1700 - Planning Meeting

Fire Information: (559) 549-3781

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name: CREEK	2. Operational Period: Date From: 11/12/2020 Date To: 11/12/2020 Time From: 0700 Time To: 1900															
3. Objective(s): <ul style="list-style-type: none"> • Provide for firefighter and public safety by assessing and mitigating risk in order to develop and implement sound tactical operations. Ensure all resources have a clear understanding of assignments and associated hazards. • Protect critical infrastructure, commercial timber, and natural and cultural resources by proactively engaging agencies and incident resource advisors. • Maintain and enhance long-term strategic plan by identifying and implementing suppression options considering probability of success, firefighter exposure, risk mitigation, seasonality, and resource prioritization and allocation. • Develop and implement a long-term repair strategy in a coordinated and systematic manner considering repair priorities, seasonal access, and equipment and personnel availability. Repair area impacted by fire suppression activities to minimize potential for excessive erosion, reduce visual impacts, and protect natural and cultural resources from further damage. • Maintain and enhance relationships with agency partners, cooperators, stakeholders, and the public through timely and accurate information exchange. Ensure long-term strategies are communicated. • Follow CDC, local, state, and federal COVID-19 mitigation guidance and protocols to reduce exposure and protect firefighters and the public from virus spread. • Treat all personnel with dignity and respect by providing a harassment free, zero-tolerance work environment. • Ensure financial and documentation packages are prepared in accordance with agency requirements and agreements are closed out when no longer necessary. • Prepare for transition to California Team 10 on Friday, November 13th. 																
4. Operational Period Command Emphasis: <p>Take advantage of improving road conditions to access work areas. Continue to drive defensively, and scout access roads if there's any uncertainty. Continue to educate the incoming California Team 10 to improve their situational awareness and help them set future incident tempo.</p> <p>The Alaska Team was honored to serve you all. Thank you.</p>																
General Situational Awareness <p>Welcome California Team 10. Today is shadow day; convey pertinent information to your functional counterparts to improve their operating picture. This will aid in their future success and improve incident safety.</p>																
5. Site Safety Plan Required? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> <p>Approved Site Safety Plan(s) Located at:</p>																
6. Creek Fire Weather Forecast (above 5000 ft)

FORECAST NO: 66
PREDICTION FOR: 0600 Thu to 0600 Fri
SHIFT DATE: 11/12/20
TIME/DATE FORECAST ISSUED: 1700 11/11/20

NAME OF FIRE: Creek Fire
UNIT: CA-SNF-001391
Incident Meteorologist: Jim Dudley
 Please text obs – TY! 559-707-0964

Dry Frontal Passage Thursday Followed by Weak Weather System on Saturday...Dry weather Sunday through the Middle of Next Week...

A very weak weather disturbance will bring some clouds on Thursday but no precipitation. On Saturday another weather feature will move through the fire area bringing a small chance of light rain and high elevation snow above 8000-9000 feet. Little accumulation of rain or snow is anticipated. The storm track will then lift to the north of the area and remain there through the middle of next week. Temperatures will reach coolest readings with the frontal passage on Saturday and then trend upward to above normal values for mid November. Winds will show some increase on Saturday over the ridges however strong winds are not expected. Remaining snow on the ground over the fire area will continue to melt from the lower elevations up the slopes through the forecast period.

THURSDAY 0600-1800: Partly cloudy. **Stability:** Moderate after morning inversions break.
Transport Wind: WSW 4-7 mph.

Location	Maximum Temperature (F) & Minimum Humidity (%)	20-ft Winds (mph)
Slopes & Valleys	40-48 50-55%	WNW 4-8 mph gusts to 12 mph in the afternoon.
Ridges & Peaks	38-44 25-35%	WSW 8-12 mph.

THURSDAY NIGHT 1800-0600 FRI: Mostly clear.
Stability: Stable with surface and valley inversions. **Transport Wind:** W 2-5 mph.

Location	Minimum Temperature (F) & Maximum Humidity (%)	20-ft Winds (mph)
Slopes & Valleys	20-28 80-85%	ESE 2-5 mph.
Ridges + Peaks	23-28 45-55%	SSW 10-16 mph.

