FINAL

To: All Incident Personnel, Monument Fire

As Southern Area National Type I Incident Commander, I am committed to a policy of “zero tolerance” of inappropriate behavior during incident operations. Any form of harassment, discriminatory practices, or disrespectful behavior will not be tolerated. Known or reported acts will be dealt with appropriately.

I am particularly concerned about the perception that alcohol has a place in any of the Incident facilities. It is not appropriate to indulge in alcoholic beverages during any fire assignment.

The National Team from the Southern Region has a policy of “NO ALCOHOL” from the time of dispatch until the time of physical release from the Incident. Members of the Team voluntarily comply with this policy; all incident personnel will be expected to do so also.

We endorse, support, and expect an attitude of mutual respect for all Incident personnel and the public we serve. We also, endorse the attitude and work ethic that places “Safety First, every time on every Incident.” We expect nothing less.

/s/Mike Dueitt

Incident Commander

SAIMT 1

# INCIDENT Weather Forecast : Monument

**FORECAST NO:** 56  
**PREDICTION FOR:** Tue 0700 to Wed 0700

**FIRE NAME:** Monument Fire  
**UNIT:** SHF

**SHIFT DATE:** Sep 28, 2021

**SIGNED:** **Mark Loeffelbein**

**FORECAST ISSUED:** 1900 PDT Sep 27, 2021

Incident Meteorologist 240-778-5281

**DISCUSSION.** Plenty of moisture leftover from Monday’s rain will cause morning fog and low clouds reducing visibility until inversions break in the late morning. Humidities will be a bit elevated due to the extra moisture in the air. Clouds will decrease through the morning leading to partly cloudy skies for the afternoon. The weather pattern will dry out and start a warming trend that will last into the weekend.

**TODAY:** Decreasing Clouds (30-60% -> 0-20%).  
**Chance of Wetting Rain (CWR):** 0% **LAL:** 1 **Stability:** Stable.  
**MAX TEMPERATURES:** 66-71°F Ridges: 57-62°F  
**MIN HUMIDITY:** 27-32% Ridges: 34-40%  
**MIXING HEIGHT:** 400-700 ft AGL increasing to 5200-5800 ft AGL in the afternoon.  
**TRANSPORT WIND:** Northwest 10-15 mph in the afternoon.

**TONIGHT:** Partly Cloudy (30-60%).  
**Chance of Wetting Rain (CWR):** 0% **LAL:** 1 **Stability:** Stable.  
**MAX TEMPERATURES:** 49-54°F Ridges: 57-63°F  
**MIN HUMIDITY:** Drainages: 75-85% Ridges: 50-55%  
**MIXING HEIGHT:** Becoming 700-1100 ft AGL overnight.  
**TRANSPORT WIND:** Becoming Northwest around 10 mph overnight.

Prevailing 20-ft Winds (mph)	Day Shift 0700-1900	Night Shift 1900-0700
<b>Branch 10</b>	Downslope/Down-canyon 3-7 mph. NW 5-9 mph Gusts 16 mph after 1200.	WNW 4-8 mph after 1800 at ridgetop. Becoming Downslope/Down-canyon 2-5 mph elsewhere after 2200.
<b>Branch 40</b>	Northwest 2-6 mph until 1100, then NNW 5-9 Gusts 18 mph.	Becoming Downslope/Down-canyon 2-5 mph after 2200.
<b>Branch 50</b>	Downslope/Down-canyon winds 1-5 mph. Becoming SSW 5-10 Gusts 20 mph after 1200.	Becoming Downslope/Down-canyon 1-5 mph after 2400.

**EXTENDED OUTLOOK: Wednesday...** Mostly Sunny. Highs: 69-74. Min RH: 19-24%, Winds: Becoming NW 5-10 mph Gusts 15 mph. **Thursday...** Mostly Sunny. Highs: 74-79. Min RH: 17-22%, Winds: Becoming NW 5-10 mph Gusts 15 mph. **Friday...** Mostly Sunny. Highs: 75-80. Min RH: 18-24%, Winds: Becoming W 5-10 mph Gusts 15 mph.

