# CREEK FIRE

CA-SNF-001391  
P5 NJ3F (0515)

0700 - Operations Briefing

1700 - Planning Meeting

Fire Information: (559) 549-3781

## INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name:</b> <div style="text-align: center;">CREEK</div>	<b>2. Operational Period:</b> Date From: 11/8/2020    Date To: 11/8/2020 <div style="text-align: center;">Time From: 0700                      Time To: 1900</div>															
<b>3. Objective(s):</b> <ul style="list-style-type: none"> <li>• Provide for firefighter and public safety by assessing and mitigating risk in order to develop and implement sound tactical operations. Ensure all resources have a clear understanding of assignments and associated hazards.</li> <li>• Protect critical infrastructure, commercial timber, and natural and cultural resources by proactively engaging agencies and incident resource advisors.</li> <li>• Maintain and enhance long-term strategic plan by identifying and implementing suppression options considering probability of success, firefighter exposure, risk mitigation, seasonality, and resource prioritization and allocation.</li> <li>• Develop and implement a long-term repair strategy in a coordinated and systematic manner considering repair priorities, seasonal access, and equipment and personnel availability. Repair area impacted by fire suppression activities to minimize potential for excessive erosion, reduce visual impacts, and protect natural and cultural resources from further damage.</li> <li>• Maintain and enhance relationships with agency partners, cooperators, stakeholders, and the public through timely and accurate information exchange. Ensure long-term strategies are communicated.</li> <li>• Follow CDC, local, state, and federal COVID-19 mitigation guidance and protocols to reduce exposure and protect firefighters and the public from virus spread.</li> <li>• Treat all personnel with dignity and respect by providing a harassment free, zero-tolerance work environment.</li> <li>• Ensure financial and documentation packages are prepared in accordance with agency requirements and agreements are closed out when no longer necessary.</li> </ul>																
<b>4. Operational Period Command Emphasis:</b> Use delay strategies as needed, and re-engage only after access to work areas have been scouted, communication tested, and medical response is in place. Lower elevations may be accessible; consider this for your work planning.																
<b>General Situational Awareness</b> Roads may be slippery with the rain and snow. Traffic will be high as public use increases for the weekend. The fresh snow up high will be a tourist attraction! Watch for snow spectators on weekend drives. Be prepared with cold weather gear in case you become stuck, and ensure your vehicle is equipped for snow. Take advantage of this work delay to catch up on rest. It's been a long season.																
<b>5. Site Safety Plan Required?</b> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> <b>Approved Site Safety Plan(s) Located at:</b>																
<b>6. Incident Action Plan</b> (the items checked below are included in this Incident Action Plan): <table style="width: 100%; border: none;"> <tr> <td style="width: 33%;"><input checked="" type="checkbox"/> ICS 203</td> <td style="width: 33%;"><input type="checkbox"/> ICS 207</td> <td style="width: 34%;"><b>Other Attachments:</b></td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 204</td> <td><input type="checkbox"/> ICS 208</td> <td><input checked="" type="checkbox"/> IMT Contact List</td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 205</td> <td><input checked="" type="checkbox"/> Map/Chart</td> <td><input type="checkbox"/> _____</td> </tr> <tr> <td><input type="checkbox"/> ICS 205A</td> <td><input checked="" type="checkbox"/> Weather Forecast/Tides/Currents</td> <td><input type="checkbox"/> _____</td> </tr> <tr> <td><input checked="" type="checkbox"/> ICS 206</td> <td></td> <td><input type="checkbox"/> _____</td> </tr> </table>		<input checked="" type="checkbox"/> ICS 203	<input type="checkbox"/> ICS 207	<b>Other Attachments:</b>	<input checked="" type="checkbox"/> ICS 204	<input type="checkbox"/> ICS 208	<input checked="" type="checkbox"/> IMT Contact List	<input checked="" type="checkbox"/> ICS 205	<input checked="" type="checkbox"/> Map/Chart	<input type="checkbox"/> _____	<input type="checkbox"/> ICS 205A	<input checked="" type="checkbox"/> Weather Forecast/Tides/Currents	<input type="checkbox"/> _____	<input checked="" type="checkbox"/> ICS 206		<input type="checkbox"/> _____

