be tested within 72 hours of this notice as well as during demobilization
- Testing will be provided for partners and cooperators that volunteer or request testing
- Testing is available at the mobile medical trailers at both South Lake Tahoe and Placerville camps

In addition to this testing mandate, federal employees and contractors are required to be fully vaccinated prior to November 22, 2021. To schedule a vaccine, please contact: Greg Flory (East Caldor) at 530-721-5975, or Kayla Nimmo (West Caldor) at 786-475-5748

Refusal of COVID testing on incidents will be handled on a case-by-case basis by the employee's agency or the hiring agency of the federal contractor with participation on the incident not occurring until a resolution is identified.

## Incident

Lookouts Communications Escape Routes Safety Zones

Operation Period: 10/5/21-10/6/21 Day/Night Shift

## **Emphasis on Anticipating Problems**

## Ask yourself "What Can Go Wrong"

- Identify the critical elements of your plan, and ask "what if" a loss of one of these elements occurs
- Develop a plan to deal with the problem before it occurs
- Communicate the plan to all your personnel
- Validate the new plan to ensure it matches the current situation

## **MAJOR HAZARDS AND RISKS**

STEEP TERRAIN	ROLLING MATERIAL	HEAVY EQUIPMENT
CHIPPING OPS	DEHYDRATION	SNAGS
FATIGUE	BUCKET DROPS	TRAFFIC
ASH PITS	COLD WEATHER	COMPLACENCY

Be sure all elements of your safety plan are in place prior to engagement

## **Briefing Protocol**

Brief your personnel using the IRPG checklist prior to engagement

Re-brief anytime your plan changes, unexpected changes compromise the plan or your safety, or anytime essential information becomes known and needs to be communicated

Standard Firefighting Order #1 Keep informed on fire weather conditions and forecasts Common Tactical Hazards

Building fireline downhill

Building underslung or mid-slope fireline

Building indirect fireline, or unburned fuel remains between you and the fire

Attempting a frontal assault on the fire

Depending on uphill escape routes

Safety Officers: Jack Wise SOF2, Kevin Southerland SOF2, Trenton Prins SOF2(T)

### **INCIDENT SAFETY ANALYSIS 215a**

	Caldor Fire /	CA-ENF-024030 - Tuesday, October 05, 2021
8. Location	9. Hazard	6. Control or Abatement Action (Engineering, Administrative, PPE, Avoidance, Education, etc)
All	Hazard Trees	<ul> <li>Follow "Hazard Tree Safety" guidelines, IRPG page 22.</li> <li>Post lookouts, or use a spotter in mop-up areas with personnel.</li> <li>Don't park vehicles or take breaks in high concentrations of hazard trees.</li> <li>Establish trigger points for disengagement during high wind events.</li> <li>Remember that the hazard zone extends a minimum of 2 1/2 tree heights.</li> </ul>
All	Driving & Traffic	<ul> <li>Practice "Defensive Driving" techniques traveling on all roads and city streets.</li> <li>Use spotters &amp; Honk horn to alert personnel when backing.</li> <li>Follow Driving LCES (Lights, Chock blocks, Emergency brake, Seat belts).</li> <li>Always use headlights.</li> <li>Yield to pedestrians and bicycles.</li> <li>Observe posted speed limits.</li> <li>Use the 3 second rule for following distance when driving.</li> <li>Use chock blocks, turn wheels into hill.</li> <li>Avoid distractions (eating, cell phones, radio).</li> <li>Ensure that windshields are kept clean of dust and bugs.</li> <li>Refer to "Smoke and Transportation Safety" IRPG Pg 26</li> </ul>
All	Chain Saw Operations	<ul> <li>Follow "Hazard Tree Safety" guidelines, IRPG Pg 22</li> <li>Follow "Procedural Felling Operations" IRPG Pg 85.</li> <li>Look up, Look down, Look around for hazard tree indicators.</li> <li>Only fell and buck trees within your expertise, and training.</li> <li>Do not fall trees during high wind events.</li> <li>Ensure proper use of all required PPE.</li> </ul>
All	Communications	<ul> <li>Maintain communication with aviation resources, and suppression organization.</li> <li>Ensure all know frequency and protocol for contacting resources.</li> <li>Utilize the ICS 205.</li> <li>Utilize human repeaters when working in dead spots.</li> </ul>
All	Fireline Hazards	<ul> <li>Refer to "Fireline Location" considerations, IRPG Pg 84</li> <li>Do not work directly above or below personnel during firing and mop-up operations.</li> <li>Watch for falling and rolling debris on steep slopes.</li> <li>Alert crew personnel of rolling debris by yelling to affected individuals.</li> <li>Position debris that could roll vertically on slope.</li> <li>Avoid stepping over debris that could roll by walking around object.</li> <li>Avoid radiant heat by wearing appropriate PPE correctly.</li> <li>Use correct tool for task assigned.</li> <li>Flag and isolate all HAZMAT and alert all personnel working in Division.</li> <li>Follow WUI recommendations, IRPG Pg 12.</li> </ul>
All	Mop-up & Rehab	<ul> <li>Do not work above or below personnel during rehab/mop-up operations.</li> <li>Alert crew personnel of rolling debris by yelling to affected individuals.</li> <li>Position debris that could roll vertically on slope.</li> <li>Wear eye protection.</li> </ul>
All	Helicopter Operations	<ul> <li>Ensure positive communication with all air resources.</li> <li>Don't plan on air resources for medical transport or resupply.</li> <li>Follow "Aviation Watch-Out Situations" IRPG Pg 46.</li> <li>Refer to "Directing Bucket or Retardant Drops" IRPG Pg 58 .</li> <li>Refer to "Aircraft Mishap Response Procedure" IRPG Pg 62.</li> <li>Stay clear of all bucket drops when suppression actions are in place and allow 1 minute prior to re-entry.</li> <li>Monitor A-G communications.</li> </ul>