# FIRE BEHAVIOR FORECAST

<b>FORECAST NUMBER: 55</b>	<b>TYPE OF FIRE:</b> Wildland, Type 1
<b>FIRE NAME: Monument</b>	<b>OPERATIONAL PERIOD:</b> Day Shift
<b>DATE ISSUED: 09/27/2021</b> <b>TIME ISSUED: 1900</b>	<b>SHIFT DATE: Tuesday, September 28, 2021</b>
<b>UNIT: Shasta Trinity NF    Six Rivers NF</b>	<b>SIGNED: Greg Titus, FBAN</b> 

## WEATHER SUMMARY:

See weather forecast in today's IAP  
**Local Thresholds – Watch Outs - see local pocket card** →  
Temp > 89°, Min RH < 21%, RH recovery < 70%,  
Energy Release Component (ERC) > 55 and Burning Index (BI) > 38

SHF West NF  
Pocket Card

## FIRE BEHAVIOR:

### GENERAL:

The effects of yesterday's precipitation will dampen fire behavior today. Minimal fire behavior is expected today with creeping and smoldering fire. Continued burning of heavy fuels.

#### Current Fire Environment Conditions:

Fine Dead Fuel Moisture = 7%, 1,000 Hour Fuel Moisture = 11%, Live Shrub Moisture = 82%  
ERC's have fallen below average

#### **Fire Behavior based on maximum values for the fuel models shown, exposed fuels on steep slope.**

Fuel Model	Rate of Spread	Flame Length
Grass/Shrub	10 chains/hour	4 feet
Timber	1 chains/hour	1 foot

Spotting from ridge top torching trees up to **0.2 mile**. Probability of Ignition = **46%**  
In **one hour** new spot fires or ignitions can reach **7 acres**.

### Specific Areas of Concern:

**Division L** – Fire spread still possible on most of the division. South and East aspects are of most concern. Fire will continue to creep down toward the North Fork of the Trinity River. Watch for roll out in areas of steep slopes.

**Division W/Y/Z** – Interior pockets will continue to burn with creeping fire. Heavy fuels will hold heat and burn. Roll out and snags along the line could be an issue.

**Division I** – Mostly creeping and smoldering fire. Heavy fuels will continue to burn out.

**AIR OPERATIONS:** Generally fair visibility. Valley bottoms will clear of smoke by mid-morning.

### SAFETY:

Smoldering is one stage of combustion of wildland fuels. It occurs after the flaming front has passed. It is most encountered during mop-up. Think of glowing embers.

The fundamental difference between smoldering and flaming combustion is that smoldering occurs on the surface of the solid rather than in the gas phase.

Smoldering occurs at a lower temperature than flaming combustion, thus it can be harder to detect.

Smoldering propagates in a creeping fashion, moving many times slower than flames.

Smoldering presents a significant hazard in wildland fire in that it can easily transition to a flaming fire. Think of that little ember hidden in a slash pile.

Mop-up of smoldering fire near containment lines is essential for complete containment and control of wildland fire.

Smoldering fire also emits toxic gases (e.g., carbon monoxide) at a higher yield than flaming fires. Rotate crews during heavy mop-up.

Send any fire behavior observations or photos to: [gregory.titus@fws.gov](mailto:gregory.titus@fws.gov)

<b>6. Control Operations/Work Assignments:</b>						
<p>Task: Patrol handlines from the north edge of fire on Hobo Gulch Road to Backbone Ridge, and southern lines from East Fork Creek to Backbone Ridge. Secure fire edge along Backbone Ridge from northern handline to the west towards North Fork Trinity. Mop up eastern fire edge along East Fork Creek and Hobo Road. Use air support to moderate fire activity west of the North Fork of the Trinity River. Maintain structure defense operations. Complete hazard tree mitigation along Soldier Creek Road to DP 31 then north to Big Bar.</p> <p>Purpose: Ensure that the current level of containment is not compromised. Increase the level of containment along the east flank of the fire. Ensure the continued protection of structures. Reduce hazards for travel within fire interior.</p> <p>End state: A containment objective to secure all fire lines on the division is met. Structure defense objectives are met and the threat to structures and private property is reduced.</p>						
<b>7. Special Instructions:</b>						
<p>Maintain communications with resources when entering or leaving Hobo Gulch Road. Watch for public driving on the East Fork Road. All resources traveling on Hobo Gulch Road will call out mile markers on assigned TAC channel. Work with REAFs for approval when planning work. Document work that is approved and completed within the wilderness boundary both on the map and with assigned REAFs. Consult a REAF or ARCH before any ground disturbance.</p>

