# Health & Safety Message

## **South-Ops Mobilization Center**

*Safety is good business because we all profit*

CIIMT 4  
OPLIGER

Wed. Oct. 31 Nov 1, 2007

0600 - 0600

- **ALL personnel are responsible for monitoring their personal work/rest cycles. Supervisor should monitor subordinates about crew work and fitness for duty.**
- **Monitor weather throughout shift. Changes in weather that will affect your work site must be made known to all.**
- **Beware of moving equipment in the entire area. Ensure that you know where you are walking because they may not.**
- **Communications are essential on this assignment. This incident will be operating on radio frequencies and cell phones. Use the right one for the right purpose.**
- **Ensure that all personnel are not resting or sleeping around the equipment.**
- **Remember that the public has access to the area we are working in. This will include passenger vehicles and commercial tractor-trailers.**
- **Remain aware to personnel we are responsible for who may wander off into areas of the airport that they have not been authorized to be in.**
- **Do not enter areas of building that have not been cleaned and approved for entry. There is a risk of disease or infection by airborne particulates.**
- **Good hydration is a must on this assignment for everyone. Remember to drink regularly for your health.**
- **Your best PPE for this assignment is a hat, sun shade, and sun screen. Always protect yourself.**
- **Beware of vehicle traffic along the route to the museum.**
