4. OPERATIONAL PERIOD (DATE/TIME): 10/19/2021 0700-1900

5. OBJECTIVES:

Strategic Framework

Implement a full suppression strategy on the KNP Complex Fire. Values at risk include human safety, communities, Sequoia Groves, critical infrastructure, associated improvements, and wilderness values. Apply tactics that offer the highest probability of success commensurate with resource availability.

Leaders Intent

Provide the highest level of customer service to all involved with or impacted by the KNP Complex. Ensure transparent, timely and accurate communication at all levels of the incident and strengthen relationships with cooperators. All incident assigned personnel should be prepared to take appropriate actions regarding:

- Professional behavior, conduct, and timely/effective communication.
- Personal safety and the safety of others, including driving slowly and defensively.
- Manage fatigue by taking breaks and maintaining work/rest cycles.
- Minimize risk and limit exposure to infectious disease by minimizing large group settings, social distancing, wearing face coverings, and handwashing.

Management Objectives

- Provide for firefighter and public safety through hazard recognition and application of the risk management process.
- Make risk-informed decisions to minimize fire impacts to Sequoia Groves.
- Coordinate suppression activities with assigned incident Resource Advisors and Tribal Advisors to minimize impacts to Sequoia Groves, wilderness, natural and cultural resources. Utilize Minimal Impact Suppression Tactics (MIST) where appropriate.
- Implement suppression repair activities in accordance with the suppression repair plans and Incident Resource Advisors.

Control Objectives

To prevent the fire from spreading to private property, surrounding communities, Sequoia Groves, wilderness, and values at risk, keep the KNP Complex fire:

- North, South, and East of established containment lines.
- West of Redwood Meadow Grove confined to areas with natural barriers

FIRE BEHAVIOR FORECAST

FORECAST NUMBER: 34	TYPE OF FIRE: Wildfire
FIRE NAME: KNP Complex	OPERATIONAL PERIOD: October 19, 2021 24hr
DATE ISSUED: 10/18/21	TIME ISSUED: 2000
UNIT: CA-KNP	SIGNED: _____ Typed/printed: Dennis Burns/s/

INPUTS

WEATHER SUMMARY:

Warmer and Drier

- Today: Temps. Upper 46-56 RH. 35-45%. Lower Temps. 56-66 RH. 28-38% Wind, SW 5-10mph Gusts 12mph.
- Tonight: Temps. Upper 28-38 RH 41-51% Lower Temps. 38-48 RH. 52-62 Wind S 2-8mph.

OUTPUTS

FIRE BEHAVIOR

GENERAL: No forward fire progression is expected today on the fire. Expect creeping under closed canopies and heavier fuels will continue to burn. Fire weakened trees will continue to fall. Spotting, if any will be from rollout and with the higher RH the potential for torching, will be reduced. One hour fuels will not be receptive to spotting.

ERC: 38 Well below average.

POI: 10-20% in the afternoon.

SPECIFIC:**Branch I:**

North: No forward fire progression is expected. Most of the fire is in a backing alignment. Rollout will continue to challenge containment. Heavier fuels will continue to burn and some creeping should be expected under closed canopies.

South: Expect, decreased fire behavior in Division C. Rollout will continue to challenge containment lines. Some flanking runs are possible on the east flank Div. C. The fire is not, expected to cross Cliff Creek. No forward progression in Divisions A and X.

All Areas: Spotting from rollout will continue to be problematic. Slope-reversals are probable from any fire burning in drainage bottoms. Mop-up will continue to be extensive.

AIR OPERATIONS: Clear skies expected.

SAFETY

- Make sure Lookouts are posted in places where they can see potential spotting.
- Fire weakened timber poses a threat to personnel working in timber areas.
- Unburned fuel between you and the fire.

HEALTH AND SAFETY MESSAGE

SAFETY starts with *YOU*

We are ALL accountable for SAFE behavior

INCIDENT: **KNP Complex**

Date: October 19th 2021

Stay engaged!

- It's really easy to establish bad habits (most times we don't even realize we created one), but very hard to unlearn them!
- Recognize that this fire presents different challenges and opportunities, but one that still presents risks: Those risks need to be consciously considered!
- Stay focused on safety from the time you get up, until the time you go to bed: safety doesn't happen by accident...
- Never get upset with someone who "calls you" on a safety-related item – Thank them for caring about you!
- Model good habits – regardless of your level in the organization!
- Don't make assumptions that your piece of fire will look/act the same as it did yesterday! Expect it *not* to and you'll notice small changes.
- Resources are being shifted around the fire, stay alert as you drive, watch for animals, scan for hazards that may not have been noticed by those who'd been there before.
- Many of the things we do as SOPs were put in place due to the misfortune of others – let's not repeat history!

KNOW YOUR OBJECTIVE:

- **TASK.....What is to be done.....Strategy and tactics**
- **PURPOSE.....Why it is to be done.....Big picture.....who, what, when, where, why, etc.....**
- **END STATE.....How it should look when I'm done....Quantify your expectations.....Leaders Intent**

HARASSMENT FREE WORKPLACE

The Forest Service strives for a harassment-free work environment where people treat on another with respect. Managers, supervisors, and all employees, as well as our contractors, cooperators and volunteers have the primary responsibility for creating and sustaining this harassment-free environment.

WHAT HARASSMENT IS: Harassment is coercive or repeated, unsolicited, and unwelcome verbal comments, gestures or physical contacts and includes retaliation for confronting or reporting harassment. Some examples include but are not limited to the following: unwelcome touching, inappropriate references to body parts, derogatory or demeaning comments, jokes, or personal question, sexual innuendoes, inappropriate comments, or other verbal abuse.

The Harassment Reporting Center supports the enhanced Anti-Harassment Policy by offering a single, dedicated channel to report harassment or bullying allegations. The Harassment Reporting Center is available 7 days a week from 7:00 a.m. to 11:00 p.m. Eastern. If you have experienced or witnessed harassment, you can call the toll-free number (844) 815-8943 to report the allegation to a trained Reporting Center Representative.