## **INCIDENT SAFETY ANALYSIS 215a**

All	Heat Related Illness (HRI)& Dehydration	<ul> <li>Refer to Heat Ralated Illness information, IRPG Pg 109</li> <li>Drink Fluids throughout operational period (6-8 qts/shift).</li> <li>Maintain water/electrolyte ratio of 3 to 1.</li> <li>Carry extra water on line and cache water at drop points.</li> <li>Take Frequent breaks, minimum of 10 minutes every hour.</li> <li>Allow out of area resources time to acclimatize before expecting peak performance.</li> <li>Recognize symptoms of HEAT RELATED ILLNESS which include.</li> <li>Lack of energy</li> <li>Headaches, dizziness</li> <li>Lack of rest</li> <li>No hunger, poor eating habits</li> <li>Hot skin, and lack of sweating</li> </ul>
All	Heavy Equipment Operations	<ul> <li>~ Refer to "Working with Heavy Equipment" IRPG Pg 86</li> <li>~ Ensure communications are established with operators.</li> <li>~ Use hand signals if other communications are unavailable.</li> <li>~ Maintain a 50'-100' exclusion area around equipment and increase it to 1 1/2 times tree height when in timber.</li> <li>~ Use a spotter when backing.</li> <li>~ Avoid working below heavy equipment.</li> </ul>
All	Personal Hygiene	<ul> <li>COVID-19 is on the rise.</li> <li>Don't share personal items such as water bottles communication devices and utensils.</li> <li>Wash hands before meals, and after use of rest room facilities.</li> </ul>
All	Injury & Medical Emergency	<ul> <li>COVID-19 is on the rise.</li> <li>Conduct daily COVID screening, report any symptoms to Medical immediately, and issolate those that have been exposed.</li> <li>Assist injured employee appropriate medical care.</li> <li>Use EMT's on Division for initial care.</li> <li>Follow "Emergency Medical Care" IRPG Pgs 105-118</li> <li>Follow procedures in Medical Plan, ICS 206</li> <li>Refer to "Planning for Medical Emergencies" IRPG Pg 2</li> </ul>
I/M	Indirect Fireline	<ul> <li>Post lookouts, identify escape routes and safety zones IRPG Pg. 7</li> <li>Review "Strategy Direct/Indirect Attack" IRPG Pg. 82-83</li> <li>Refer to "Line Location" IRPG Pg 84</li> </ul>
I/M	Downhill Line Construction	<ul> <li>Post lookouts and ensure LCES is in place IRPG Pg 7.</li> <li>Follow "Downhill Line Construction" guidelines IRPG Pg 9.</li> </ul>
Night	Cold Weather	<ul> <li>Carry extra clothing to prevent hypothermia following shift.</li> <li>Dry out gear each night for next day.</li> <li>Watch footing on frozen ground.</li> <li>Maintain personal hydration.</li> <li>Monitor wind-chill and establish trigger points for disengagement.</li> </ul>
All	ATV/UTV use	<ul> <li>Ensure equipment is inspected and safe to use.</li> <li>Restrict UTV's to max width of 50" on ATV trails due to width and severe out sloped conditions.</li> <li>Ensure operator is trained and certified to operate.</li> <li>Ensure operator has proper PPE according to the Redbook and/or operator's agency requirements.</li> <li>Question if it is mission critical.</li> </ul>
All	Night Operations	<ul> <li>Maintain high visibility in work area and wear vest while in roadway.</li> <li>Use glow sticks to mark hazards.</li> <li>Ensure personnel have a personal light (headlamp).</li> <li>Watch for signs of fatigue.</li> <li>Take breaks away from areas of known hazard.</li> </ul>