# Creek Fire Weather Forecast (above 5000 ft)

**FORECAST NO:** 62  
**PREDICTION FOR:** 0600 Sat to 0600 Sun  
**SHIFT DATE:** 11/08/20  
**TIME/DATE FORECAST ISSUED:** 1700 11/07/20

**NAME OF FIRE:** Creek Fire  
**UNIT:** CA-SNF-001391  
**Incident Meteorologist:** Jim Dudley  
 Please text obs – TY! 559-707-0964

## ...WINTER STORM TODAY...

The second and stronger weather disturbance will move across the fire today bringing moderate to heavy snow above 4500 feet and rain to the lower elevations. Precipitation will begin to subside this afternoon but not before significant snowfall amounts of 4-8 inches in the 4000-7000 foot elevation range and 10-16 inches above 7000 have occurred. Moderate rain will fall in the lower elevations with a rain/snow mix likely between 3000-4000 feet. It will be cold with temperatures remaining in the 20s for highs above 7000 feet and 25-32 degrees from 7000 down to 3500 feet. Icy and snow packed roads will be widespread today with snow packed conditions and black ice tonight and Monday.

**SUNDAY 0600-1800:** Snow...heavy at times above 4000 feet...rain lower elevations. Precipitation tapering to showers in the afternoon. Rain totals 0.50-.70" & Snow totals 4-8 " 4000-7000 feet and 10-16" above 7000 feet. **Stability:** Unstable -- well mixed.

**Transport Wind:** SW-W in the morning then NNW 10-20 with gusts to 25 mph.

Location	Maximum Temperature (F) & Minimum Humidity (%)	20-ft Winds (mph)
Slopes & Valleys	30-40 80-90%	WSW 5-10, gusts 15-20 afternoon.
Ridges & Peaks	20s 90%	WNW to W 15-20, gusts near 25 mph.

**SUNDAY NIGHT 1800-0600 MON:** Scattered snow and rain showers through 2100...otherwise cloudy. Little additional accumulation. Chance of precipitation 40 percent in the evening. **Stability:** Unstable – well mixed.

**Transport Wind:** WNW 20-30.

Location	Minimum Temperature (F) & Maximum Humidity (%)	20-ft Winds (mph)
Slopes & Valleys	20s 80-100%	N-NE 5-10.
Ridges + Peaks	10-20 80-100%	NW 7-12.

## WEATHER OUTLOOK (7500 ft elevation – planning purposes only):

Day	Mon	Tue	Wed	Thu	Fri	Sat
Date	Nov 9	Nov 10	Nov 11	Nov 12	Nov 13	Nov 14
<b>Highlights</b>	Cold but dry	Dry Northwest Flow But Very Cool			AR Remains to North	
<b>Weather</b>	Partly cloudy	Mostly Clear	Partly Cloudy & Continued Cold		Mostly Cloudy

# FIRE BEHAVIOR FORECAST

<b>FORECAST NUMBER:</b> 62	<b>TYPE OF FIRE:</b> Wildfire
<b>FIRE NAME:</b> Creek Fire	<b>OPERATIONAL PERIOD:</b> Day Shift 11/08/20 0700-1900
<b>DATE ISSUED:</b> 11/07/2020	<b>TIME ISSUED:</b> 1830
<b>UNIT:</b> Sierra NF (CA-SNF-001391)	<b>SIGNED:</b> <i>1st Byron R. Kimball, FBAN</i>

## INPUTS

**WEATHER SUMMARY:** \*See Fire Weather Forecast for Specifics\*  
**\*\* SNOW AND RAIN SHOWERS ACROSS THE FIRE AREA \*\***

