

**M.A.P. 16 - Inhabited Area**  
**Management Intent:**  
 Provide timely public and cooperative notification of the situation and provide sufficient time to secure resources to initiate structure protection.  
**Recommended Actions:**  
 1. Notify Inyo NF, Tuare County Sheriff, partner agencies, and stakeholders of the fire location and progression.  
 2. Initiate appropriate structure protection measures for all structures including Casa Vieja (2 cabins), Long Canyon (2 cabins), and Monaco Meadows (multiple cabins).  
**M.A.P. 15 - Freeway**  
**Management Intent:**  
 Provide timely public and cooperative notification of the situation and provide sufficient time to secure resources to initiate structure protection.  
**Recommended Actions:**  
 1. Notify Inyo NF, Tuare County Sheriff, partner agencies, coordinators, stakeholders (including Tuare Tribe), and public of the fire location and progression.  
 2. Coordinate with Tuare County Fire Department to initiate appropriate suppression actions in the Firehouse Community Zone. The location, timing, and behavior of the fire will dictate the location and priority of suppression resources and actions to be implemented.  
 3. Consider appropriate structure protection measures for all structures on the private inholding located near the confluence of Golden Trout Creek and the River.  
**M.A.P. 14 - Freeway**  
**Management Intent:**  
 Provide timely public and cooperative notification of the situation and provide sufficient time to secure resources to initiate structure protection.  
**Recommended Actions:**  
 1. Notify Inyo NF, Tuare County Sheriff, partner agencies, coordinators, stakeholders (including Tuare Tribe), and public of the fire location and progression.  
 2. Coordinate with Tuare County Fire Department to initiate appropriate suppression actions in the Firehouse Community Zone. The location, timing, and behavior of the fire will dictate the location and priority of suppression resources and actions to be implemented.  
 3. Consider appropriate structure protection measures for all structures on the private inholding located near the confluence of Golden Trout Creek and the River.  
**M.A.P. 13 - Freeway**  
**Management Intent:**  
 Provide timely public and cooperative notification of the situation and provide sufficient time to secure resources to initiate structure protection.  
**Recommended Actions:**  
 1. Notify Inyo NF, Tuare County Sheriff, partner agencies, coordinators, stakeholders (including Tuare Tribe), and public of the fire location and progression.  
 2. Coordinate with Tuare County Fire Department to initiate appropriate suppression actions in the Firehouse Community Zone. The location, timing, and behavior of the fire will dictate the location and priority of suppression resources and actions to be implemented.  
 3. Consider appropriate structure protection measures for all structures on the private inholding located near the confluence of Golden Trout Creek and the River.  
**M.A.P. 12 - Freeway**  
**Management Intent:**  
 Provide timely public and cooperative notification of the situation and provide sufficient time to secure resources to initiate structure protection.  
**Recommended Actions:**  
 1. Notify Inyo NF, Tuare County Sheriff, partner agencies, coordinators, stakeholders (including Tuare Tribe), and public of the fire location and progression.  
 2. Coordinate with Tuare County Fire Department to initiate appropriate suppression actions in the Firehouse Community Zone. The location, timing, and behavior of the fire will dictate the location and priority of suppression resources and actions to be implemented.  
 3. Consider appropriate structure protection measures for all structures on the private inholding located near the confluence of Golden Trout Creek and the River.

Castle Fire: 73,666 Acres  
 Shotgun Fire: 638 Acres

Information obtained by infrared imagery on Sept. 12 @ 2:00