<b>6. Control Operations/Work Assignments:</b>						
Task: Continue holding the Denny Road and monitor recently completed tactical firing area. Keep the Denny and Buyoff roads open (free of snags) for fire crews and residents to maintain access and egress.						
Purpose: Keep fire within existing containment lines and out of Trinity Village.						
End State: No further fire growth minimizing impact on the community of Trinity Village and the Highway 299 corridor.						
<b>7. Special Instructions:</b>						
Consult a REAF or ARCH before ground disturbance. Apply extra caution while traveling Denny road due to numerous blind corners, narrow roadway, and local public traffic.						
<b>** All Branch 50 personnel to be cloned today (9/28) at Willow Creek **</b>

<b>6. Control Operations/Work Assignments:</b>							
<p>Task: Work to the north of Dailey Ranch and continue prepping the Denny Road and town of Denny working to the northeast to the wilderness boundary. Ensure the Denny Road remains open to allow for ingress and egress of firefighters and residents. Provide structure defense around Daily Ranch, Denny, and New River Trailhead properties.</p> <p>Purpose: Keep the Monument fire within existing containment lines. In the event the River Fire begins to threaten Denny, protection measures are already in place.</p> <p>End State: Keep the Monument and River Fires on the east side of the New River. Minimize fire impact to private property and Forest Service infrastructure along Denny Road.</p>							
<b>7. Special Instructions:</b>							
<p>Note: The Denny Road is one way in and out and residents may still be at Dailey Ranch and Denny. Consult a REAF or ARCH before ground disturbance.</p> <p>Apply extra caution while traveling Denny road due to numerous blind corners, narrow roadway, and local public traffic.</p> <p><b>** All Branch 50 personnel to be cloned today (9/28) at Willow Creek **</b></p>

Incident Location: Shasta - Trinity National Forest  
County/State CALIFORNIA

Lat/Long

The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (Project 25).

**Medical Incident (8-Line) IC Work Flow:**

- Take charge of the scene – inform the Division Supervisor and Communications that you are the IWI IC and establish radio communications (frequencies, channels). Identify the emergency name – Division A Medical, etc.
- Assign or begin patient assessment using Medical Incident Report (8-Line) and first aid. Request additional medical resources on division/branch or across incident. Transmit Medical Incident Report patient information to Communications.
- Determine patient transportation through consultation with line medical personnel and Medical Unit Leader. Consider transportation time, risk to personnel, destination facility and available operational resources. If air transport is chosen, implement the plan for alternative transportation in the event aircraft cannot complete the mission. Order transportation resources through Communications as early as possible.
- Notify Communications as resources arrive and any patient status changes. Names of injured or deceased individuals will not be transmitted on the radio.
- Initiate documentation for future investigation; if a line safety officer is available, assign them to lead documentation. Do not move deceased individuals, gear, or personal effects except to accomplish rescue work or protect the safety of others. Obtain written documentation of witnesses. The Unit Log, ICS 214, may be used for the initial documentation, but a subsequent narrative will be required.
- As appropriate, conduct an After-Action Review to determine successes, areas to improve and lessons learned.

## HEALTH AND SAFETY MESSAGE

*“We don’t plan on luck to be safe, we plan on good risk management and good decisions”....the Red Team*

<b>INCIDENT:</b> Monument Fire	<b>DATE:</b> September 28 <sup>th</sup> , 2021
--------------------------------	--

**Major Hazards and Risks:** Mission Creep, Overhead Hazards, Incident Driving

**Hazard Tree** mitigation work continues in Branch 40 on several roads. There are overhead hazards across the incident. We say Look Up, Look Down, Look Around for many reasons. Stay alert for unstable timber – dead or green. Within this fire there are hazard trees resulting from old fire scars, freshly burned areas with unstable trees, and naturally occurring standing dead hazards. Green trees can also present hazards, so sharpen your search image when assessing potential risk. Recognize, mark, avoid or mitigate and share known hazards trees. Utilize appropriate tools for mitigating hazards. Qualified sawyers are certainly one tool but consider using heavy equipment whenever possible.

