to

9/22/2021 0700

**INCIDENT OBJECTIVES (ICS 202)** 

·	IN OBOLOTI	100 /100 2	-02/		
1. Incident Name:	2. Operational Period:	Date From:	9/21/2021	Date To:	9/22/2021
CALDOR		Time From:	0700	Time To:	0700
3. Objective(s):					
<u>Leaders Intent:</u>					
Work effectively with cooperative partners towards assigned personnel should be prepared to take app	a common goal of protecting ropriate actions regarding:	g values in a safe a	and efficient ma	anner. All ind	cident
Personal safety and safety of others, including dr probability of success.	iving slowly, safely, and def	fensively while imp	lementing tacti	cs that offer	a high
- Professional conduct and timely / effective comm	unications.				
- Manage fatigue by taking breaks and maintaining	work rest guidelines.				
- All line supervision personnel, including crew lead	ders and strike team leader	s, must attend Ope	erational Briefin	ıgs.	
Management Objectives:					
- Provide for emergency personnel and public safe	ty at all times.				
- Ensure COVID-19 precautions and best practices	are met at all times.				
- Protect property, improvements, and infrastructure	θ.				
- Ensure accurate coordinated, timely and accurate	e release of public informati	ion.			
- Foster and maintain relationships with all coopera	tors and stakeholders.				
- Protect economic, natural, cultural and heritage re	esources.				
- Mitigate or eliminate environmental resource impa	acts as a result of fire supp	ression efforts.			
- Maintain fiscal accountability and keep costs com	mensurate with values at ri	isk.			
Control Objectives:					
- Keep the fire within its currently identified perimet	er and north of Highway 4 t	to Highway 88.			
Keep the fire within its currently identified perimet N20A, N08, and N21.	er and south of Wentworth	Springs Rd, to Mo	squito Pass, ar	nd road syst	ems N16A,
- Keep the fire within its currently identified perimet	er and east of County High	way E16 and Fiddl	etown.		
- Keep the fire within its currently identified perimet	_	•		te Line bour	ndarv.
COVID Mitigations:			· · · · · · · · · · · · · · · · · · ·		
All persons must wear a mask indoors at all times cannot be maintained.	regardless of vaccination	status, as well as o	outdoors when j	physical dist	tancing
- Maintain a module as one, wash your hands and	sanitize surfaces.

#### INCIDENT WEATHER FORECAST

FORECAST NO: 34

PREDICTION FOR: 24 Hour Shift

SHIFT DATE: 09/21/21

FORECAST ISSUED: 09/20/21 1900

NAME OF FIRE: Caldor UNIT: USFS El Dorado NF SIGNED: Patrick Gilchrist Incident Meteorologist

WEATHER DISCUSSION: Upper level ridging will dominate today making for sunny skies and warming temperatures. East-northeast winds west of the Sierra Crest will quickly taper off during the morning as winds transition to the southwest. Thermal belts will be active from midslope to ridgetop tonight. Southwest winds will also ramp up tonight in response to an approaching weather disturbance. Hot, breezy and dry conditions will make for a heads up day on Wednesday as the disturbance passes through Oregon pushing down on the upper ridge.

## ...RED FLAG WARNING WEST OF THE SIERRA CREST THROUGH 1100 TODAY...

.TODAY...

Sky/weather.....Sunny.

Max temperature.....67 to 79 above 5000 feet and 79 to 87 below 5000 feet.

Min humidity.........13 to 18% above 5000 feet and 8 to 13% below 5000 feet.

Wind (20 ft).....

Slope/Valley.....East-northeast 10-15 mph becoming southwest 8-12 mph late in the morning.

Ridgetop.....East-northeast 13-18 mph, becoming southwest late in the morning.

Mixing height... increasing to 10000 ft MSL mid-afternoon.

.TONIGHT...

Sky/weather.....Mostly clear.

Min temperature.....45 to 55 midslope to ridgetop. 40 to 45 valleys. (Upper 30s valleys east of the crest.)

Max humidity......30 to 40% midslope to ridgetop. 50 to 60% valleys.

Wind (20 ft)......

Sheltered valleys...Becoming downslope/downvalley 2-5 mph.

Slope/valley......Southwest 10-15 with gusts to 25 mph late in the evening.

Ridgetop......Southwest 13-18 mph, increasing to 20-25 mph with gusts to 30 mph late in the evening.

#### .WEDNESDAY...

Sky/weather.....Partly sunny.

Max temperature.....64 to 76 above 5000 feet and 76 to 84 below 5000 feet.

Min humidity......20 to 25% above 5000 feet and 15 to 20% below 5000 feet.