## **INCIDENT SAFETY ANALYSIS 215a**

All	Power Utilities	<ul> <li>Refer to the IRPG page 24 for Power Line Safety.</li> <li>Notify all personnel of down electrical lines.</li> <li>Always treat downed wires as energized.</li> <li>Identify and avoid high tension transmission lines.</li> <li>Identify and avoid high pressure natural gas lines.</li> <li>Identify and avoid damaged gas service near structures.</li> <li>Be aware of utility restoration in your work area.</li> </ul>
All	Steep Terrain & Rolling Debris	<ul> <li>Maintain 8'-10' spacing when working &amp; walking.</li> <li>Don't work above any personnel.</li> <li>Be on the lookout for rolling rocks, debris, or burning material.</li> <li>Evaluate necessity to send personnel in areas with limited access.</li> <li>Post lookouts IRPG Pg 7</li> </ul>
All	Unburned Area/Reburn Potential	<ul> <li>Monitor weather.</li> <li>Base actions upon observed and predicted fire behavior.</li> <li>LCES Checklist IRPG Pg 7.</li> <li>Refer to "Look Up, Down and Around" IRPG Pg 3</li> </ul>
All	Unplanned Public Interaction	<ul> <li>Be alert to non-fire personnel in areas with suppression personnel.</li> <li>All non-fire personnel will be escorted while on fireline.</li> <li>Post lookouts to in areas with public to avoid conflicts with mission tasks.</li> <li>Ensure sufficient security to restrict access to exclusion area.</li> </ul>
All	Wildlife & Livestock	<ul> <li>Bear Habitat - on the line, in camp, and in town.</li> <li>Refer to: USFS "Be Bear Aware".</li> <li>Watch out for wildlife &amp; livestock inside fire area and along roadways.</li> <li>Clean up all food debris and trash during each operational period.</li> </ul>
All	Structure Protection & HAZMAT	<ul> <li>Review "Wildland Urban Interface Firefighting" considerations, IRPG Pg 12-16</li> <li>Use "Structure Assessment" checklist, IRPG Pg 13</li> <li>Refer to "Structure Hazard Marking System" IRPG Pg 41</li> <li>Follow "HAZMAT Incident Operations" IRPG Pg 36</li> </ul>

6. Work Assignments:											

#### 6. Work Assignments:

TASK: Secure perimeter utilizing existing natural barriers and take suppression action around Echo Lake and upper Forni Meadows.

PURPOSE: Minimize any fire progression and ensure the safety of those working north of Hwy 50; coordinate with Suppression Repair for accountability and safety of those working along Wright Lake Road

END STATE: Fires edge in the division is controlled and escape is improbable

#### 7. Special Instructions:

Backhaul trash, excess supplies and provide a location for accountable property

Identify and coordinate the removal of hazard trees

\* Indicates IA Resource

Resources need to report to Heavenly ICP (3860 Saddle Rd., South Lake Tahoe, CA 96150) for briefing and end of shift

#### 6. Work Assignments:

TASK: Perform priority suppression repair work within Branch 3. Coordinate closely with CALFIRE AEU and USFS REAFs, focusing repair efforts in High Meadows, Powerline, Saxton to Trout Creek, Fountain Place private land, Hell Hole, Saxton Creek to Iroquois Circle and the PCT at Echo Summit.

