

2018 XSB JANUARY STORMS

CA-MTO-000071

INCIDENT ACTION PLAN

OPERATIONAL PERIOD

1/14/2018 0700

to

1/15/2018 0700

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: 2018 XSB JANUARY STORMS	2. Operational Period: Date From: 1/14/2018 Date To: 1/15/2018 Time From: 0700 Time To: 0700
---	---

3. Objective(s):

Management Objectives

- Protect life, property, and the environment.
- Provide for and maintain public and first responder safety by utilizing the incident safety analysis process.
- Mitigate all threats to critical infrastructure and improvements, watershed, and historical assets.
- It is the Unified Commander's Leader's Intent to ensure transparent, timely communication at all levels of the incident and to the affected communities.
- Be financially responsible for all assigned management and debris flow/flood fight methods.
- Foster and enhance community and political relationships.
- All management actions and efforts will focus on serving and safeguarding the citizens and resources of Santa Barbara County.

Control Objectives

- Search for and recover victims of debris flows/flooding in the affected areas.
- Render areas safe for restoration of essential services.
- Enhance situational awareness in the areas impacted by the debris flows and flooding.

General Situational Awareness

Spot Forecast for XSB January Storms

National Weather Service Los Angeles/Oxnard CA

.DISCUSSION...

High pressure with warm, dry conditions will remain over the incident location through Monday. Weak offshore gradients will continue through Sunday night, with northeast winds during the night to morning hours. The flow will shift to weakly onshore by Monday afternoon.

A weak cold front will approach the Central Coast Monday into Tuesday, with a slight chance of rain for areas north of Santa Maria. There is a 10% chance that very light showers will affect the incident area late Monday night into Tuesday morning.

Another, slightly stronger storm system will be possible late Thursday through Friday. At this time, rainfall totals look to be less than 0.20 inches for the incident area.

SUNDAY...

Sky/weather.....Mostly sunny.

Chance of pcpn.....0 percent.

Max temperature.....72-75.

Min humidity.....16-21 percent.

Surface winds.....Northeast winds 5 to 10 mph becoming southwest 3 to 6 mph late in the afternoon.

SUNDAY NIGHT...

Sky/weather.....Partly cloudy.

Chance of pcpn.....0 percent.

Min temperature.....Around 52.

Max humidity.....85-95 percent.

Surface winds.....Variable 3 to 6 mph becoming northeast 3 to 6 mph late.

MARTIN LUTHER KING JR DAY...

Sky/weather.....Mostly sunny.

Chance of pcpn.....0 percent.

Max temperature.....68-70.

Min humidity.....25-30 percent.

Surface winds.....East 3 to 8 mph becoming southwest to west 6 to 12 mph in the afternoon.

SAFETY MESSAGE

Never give safety a day off.

- Look out for falling rocks and debris.
- Identify and make everyone aware of escape routes.
- Multiple operations are occurring on the incident. Communicate accordingly.
- Treat ALL power lines as if energized. Beware of natural gas line hazards.
- Slow down on the roadways and help reduce the dust.
- Watch for excessive fatigue. TAKE BREAKS as needed.
- Monitor your hydration intake and keep adequate supplies.

Exercise caution while driving on the incident and in the surrounding communities.