Wind (20 ft).....

Slope/Valley.....Southwest 18-23 mph, with gusts to 35 mph.

Ridgetop.....Southwest 23-28 mph, with gusts to 40 mph.

Mixing height... increasing to 10000 ft MSL mid-afternoon.

Branch 1

Branch III

FIRE BEHAVIOR FORECAST									
FORECAST NUMBER: 5	TYPE OF FIRE: Vegetation								
FIRE NAME: Caldor	OPERATIONAL PERIOD: Sept 21st 24 Hour								
DATE ISSUED: Sept 20 <sup>th</sup>	TIME ISSUED: 2000								
UNIT: CA El Dorado National Forest/Lake Tahoe Basin	SIGNED: Dan O'Connor								
Management Unit	Fire Behavior Analyst (FBAN)								
WEATHER SUMMARY: See detailed Fire Weather Forecast in IAP									

**FUELS:** 

Fire areas include a range of conifer systems with Ponderosa, Jeffrey Pine, Incense Cedar, and manzanita in the lower elevations towards the west, transitioning up into an Upper Montane forest of Ponderosa, Lodgepole Pine and Red Fir closer to Lake Tahoe. Anticipate heavy fuel loading, drought stress, overstocked timber stands, and a lack of fire history to both the north and south of the current fire footprint. The El Dorado National Forest is currently classified as 'Extreme to Exceptional' drought by the US Drought Monitor, with Energy Release Components exceeding the 90th percentile, not far off all time high levels. Heavy dead and down fuels will likely burn completely, holding heat and actively consuming through all hours of the day. Fine dead fuel moisture is calculated at 4% or less.

EXPECTED FIRE BEHAVIOR: Based on the Warmest, Driest, Windiest Conditions Forecasted **Maximum Spotting** Fuel Type/Model Maximum Maximum Rate of Spread (chains/hour) Flame Length (feet) Timber understory (TU5-Head 12-16 ch/hr

¼ mile Head 8-10 ft Probability of Ignition Overstocked and/or dense reprod) Flank 8-10 ch/hr Flank 4-6 ft 75% Timber litter (TL6-closed canopy, Head 5-7 ch/hr ground fuels) Head 2-4 ft Flank 2-4 ch/hr Flank 1-3 ft

General: Red Flag Warning expires at 1100 this morning, then very dry with lighter winds turning upslope. The mix of brush, reprod, and overstocked timber stringers will continue to hold heat, especially in rocky areas where access is difficult. Short runs with torching/spotting will continue to cause containment challenges.

#### **SPECIFIC**

Branch 1 SW flow will be mostly favorable for the western side of the fire. Potential for increased smoke production from needle cast burning interior, but should not pose threats to containment lines.

#### Branch 3

Distance

Divisions India and Mike have scattered heat that will produce smoke across the interiors, with more persistence in working through rocked out areas adjacent to the Desolation Wilderness. Repopulation in the Highway 50 corridor may bring an increase in service calls; potential for reburn remains in the green islands.

Divisions Quebec and Romeo fire will attempt to work all the angles to find ways to come back to life; drought stressed fuels and just enough vegetation will open up pockets of travel with low RH and shifty winds. Low probability of spread out but increased winds tomorrow will push harder for increased torching, spotting, and growth to the NE.

Divisions Oscar and Papa do have high severity fire areas in the interior, but the edges are more mosaic severity so reburning and flare ups with threats to containment lines and adjacent communities are still possible. Low relative humidity will likely have heavies and root wads burning again, producing smoke visible to residents.

Night Operations: Anticipate continuation of service calls with residents back in their homes down Highway 50. Stay vigilant with the potential for reburn in the dirty burn areas due to drought conditions.

#### **AIR OPERATIONS:**

Minimal smoke impacts to restrict air support today

#### SAFETY:

Very dry air with RH values in the low teens today, much stronger SW flow on Wednesday.

## Health & Safety Message

Incident: CALDOR Fire Date CA-ENF- 024030

Date/Op Period: Day/Night Shift

9/21 - 22/21

#### **Hazards & Risks**

The Distracted Firefighter: Radios, cell phones, texting, conversations, eating, drinking, reading maps, looking at the fire.....the list goes on. It is easy to get distracted from the very task you are supposed to be focused on. Make every attempt to avoid these distractions whether you're driving or engaged in the fire fight; a brief nano-second of distraction can have disastrous results.

Wildlife & Livestock Encounters: Watch for wildlife and livestock within the fire area and along roadways. Bears are in the area, especially in the upper elevations. Avoid leaving food and trash in sleeping areas, along the fireline or at drop points. Secure your vehicles with windows up when parked in the field. Animals tend to be most active during the dawn and dusk hours when visibility is reduced on the road. Drive at "deer speed".