PURPOSE: Minimize any near-term environmental resource impacts as a result of fire suppression efforts

END STATE: Watershed and areas adjacent to values at risk are protected using the approved standard

#### 7. Special Instructions:

Backhaul trash, excess supplies and provide a location for accountable property

Identify and coordinate the removal of hazard trees

Resources need to report to Heavenly ICP (3860 Saddle Rd., South Lake Tahoe, CA 96150) for briefing and end of shift

## **Resource Advisor Update**

Avoidance areas for cultural and sensitive resources are being flagged within Divisions. If work needs to occur in areas identified by the following flagging/placard, please contact a REAF assigned to your Branch.

**Avoidance Areas** 

**Eldorado NF** 

LTBMU / Humboldt-Toiyabe NF

Pink/Black Checkered Flagging and yellow placards

Yellow and Green Paired Flagging

Eldorado NF Lead READ – Jen House Lake Tahoe Basin Lead READ – Emma Williams

## **Caldor Suppression Repair Guidelines**

Frequently coordinate repair efforts with REAFs on repair priorities and specific guidelines. The following standards are to be met during suppression repair operations:

### Handlines, Dozer Lines, and Safety Zones

- Construct waterbars, rolling dips, or chunk/waffle all fire lines on slopes >10%.
- **Pull outside berms back** into the control line and distribute topsoil evening. Recontour the surface to allow for drainage. If line follows ridge, divert water equally to both sides of the ridge. Pull slash back over line.
- **Chunking** involves using an excavator to decompact and roughen surfaces of control lines by creating up to 1ft x ft divets in a continuous egg carton pattern. Coordinate with REAFs for guidelines.
- Water-bars will be constructed at a 35 40° angle across slope. Downslope end must be open and should discharge into vegetated or protected surface.
- Water bar depths for **dozer lines** should be at least 6 inches; total height from bottom of ditch to the top of the waterbar should average at least 18 inches and not exceed 24 inches.
- Water bar depths for **hand lines** should be at least 4 inches; total height from bottom of ditch to top of water bar should average at least 8 inches and not exceed 12 inches. Higher water bars do not necessarily mean better water bars.

Fire Line % Slope)	Maximum distance apart (feet)
1 - 10	Every 100
10 - 30	Every 75 - 100
30 - 50	Every 50 – 75
>50	Every 50

- Conceal or hide points of access using the landscape and available materials. In high OHV use areas, block the first 50 100ft of the dozer line with boulders or chunk if not covered by logs, brush, or other veg. Downed trees should be dirty to prevent cutting/collection.
- Remove deposited or perched soil and suppression debris from streams, watercourses, swales, or draws. Do not remove more than necessary to prevent damaging watercourse. Restore impacted channel shape to adjacent channel shape. Spread removed soil across fire line. Contact **PEAE** before starting stream drainage watland or meadow repair

## **REAF** before starting stream, drainage, wetland, or meadow repair.

 $\circ$   $\;$  Do not remove woody debris that was in the channel prior to the fire.

### <u>Roads</u>

- Install waterbars where waterbars previously existed.
- Install or maintain rolling dips where a rolling dip previously existed.
- Clean culverts plugged with soil and rock resulting from fire suppression actions.
- Remove all slash and debris from culvert inlets\outlets resulting from suppression actions.
- Clean and grade ditch lines and lead off ditches as necessary.
- Water roads for dust abatement.
- Remove sediment from watercourse crossing locations and stabilize watercourse crossing approaches as appropriate for pre-existing road use.

### **Caldor Suppression Repair Guidelines**

### Vegetative Debris (activity fuels) Treatment

- Concentrations of slash created by fire suppression activities along roadways and among structures should be treated to reduce fire hazard. Treatments include mastication, lopping and scattering, and chipping. Where feasible, vegetation treated by mastication or lopping and scattering should not exceed 18 inches in height. Chipped material should be spread across the cleared area. Chip piles should not exceed 6" in depth on the ENF or 3" in depth on the TMU.
- Concentrations of slash within 100 feet of habitable structures should be removed or chipped.

#### **Fences**

• Repair fences damaged during fire suppression operations. Intent of fence repair is to prevent livestock or other animals from escaping.