INCIDENT RISK ANALYSIS ICS 215A

BRANCH	HAZARDOUS ACTIONS/ CONDITIONS	MITIGATIONS/WARNINGS/REMEDIES
ALL	DRIVING HAZARDS	<ul style="list-style-type: none"> • Be alert for potential muddy and slick road surfaces. • Evaluate bridges for structural compromises. • Slow down to reduce dust production.
ALL	HAZARDOUS STRUCTURE	<ul style="list-style-type: none"> • Follow Structure Size Up (IRPG p.13). • Be aware of propane tank and natural gas hazards. • Scout areas prior to committing resources to work assignments. • Void spaces (pools and wells) may be hidden by mud and debris.
ALL	HAZARDOUS TREES	<ul style="list-style-type: none"> • Follow Hazard Tree Safety Guidelines (IRPG p. 22). • Many of the trees within the inundation zone and along roadway may be compromised.
ALL	FATIGUE	<ul style="list-style-type: none"> • Monitor incoming and outgoing resources for level of fatigue. • Provide sufficient rest during the work cycle.
ALL	HEAVY EQUIPMENT	<ul style="list-style-type: none"> • Review Working with Heavy Equipment (IRPG p.80) • Stay at least 100 feet in front and 50 feet behind the equipment.
ALL	TRAFFIC HAZARDS	<ul style="list-style-type: none"> • Watch for utility vehicles in your areas. • Keep apprised of road closures in the area.
ALL	PERSONNEL SAFETY/HYGIENE	<ul style="list-style-type: none"> • All personnel are responsible for their personal safety. • Be sure to wear all required PPE while on assignment. • Wash hand prior to eating and after using the facilities. • Decontaminate personnel protective equipment after your shift.
ALL	POWER LINES/UTILITIES	<ul style="list-style-type: none"> • Follow Power Line safety guidelines (IRPG pg.24) • Treat all downed power lines as energized. • Identify and avoid natural gas lines. • Be aware of damaged gas services near structures.
ALL	HYDRATION	<ul style="list-style-type: none"> • Drink water before, during and after each shift. • Be alert for signs of heat stress in yourself and others.
ALL	COMMUNICATIONS	<ul style="list-style-type: none"> • Check the communication plan for frequency assignments.
ALL	BRIEFINGS	<ul style="list-style-type: none"> • Make sure everyone gets a briefing on the plan for the day. • Document this on your ICS 214.
ALL	LCES	<ul style="list-style-type: none"> • Ensure that LCES is being utilized.
ALL	AIRCRAFT AWARENESS	<ul style="list-style-type: none"> • Be aware of rotor wash when working near helicopters. • Understand that hazard trees may react to helicopters overhead. • Monitor assigned aircraft frequencies.
ALL	DEBRIS FLOWS	<ul style="list-style-type: none"> • Work within your current training and qualifications. • Watch for shifting material.
ALL	SEARCH and RECOVERY OPERATIONS	<ul style="list-style-type: none"> • Do not get complacent. • Pace yourself and your crew for the work assignment. • Watch your footing, be cautious of slips, trips and falls.

8. MEDICAL EMERGENCY PROCEDURES

LINE EMERGENCY: Crew Supervisor to contact Division Supervisor with patient complaint/condition and location.

- Division Supervisor contacts:
 - Line EMT / PM
 - Communications Unit
- Communication Unit will clear command channel for emergency traffic as needed for Major/Minor incident
- Communications will switch all emergency traffic to **CALCORD** as required for Emergency
- Communications Unit contacts:
 - Medical Unit
 - Safety
 - Operations
- Division Supervisor will run medical emergency on CALCORD/ Assigned Command.
- Medical Unit will:
 1. Dispatch air/ground ambulance to as appropriate.
 2. If necessary, after patient pickup, dispatch ambulance to helibase for transportation
 3. Notify receiving hospital of injury status.

CAMP EMERGENCY: Contact Medical Unit with patient complaint/condition and location. Medical Staff will respond to stabilize incident:

INJURY REPORTING PROCEDURES

NATURE OF INJURY _____

LOCATION OF PATIENT _____

TRANSPORTATION REQUESTED BY: AIR ___ GROUND ___

POINT OF PICKUP _____

LAT _____ LONG _____

PATIENT UNIT ID _____

REMINER: DO NOT GIVE PT NAME OVER RADIO
IS AN EMT WITH PATIENT: YES ___ NO ___

AGE _____

SEX: MALE ___ FEMALE ___

ALL EMERGENCIES---Secure the area and identify witnesses for later investigation. Keep an accurate log of events.

