Minimal Smoldering							
Narrative:							

Incident: MINERAL

Heavy material will continue to burn down in the interior of the burn. Areas of steep drainages limit access.

29. Primary Fuel Model, Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc):

Chaparral (6 feet) Tall Grass (2.5 feet)

**Timber (Grass and Understory)** 

Narrative:

Fire is burning in steep terrain and in decadent fuels with no fire history.

- 36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour time frames:
- 12 hours: Crews will continue to mop-up and patrol, keeping the fire within established fire perimeter.
- 24 hours: Crews will continue to mop-up and patrol, keeping the fire within established fire perimeter.
- 48 hours: Crews will continue to mop-up and patrol, keeping the fire within established fire perimeter.
- 72 hours: Crews will continue to mop-up and patrol, keeping the fire within established fire perimeter.

Anticipated after 72 hours: Crews will continue to mop-up and patrol, keeping the fire within established fire perimeter.

- 37. Strategic Objectives (define planned end-state for incident):
- Provide for emergency personnel and public safety at all times.

Protect property, improvements, and infrastructure.

Ensure coordinated, timely and accurate release of public information.

Foster and maintain relationships with all cooperators and stakeholders.

Protect economic, natural, cultural, and heritage resources.

Maintain fiscal accountability and keep costs commensurate with values at risk.

- 38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:
- 12 hours: Incident threat is expected to be minimal.
- 24 hours: Incident threat is expected to be minimal.
- 48 hours: Incident threat is expected to be minimal.
- 72 hours: Incident threat is expected to be minimal.
- Anticipated after 72 hours: Incident threat is expected to be minimal.
- 39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:

Incident: MINERAL

12 hours: No Critical Resource needs.

24 hours:

48 hours:

72 hours:

Anticipated after 72 hours:

- 40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:
- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.

#### Keep the fire within the established fire perimeter.

41. Planned Actions for Next Operational Period:

Crews will secure all control lines as well as continue dust abatement procedures to minimize the risk of Valley Fever.

- 42. Projected Final Incident Size/Area (use unit label e.g., "Acres", "Square Miles"): 29,667
- 43. Anticipated Incident Containment or Completion Date: 07/24/2020
- 44. Projected Significant Resource Demobilization Start Date: 07/21/2020
- 45. Estimated Incident Costs to Date: \$23,904,824.00
- 46. Projected Final Incident Cost Estimate:
- 47. Remarks (or continuation of any blocks above list block number in notation):

CAL FIRE IMT2 will transition the fire back to the Unit on 7-24 @ 0900.

49. Resources (summarize resources by category, kind, and/or type; show # of resources on top ½ of box, show # of personnel associated with resource on bottom ½ of box):