Mike Norman				County: Fresno State: CA				Latitude: " N Longitude: W			
Creek Fire Comms Routine (916) 591-9026 and EMERGENCY (925) 532-5464											

The convention calls for frequency lists to show four digits after the decimal place (five digits for 700 MHz frequencies). The letter "U", "N", or "W" in the deviation (Dev) column reflects whether the frequency is ultranarrow (6.25 kHz), narrow (12.5 kHz) or wide band (25 kHz). Mode refers to either "A" indicating Analog, "D" indicating Digital (e.g. Project 25) or "M" indicating Mixed Mode. All channels are shown as if programmed in a control station, mobile or portable radio.

**Safety Message
Creek Fire
November 12, 2020**

The Alaska Black Team and the Sierra National Forest wants you to finish Strong!!!

- For the amount of equipment and crews we had and all the driving we've done, we are fortunate to have a good safety record because of all the professional, hard working, productive and safe-minded equipment operators, fallers, engines, tenders, crews and overhead!
 - Don't let your guard down, all the risks and hazards are still out there; fire weaken trees, public in our fire perimeter, icy roads and driving!!! Keep your head on a swivel!
 - Help California Team 10 have a successful transition by sharing and passing on all your corporate knowledge and history of your division, branch or fire camps we built!
- Prepared with Pride by Robert Bertolina SOF2 & Kim Lemke SOF2 11/11/2020**

Creek Fire
Human Resource Message
November 12, 2020

Incident Behavior

It is extremely important that inappropriate behavior be recognized and dealt with promptly. If inappropriate behavior is allowed to continue, not only would it adversely impact the affected individual and your crew, as a witness, you could be held accountable for your inaction.

Inappropriate behavior is considered any form of conduct that negatively impacts the work environment for the affected individual or those who witness the conduct. Any form of harassment and/or bullying or use of any language that could violate a Civil Rights policy, will not be tolerated and must be reported to the Human Resource Specialist (HRSP).

When you observe or hear of any inappropriate behavior, you should:

- Educate your staff/subordinates of their rights and responsibilities.
- Provide support to anyone who was negatively impacted by the inappropriate behavior.
- Immediately direct the alleged offender to stop their behavior.
- If the behavior is minor in nature, such as discourteous or disrespectful conduct, advise them if the behavior continues, disciplinary action may be taken.
- Document the inappropriate behavior with facts and report it to the HRSP.

“I have learned that success is to be measured not so much by the position that one reached in life as by the obstacles which one has overcome while trying to succeed.”

-Booker T. Washington

Janine Summy, Human Resource Specialist, (509) 429-1206
Eric Bracken, HRSP (trainee) (509) 907-0677

CREEK FINANCE MESSAGE

All incident personnel (crews, engines, contractors, and overhead resources) need to turn in daily CTR's and Shift Tickets either electronically or via hard copy.

ELECTRONICALLY: Email to 2020.creek.finance@firenet.gov

In the **email subject line**, please put resource number, your company/engine name, your assigned camp name, followed by the date.

Example: *E-400005 American Fire Rescue - China Peak - 11/08/20*

HARD COPY: Drop at one of the following finance locations:

- Mill FOB – Finance Trailer
- Auberry Camp – Briefing Area (Drop Box Only)
- ECCO Spike Camp
- China Peak Spike Camp (Drop Box Only)

Shift Ticket Requirements:

If you have equipment or an engine that has a secondary rate for mileage, additional operators, and/or a lowboy (or other transport), please ensure your shift tickets reflect the necessary justification for both the start and stop odometer readings, any additional operator names, and "transport attached" if applicable. You need to also write your resource number in the upper right corner of the ticket.

CTR Requirements:

Please verify you have accurately notated any travel time, hazard pay, excess shift hours, or meal breaks with proper justifications as needed. Due to Region 5 restrictions, finance is unable to sign for travel. It must be signed by an incident supervisor.

Finance Demobing:

If you are within two (2) days from your scheduled demob date, please take a few minutes to review all your time submissions and ensure that they were properly completed and signed. Any missing CTRs/Shift Tickets or other payment processing documents (EERAs, VIPRs, AD Hire Forms) could significantly delay your demob process. OES resources must demob from ICP.

