SAFETY CULTURE (not the glove police)

WILDLAND
FIREFIGHTER
FOUNDATION

The culture of wildland firefighting is steeped in history and tradition, some good, some bad. Unfortunately, we have had to develop many of our policies after the death of firefighters. The National Fallen Firefighters Foundation has developed the "EVERYONE GOES HOME" program. There is a list of 16 Life Safety Initiatives. There is a lot of information! In today's safety message we will focus on just a few safety culture behaviors.

- **DRIVING:** Everyone in the cab needs to be looking out for hazards. Drivers: pay attention follow the rules of the road! If you aren't the driver, study the route, be a co-pilot not a backseat driver!
- **LEADERS:** Give relevant operational briefings before engaging the work. Read the IRPG Operational Leadership Principles. Go ahead, do it now, I can wait...
- **CREW MEMBERS:** Seek a mentor. Develop a strong work ethic by working hard, smiling, and caring more about your buddies wellbeing than your own.
- **PROFESSIONALISM:** Your words and actions reflect your character. You represent every firefighter out here. Be proud of that and be nice.
- **LEARN AND TRAIN:** Be a student of not just fire but the human interactions within the fire environment. Pay attention!
- **SEEK OUT THE OLD SALTY FIREFIGHTERS FOR SOME HISTORICAL PERSPECTIVE:** You don't know where you're going, until you know where you came from.
- **GIVE ATTENTION TO YOUR PERSONAL LIFE:** As you head home remember to re-enter life a bit slower with patience and care. De-stress using healthy techniques.