#### **Compensation Claims**

• For all other property damage beyond the scope of the Suppression Repair Plan, please document the damage on an ICS 213 and submit it to the Incident Management Team Compensation Claims Unit.

### Housekeeping

- **Remove and dispose of trash or litter** from all fire lines, camps, parking and staging areas.
- Remove flagging from line and trail.
- Close gates that were opened and repair any fences and gates cut or damaged by fire suppression resources.

### Thank you for your safe and diligent work repairing your National Forest lands!

# Interagency Incident Management

### CODE OF CONDUCT INCIDENT PERSONNEL

Each individual on this incident is responsible for:

- > Being *ready and able* to perform their assigned duties effectively
- Conducting themselves in a manner that treats people with dignity, equality, courtesy, and respect
- > Abiding by agency ethics and conduct regulations
- > Reporting any harassment or other inappropriate behavior

Each individual on this incident has the right to:

- > Work in an environment characterized by safe work practices
- ➢ Work in a fair and harassment free environment
- > Say "No" to unwelcome advances or requests for favors
- > File complaints or grievances through appropriate avenues

There is zero tolerance for inappropriate behavior while assigned to the incident, including

- ➢ Illegal drug use
- ➢ Alcohol use
- Unsafe work practices and activities
- ➢ Discrimination
- Sexual harassment
- > Fighting, threatening and abusive behaviors
- Using social media and electronic communication devices for personal business while engaged in fire assignment duties
- > Other violations of USDA and Forest Service standards of conduct

Failure to adhere to the Code of Conduct could result in dismissal from the incident, with notification to your home unit.

The public expects our best efforts; they see us as professionals in what we say and do. Let's continue to show them we are!

### HUMAN RESOURCES MESSAGE October 5, 2021

#### Everything I Need to Know I Learned in Kindergarten

#### (Excerpts from Robert Fulghum)

"Share everything.

Play fair.

Don't hit people.

Don't take things that aren't yours.

Say you're sorry when you hurt somebody.

Wash your hands before you eat.

Flush.

When you go out into the world, watch for traffic, hold hands and stick together."

"Wisdom was not at the top of the graduate school mountain, but there in the sandbox at nursery school."

Wisdom from so many years ago is still relevant in so many ways still today. Keep looking out for each other, and keep up the great work!

HR staff is here to assist in creating a positive work environment for all. If issues arise please don't hesitate to contact me via the information below or in HR Office trailer.

Human Resources Specialist– Jon Tipton 971.347.7314 (call/text) or email @ jonathan.tipton@usda.gov

**MEDIA** – The California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and the news media may not interfere with incident operations. Please always treat the media with courtesy and respect and advise the Information Office if there are any issues.

**PHOTOGRAPHS AND VIDEOS OF INCIDENT** – Please refrain from posting incident related videos to your personal social media. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness. When this happens it could reflect poorly on all that are attached to this incident.

Please email photo and video submissions to 2021.Caldor@firenet.gov

**MAIL** – If you need to send or receive mail, please see the mailing address below. Sending letters, cards to your loved ones, or mailing bills. Please stamp your mail and it will be taken to the post office for you. If you don't have a stamp, we will provide one.

Mailing address for the Caldor Fire:

Caldor Fire Camp Attention :(Your name &RO/Crew Name) 3680 Saddle Road South Lake Tahoe, CA 96150

#### Fire Information Resources for the Public:

Please feel free to share the following Inciweb, Facebook, Twitter, email updates, information line and QR code with the public. These are updated regularly and are the best links for current Caldor Fire information on both the Eldorado and Lake Tahoe National Forests.

() https://inciweb.nwcg.gov/7801

Information Line: (530) 303-2455

@EldoradoNF & @LakeTahoeUSFS

Email update List: http://tinurl.com/CaldorSignUp

### To receive training credit for the **Caldor Fire**

Email me your Completed 225 Eval's

• Fill out the online check in & exit interview (QR code attached)

- Trainee's home unit mailing address
- Evaluator's home unit job title and name
  - Position Task Book Tasks sign-off

One day prior to demob, please start the close out procedures with us. We are working remotely and will do our best to answer any questions you may have. Please call or email me with your questions.

Thanks for your cooperation.

