1	Post	Fence - Cut/Damaged	Fence damage dozer push see photo (minimal damage)	34° 42.151' N	118° 48.139' W	
2	Post	Fence - Cut/Damaged	Fence damage dozer push see photo Fence Repair needed. 2 strand barbed wire with 3ft sheep fencing.	34° 42.171' N	118° 48.386' W	
3	Post	Fence - Cut/Damaged	24ft section.	34° 47.540' N	118° 51.151' W	
4	Post	Fence - Cut/Damaged	Fence damage dozer push see photo	34° 42.155' N	118° 48.220' W	
5	Post	Fence - Cut/Damaged	Fence damage dozer push see photo	34° 42.149' N	118° 48.103' W	
6	Post	Fence - Cut/Damaged	Fence damage dozer push see photo	34° 42.164' N	118° 48.319' W	
7	Post	Fence - Cut/Damaged	Straight wire x3. Approx 30ft section.	34° 46.512' N	118° 52.266' W	
8	Post	Fence - Cut/Damaged	4 to 6 T post three strand straight wire dozer line went through fence. 2 blades	34° 46.889' N	118° 52.018' W	
9	Post	Fence - Cut/Damaged	Fence damage dozer push see photo	34° 42.158' N	118° 48.267' W	
10	Post	Fence - Cut/Damaged	Fence damage dozer push see photo (minimal repair)	34° 42.154' N	118° 48.190' W	
11	Post	Fence - Cut/Damaged	See photo point from dozer push	34° 42.186' N	118° 48.480' W	
12	Post	Fence - Cut/Damaged	Fence damage zone push see photo	34° 42.177' N	118° 48.435' W	
13	Post	Fence - Cut/Damaged	Fence damage dozer push see photo	34° 43.625' N	118° 48.258' W	
14	Post	Fence - Cut/Damaged	Fence damaged dozer push	34° 43.492' N	118° 48.209' W	
15	Post	Fence - Cut/Damaged	Fence damaged dozer push	34° 43.026' N	118° 48.123' W	
16	Post	Fence - Cut/Damaged	Fence damaged dozer push	34° 43.166' N	118° 48.158' W	
17	Post	Fence - Cut/Damaged	Steel gate damage dozer push see photo	34° 43.778' N	118° 48.233' W	
18	Post	Fence - Cut/Damaged	Potential damage to gate post dozer push	34° 43.873' N	118° 48.327' W	
19	Post	Fence - Cut/Damaged	Fence damaged dozer push	34° 43.265' N	118° 48.185' W	
20	Post	Culvert	Crushed pipe dozer line see photo	34° 42.828' N	118° 48.083' W	
21	Post	Fence - Cut/Damaged	Fence damage dozer push see photo One gate and one panel. 2, 4" metal pipe for posts and 4, 2" metal pipe for cross members. Will need to be replace panel and rehang gate. Will need a welder and paint, light blue. State parks owned property.	34° 43.404' N	118° 48.233' W	
22	Post	Fence - Cut/Damaged	property.	34° 43.777' N	118° 48.237' W	
23	Post	Fence - Cut/Damaged	Metal post, 2 strands of wire	34° 43.688' N	118° 48.222' W	
24	Post	Fence - Cut/Damaged	4 strand barbed wire 15ft	34° 47.612' N	118° 51.210' W	
25	Post	Fence - Cut/Damaged	25' 4 t post 3 strand non barbed	34° 45.512' N	118° 52.297' W	see above - HH FOBS 06.19.24
26	Post	Fence - Cut/Damaged	Metal post with 2 strands of wire	34° 45.697' N	118° 48.130' W	
27	Post	Fence - Cut/Damaged	Approx 20ft section. 3 strand straight wire.	34° 45.623' N	118° 52.151' W	
28	Post	Dozer Push	200x100 dozer push. 4-5 blades.	34° 46.212' N	118° 51.855' W	
29	Post	Fence - Cut/Damaged	4 strand barbed wire 15ft	34° 47.585' N	118° 51.198' W	
30	Post	Fence - Cut/Damaged	4 strand barbed wire 15ft	34° 47.584' N	118° 51.175' W	
31	Post	Fence - Cut/Damaged	Metal post, 3 strands of wire	34° 45.644' N	118° 49.064' W	
