 Wilderness

 National Forest Boundary

Contour Interval = 80 feet  
Scale 1:24,000  
Fire Perimeters as of 6/24/08 - 1800

This topographic map displays the Basin and Gallery regions, characterized by dense brown contour lines indicating elevation. The map includes several geographical features and infrastructure: 

- Water Features:** The Big Sur River and its forks (North Fork, South Fork) are shown in blue. Other streams include Terrace Creek, Redwood Creek, and Mocha Creek.
- Fire Perimeters:** Large areas are outlined in red with tick marks, representing uncontrolled fire edges. Smaller areas are outlined in green with dashed lines, representing completed dozer lines.
- Trails and Roads:** Black lines represent trails and major roads. Notable trails include the Barlow Flat Trail and the Sykes Trail.
- Campsites:** Several campsites are marked, including Ventana, Terrace Creek, Barlow Flat, Sykes, Redwood, and Mocha.
- Geographical Labels:** Key locations include Island Mtn (3166), Mount Oimstead (3711), and various ridges like Pine Ridge and Sykes Ridge.
- Map Elements:** A legend in the top-left corner defines symbols for fire edges, dozer lines, trails, roads, wilderness, and forest boundaries. It also provides the contour interval (80 feet), scale (1:24,000), and the date of the fire perimeter data (6/24/08 - 1800). A north arrow and a scale bar (0 to 1 mile) are also present.
