INCIDENT ACTION PLAN SRF LIGHTNING COMPLEX

OPERATIONAL PERIOD 10/10/2023 0700 – 10/15/23 0700 *Tuesday-Saturday*

P5 QKB4 (0510)

NOTES								

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name:	2. Operational Period:	Date From:	10/10/2023	Date To:	10/15/2023						
2023 SRF Lightning Complex		Time From:	0700	Time To:	0700						
3. Objective(s):											
Management Objectives											
 Prior to engagement, stop and discuss strategies and tactics to ensure sound risk management principles are in place to provide for firefighter and public safety. 											
- Implement fire suppression repair activities in accordance with Incident Resource Advisor and Cultural Specialists.											
- Minimize impacts to communities, cultural resources, natural resources including critical power, communications and other infrastructure, private property inholdings, Tribal Lands, timberlands, T.E.S. species, and watersheds.											
 Effectively manage costs by selecting and implementing strategies based on values at risk. 											
- Provide initial attack resources in coordination with the Six Rivers National Forest.											
Control Objectives				_							
Maintain fires within their current perimeters.											
A53.	an in conjunction with Asses	A dasisistants									
Stay in alignment with the suppression repair plant	an in conjunction with Agend	cy Administrators.									
General Situational Awareness:											
Steep and rugged terrain, active area for fire his	tory and drought stressed tr	rees.									
	ion, and arought ourocood a	-									
In the COVID-19 environment, high density pop	ulations or large groups are	particulary at risk	. To help prote	ct yourself,	, your

2023 SRF Lightning Complex Weather Transition Outlook

FORECAST NO: 54

PREDICTION FOR: Tuesday - Saturday (10/10-10/15)

FORECAST ISSUED: Monday, October 9, 2023

INCIDENT: 2023 SRF Lightning Complex

UNIT: Six Rivers NF

SIGNED: Chris Foltz Chris Foltz

Incident Meteorologist (IMET)

*** <u>FOR UP-TO-DATE I</u>NFORMATION, CONTACT NWS EUREKA, CA AT 707-442-2171 *** ***FOR SPOT FORECASTS, GO TO WEATHER.GOV/SPOT/REOUEST***

WEATHER DISCUSSION: Another round of precipitation is expected on Tuesday with showers off and on through much of the day. Light precipitation lingers into early Wednesday before ending. No precipitation is expected Thursday but the weather pattern will support additional precipitation over the weekend. Below normal temperatures are expected Wednesday with a return to near normal temperatures Thursday and Friday.

TUESDAY:

WEATHER: Mostly cloudy with periods of rain.

MAX TEMP: 44-65°

MIN RH: 65-80% CHC WTG RAIN (>0.10"): 100%

WINDS (20ft): Valleys: SW 10-14 mph, gusts to 20 mph

MIXING HEIGHT: 1,900'

MIN TEMP: 40-46°

MAX RH: 85-100%

EXPECTED PRECIP: 0.50-1.50" - locally higher

Mid-Slopes and Ridges: SW 17-21 mph, gusts to 30 mph

TRANSPORT WIND: SW 23 mph

WEDNESDAY:

WEATHER: Showers early becoming partly cloudy by afternoon.

MAX TEMP: 44-68°

MIN RH: 45-65%

CHC WTG RAIN (>0.10"): 30%

WINDS (20ft): Valleys: Terrain then NW 8-12 mph, gust 15

MIXING HEIGHT: 4,300'

MIN TEMP: 34-44°

MAX RH: 85-100%

EXPECTED PRECIP: T-0.10"

Mid-Slopes and Ridges: NW 9-13 mph, gusts to 18 mph

TRANSPORT WIND: N 9 mph

THURSDAY:

WEATHER: Partly cloudy becoming mostly cloudy by afternoon. Warmer.

MAX TEMP: 58-80°

MIN RH: 30-45%

MIN TEMP: 41-49°

MAX RH: 70-90%

CHC WTG RAIN (>0.10"): 0%

WINDS (20ft): Valleys: Terrain then NE 7-11 mph, gust 14

MIXING HEIGHT: 2,300'

EXPECTED PRECIP: None

Mid-Slopes and Ridges: NE 8-12 mph, gusts to 16 mph

TRANSPORT WIND: NW 9 mph

EXTENDED OUTLOOK (FRIDAY - SATURDAY): An unsettled weather pattern will result in scattered showers Friday into Saturday. Wetting rains are possible. Temperatures during this period will remain near normal with valleys seeing highs in the 70s to lower 80s while mid-slope and ridge temperatures will remain in the 50s to lower 60s. Winds will be offshore/downslope overnight before becoming from the southwest each afternoon with gusts of 20 to 25 mph. Moderate to excellent overnight humidity recoveries are expected.