**Air Operations:** With air operations over the fire; both fixed and rotary wing aircraft, comes a unique set of hazards and risks. Reference the blue pages in your IRPG. Consider mission need and aviation risk factors. Establish good communications with the aircraft and ensure ground personnel are aware of sling loads (and sites), retardant and water dropping operations.

**Review Aviation Watch Out Situations!** 

Firefighter Health: With multiple days of working on the fireline; cuts, abrasions, rashes and blisters are accumulating on your body. Prevent infections by washing your hands often, take daily showers, wash or change your clothes frequently and care for minor wounds each shift. Treatment early-on will help prevent larger medical problems later!

#### 6. Work Assignments:

TASK: Perform priority suppression repair work within Branch 3. Coordinate closely with CALFIRE AEU and USFS REAFs, focusing efforts in Christmas Valley, Angora Meadow, and Freel Peak Road

PURPOSE: Minimize any near-term environmental resource impacts as a result of fire suppression efforts

END STATE: Watershed and areas adjacent to values at risk are protected using the approved standard

#### 7. Special Instructions:

Backhaul trash, excess supplies and provide a location for accountable property

Identify and coordinate the removal of hazard trees

Resources denoted with \* is identified as I/A resources within the TFR

\*\*\*Resources need to report to Heavenly ICP (3860 Saddle Rd., South Lake Tahoe, CA 96150) for briefing and end of shift\*\*\*

## Fire and COVID-19 Briefing Checklist

## Self-Awareness / Screening

- Notify supervisor if you or others experience:
  - o Cough, more than expected
  - Difficulty breathing
  - Loss of taste or smell
  - Fever
  - o Chills
  - Sore throat
  - o Muscle pain
- <u>Immediately separate</u> yourself from others.
- Follow crew and division plans to isolate, triage, and transport symptomatic personnel.

### Hygiene on the Fireline

- Properly wash or sanitize your hands often
- Avoid handshakes and communal use items
- Inform supervisor of needed resupply.
- Disinfect high touch surfaces often

#### Social distancing and protective equipment

- Practice social distancing
- Conduct briefings in conversations outdoors and at least <u>SIX</u> feet apart
- Utilize face coverings
- Clean or replace dirty face coverings, equipment, and PPE

#### **Communications**

- Ensure effective sender/receiver messaging.
- Protect yourself, your crew, and your camp!

Any questions contact:

BARTON HEALTH COVID HOTLINE: 530-600-1999

MEDL Brandon Bennewate @ (805) 813-3858

MEDL Nick Stepanian @ (909) 908-4778

## **COVID-19 testing is available in camp!**

ICP, Main testing site - COVID Clinic East (M-F 0630-1230)

Alternate Testing Sites – Heavenly Health Clinic or Mobile Medical Support Trailer (M-F 1230-0630, Sat/Sun as needed)

**Heavenly Fire Camp** 

3680 Saddle Rd

South Lake Tahoe, CA 96150

Spike Camp (West side)

COVID Clinic West (M-F 0630-1230)

**Placerville Ranger District** 

4260 Eight Mile Road

**Camino, CA 95709** 

COVID testing provides peace of mind that you are not carrying the virus and spreading it to your crew or other people in camp.

Get tested even if you think your symptoms are just allergies or not that serious.

## **FINANCE MESSAGE**

Fire Name: Caldor Fire

Fire Number: CA-ENF-024030

**Accounting Code:** P5N8GM21

Email: 2021.caldor.finance@firenet.gov

Hotline: 530-330-5450

If you were originally ordered on a CALFIRE contract and have not submitted a VIPR contract and RO or received an EERA (Fed contract) — CONTACT FINANCE TODAY you might not get paid.

#### Finance Documents Needed upon "Check In" (If Not Already Submitted):

	Please email these documents or scan the QR Code below, attach & submit.

#### Please submit your CTR/Shift Tickets using the QR code or email address below:

<u>Don't Forget to put your RO # on your CTR/Shift Ticket – final travel CTR's must be signed by supervisor on</u> incident - Thank You

Please Include the Word "Equipment" for Federal Equipment or "Time" for Federal Overhead & Crews in the Subject Line of the Email

# Human Resource Message

# New Human Resource Specialist has arrived on the incident!!!

First, let me say thank you for all your hard work on this incident. I know this community, as I am a resident of South Lake Tahoe, really appreciates the work, effort and sacrifice you all have done and continue to do. Thank You!

Come by and say hello at the end of Trailer Row.

Have a great shift!