**Driving on the Incident:** Varying amounts of precipitation were received on the fire yesterday afternoon and early this morning. Most of the *major highways and roads* could still be moist and slick. You may encounter water in areas where it hasn’t been since the incident begin. **Be alert for other vehicles**, adjust your following distances and speed as needed. Statistically, driving is the most dangerous thing we do.

**Mission Creep:** If you are questioning what you are doing, maybe you shouldn’t do it at all. **Don’t hesitate to ask the tough questions** and make sure you know the big picture.

### *End State*

Know your objectives and what it should look like when they are completed....understand your Leader’s Intent

**Red Team Safety Officers:** Tony Rivers, Tommy Hawkins, Dave Stone, Thad Herzberger(T)

**AIR OPERATIONS SUMMARY**

## Human Resource Message

### When is a Joke - Not a Joke?

1. When it embarrasses someone,
2. When it is negative humor,
3. When it is a put-down because of sex, race, color, National origin, age, religion, mental or physical handicap.

Inappropriate behavior is often defined by the recipient of the behavior. This may make identifying it difficult because what is offensive to one person may be humorous or neutral to another. The key word is "Offensive". Although inappropriate behavior may be victim defined, behavior that is cruel, blatant, or potentially destructive will/should not be tolerated just because no one complained.

Are the horizontal lines parallel or do they slope?

*Human Resources Specialist: Karen Hartman*  
801-368-3493

# Monument Fire

## Infectious Disease Procedures

### HYGIENE AND PREVENTION

Good hygiene and social practices are key to maintaining a healthy workforce and keeping crews deployed and working at full efficiency during the 2021 wildland fire season. These practices can offer significant protection from a host of infectious diseases, common to communal living and working environments like wildland fire.

- Frequently wash hands with soap and water
- Liberally and regularly use hand sanitizer if soap & water unavailable
- Physically distance, at least 6 feet apart, whenever possible
- Facial coverings/masks should be always utilized when inside (yurts, vehicles, tents, structures) and when physical distancing is not possible outside
- Frequently clean and sanitize high touch or common surfaces like doorknobs, vehicle interior surfaces, desktops, etc.
- Avoid sharing personal items such as protective gear, utensils, food, and tools

### DAILY SCREENING QUESTIONS FOR POTENTIAL COVID

Every day, ask yourself, "Self, today or in the past 24 hours, have I had any of the following symptoms?"

- Cough more than expected?
- Shortness of breath or difficulty breathing?
- Fever? Chills?
- Muscle pain, outside your normal for firefighting?
- Sore throat?
- New loss of taste or smell?
- Fatigue, outside your normal for firefighting?
- Headache, outside your normal for firefighting?
- Congestion or runny nose, outside your normal for firefighting?
- Nausea or vomiting?
- Diarrhea?

If you answered "YES" to any of the above questions,

- ☑ Mask up and maintain social distancing
- ☑ Contact (or have your supervisor contact) Covid coordinator Seth Kirk at 479-640-2670.

# Help stop the spread of COVID-19

## DO YOU HAVE ANY OF THESE SYMPTOMS?

Fever, Chills, Cough, Shortness of Breath, Muscle Pain, Sore Throat or Loss of Taste or Smell, Positive test for COVID 19?

### DO NOT ENTER THE ICP OR CAMPS

- Employee notify supervisor of presumed or confirmed COVID-19 Symptoms
- Supervisors Notify Seth Kirk at 479-640-2670 or Medical unit if not available
- Isolation as necessary do not allow potential infected employees to interact with others maintain 6 foot spacing and place mask on patient until evaluated.
- IMT will notify and coordinate with COVID Advisor, and Public Health Department.