### FUELS:

Grass	GR1
Shrub	SH1
Timber	TU1, TU5, TL2, TL4, TL7
FDFM (1hr)	14
10-hr (%)	13
100-hr (%)	14
1000-hr(%)	9
Live Fuels	2/3 cured

Spotting receptiveness much reduced due to precipitation  
 FM and RH recovering due to seasonal winter weather

### TOPOGRAPHY:

- Elevation: 3,000-9,500. Higher elevations will see very cold nighttime temps. Nighttime humidity recovery very good to excellent (80-100%).
- Slopes: 10%-50%. Expect NW winds near ridgetops, and terrain driven elsewhere with wind direction and speed greatest when slope and fuels align.

## OUTPUTS

### FIRE BEHAVIOR

#### GENERAL:

- Fuel moistures have recovered well with moisture. Live fuels continue critical.
- Atmospheric moisture beginning to impact fuels. Lighter fuels will fall out first. Heavy fuels will support combustion for some time until sufficient moisture is present
- Combustion continues in heavy jackpots of dead and down. Some spotting into like fuels is possible but becoming more unlikely.
- Daytime humidity starting to moderate fire activity with overnight recoveries providing suppressing effects.
- Shorter day-lengths will continue to reduce active burn period.

<b>Probability of Ignition (4-8,000'):</b> 20%/20% (Unshaded/Shaded)					
<b>Spotting Potential:</b> Minimal-Low					
<b>Spotting Distance:</b> .10- .20 mile (short range)					
Fuel Model	FL (Ft.)	ROS (Ch/Hr)	NFDR Index	Value	%
TU5	6-11	6-20	ERC	54	80th
TL7	2-4	4-12	BI	17	15th
SH1	2-7	6-25	High Sierra RAWS (44520) Years 2000-2020 (present)		

#### SPECIFIC:

- Middle Fork San Joaquin: Limited activity as fire continues to consume heavy fuels.
- Pincushion: Heavy fuels continue to consume. Smoke production will continue till moisture extinguishes.
- Cold Creek: Cold Creek area north of Edison Lake much reduced with limited heat still present.
- Timber Knob Area – Fire activity reduced, edged in by rocks at higher elevations where fire is following green vegetation and timber stringers.
- Remainder of Fire Area: limited heat remains. Some islands of fuel continue to consume, POTENTIAL still exists for wind and residual heat to result in spread from quiet area.

#### SAFETY

*Snags and green trees present a hazard with long term fire in the timber. Heads up working around any standing timber. Compromised root structures and burned soil can result in loss of stability.*

Mike Norman										County: Fresno		State: CA		Latitude: " N		Longitude: W	
Creek Fire Comms Routine (916) 991-9026 and EMERGENCY (925) 532-5464																	

The convention calls for frequency lists to show four digits after the decimal place (five digits for 700 MHz frequencies). The letter "U", "N", or "W" in the deviation (Dev) column reflects whether the frequency is ultranarrow (6.25 kHz), narrow (12.5 kHz) or wide band (25 kHz). Mode refers to either "A" indicating Analog, "D" indicating Digital (e.g. Project 25) or "M" indicating Mixed Mode. All channels are shown as if programmed in a control station, mobile or portable radio.

Safety Message  
Creek Fire  
November 8, 2020

Life is tough, but it's even tougher when you don't have any situational awareness!!!

- Always do a walk around before moving your vehicle, make sure your load is secured, make sure nothing is attached to your vehicle or hanging off it!!! Pay attention to road conditions while driving, We had our first winter storm vehicle accident late Saturday afternoon!!! Take these snow and icy roads serious!!! Most of our rental cars don't have adequate tires for these conditions, 4X4 on not!!! Utilize defensive driving skills, look out for down trees and increased public traffic in your area this weekend!!! And most importantly, drive slow!!!
- Staging can be tough, but it is a necessary evil until the weather gives us a window to safely return to work. Stay engaged, listen to your radio, catch up on equipment maintenance and look some training opportunities!!!

