Heat Related Illnesses

How much water should I drink? When should I start drinking? How do I know when I've drunk enough? How do I know if I'm overheated?

Dehydration is the lack of proper replacement of the fluids lost due to sweating while exercising or working. Signs and symptoms can include increased thirst, dry mouth, weakness, dizziness, dark concentrated urine, and a decrease in urine output. In the heat, this can also aid in leading to heat cramps, heat exhaustion, and heatstroke. These are serious medical emergencies!

| Heat Illness | Signs & Symptoms | First Aid Treatment |
|---|--|---|
| <p><u>Heat Stroke</u></p> <p>A condition that occurs when the body becomes unable to control its temperature and can cause death or permanent disability</p> | <ul style="list-style-type: none"> • High body temperature • Confusion • Loss of coordination • Hot, dry skin or profuse sweating • Throbbing headache • Seizures, coma | <ul style="list-style-type: none"> • Request immediate medical assistance • Move the person to a cool, shaded area • Remove excess clothing and apply cool water to the body |
| <p><u>Heat Exhaustion</u></p> <p>The body's response to an excessive loss of water and salt, usually through sweating.</p> | <ul style="list-style-type: none"> • Heavy sweating • Extreme weakness or fatigue • Dizziness • Nausea, vomiting • Irritability • Fast, shallow breathing • Trouble concentrating • Loss in coordination | <ul style="list-style-type: none"> • Rest in a cool area • Drink plenty of water or other cool hydration beverages • Take a cool shower, bath or sponge bath |
| <p><u>Heat Cramps</u></p> <p>Affects workers who sweat a lot during strenuous activity. Sweating depletes the body's salt and moisture levels.</p> | <ul style="list-style-type: none"> • Muscle cramps, pain or spasms in the abdomen, arms or legs | <ul style="list-style-type: none"> • Drink a sports beverage • Drink water with food • Avoid salt tablets • Do NOT return to strenuous work until the cramps subside • Seek medical attention if you have the following: Heart problem, low-sodium diet, or if the cramps do not subside within one hour |

MEDIA - The California Penal Code Section 409.5(d) allows the news media to enter the scenes of the disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the area of concern.

NOTE: News Media Interview Requests shall be forwarded up the chain of command to have an Incident PIO dispatched to handle the request. This ensures consistent messaging.

SOCIAL MEDIA POLICY - While assigned to the Getty Fire Incident, members shall adhere to your home jurisdiction Social Media Policy.

PHOTOGRAPHS AND VIDEOS OF INCIDENT - We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Posting inappropriate video, photo or social media comments could expose oneself to unwanted ramifications. It may be unsafe to shoot photos of video and a firefighter who is concentrating on a camera loses situational awareness.

LOST AND FOUND - The Information Trailer will manage lost and found items for the incident. If you lost an item, please leave your contact a PIO and what you have lost. If you found an item, bring to Incident Information Trailer.