OUTPUTS

GENERAL:

Overall, fire behavior will be minimal. Heavy fuels like snags, logs, heavy duff, stumps, and roots will harbor heat until successive waves of precipitation occur and extinguish it. By Friday, several days after precipitation, fuels may be dry enough for heat holding over in heavy fuels to begin spreading again. However, alignment of wind and slope will be required for significant perimeter growth. There is a chance for another round of precipitation late in the week, which may preclude any additional fire spread.

Projected Fire Behavior (in unburned, available fuels, on 40% slope, burning uphili):									
Fuel Type (40)	Max. Rate of Spread (ch/hr)	Max. Flame Length (ft)	Spotting Distance (mi)	Probability of Ignition (%)					
Grass/Shrub (GS2)	0 - 18	0-4	Up to 0.3	Up to 29					
Timber Understory (TU5)	0-8	0-7	Up to 0.3	Up to 29					

SPECIFIC FIRE BEHAVIOR: Tuesday - Saturday, October 10th - 14th, 2023

Pearch: Anticipate minimal fire activity for several days. Expect some heat to hold over in heavy fuels in the upper portions of the *Monte Creek* drainage. Even without perimeter growth, heavy fuels may continue to burn out, which may cause debris to roll down steep slopes. Rollout of debris could continue to affect Hwy 96. By Friday, small-scale perimeter growth might occur in upper Monte Creek.

Mosquito: Anticipate minimal fire activity for several days. Expect some heat to hold over (smoldering in heavy fuels and possibly creeping in sheltered fuels) in the in the areas that showed activity most recently: on *Dillon Mountain*, near the 14N21 Rd, and in the *Lightning Ridge* area. By Friday, a small amount of perimeter growth may be possible in these areas. Expect primarily low-intensity, creeping fire behavior if surface spread initiates within the 5-day timeframe. An interior pocket of heat just north of the *East Fork of Bluff Creek* may also begin to spread within the forecast period.

All Other Fires: Expect minimal to no fire activity through the forecast period.

AIR OPERATIONS

Smoke is not expected to limit air operations in the next 5 days. However, low clouds or high winds may affect operations.

SAFETY

As fire activity winds down, do not let your guard down. Make sure your work area is assessed for fire-weakened trees and potential rolling hazards (such as rocks & logs) when doing repair work and patrolling.

SRF LIGHTING COMPLEX

Date:

10/10-15/23

Operational Period:

ALL Shift

SAFETY MESSAGE

Fire fighter safety comes first on every fire, every time

Transition Day: Go Slow to Go Fast

Regardless of fire behavior or activities, transition is a likely time for things to slip through the cracks! Know who you are working for and establish good communication with them for accountability. If you don't know something, **ASK**. If you have helpful information pass it on. Remember that an obvious hazard to you may be unknown to others, unless YOU communicate it!!!

- There are new division supervisors, do you know who you are working for?
- Do you have an updated map?
- Do you know what command and tactical channels you are using?
- Do you know what to do in case of a medical emergency? (See the ICS 206)

Snags:

- There are dead and fire weakened trees throughout the burn area. Maintain strong situational awareness for snag issues in your work area at all times. Ensure a good size up of the area and only mop-up to the extent needed to secure the line. Look up, look down, and around.
- Perform a risk assessment before working in snags and evaluate the risk vs. benefit.

Suppression Repair:

- If you are working near heavy equipment, stay at least 100 feet in front and 50 feet behind all equipment. In timber, distances should be increased to 2.5 times the canopy height.
- · Have good communication with operator.

Driving:

 Highways are narrow and winding with steep drop offs. Dirt roads are slick with the current rain. They are steep with soft shoulders. The rain has caused rolling rocks to come onto the roadbed

THE TAKEAWAY MESSAGES HERE ARE ...

Know who you are working for, how to communicate to them and always maintain accountability. Communicate your concerns upward.

Safety Officer: Rich Harnden SOFC

HUMAN RESOURCE MESSAGE

I've Learned....

I've learned....

That just one person saying to me, "You've made my day!" MAKES MY DAY.

I've learned....

That no matter how serious your life requires you to be, everyone needs a friend to act goofy with.

I've learned....

That it's those small daily happenings that make life so spectacular.

I've learned....

That under everyone's hard shell is someone who wants to be appreciated and loved.

I've learned....

That to ignore the facts does not change the facts.

I've learned....

That everyone you meet deserves to be greeted with a smile.

I've learned....

That one should keep their words both soft and tender, because tomorrow they may have to eat them.

I've learned....

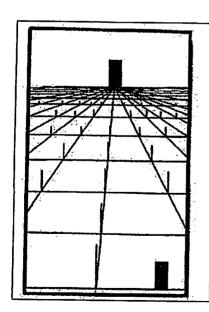

That a smile is an inexpensive way to improve your looks.

I've learned....

That I can't choose how I feel, but I can choose what I can do about it.

I've learned....

That it is best to give advice in only two circumstances; when it is requested and when it is a life threatening situation.

Which rectangle is bigger?

I've learned...that when it comes to optical illusions, the answer is always the simplest one.