**Creek Fire  
Human Resource Message  
November 8, 2020**

**Work and Fatigue in Wildland Firefighting effects your physical and emotional state!**

Wildland Firefighting is arduous work, performed for long shifts in difficult environmental conditions. The work can be dangerous due to the fire and working conditions. Heat, smoke, rolling rocks, falling snags, and other hazards threaten the worker. Fatigue can impair performance and decision making, increasing the risk of injury. Prolonged exposure to fatigue, stress, smoke, and poor nutrition has the potential to increase the incidence of upper respiratory illness, but also mental lapses.

The stress response is necessary to prepare an athlete, firefighter or soldier for a maximal effort in a physical challenge, but it can be unhealthy if it occurs too often in the wrong setting.

**Fatigue**—A sense of tiredness, either mental or physical, brought on by stress (lack of sleep, physical work, nutritional inadequacies, or mental stresses). Fatigue following work or sleep deprivation is a normal state and can be reversed with adequate recovery or rest.

**Accumulated (Chronic) Fatigue**—Fatigue from which normal rest does not produce recovery. Accumulated fatigue is often caused by extended periods of stress with inadequate recovery periods, resulting in decreased productivity, compromised immune function, and reduced alertness.

Fatigued workers perform poorly and behave carelessly, tolerate greater errors, and become inattentive. They display decreased motivation, increased irritability and depression, and low morale. Accumulated fatigue is more persistent, producing a wider array of effects on performance, health, and morale than ordinary fatigue. Accumulated fatigue requires longer recovery periods than ordinary fatigue.

**Correct Nutrition, Hydration and Rest are good coping mechanisms for stress and fatigue. Make use of your down time and rest per the work/rest guidelines.**

## **Your Mental Health Matters!**

**Janine Summy, Human Resource Specialist, 509-429-1206  
Eric Bracken, HRSP (trainee), 509-207-0677**

**When you know who you are;  
when your mission is clear and you  
burn with the inner fire of unbreakable will;  
no cold can touch your heart;  
no deluge can dampen your purpose.  
You know that you are alive.**

**-Chief Seattle-**

## CREEK FINANCE MESSAGE

All incident personnel (crews, engines, contractors, and overhead resources) need to turn in daily CTR's and Shift Tickets either electronically or via hard copy.

**ELECTRONICALLY:** Email to [2020.creek.finance@firenet.gov](mailto:2020.creek.finance@firenet.gov)

In the **email subject line**, please put resource number, your company/engine name, your assigned camp name, followed by the date.

**Example:** *E-400005 American Fire Rescue - China Peak - 11/08/20*

**HARD COPY:** Drop at one of the following finance locations:

- Mill FOB – Finance Trailer
- Auberry Camp – Briefing Area (Drop Box Only)
- ECCO Spike Camp
- China Peak Spike Camp (Drop Box Only)

---

### **Shift Ticket Requirements:**

If you have equipment or an engine that has a secondary rate for mileage, additional operators, and/or a lowboy (or other transport), please ensure your shift tickets reflect the necessary justification for both the start and stop odometer readings, any additional operator names, and "transport attached" if applicable. You need to also write your resource number in the upper right corner of the ticket.

### **CTR Requirements:**

Please verify you have accurately notated any travel time, hazard pay, excess shift hours, or meal breaks with proper justifications as needed. Due to Region 5 restrictions, finance is unable to sign for travel. It must be signed by an incident supervisor.

### **Finance Demobing:**

If you are within two (2) days from your scheduled demob date, please take a few minutes to review all your time submissions and ensure that they were properly completed and signed. Any missing CTRs/Shift Tickets or other payment processing documents (EERAs, VIPRs, AD Hire Forms) could significantly delay your demob process. OES resources must demob from ICP.

