

An aerial photograph capturing a wildfire in progress. A distinct fire line runs diagonally from the top left towards the bottom center. To the left of this line, the ground is covered in intense orange and yellow flames. To the right, a thick, billowing plume of grey and white smoke rises into the sky, partially obscuring the background. The smoke plume has a textured, almost cloud-like appearance. In the bottom right corner, some green trees are visible, appearing to be on the edge of the fire's reach.
