**Leader's Intent:**

Provide the highest level of customer service to all involved with, or impacted by the Apple Fire. Ensure transparent, timely and accurate communication at all levels of the incident. All incident assigned personnel should be prepared to take the appropriate actions regarding:

- Professional behavior, conduct and timely effective communications.
- Personal safety and the safety of others, including driving slow, safe and defensively.
- Manage fatigue by taking breaks and maintaining work/ rest cycles.
- Minimize risk and limit exposure to COVID-19 by daily screening, minimizing large group settings, social distancing, wearing face coverings, hand washing and practicing Module of One Concept.

**Management Objectives:**

- Provide for firefighter and public safety through hazard recognition and application of the Risk Management Process.
- Provide critical infrastructure including but not limited to transmission and communication towers, water systems, natural gas, railroads and highways.
- Ensure resource allocation and mission are documented for cost apportionment.
- Minimize impact to aquatic and wildland scenic rivers by utilizing retardant avoidance.
- Reduce the impact to Sand to Snow Monument and San Gorgonio Wilderness values by utilizing Minimum Impact Suppression Tactics (MIST).

**Control Objectives:**

- Keep the fire North of Interstate 10 to protect the communities of Cherry Valley, Beaumont and Banning.
- Keep the fire East of Oak Glen Road to protect the communities of Yucaipa, Oak Glen and Cherry Valley.