Morgan Madruga TRAINING SPECIALIST TRAINEE Merced Fire Department 99 E 16<sup>th</sup> st Merced, Ca 95340 209-386-2731 MorganMadruga@yahoo.com

### **FINANCE MESSAGE**

Fire Name: Caldor Fire

Fire Number: CA-ENF-024030

Accounting Code: P5N8GM21

Email: <u>2021.caldor.finance@firenet.gov</u>

Hotline: 530-330-5450

If you were originally ordered on a CALFIRE contract and have not submitted a VIPR contract and RO or received an EERA (Fed contract) – CONTACT FINANCE TODAY you might not get paid.

### Finance Documents Needed upon "Check In" (If Not Already Submitted):

	Please email these documents or scan the QR Code below, attach & submit.								
Agency Equipment/		Overhead:		<b>Contract Equipment/</b>		Cooperator:			
Crews:		•	AD/Casual Hire Form	Contract Crews:		Cooperative			
•	Manifest - showing employment type (GS or WG) or AD rates if applicable	•	If regular Agency please ensure "GS" or "WG" is written on your first CTR	• • •	Agreement Manifest Resource Order Inspections	•	Agreement Resource Order		

### Please submit your CTR/Shift Tickets using the QR code or email address below:

Don't Forget to put your RO # on your CTR/Shift Ticket – final travel CTR's must be signed by supervisor on incident - Thank You

Please Include the Word "Equipment" for Federal Contract Equipment or "Time" for Federal Overhead & Crews in the Subject Line of the Email

### Local Government Resources on CFAA If you are demobing and there is no OES AREP there:

Have the FSC or IC review and sign your 42s
 You give the incident the pink copy
 You keep the gold copy
 You mail the white and green (if it has a green) to OES Headquarters per the instructions on the 42

### OES JOB AIDS, FORMS, F-42 SAMPLES AND CFAA AGREEMENT

Your OES Fire & Rescue Assistant Chief Kit Bailey 530-307-1307

### **Hotel Acquisition Process**

Due to continuing bear issues at the ICP as well as predicted inclement weather, the incident is **requiring** individual procurement of hotel accommodations. This is for lodging only. The process below discusses financial procedure and documentation:

If you are a **local agency dispatched through CFAA**, you will need to acquire an S# prior to demob. This number will also be entered on your F-42 form.

**Federal resources with a travel card** will be processed through your agency's travel reimbursement process. Finance will provide a 213 with approval statement upon demob, if required by your agency.

All other non-federal resources, or federal resources that do not have purchasing capability, complete the following:

**ADs who are able to pay** and get reimbursed for travel will need to pay for lodging and get reimbursed through your normal reimbursement process. You will be given a 213 with authorization statement from the finance section during demob.

**ADs and Seasonal Federal Employees who are unable to pay** for lodging, the buying team may be able to assist with purchasing your accommodations. Inquire with the incident finance section. Federal resources who have the crew boss card option should use this as a first option.

In accordance with each individual contract, contractors shall pay for lodging and submit receipts for additions to your invoice (OF-286). Itemized receipts are required by the finance section during demob. Copies may also be submitted electronically or hard copy during assignment to save time at demob. Please be sure to write your resource order number on the document. Also, please note that double occupancy may be required on many contracts.

If you're not in one of these categories or uncertain, finance can help you check. Please use the hotline number: 530-330-5450 or email: <u>2021.Caldor.finance@firenet.gov</u> If emailing include your resource number, type of resource and contact phone number.

### West Side, Branch 1: Hotel and Dinners

Resources working the West side of the incident and briefing at the El Dorado fairgrounds are expected to be self-sufficient for dinners and hotel accommodations. You will be expected to procure your own hotel and remain within the per diem rates of \$135 a night before tax and \$28 for dinner after tax and tip. Breakfast, sack lunches, and hydration products will be provided at briefing. Branch 1 will advise if you need to return to the fairgrounds in the evening.

### East side Branch 3 Hotels

All meals are provided by the incident. You will be responsible to acquire your own lodging. You must assure all nights are within the \$135 per diem rate. The following hotel options are available within per diem rates. To avoid rate changes, book your rooms for the anticipated duration of your assignment. If you demob early cancel any remaining nights.

### Hard Rock Hotel. Promo code "USFOREST"

Lake Tahoe Resort Hotel (Large Vehicle parking is limited)

Harveys Lake Tahoe (large vehicle parking lot is at large parking lot at Harrahs)