32	Post	Fence - Cut/Damaged	4 strand barbed wire 15 ft	34° 47.585' N	118° 51.188' W	
33	Post	Dozer Push		34° 47.024' N	118° 51.464' W	
34	Post	Dozer Push		34° 47.062' N	118° 51.483' W	
35	Post	Fence - Cut/Damaged	4 strands of barbed wire 15ft	34° 47.607' N	118° 51.159' W	
36	Post	Fence - Cut/Damaged	40' 5T posts three strand non-barbed	34° 46.496' N	118° 51.999' W	
37	Post	Fence - Cut/Damaged	Mix of metal and raw wood posts, 3 strands of wire	34° 45.594' N	118° 47.867' W	
38	Post	Fence - Cut/Damaged	4 strand barbed wire 15ft	34° 47.586' N	118° 51.209' W	
39	Post	Fence - Cut/Damaged	Meta post, 3 strands	34° 43.773' N	118° 48.152' W	
40	Post	Fence - Cut/Damaged	4 strand barbed wire 15ft	34° 47.608' N	118° 51.180' W	
41	Post	Dozer Push		34° 46.976' N	118° 51.520' W	

42	Post	Repair Point	Sign post pushed over by dozer	34° 43.903' N	118° 48.265' W
43	Post	Dozer Push	Approx 50x50 dozer push.	34° 45.803' N	118° 51.875' W
44	Post	Fence - Cut/Damaged		34° 47.470' N	118° 50.081' W
45	Post	Fence - Cut/Damaged	40' three strand non-barbed 5T post	34° 46.448' N	118° 51.975' W
46	Post	Fence - Cut/Damaged	3 strand straight wire. Approx 40ft section.	34° 46.269' N	118° 51.885' W
47	Post	Fence - Cut/Damaged	4 strand barbed wire 15ft	34° 47.610' N	118° 51.204' W
48	Post	Repair Point	Two electrical wires severed,	34° 43.899' N	118° 48.266' W
49	Post	Stream Crossing	Single dozer blade puss across creek/stream bed	34° 47.330' N	118° 51.385' W
50	Post	Fence - Cut/Damaged	3 strand barbed wire 15 ft	34° 47.501' N	118° 51.265' W
51	Post	Dozer Push		34° 44.297' N	118° 52.016' W
52	Post	Dozer Push		34° 43.752' N	118° 51.507' W
53	Post	Dozer Push	Trees and bushes medium pile	34° 43.625' N	118° 51.349' W
54	Post	Dozer Push	Large brush pile and broken barbed wire	34° 45.554' N	118° 52.221' W
55	Post	Dozer Push	Several push piles in a large 4-6 blade wide dozer track	34° 43.497' N	118° 50.981' W
56	Post	Dozer Push		34° 44.391' N	118° 52.087' W
57	Post	Dozer Push		34° 43.681' N	118° 51.383' W
58	Post	Dozer Push	Medium pile of brush and trees	34° 43.595' N	118° 51.281' W
59	Post	Dozer Push	Small push pile	34° 45.531' N	118° 52.248' W
60	Post	Dozer Push		34° 44.169' N	118° 51.911' W
61	Post	Dozer Push	Trees and bushes	34° 43.641' N	118° 51.388' W
62	Post	Dozer Push		34° 43.396' N	118° 50.842' W
63	Post	Fence - Cut/Damaged	Broken fence at wooden post. 3 strand smooth wire	34° 44.432' N	118° 52.042' W
64	Post	Fence - Cut/Damaged	Duplicate point	34° 45.514' N	118° 52.298' W
65	Post	Dozer Push		34° 44.365' N	118° 52.065' W
66	Post	Fence - Cut/Damaged	2 wood posts, metal column, 2 metal pickets, hog wire fence	34° 44.774' N	118° 49.233' W
67	Post	Road Repair	Dozer push toward west downslope corner of rd	34° 46.778' N	118° 51.222' W
68	Post	Fence - Cut/Damaged	Cut fence for patrol access	34° 46.758' N	118° 51.705' W
69	Post	Culvert	Damaged culvert from dozer tracks downhill side of road	34° 46.675' N	118° 51.546' W
70	Post	Fence - Cut/Damaged	4 in solid wood post fence damaged by dozer FOBS Henderson 6/19	34° 46.131' N	118° 49.518' W
71	Post	Fence - Cut/Damaged	4 in solid wood post fence damaged by dozer FOBS Henderson 6/19	34° 46.183' N	118° 49.603' W