Adrian Escobedo, HRSP 530-523-3804

## Caldor Fire

#### September 21st 2021

## To receive training credit for the Caldor Fire

- ♦ Email me your Completed 225 Eval's
  - ◆ Fill out the online exit interview (QR code attached)
    - ◆ Trainee's home unit mailing address
    - ♦ Evaluator's home unit job title and name
      - ◆ Position Task Book Tasks sign-off

One day prior to demob, please start the close out procedures with us. We are working remotely and will do our best to answer any questions you may have. Please call or email me with your questions.

Thanks for your cooperation.

Morgan Madruga
TRAINING SPECIALIST TRAINEE
Merced Fire Department
99 E 16<sup>th</sup> St Merced, Ca 95340
209-386-2731
MorganMadruga@yahoo.com

# VIRTUAL DEMOBILIZATION

## Please follow the steps below in order:

- Scan the QR code and select the "REMOTE DEMOB" item. PLEASE DO NOT complete this step more than 12 hours prior to your demobilization
- 2. Complete the questionnaire
- 3. Go to <u>Weed Wash</u> if your vehicle has been on the fireline
- 4. Go to Ground Support for your post-inspection
- 5. Return items checked out from Supply
- 6. Return any items checked out in Comms
- 7. Go to <u>Finance</u> at the scheduled time to close out your CTR/Shift Tickets
- 8. Call <u>Demob</u> at 435-840-5432 to finalize your travel times.

### **PLEASE NOTE:**

If you have any problems, contact Jan either by phone 435-840-5432 or at DMOB

# Acquiring lodging at the Harvey's hotel

Harvey's hotel is associated with Harrah's. They are across the street from each other and are joined by a tunnel under Hwy 50 on the Nevada side, just at the state line. They have opened the Harvey's hotel specifically for firefighters battling the Caldor fire. No public is staying at that property. Hotel support and check in for Harvey's Hotel, including front desk services is located at the Harrah's property. This includes check-in and any maintenance service. Large vehicle parking is at the large parking lot at Harrah's accessible off Lake Parkway. Small vehicles can access the parking structure at Harvey's. At both locations, collect the parking stub to go through the gate. There is no charge for parking. Exit gates will open from 0500 to 0700. You may still use your hotel card or ring for attendant to open the exit gate if needed.

To reserve a room, scan this code (or click here) to make your reservation. Be sure to have your purchase card and crew manifest ready to enter the names of the personnel for each room configuration purchased with that card:

After reserving, go to the Harrah's front desk and complete registration.

They are very understaffed, so please make every attempt to use the web link above to reserve, though you may also call the hotel desk at 775-691-0416 to reserve your room under "Caldor Fire".

Once you check in to the hotel on the Harrah's side, you will then proceed to Harvey's either through the underground tunnel or drive to the Harvey's parking structure. Note: the elevator bank closest to the (currently closed) Harvey's front desk is not in service. You will need to use the Mountain Tower elevator bank by the arcade.

The hotel asks that if you would like trash pickup, please place your trash bags in the hallway and call the front desk to let them know where it is. They don't have enough staff to patrol the halls. They are also available to clean rooms and deliver towels and other items, but you will need to call the front desk for that as well.

# **Hotel Acquisition Process**

The Caldor incident has authorized the individual procurement of hotel accommodations. This is for lodging only. The process below discusses financial procedure and documentation:

If you are a **local agency dispatched through CFAA**, you will need to acquire an S# prior to demob. This number will also be entered on your F42 form.

**Federal resources with a travel card** will be processed through your agency's travel reimbursement process. Finance will provide a 213 with approval statement upon demob, if required by your agency.

All other non-federal resources, or federal resources that do not have purchasing capability, complete the following:

**AD's who are able to pay** and get reimbursed for travel will need to pay lodging and get reimbursed through your normal reimbursement process. You will be given a 213 with authorization statement from the finance section during demob.

For AD's and Seasonal Federal Employees who are unable to pay for lodging, the buying team may be able to assist with purchasing your accommodations. Inquire with the incident Finance Section. Federal resources who have the crew boss card option should use this as a first option.

In accordance with each individual contract, **contractors** shall pay for lodging and submit receipts for additions to your invoice (OF-286). Itemized receipts ARE required by the finance section during demob. Also, please note that double occupancy may be required on many contracts.

The finance section will provide S#'s during your demob or sooner.

If you're not in one of these categories or uncertain, finance can help you check. Please use the hotline number: 530-330-5450 or email <u>2021.Caldor.finance@firenet.gov</u>. If emailing include your resource number, type of resource and contact phone number.

# **ICP LOGISTICS NOTES**