Compensation/Claims: Please contact finance for the most recent version of the OF-289 form.

Contact Finance with any questions at 2020.creek.finance@firenet.gov or via phone:

Mill FOB/Auberry Finance: (925) 532-5492 * **ECCO Camp Finance:** (916) 203-7438

ICP Finance: PJ Tillman FSC2(t) - (970) 456-6396

Training Specialist Creek Fire (Virtual)

Transition!!! The current training specialist (Joe Labak) will be transitioning with the new training specialist (Brad Smith 209-770-4809) on Friday morning, 11-13-20. If you are currently registered with the training specialist all your information will be passed on to the new training specialist. You will not need to re-register.

The Training Specialist is working remotely. Training Specialist Contact Information:

- Joe Labak
- Call/Text: 951-202-0627
- Email: joseph.labak@usda.gov
- Available between 0630-2130 (Daily)

How to register as a Trainee:

- Use the QR code below. If you're unable to register using the QR code, please call me at 951-202-0627.

To close-out your training assignment:

1. **Trainer:** Complete and Evaluation Record in the back of the Position Task Book and make as many entries as possible within the individual tasks. Discuss this with your Trainee.
2. **Trainer:** Complete an individual performance rating (ICS 225) and go over the performance rating with your Trainee.
3. **Trainee:** Complete the Exit Interview by following the QR code below.
4. Once completed, the Trainee and the Training Specialist will have a brief conversation to discuss the Position Task Book.

Training QR Code Registration:

Trainee QR Code Exit Interview:

DMOB process for the Creek Fire

Resources flying home need to contact DMOB 3-4 days prior to their demob date so that their flight can be arranged. Use the QR code located on the IAP cover to complete the *Resource Air Travel Request Form*. We will need: Your Name as it appears on the picture ID you use at airport security, your Date of Birth, Gender, and a few other questions. Call: **DMOB at (916) 591-9008** if you have any questions.

Mill Forward Operating Base (FOB)

All Resources, including CalFire Contractors (Except Cal Fire) will report to DMOB at Mill FOB at Auberry to pickup the ICS221 DMOB checkout sheet and start the DMOB process.

- Finance – 925-532-5492

Resources requiring an OES 42 for time keeping will have to report to Clovis ICP to get the OES 42 signed by the OES Rep.

CalFire Resources will DMOB at Auberry Elementary School.

- Contact Matt Dunham (559) 281-4312 to start the DMOB process
- Resources will have to have a Mechanical Inspection and weed wash, contact Billy Greenwood (559) 218-4330
- All Cal Fire resources (including contract) need to call CalFire Finance before leaving incident (925) 532-5446
- All CalFire resources (including contract) need to call FKU expanded (559) 294-6818 to be released from the incident
- FKU expanded will notify Creek DMOB (916) 591-9008 to notify which resources have been released

ECCO CAMP – updated process

All Resources will report to DMOB at Episcopal Conference Center, Oakhurst, to pickup the ICS221 DMOB checkout sheet and start the DMOB process. DMOB and Finance are located in the same building. **FINANCE IS AVAILABLE IN THE MORNING. IN THE AFTERNOON COMPLETE DEMOB WITH FINANCE & DMOB AT MILL FOB.**

- Finance – 916-203-7438

Resources requiring an OES 42 for time keeping will have to report to Clovis ICP to get the OES 42 signed by the OES Rep.