	Post	Gate	Metal gate broken open - follow up required to determine if from suppression personnel	34° 44.821' N	118° 49.382' W
72	Post	Fence - Cut/Damaged	4 in solid wood post fence damaged by dozer pushing through FOBS Henderson 6/19	34° 46.075' N	118° 49.442' W
73	Post	Fence - Cut/Damaged	1 blade wide dozer push	34° 46.785' N	118° 52.018' W
74	Post	Fence - Cut/Damaged	3 smooth strand wire fence 25ft FOBS Henderson 6/19	34° 45.881' N	118° 49.164' W
75	Post	Road Repair	Tiny single blade dozer push w/ 3' berm	34° 46.708' N	118° 51.142' W
76	Post	Fence - Cut/Damaged	4 in solid wood post fence damaged by dozer FOBS Henderson 6/19	34° 46.098' N	118° 49.463' W
77	Post	Culvert		34° 42.687' N	118° 47.922' W
78	Post	Fence - Cut/Damaged	4 strand barb wire	34° 41.868' N	118° 47.812' W

Use crews or dozer - HH FOBS
06.19.24

Only crew needed quick job -
HH FOBS 06.19.24

79	Post	Fence - Cut/Damaged		34° 42.893' N	118° 48.156' W	
80	Post	Fence - Cut/Damaged	Dozer range on both sides of road: one side wire renace metal picket posts other side barb wire with metal picket posts	34° 43.491' N	118° 48.210' W	
81	Post	Fence - Cut/Damaged	Massive erosion downslope side of road likely from dozer track	34° 46.700' N	118° 51.235' W	See photo
82	Post	Stream Crossing	Class 3 watercourse single blade dozer ran through lots of sedimentation	34° 43.219' N	118° 50.863' W	Need: excavator - HH FOBS 06.19.24
83	Post	Fence - Cut/Damaged	solid 4 inch wooden fence knocked down and broken by dozer.	34° 45.867' N	118° 48.942' W	
84	Post	Fence - Cut/Damaged	4 in solid wood post fence damaged by dozer FOBS Henderson 6/19	34° 45.863' N	118° 48.935' W	
85	Post	Fence - Cut/Damaged	Dozer push debris damaged fence	34° 43.020' N	118° 50.088' W	HH FOBS 06.19.24
86	Post	Dozer Push		34° 43.482' N	118° 48.250' W	Completed
87	Post	Stream Crossing	Class 3 watercourse single blade dozer ran through lots of sedimentation	34° 43.206' N	118° 50.876' W	Need: excavator - HH FOBS 06.19.24
88	Post	Repair Point	Utility cover plates damaged by dozer	34° 44.662' N	118° 48.742' W	
89	Post	Fence - Cut/Damaged	Dozer punch for access route to DIV T & 1 wire cut	34° 43.274' N	118° 50.847' W	HH FOBS 06.19.24
90	Post	Fence - Cut/Damaged	1 blade dozer push, tree fallen over onto fence	34° 42.983' N	118° 50.033' W	HH FOBS 06.19.24
91	Post	Fence - Cut/Damaged		34° 46.452' N	118° 49.967' W	
92	Post	Dozer Push	Huge brush pile for chipping mulch over dozer tracks	34° 44.147' N	118° 51.899' W	HH FOBS 06.19.24
93	Post	Road Repair	Restore trail to previous condition	34° 44.644' N	118° 52.206' W	See dozer line repair comment - HH FOBS 06.19.24
94	Post	Road Repair	Restore trail to original condition There is dozer damage to the fence here. It runs from here down to frontage road. Unclear if new or old dozer push caused this. About	34° 44.659' N	118° 52.258' W	See dozer line repair comment - HH FOBS 06.19.24
95	Post	Fence - Cut/Damaged	50 metal pickets and barb wire needed. North side of road.	34° 45.584' N	118° 48.091' W	
96	Post	Fence - Cut/Damaged	4 strand straight wire with aluminum piping and T posts. Approx 20ft.	34° 35.058' N	118° 43.413' W	Dozer damage to fence posts and line.