**Compensation/Claims:** Please contact finance for the most recent version of the OF-289 form.

---

Contact Finance with any questions at [2020.creek.finance@firenet.gov](mailto:2020.creek.finance@firenet.gov) or via phone:

**Mill FOB/Auberry Finance:** (925) 532-5492 \* **ECCO Camp Finance:** (916) 203-7438

# Training Specialist Creek Fire (Virtual)

The Training Specialist is working remotely. Training Specialist Contact Information:

- Joe Labak
- Call/Text: 951-202-0627
- Email: joseph.labak@usda.gov
- Available between 0630-2130 (Daily)

How to register as a Trainee:

- Use the QR code below. If you're unable to register using the QR code, please call me at 951-202-0627.

To close-out your training assignment:

1. **Trainer:** Complete and Evaluation Record in the back of the Position Task Book and make as many entries as possible within the individual tasks. Discuss this with your Trainee.
2. **Trainer:** Complete an individual performance rating (ICS 225) and go over the performance rating with your Trainee.
3. **Trainee:** Complete the Exit Interview by following the QR code below.
4. Once completed, the Trainee and the Training Specialist will have a brief conversation to discuss the Position Task Book.

Training QR Code Registration:

Trainee QR Code Exit Interview:

**NOTE: If you believe your demob date is wrong, please contact DMOB ASAP by calling (916) 591-9008**

### **DMOB process for the Creek Fire**

Resources flying home need to contact DMOB 3-4 days prior to their demob date so that their flight can be arranged. Use the QR code located on the IAP cover to complete the *Resource Air Travel Request Form*. We will need: Your Name as it appears on the picture ID you use at airport security, your Date of Birth, Gender, and a few other questions. Call: **DMOB at (916) 591-9008** if you have any questions.

### **Mill Forward Operating Base (FOB) and China Peak**

All Resources, including CalFire Contractors (Except Cal Fire) will report to DMOB at Mill FOB at Auberry to start the DMOB process.

- Finance – 925-532-5492

Resources requiring an OES 42 for time keeping will have to report to Clovis ICP to get the OES 42 signed by the OES Rep.

CalFire Resources will DMOB at Auberry Elementary School.

- Contact Matt Dunham (559) 281-4312 to start the DMOB process
- Resources will have to have a Mechanical Inspection and weed wash, contact Billy Greenwood (559) 218-4330
- All Cal Fire resources (including contract) need to call CalFire Finance before leaving incident (925) 532-5446
- All CalFire resources (including contract) need to call FKU expanded (559) 294-6818 to be released from the incident
- FKU expanded will notify Creek DMOB (916) 591-9008 to notify which resources have been released

### **ECCO CAMP**

All Resources will report to Episcopal Conference Center, Oakhurst to DMOB (no ICS 221 Demobilization Checkout Sheet will be provided). Return any checked out supply items to the Base Camp Manager, go through Ground Support, Comms and finish at Finance. When complete use the QR code located at Finance to complete the *Virtual DMOB Form*, or call DMOB at (916) 591-9008, to complete the DMOB process in order to be released from incident.

- Finance – 916-203-7438

Resources requiring an OES 42 for time keeping will have to report to Clovis ICP to get the OES 42 signed by the OES Rep.