ICP

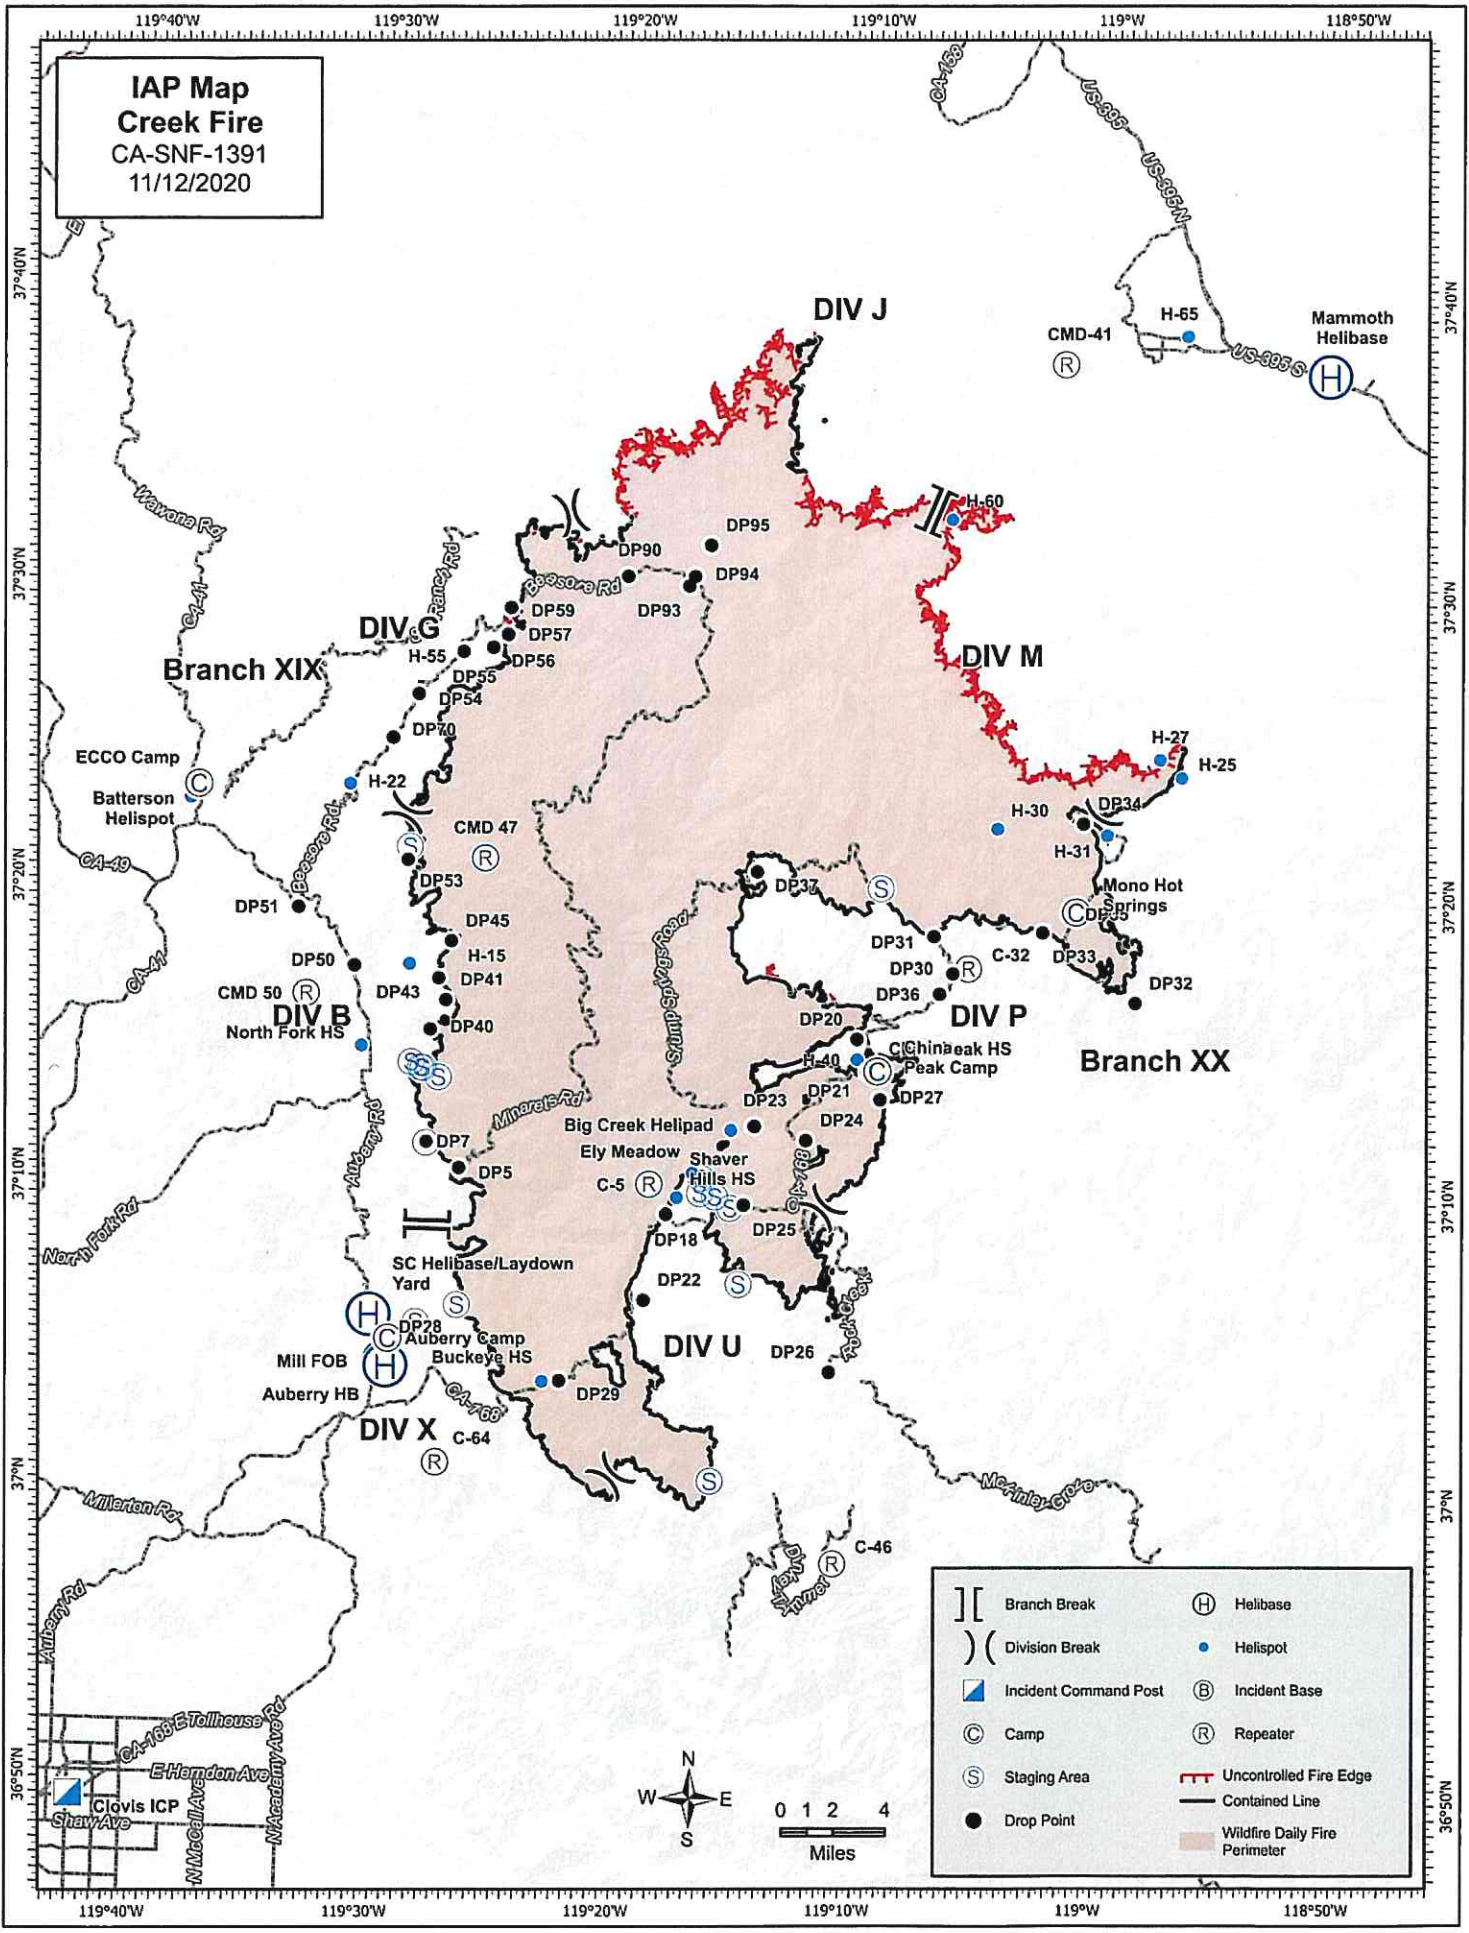

Resources with radios will turn them in at Commo. All Resources will report to Finance to closeout their time. When complete use the QR code located on the IAP cover to complete the *Virtual DMOB Form*, or call DMOB at (916) 591-9008 or 360-801-8471, to complete the DMOB process in order to be released from incident.