### The following testing location is available to all Monument Personnel

USDA FOREST SERVICE RAPID TESTING WITH COVID CLINIC

Use the QR code to begin registration for testing.

Or enter <https://mobile.covidclinic.org/USDA-Forest-Service/> into your web browser. The test is FREE.

1. Fill out PATIENTINFORMATION form.
2. Click **NEXT**
3. Test results will be shared with McFar and Tst@usda.gov. This autofill's.
4. Click on check box authorizing disclosure of test results.
5. Sign using auto generated pen option. This gives consent for test results, privacy policy, and Terms of Service.
6. Click **NEXT**
7. Click on the check box agree to Terms and Conditions and Privacy Policy.
8. Click on **PLACE ORDER**
9. You will receive an e-mail with an order number. Take the order number to the testing station and provide to the attendant. You do not need to make an appointment. USE the Left Lane

Your COVID Clinic Testing location is:

**Redding Clinic, 1055 Dana Drive, Redding, CA 96003**

Hours of Operation: Monday- Saturday: 0730- 1700 (7:30 a.m.- 5:00 p.m). Sunday: 0800- 1600 (8:00 a.m. - 4:00 p.m)

After you have finished registering for your test, check your email to confirm that you have successfully registered and retrieve/save your Order Number.

Upon your arrival at the Redding, CA clinic- wear a mask at all times and have your order number readily available.

We look forward to seeing you and thank you for doing your part to keep your community safe.

Please note that only positive antigen test will have a RT-PCR Test performed if in doubt about any of these symptoms, consult Medical Personnel.

## **MONUMENT FIRE - Finance Process**

**If you need assistance, please call**

**Equipment (425) 500-9475**

**Personnel (425) 500-9470**

***All timekeeping for the incident is occurring through the ICP in Redding. In addition, all Finance staff is located at the Holiday Inn in Redding.***

Please send all CTR's and Shift tickets to the inbox

**2021.monument.finance@firenet.gov**, using the following format.

(Example: **TIME/O-200/SBear/Safety**)

Those on Monument Branch 50, please ensure that you are using the Monument email address listed above and no longer send your time to the Knob email.

**Email Subject Line:** See example below.

**Email all documents that pertain to your assignment:**

<b>Agency Overhead</b>	<b>Agency ADs / EFFs</b>	<b>VIPR Resources</b>	<b>Contract / Agency Crews</b>	<b>Cooperators</b>
Resource Order Crew Time Reports (CTRs)	Resource Order Casual Hire Form CTRs	Resource Order VIPR Agreement Schedule of Items Inspections Shift Tickets	Resource Order Manifest Agreement / Contract Schedule of Items Inspections CTRs	Resource Order Agreement Shift Tickets / CTRs

**If you are unable to submit your time electronically, please submit Shifts Tickets or Crew Time Reports (CTRs) to the Information or PIO Unit located at each camp**

Please **include your email address and phone number** in the body of the email when sending your documents, so that we can easily contact you if there are questions.

## **COMP/CLAIMS Process**

(501) 246-6277 (Diane) or (213) 431-4035 (Alice)

**Injuries:** For federal employees and cooperators, if you are injured, please contact the COMP for the Authorization for Treatment (CA-16). *We can issue the form directly to the hospital or clinic.* The employee or supervisor should contact COMP/CLAIM as soon as possible.

**Replacement or Accidents:** For claims there are different forms needed based on the circumstances of the property loss or damage. Please contact COMP/CLAIM first to find out which forms are appropriate for your situation, and what additional information might be needed. This will expedite the process. Pictures are required for some situations.

*Unserviceable items must be turned into COMP if you are unable to replace at Supply.* If items are lost or damaged on the fire line, the fire suppression module must provide a copy of the module's standard inventory with the documentation (OF-189) of broken or unserviceable items.