TRAINING MESSAGE

Make Your Training Count

The Incident Training Specialist is located behind the Check-In table; Hours of operation are 0630 to 2000 hours. **If you are a trainee or have a trainee working with you please stop by to register your training assignment.** It is very important that you register early!

Focus on:

- What training task have you experienced during your assignment*
- How can you take advantage of opportunities during the remainder of your assignment?*
- Document in the taskbook promptly while it's fresh in your mind.*

***Division/Group Supervisor and Strike Team Leader Trainee's:
Check-in to the Training Tech to capture your training experience**

If you have any questions please call us:

Matt Seybert TNSP (T) 714-875-4040

INCIDENT MANAGEMENT TEAM 3

DEMOBILIZATION MESSAGE 2018 January Storms CA-MTO-000071

We appreciate your efforts during this incident and want to make sure that we get you to your next destination safely and efficiently. When we begin demobilization, a Tentative Demobilization List will be posted in several places around base camp, including the briefing area and the eating area. If you are on this list, please adhere to the following:

SHOW UP AT THE DESIGNATED TIME

- Show up at the designated time.
- Do not show up early.
- Do not show up late.

A demobilization schedule has been prepared in careful coordination with all essential demobilization functions. Not following the demobilization schedule can have significant negative impacts on the Demobilization Unit staff and all other resources scheduled for demobilization. We do not want you or any other resources to have unnecessary delays. Please adhere to your scheduled demobilization time.

BE PREPARED FOR A RE-ASSIGNMENT

There may be other incidents in the state that are in need of resources. There is a possibility that some of the resources released from this incident will be immediately assigned to another one. Please make sure you are properly supplied, rested, and nourished while waiting for your designated demobilization time.

BE THOROUGH AND EFFICIENT

Demobilization begins and ends at the Demobilization Unit. Please follow the instructions given to you when starting the demobilization process. Returning to the Demobilization Unit with a complete and accurate Demobilization Check-Out (ICS-221) form will help prevent any unnecessary delays and ensure you are shown as available for future assignments. Unforeseen delays can occur during the demobilization process, such as mechanical issues discovered while at Ground Support. Plan to visit the Time Unit towards the end of the demobilization process in order to provide an accurate accounting of your time.

PUBLIC INFORMATION SECTION

Incident Information Line: (833) 688-551
Via Text Messaging: (805) 699-0165
Incident Media Line: (805) 996-0579

STATUS

Incident Type: Winter Storm	Cause: Heavy Winter Rain
Incident Location: Montecito	Total Personnel:
Area: 30 Square Miles	Containment: N/A

Update

MEDIA – The California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. More information can be found [here](#).

409.5

CAL FIRE SOCIAL MEDIA POLICY – When assigned to a CAL FIRE incident, you will adhere to the CAL FIRE Social Media Policy, Section 0691. You can find further information about the CAL FIRE Social Media Policy [here](#).

Social Media

PHOTOGRAPHS AND VIDEOS OF INCIDENT – We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics.

LOST AND FOUND – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well.

MAIL SERVICE – The Information Section can assist you with sending and receiving mail.

FINANCE SECTION MESSAGE

All Local Government Resources need to check in with the CAL OES Representative in Warren Hall.

Please make sure all injuries, no matter how minor, to the Comp Claims Unit and Medical Unit.

Please make sure hired equipment shift tickets are completed for all private vendors and dropped off in the Time Unit.

Shift tickets need to be completed by agency personnel / line supervisors only.

Absolutely no off site feeding or purchases charged to the incident. These will be approved on a case-by-case basis by the Logistics and Finance Section Chief's.

All Finance functions are located in Warren Hall.

Roger F. Raines Jr., FSC1, IMT3

Shawn Hogan, Deputy FSC1

In readiness is all

In readiness is all

Peer Support

We are all experiencing a devastating crisis.

Local state and federal cooperators.

We are many agencies: Law Enforcement, Fire, EMS, Private Contractors, and Military.