- Finance – 970-456-6396

Any questions call DMOB at (916) 591-9008
2020.creek.dmob@firenet.gov

The DMOB list can be found by scanning the QR Code on the cover of the IAP and clicking on the DMOB list button.

AK IMT COVID-19 Purpose and Intent

If you are feeling COVID like symptoms, first call Medical Unit Leader:

925-532-5564

The Alaska IMT is reminding firefighters to apply the core values of wildland fire management community of “Duty, Respect, and Integrity” to our COVID mitigations. Core values include:

- **Duty:** To provide a workforce safe from known hazards such as disease transmission, and keep us, our fellow firefighters, and the public safe, on and off the clock.
- **Respect:** To demonstrate respect to oneself and to each other by taking routine precautions as guided, such as wearing a mask and social distancing.
- **Integrity:** To do the right thing when at home, while travelling, or on assignment. Undertake the precautions to keep ourselves and the rest of the workforce healthy and able to respond. Ensure we are not the source of an outbreak within the public we are assigned to protect.

Essential Mitigations:

- **Pre-Screening and Regular Monitoring:** Individuals should measure temperature and assess symptoms each day prior to starting work. Ideally, temperature checks should happen before the individual enters the facility or interacts with others on staff or the crew.
- **Social/Physical Distance:** The employee should maintain 6 feet and practice social distancing as work duties permit in the workplace.
- **Wearing a Mask:** Employees should always wear a facemask or face covering when social distancing cannot be maintained. When facemasks cannot be worn during arduous work tasks, social distancing practices should be implemented.
- **Disinfect and Clean:** Routinely clean and disinfect all areas, particularly “high touch surfaces” such as engine compartments, bathrooms, common areas and shared electronic equipment.
- **Empower** all individuals to ask co-workers to follow social distancing guidelines.

Concept of “Module as One: “By insulating as a unit, crews and modules can limit outside viral exposure, safely complete operational tasks in closer proximity, and ride in vehicles without face coverings when working within their “**Module as One**” concept:

- As often as practical, the same team members should travel in the same vehicle, work together in the same space, and ensure module members are conscientious regarding mitigations.
- Identify select individuals on a crew or module that will interact at briefing or with the public, ensuring this person relies on social distancing, wears a cloth face covering, and practices hand hygiene during or after every interaction.
- When the “Module as One” has been established, minimize contact with public and outside community. This is to protect every crew member, their family, and the community we serve.
- Team members, crews, and other resources should use a “Module as One” approach to insulate as one unit and reduce exposure to the public and other crews. If each member within a unit is monitored, screened, and healthy, then proximity, when necessary, is not an issue.

7.. Division Branch Group	Area Location Capability	Responders and Equipment				
Div B	EMS Responders & Capability:	EMPF Subler, EMPF Hardy, EMTF Checketts,				
	Equipment Available on Scene:	ALS, BLS				
	Medical Emergency Channel:	Command				
	ETA for Ambulance to Scene:	Determined by location of resources				
	Approved Helispots:	Resources determine closest based on location (see IAP map)				
Div G	EMS Responders & Capability:	EMPF Smith, Adventure 3, Adventure 1 Amb 188				
	Equipment Available on Scene:	ALS and BLS				
	Medical Emergency Channel:	Command				
	ETA for Ambulance to Scene:	Determined by location of resources				
	Approved Helispots:	Resources determine closest based on location (see IAP map)				
Repair I	EMS Responders & Capability:	EMPF Lehman, EMTF Miller, REMS 4				
	Equipment Available on Scene:	AL, BLS				
	Medical Emergency Channel:	Command				
	ETA for Ambulance to Scene:	Determined by location of resources				
	Approved Helispots:	Resources determine closest based on location (see IAP map)				
Repair II	EMS Responders & Capability:	EMPF Chandler, EMTF Wilson, EMPF Stull, EMTF Geer, EMPF Kuntz, EMPF Chandler, EMPF Stull, EMTF Geer				
	Equipment Available on Scene:	ALS, BLS				
	Medical Emergency Channel:	Command				
	ETA for Ambulance to Scene:	Determined by location of resources				
	Approved Helispots:	Resources determine closest based on location (see IAP map)				
	EMS Responders & Capability:	EMPF Koji, EMTF Schafsteck, Adventure 2				
	Equipment Available on Scene:	ALS, BLS				