<b>Motor Vehicle Accident</b>	<b>Property Loss or Damage*</b> <i>of items that cannot be replaced in Supply</i>
SF-91, Motor Vehicle Accident SF-94 Witness Statement (if app photos)	Modified OF-289 (2 pages) (ICS-213 form, replacement cost estimate, photos, resource order, police report if applicable and other supporting documentation)

**\*Claims for Employees privately owned items** - *Privately owned items must be processed through your home unit. COMP can assist in some situations. You will need to complete form AD-382 or DI-570.*

**All potential claims for or against the government by private parties must be referred to COMP/CLAIM unit.**

***Monument Fire Incident Training Program***  
A TNSP is assigned to this incident and will be performing the majority of duties “virtually”.

To receive documented credit for your assignment, scan the QR Code or click on the link below to access and complete the Trainee Registration Form. Once registered you will receive additional instructions via text. For training related questions, call Jim Mitchell (TNSP) at 619-247-9396 or email [jim\\_mitchell@fws.gov](mailto:jim_mitchell@fws.gov)

[Monument Fire - Incident Trainee Registration Form](#)

**PLEASE CONTACT THE TRAINING SPECIALIST ONE  
DAY PRIOR TO DEMOB TO BEGIN CLOSE-OUT  
PROCESS**

# How to get a Crew Swap or an Extension

## First, for both:

1. Talk to your DIVS to get approval.
2. Talk to your Home Unit Supervisor to get approval.
3. Obtain a crew swap or extension request form.
  - a. Ask your DIVS if they have one.
  - b. Visit one of the trailers at camp and have someone print one
    - i. available on teams General > Public Files > Forms\_Evals\_CTRs\_Extensions\_CrewSwaps
  - c. Scan the QR code on the front of the IAP
  - d. Email [2021.monument.checkin@firenet.gov](mailto:2021.monument.checkin@firenet.gov) and ask for one

## For Extensions

4. Fill out section A of the Extension Request Form.
5. Have your DIVS sign section B
6. In section C, Fill in the length of the extension. If you are taking R&R days, include those dates.
7. In section D, have your home unit supervisor's signature before submitting the request form. It WILL be sent back if that line is blank. If your supervisor isn't available to sign, a phone call or email is acceptable. Write something like "[supervisor's name] approval via phone [supervisor's phone number]."
8. Have your incident supervisor sign on line 2

## For Crew Swaps

9. See Step 3 to obtain the Crew Swap Form
10. Fill out the "Section 7 Message" of the form. Be sure to include:
  - a. The names of all the outgoing personnel
  - b. The names of all the incoming personnel
    - i. Include phone numbers and which person will be the new leader (if relevant).
11. Get your DIVS' signature in section 8
12. Submit the Crew Swap and Extension forms to [2021.monument.checkin@firenet.gov](mailto:2021.monument.checkin@firenet.gov)

---

If you have questions call: 425-500-9464 or email us at  
[2021.monument.checkin@firenet.gov](mailto:2021.monument.checkin@firenet.gov)

Do not leave a message if no one answers the phone, the voice mail is not checked.

---

# Monument Fire Demob Unit

## Demob Day Approaching?

### **CHECK-IN/DEMOB HOURS OF OPERATION: 0630-2000**

As your demob day approaches pay attention to the IAP Demob Schedule.

Alert DMOB if there are issues. We can only fix things we know about.

936-488-1231 or email: [2021.monument.demob@firenet.gov](mailto:2021.monument.demob@firenet.gov)

1. Ensure that your supervisor has released you from the incident using the Supervisor DMOB QR code, at least 24 hours in advance.
2. Contact FINANCE 24 hours prior to give them a heads-up you are departing:  
Phone: 425-500-9470
3. Turn in any outstanding CTRs/Shift Tickets. Make sure they're SIGNED.
4. Confirm no missing financial documentation. (See Finance Page for full information)

## *Need air travel to get home?*

IF YOUR RETURN METHOD OF TRAVEL IS BY AIR, CONTACT DMOB 72-HOURS BEFORE DEMOBING

Email: Gender, Date of Birth, Departing & Arriving Airport, Rental Car Return, email and phone number to: [2021.monument.demob@firenet.gov](mailto:2021.monument.demob@firenet.gov)

AIR TRAVEL PHONE: 936-488-1231

Ω We are using a virtual check-out process for demob. Ω

Complete instructions are included on the next page.