### **ICP**

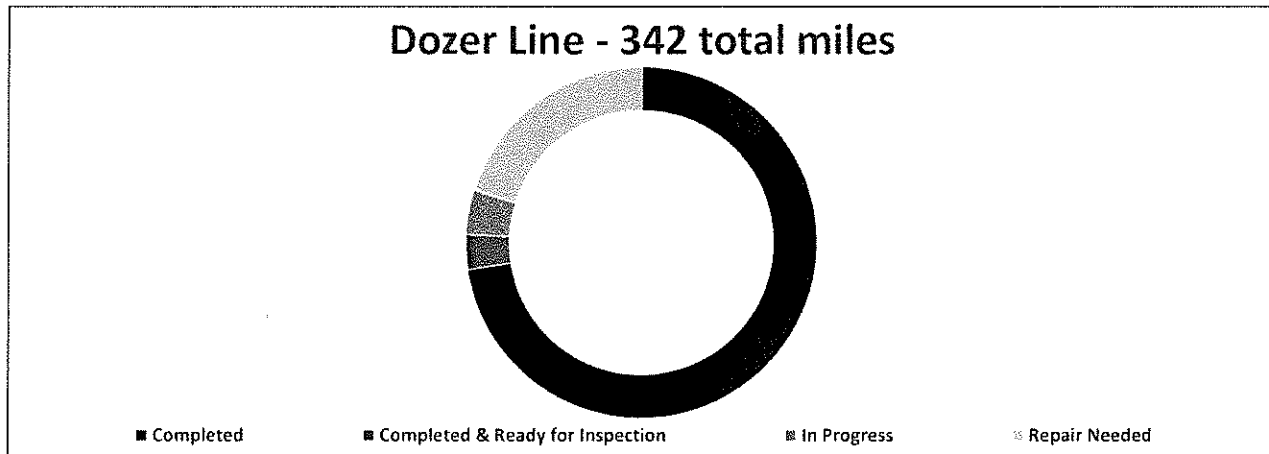

All Resources will report to DMOB to start the DMOB process. When finished at Finance use the QR code located on the IAP cover to complete the *Virtual DMOB Form*, or report back to DMOB, to complete the DMOB process in order to be released from incident.

- Finance – 970-456-6396

Any questions call DMOB at (916) 591-9008  
[2020.creek.dmob@firenet.gov](mailto:2020.creek.dmob@firenet.gov)

The DMOB list can be found by scanning the QR Code on the cover of the IAP and clicking on the DMOB list button.

## AK IMT COVID-19 Purpose and Intent

**If you are feeling COVID like symptoms, first call Medical Unit Leader:**

**925-532-5564**

The Alaska IMT is reminding firefighters to apply the core values of wildland fire management community of "Duty, Respect, and Integrity" to our COVID mitigations. Core values include:

- **Duty:** To provide a workforce safe from known hazards such as disease transmission, and keep us, our fellow firefighters, and the public safe, on and off the clock.
- **Respect:** To demonstrate respect to oneself and to each other by taking routine precautions as guided, such as wearing a mask and social distancing.
- **Integrity:** To do the right thing when at home, while travelling, or on assignment. Undertake the precautions to keep ourselves and the rest of the workforce healthy and able to respond. Ensure we are not the source of an outbreak within the public we are assigned to protect.

### **Essential Mitigations:**

- **Pre-Screening and Regular Monitoring:** Individuals should measure temperature and assess symptoms each day prior to starting work. Ideally, temperature checks should happen before the individual enters the facility or interacts with others on staff or the crew.
- **Social/Physical Distance:** The employee should maintain 6 feet and practice social distancing as work duties permit in the workplace.
- **Wearing a Mask:** Employees should always wear a facemask or face covering when social distancing cannot be maintained. When facemasks cannot be worn during arduous work tasks, social distancing practices should be implemented.
- **Disinfect and Clean:** Routinely clean and disinfect all areas, particularly "high touch surfaces" such as engine compartments, bathrooms, common areas and shared electronic equipment.
- **Empower** all individuals to ask co-workers to follow social distancing guidelines.