They are the same size.

Human Resource Specialist: Karen Hartman

Keep up the good work!

SRF Lightning Complex FINANCE PROCEDURES

Finance Email: 2023, lightningcomplex.finance@firenet.gov

Please submit your documents ELECTRONICALLY.

(If you are completing CTRs/Shift Tickets on paper, you can take a picture, save it as a PDF and then email it.)

ALL RESOURCES — When emailing, please include your RO# in the subject line and on all documents.

Provide a contact phone number in your email.

For easy document submission, scan the QR codes.

At **check-in** submit the following:

- Resource Order
- Manifest/Roster
- Cooperator agreement or contract (w/correct resource highlighted)
- AD Casual Hire Form
- Vehicle Inspection Form

Daily submit the following:

- CTRs
- Shift Tickets

Ensure all CTR/Shift Tickets are signed and dated.

Contracted Resources: Please ensure daily hours worked do NOT exceed operational period without including written justification and supervisor's approval.

Recommended Naming of files:

- CTR_O99_231005 (for CTR RO#O99 dated 10/05/23)
- ST_E99_230930_1001 (for Shift Ticket E-99 dated 9/30/23-10/01/23)

Demobing soon? We will need the below documents to process your OF-288/286. At **DEMOB** submit the following:

- Final CTR/Shift Tickets w/ projected travel home
- Release Vehicle Inspection Form

If you have information to pass on to the timekeepers regarding your time, please use the remarks block of your CTR or Shift ticket. If you put it in the body of the email, there is a chance we may miss it. You are also welcome to stop by Finance and talk with us!

Training Specialist 2023 SRF Lightning Complex

The Training Specialist is working remotely. Training Specialist contact information for the 2023 SRF Lightning Complex:

- Robert Rivelle
- Important: If any Trainee or Trainer has any questions or concerns, call/text: 707.498.1761 "anytime".
- Email: robert_rivelle@nps.gov

How to register as a Trainee:

- 1. Use the QR code below or on the front of the IAP to register. If you're unable to register using the QR code, please call 707.498.1761.
- 2. Once registered, you will receive text and email updates.

How to close-out your training assignment:

- 1. Trainer and Trainee: Have a conversation, open dialog between both.
- 2. **Trainer:** Complete an Evaluation Record in the back of the Position Task Book and make as many entries as possible within the individual tasks. Discuss this with your Trainee.
- 3. **Trainer:** Complete an individual performance rating (ICS 225) and go over the performance rating with your Trainee.
- 4. **Trainee:** Text a photo or email your individual performance rating (ICS 225) to the Training Specialist.
- 5. Trainee: Complete the Trainee exit questions at the QR code below.
- 6. **Trainee:** Once 1-4 are completed, the Trainee and the Training Specialist will have a brief conversation to discuss the Task Book and assignment with the Trainee.
- 7. Done, except for safe travels home!

SRF Lightning Complex Emergency Notification Plan

On Call MEDL 24HR

925-324-9776

Day Shift

- Normal notifications through chain of command.
- DIVS musters appropriate available Division resources to respond.
- DIVS reports severity per the 206 (Red, Yellow, Green) via the command net to North Coast.
- MEDL and SOFC monitor and support response from ICP.
- Outside resources requests made through North Coast.
- MEDL coordinates with North Coast as needed to support appropriate response.
- SOFC make C&G notifications as appropriate.
- IC/SOFC to make AA and Forest notifications per delegation of authority.

Nighttime in Camp

- Contact MEDL emergency contact number for medical assistance.
- MEDL to coordinate and muster in-camp medical personnel as appropriate.
- MEDL/Medics determine treatment and transport decisions as appropriate.
- MEDL/SOFC make C&G notifications as appropriate.
- IC/SOFC to make AA and Forest notifications as appropriate.

On Call MEDL 24HR

Medical Incident Report

FOR A NON-EMERGENCY INCIDENT: WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.

FOR A <u>MEDICAL EMERGENCY</u>: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM COMMUNICATIONS

Use the following items to communicate situation to communications/dispatch.

1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report)

Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."

2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.

Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree.

Payuesting air ambulance to Expect Road 1 at // and 1

		out Meadow Medical Incid	dent, IC is TFLD Jones. EN	fT Smith is providing	g medical care."						
0. 1. 15		Ex: Unconscious, difficu	e or limb threatening i ity breathing, bleeding seve	erely, 2° – 3° burns r	nore than 4 palm size	s, heat stroke, disoriented.					
Severity of Emergency / Priority	ransport □1	☐YELLOW / PRIORITY 2 Serious injury or illness. Evacuation may be DELAYED if necessary. Ex: Significant trauma, unable to walk, 2° – 3° burns not more than 1-3 palm sizes.									
		☐ GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport Ex: Sprains, strains, minor heat-related illness.									
Nature of Injury or II & Mechanism of Inj						nry of Injury or Illness s, Struck by Falling Tree)
