<b>Date and Time Products Delivered to Incident:</b> 20210903 2330PDT		<b>Digital files sent to:</b> <a href="http://Ftp.wildfire.org">Ftp.wildfire.org</a>	
<b>Comments /notes on tonight's mission and this interpretation:</b> The fire area is comprised of many scattered heat sources with smaller areas of intense heat where the perimeter is minimally growing. Occasional isolated heat sources are observed outside the main perimeter.  Please contact me if you have questions or concerns-AJP