Repair III	Medical Emergency Channel:	Command
	ETA for Ambulance to Scene:	Determined by location of resources
	Approved Helispots:	Resources determine closest based on location (see IAP map)
Staging	EMS Responders & Capability:	EMPF Crumpacker, , Amb 189
	Equipment Available on Scene:	ALS, BLS
	Medical Emergency Channel:	Command
	ETA for Ambulance to Scene:	Determined by location of resources
	Approved Helispots:	Resources determine closest based on location (see IAP map)

7. Prepared By (Medical Unit Leader)	8. Date/Time	9. Reviewed By (Safety)	10. Date/Time
Meredith Lund MEDL, Bonnie Gibbons, MEDL <i>Meredith Lund</i>	11/11/20 1630	Robert Bertolina SOF2/ Kim Lemke SOF2 <i>Kim Lemke</i>	11/11/20 1630

Special Instructions:

Review the Medical Incident Report (MIR) on the back of the IAP with your entire crew.

Medical Emergency Procedures:

Follow the Medical Incident Report (MIR) on the back of the IAP

Fireline/ Spike Camp Medical Transports and Emergencies:

Green - Provide immediate patient care, Notify Division Medic or EMT on Tac. Medic or EMT will contact MEDL by phone at earliest convenience. Minimize, non-critical, operational radio traffic on Command and maintain situational awareness.

Yellow/Red- Contact Communications on Command with a Medical Incident Report.

ICP- Call 911 and contact MEDL as soon as possible.

Spike Camps after hours- Call phone number posted in the Medical Unit or phone number listed above for the specific spike camp aid station.

Covid Tip of the day: Wash your hands, wash your masks and wash your cell phones!

If you have symptoms or a fever, contact the Covid Coordinator at 925-532-5564

MEDICAL PLAN (ICS 206 WF)

Controlled Unclassified Information//Basic

Medical Incident Report

FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.

FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.

Use the following items to communicate situation to communications/dispatch.

1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report)

Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."

2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.

Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."

Severity of Emergency / Transport Priority	<input type="checkbox"/> RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2^o - 3^o burns more than 4 palm sizes, heat stroke, disoriented.</i> <input type="checkbox"/> YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. <i>Ex: Significant trauma, unable to walk, 2^o - 3^o burns not more than 1-3 palm sizes.</i> <input type="checkbox"/> GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport <i>Ex: Sprains, strains, minor heat-related illness.</i>	
Nature of Injury or Illness & Mechanism of Injury		Brief Summary of Injury or Illness <i>(Ex: Unconscious, Struck by Falling Tree)</i>
Transport Request		Air Ambulance / Short Haul/Hoist Ground Ambulance / Other
Patient Location		Descriptive Location & Lat. / Long. (WGS84)
Incident Name		Geographic Name + "Medical" <i>(Ex: Trout Meadow Medical)</i>
On-Scene Incident Commander		Name of on-scene IC of Incident within an Incident <i>(Ex: TFLD Jones)</i>
Patient Care		Name of Care Provider <i>(Ex: EMT Smith)</i>

3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)

Patient Assessment: See IRPG page 106

Treatment:

4. TRANSPORT PLAN:

Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:

Helispot / Extraction Site Size and Hazards:

5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:

Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication

6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable

Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *
COMMAND					
AIR-TO-GRND					
TACTICAL					

7. CONTINGENCY: Considerations: If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.

8. ADDITIONAL INFORMATION: Updates/Changes, etc.

REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.