97	Post	Dozer Push	100x100 dozer push	34° 37.869' N	118° 45.467' W	
98	Post	Dozer Push	2 blade	34° 37.523' N	118° 45.874' W	
99	Post	Dozer Push	3 blade dozer push	34° 37.882' N	118° 45.486' W	
100	Post	Dozer Push	100x100	34° 37.829' N	118° 45.774' W	
101	Post	Dozer Push	100x100	34° 37.512' N	118° 46.153' W	
102	Post	Fence - Cut/Damaged	20' 4 strand 1-2 galvanized pipe with top bar. Top bar is not damaged sitting next to fence.	34° 35.039' N	118° 43.344' W	
103	Post	Dozer Push	50x50 dozer push	34° 37.959' N	118° 45.420' W	
104	Post	Fence - Cut/Damaged	3 strand smooth wire punched through with single blade dozer	34° 43.278' N	118° 50.729' W	HH FOBS 06.20.24
105	Post	Dozer Push	300x100	34° 35.463' N	118° 43.741' W	
106	Post	Dozer Push	2 blade	34° 37.530' N	118° 46.022' W	
107	Post	Dozer Push	2 blade	34° 37.715' N	118° 45.893' W	
108	Post	Dozer Push	500x500	34° 35.352' N	118° 43.667' W	

109	Post	Dozer Push	100x100 dozer push	34° 37.994' N	118° 45.310' W	Dozer damage to fiberoptic cables
110	Post	Repair Point	Fiber cable line middle of dozer push	34° 34.899' N	118° 43.107' W	
111	Post	Dozer Push	200x200	34° 35.390' N	118° 43.726' W	
112	Post	Dozer Push	4 blade	34° 37.765' N	118° 45.871' W	
113	Post	Dozer Push	1 blade	34° 37.483' N	118° 45.834' W	
114	Post	Dozer Push	200x200	34° 37.827' N	118° 45.497' W	
115	Post	Stream Crossing	Class 3 watercourse priority	34° 42.844' N	118° 51.343' W	Need: dozer - HH FOBS 06.20.24
116	Post	Road Repair	6 blade dozer push over trail	34° 43.499' N	118° 50.973' W	
117	Post	Fence - Cut/Damaged	6 blade dozer push destroyed section of fence	34° 43.502' N	118° 50.992' W	HH FOBS 06.20.24
118	Post	Dozer Push		34° 43.502' N	118° 50.989' W	Need excavator
119	Post	Stream Crossing		34° 43.202' N	118° 50.762' W	
120	Post	Stream Crossing	2 blade push through class 3	34° 43.227' N	118° 50.838' W	
121	Post	Stream Crossing		34° 43.195' N	118° 50.751' W	Fed Specs: 1-6%: 300ft 7-9%: 200ft 10-14%: 150ft 15-20%: 90ft 21-40%: 50ft 41-60%: 25ft Build tank trap
122	Post	Stream Crossing		34° 43.209' N	118° 50.803' W	
123	Post	Repair Point	Additional waterbar(s) per FED Specs (~500ft between tank trap to 1st waterbar)	34° 35.683' N	118° 44.300' W	Build tank trap
124	Post	Repair Point	Needs tank trap	34° 35.152' N	118° 43.541' W	
125	Post	Road Repair		34° 44.619' N	118° 52.199' W	Lower (outlet) end of waterbar incomplete or damaged by dozer tracks. Needs repair / completion per Fed specs Increase the number/density of waterbars on steep slopes per FED specs. 1-6%: 300ft 7-9%: 200ft 10-14%: 150ft 15-20%: 90ft 21-40%: 50ft 41-60%: 25ft
126	Post	Repair Point	Damaged/incomplete waterbar	34° 35.035' N	118° 43.381' W	
127	Post	Repair Point	More waterbars per Fed Specs	34° 34.734' N	118° 42.916' W	Need: excavator - HH Repair 06.21.24
128	Post	Road Repair	Small ohv trail pushed through	34° 44.599' N	118° 52.170' W	
129	Post	Hazard Tree	Pruned up mature hardwood lots of felled 6"+ pieces	34° 42.838' N	118° 49.614' W	HH RepairSpec 06.21.24
130	Post	Repair Point	Tank trap needed	34° 35.087' N	118° 43.435' W	Build tank trap

131	Post	Stream Crossing		34° 44.614' N	118° 52.193' W