There are many kinds of trauma, grief and losses present. We are all human and these things can have impact on all of us, no matter who you are or what your background. These include:

- Some of us live here, and may know somebody that has suffered a loss.
- The effects from this current incident as well as recent incidents.
- Dealing with multiple evacuations and rescues in high intensity environments.
- The large magnitude and destruction of residences, commercial buildings, critical infrastructure and community landmarks.
- Extensive media presence.
- Dealing with fatalities and ongoing search for missing persons.
- Repopulation and the anguish we witness from the community.
- Providing emotional support for the community and each other.
- The time spent away from our families.

All of these stressors and more can pile up. The cumulative effect of these stressors, along with the stresses of normal daily life can feel overwhelming.

We all need to stick together, take care of ourselves and each other. Talking about your experiences with a Peer is a great way to lessen the impact.

We know how to watch out for each other on the fire line for our physical safety. The same is necessary for our emotional and psychological safety.

Come by the Peer Support Tent, we are on the grass adjacent to the briefing area.

Critical Incident Stress Management (CISM)

Information Sheet

Stress is a normal part of every significant job. At different times during your career with the Department, your level of stress may reach a significant or critical point. An acute stress reaction is frequently related to a specific unusual event (death of a co-worker, multi-casualty incident, severe dismemberment or disfigurement of a victim, death of a child, personally knowing or relating to the victim, etc.) A delayed reaction may happen days, weeks, and/or years after an event. This typically occurs after you are re-exposed or "triggered" by a similar sight, sound, smell, taste, touch, or situation. Cumulative stress is the buildup of stress over time and/or when you are experiencing significant amounts of stress simultaneously in your life. This buildup may eventually reach a critical mass resulting in a stress reaction.

A stress reaction is an important signal - it is your body's way of coping with the temporary state of being overwhelmed by a situation. The duration of symptoms (hours, days, weeks or months) depends on your personal circumstance. However, once properly addressed, most acute stress reaction will significantly lessen within 24-72 hours and a thoughtful combination of stress management strategies will lessen the impact of most situations.

Some common signs and symptoms of a stress reaction are:

<u>Physical</u>	<u>Cognitive</u>	<u>Emotional</u>	<u>Behavioral</u>
<ul style="list-style-type: none"> • Rapid Heart Rate • Elevated BP • Increased Respirations • Profuse Sweating • Nausea • Dizziness • Muscle Tremors • Twitches • Head Aches • Thirst • Chills • Fatigue • Muscle Weakness • Grinding of teeth • Fainting • *Chest Pain • *Difficulty Breathing • *Shock Symptoms <p><u>*Needs Immediate</u></p> <p style="text-align: center;"><u>Medical Attention</u></p>	<ul style="list-style-type: none"> • Poor and/or impaired <ul style="list-style-type: none"> ○ Concentration ○ Problem Solving ○ Attention ○ Decision Making ○ Abstract Thinking • Memory Problems • Confusion • Heightened Awareness • Heightened &/or Lowered Awareness • Difficulty identifying familiar objects or people. • Loss of time, place, or person orientation. • Disturbed Thinking • Morbid Thinking • Nightmares • Intrusive Images, Ect. 	<ul style="list-style-type: none"> • Shocked, Numb • Indifference/cut off • Denial • Feeling overwhelmed • "inappropriate" emotional response • Indecisiveness • Loss of Control • Intense anger/rage • Blame (self &or other) • Guilt • Hate • Irritability • Agitation • Anxiety • Apprehensive • Fear • Grief • Extreme Sadness • Depression 	<ul style="list-style-type: none"> • Increased and/or Decreased: <ul style="list-style-type: none"> ○ Appetite ○ Sleep ○ Sex Drive ○ Drug/Alcohol cravings ○ Energy Level • Change in activity • Change in speech • Change in usual communications • Emotional outburst • Withdrawal • Crying • Non-specific bodily complaints • Somatization • Internalization • Intensified startle reflex • Hyper alert to environment • Inability to rest • Pacing