**Concept of "Module as One:** "By insulating as a unit, crews and modules can limit outside viral exposure, safely complete operational tasks in closer proximity, and ride in vehicles without face coverings when working within their "Module as One" concept:

- As often as practical, the same team members should travel in the same vehicle, work together in the same space, and ensure module members are conscientious regarding mitigations.
- Identify select individuals on a crew or module that will interact at briefing or with the public, ensuring this person relies on social distancing, wears a cloth face covering, and practices hand hygiene during or after every interaction.
- When the "Module as One" has been established, minimize contact with public and outside community. This is to protect every crew member, their family, and the community we serve.
- Team members, crews, and other resources should use a "Module as One" approach to insulate as one unit and reduce exposure to the public and other crews. If each member within a unit is monitored, screened, and healthy, then proximity, when necessary, is not an issue.

**Special Instructions:**

**TODAY: Review the Medical Incident Report (MIR) on the back of the IAP with your entire crew.**

**“Who are you... What do you have (color and injury)... What do you need?”**

**Medical Emergency Procedures:**

Follow the Medical Incident Report (MIR) on the back of the IAP

**Fireline/ Spike Camp Medical Transports and Emergencies:**

**Green** - Provide immediate patient care, Notify Division Medic or EMT on Tac. Medic or EMT will contact MEDL by phone at earliest convenience. Minimize, non-critical, operational radio traffic on Command and maintain situational awareness.

**Yellow/Red-** Contact Communications on Command with a Medical Incident Report.

**ICP-** Call 911 and contact MEDL as soon as possible.

**Spike Camps after hours-** Call phone number posted in the Medical Unit or phone number listed above for the specific spike camp aid station.

**Covid- 19 Tip of the day:** Staying in your “Module of 1” can protect you, your crew and your fellow firefighters!

If you have symptoms or a fever, contact the Covid Coordinator at 925-532-5564

# MEDICAL PLAN (ICS 206 WF)

Controlled Unclassified Information//Basic

## Medical Incident Report

**FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.**

**FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.**

**Use the following items to communicate situation to communications/dispatch.**

**1. CONTACT COMMUNICATIONS / DISPATCH** (Verify correct frequency prior to starting report)

*Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."*

**2. INCIDENT STATUS:** Provide incident summary (including number of patients) and command structure.

*Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."*

Severity of Emergency / Transport Priority	<input type="checkbox"/> <b>RED / PRIORITY 1</b> Life or limb threatening injury or illness. Evacuation need is <b>IMMEDIATE</b> <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° - 3° burns more than 4 palm sizes, heat stroke, disoriented.</i> <input type="checkbox"/> <b>YELLOW / PRIORITY 2</b> Serious Injury or illness. Evacuation may be <b>DELAYED</b> if necessary. <i>Ex: Significant trauma, unable to walk, 2° - 3° burns not more than 1-3 palm sizes.</i> <input type="checkbox"/> <b>GREEN / PRIORITY 3</b> Minor Injury or illness. <b>Non-Emergency transport</b> <i>Ex: Sprains, strains, minor heat-related illness.</i>	
Nature of Injury or Illness & Mechanism of Injury		Brief Summary of Injury or Illness <i>(Ex: Unconscious, Struck by Falling Tree)</i>
Transport Request		Air Ambulance / Short Haul/Hoist Ground Ambulance / Other
Patient Location		Descriptive Location & Lat. / Long. (WGS84)
Incident Name		Geographic Name + "Medical" <i>(Ex: Trout Meadow Medical)</i>
On-Scene Incident Commander		Name of on-scene IC of Incident within an incident <i>(Ex: TFLD Jones)</i>
Patient Care		Name of Care Provider <i>(Ex: EMT Smith)</i>

**3. INITIAL PATIENT ASSESSMENT:** Complete this section for each patient as applicable (start with the most severe patient)

Patient Assessment: See IRPG page 106

Treatment:

**4. TRANSPORT PLAN:**

Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:

Helispot / Extraction Site Size and Hazards:

**5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:**

*Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extraction*

**6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable**

Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					

**7. CONTINGENCY: Considerations:** If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.

**8. ADDITIONAL INFORMATION:** Updates/Changes, etc.

**REMEMBER:** Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