Questions? 936-488-1231

## **Extensions and Crew Swaps**

- Talk to your Division to get form and approval.
- Call the **Crew Swap/Extensions phone 425-500-9464** to virtually arrange a crew swap.
  - Completed Extension approval form is required to change last work day.
  - Email: [2021.monument.checkin@firenet.gov](mailto:2021.monument.checkin@firenet.gov)

# Monument Demob Instructions

Ensure that your supervisor has released you from the incident using the Supervisor DMOB QR Code, at least 24 hours in advance.

## On your Demob Day

### STEP 1

- Obtain a hard copy ICS-221 Demobilization Check-Out Form** from the copy trailer at Weaverville/Hayfork or Operations at Willow Creek.

### STEP 2

**Obtain signatures on ICS-221 from supply, communications, ground support and weed wash. Once completed take a picture of ICS-221 and send to Demob for clearance. 2021.monument.demob@firenet.gov.**

**SUPPLY** – Return gear and supplies.

- If nothing to turn in, contact supply and demob will clear you. – **334-604-1846 (Supply).**

**COMMUNICATIONS** – Return communications equipment

- If nothing to turn in, let demob know and they will verify your clearance

**GROUND SUPPORT** – Return pool NERV rentals, receive an inspection, etc.

- Be sure to get inspected BEFORE going through weed wash.
- Reminder: All vehicles which have been off-road must go thru weed wash in Junction City or Hayfork.
- If you have no business with GS, Demob will clear you – **803-360-6956 (Ground Support).**

### STEP 3

**FINANCE** – To finalize your finance paperwork, do the following:

- Monument Resources:** Please call 425-500-9470 to initiate your final OF-288 or OF-286.
  - o Virtual Demob, please email your final CTR/ST noting **Final** CTR/ST in the subject line of the email, please include your cell phone number. Monument Finance email – [2021.monument.finance@firenet.gov](mailto:2021.monument.finance@firenet.gov)
  - o In-Person Demob: If you are unable to do a virtual demob, please arrange for an in person demob at the Redding ICP. **Please keep your hard copy CTRs/STs to be turned in in-person.**

***You need your final, signed OF-288 Time Report or OF-286 Invoice BEFORE starting travel.***

### STEP 4

**Contact DMOB at 936-488-1231** and DMOB will verify that you have completed check-out. Be prepared to talk about your actual departure date and time, your anticipated arrival date and time, and where you will be staying if travel includes overnight stops away from fire camp.

**You must complete all four steps to be released in IROC.**

**CHECK-IN/DEMOB HOURS OF OPERATION: 0630-2000**

# Willow Creek Camp

# Hayfork Camp

### Medical Incident Report

**FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.**

**FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.**

Use the following items to communicate situation to communications/dispatch.

**1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report)**

*Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."*

**2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.**

*Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."*

Severity of Emergency / Transport Priority	<input type="checkbox"/> RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° – 3° burns more than 4 palm sizes, heat stroke, disoriented.</i> <input type="checkbox"/> YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. <i>Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.</i> <input type="checkbox"/> GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport <i>Ex: Sprains, strains, minor heat-related illness.</i>	
Nature of Injury or Illness & Mechanism of Injury		<i>Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)</i>
Transport Request		<i>Air Ambulance / Short Haul/Hoist Ground Ambulance / Other</i>
Patient Location		<i>Descriptive Location &amp; Lat. / Long. (WGS84)</i>
Incident Name		<i>Geographic Name + "Medical" (Ex: Trout Meadow Medical)</i>
On-Scene Incident Commander		<i>Name of on-scene IC of Incident within an Incident (Ex: TFLD Jones)</i>
Patient Care		<i>Name of Care Provider (Ex: EMT Smith)</i>

**3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)**

Patient Assessment: See IRPG page 106

Treatment:

**4. TRANSPORT PLAN:**

Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:

Helispot / Extraction Site Size and Hazards:

**5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:**

*Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication*

**6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable**

Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					

**7. CONTINGENCY: Considerations: If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.**

**8. ADDITIONAL INFORMATION: Updates/Changes, etc.**

**REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.**
