16. State: ID	17. County / Parish / Borough: Cassia	18. City:										
19. Unit or Other:	20. Incident Jurisdiction:	21. Incident Location Ownership (if different than jurisdiction): ID-STF										
22. Latitude/Longitude: Latitude: 42° 5' 29" Longitude: 114° 10' 8"	23. US National Grid Reference: Grid Zone: 11TUS x-Coordinate: 42 y-Coordinate: 14	24. Legal Description: Principal Meridian: Boise Township: 15S Range: 19E Section: 25 1/4 Sec: SE of 1/4 Sec: NE										
25. Short Location or Area Description (list all affected areas or a reference point): 20 miles southwest of Oakley, Idaho		26. UTM Coordinates: Zone: 11 Easting: 734140 Northing: 4663802										
27. Note any geospatial data available (indicate data format, content, and collection time information and labels): All GIS data and products are available at: https://ftp.nifc.gov/public/incident_specific_data/great_basin/2020_Incidents/2020_Badger/												
28. Observed Fire Behavior or Significant Events for the Time Period Reported (describe fire behavior using accepted terminology. For non-fire incidents, describe significant events related to the materials or other causal agents): Minimal Single Tree Torching												

Incident Status Summary (ICS-209)

Incident: **Badger**

**Backing
Creeping**

Narrative:
Backing and creeping surface fire with occasional single tree torching in DIVs B, C, K. Unburnt fuels within the interior of the fire continue to consume.

29. Primary Fuel Model, Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc):

**Timber (Grass and Understory)
Heavy Logging Slash**

Narrative:
sub-alpine fir, lodgepole pine, juniper, mountain brush and grass communities. ERCs above 97th percentile. 1000-hr fuel moisture below 10 percent.

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc): No evacuation orders are in effect. All previous evacuation orders were lifted on 9/20.	A. Structural Summary	B. # Threatened (up to 72 hrs)	C. # Damaged	D. # Destroyed

33. Life, Safety, and Health Status/Threat Remarks: (32 H.) No evacuation orders are in effect. All previous evacuation orders have been lifted. Previously displaced is 86 total.	34. Life, Safety, and Health Threat Management:
--	---

Incident Status Summary (ICS-209)

Incident: **Badger**

<p>Moderate threat remains to Magic Mtn. Ski Resort and public infrastructure. Threats to fire personnel include steep and rugged terrain, snags, rolling debris, driving on dusty narrow roads, heat-related emergencies, and fatigue.</p> <p>A Sawtooth NF Road, Trail, and Area Closure is in effect. This closure restricts going into or being upon Sawtooth National Forest System lands near the Badger Fire under the following Forest Supervisor's Order:</p> <p>Sawtooth National Forest Order No. 0414-01-053</p> <hr/> <p>35. Weather Concerns (synopsis of current and predicted weather; discuss related factors that may cause concern):</p> <p>24 hr: A weak weather disturbance passing the fire area bringing an increase in winds and wind shifts. Warming and drying with some increase in instability.</p> <p>48-72 hr: Warm temperatures with humidities in the teens will continue.</p> <p>A rise in temperature, a drop in relative humidity, and increasing winds have the potential to increase fire activity along uncontrolled fireline.</p> <p style="text-align: center;">-----</p> <p>72+ hr: A cold front will move through the fire area. Wind shifts and wind gusts to 30 mph. Ridgetop winds may reach 30+ mph. Temperature down, RH up.</p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 80%;"></th> <th style="width: 20%; text-align: center;">Active?</th> </tr> </thead> <tbody> <tr><td>A. <p>36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour time frames:</p>	
12 hours:	<p>Moderate fire behavior is being observed east of Deadline Ridge, Pike Mountain, and Diamondfield Jack in Division B that has the potential to impact Wildland Urban Interface and Magic Mountain Ski Resort. Moderate fire behavior near the F/K break at Fuller Pasture and Bear Flat that will challenge constructed fire line along the east flank of the fire. Scattered heat along the fire perimeter remains along DIVs A, C, and Z. Isolated heat is present in DIVs F, K, and O. A warming and drying trend with an increase in gusty winds will test current suppression efforts.</p>
24 hours:	<p>Moderate fire behavior is being observed east of Deadline Ridge, Pike Mountain, and Diamondfield Jack in Division B that has the potential to impact Wildland Urban Interface and Magic Mountain Ski Resort. Moderate fire behavior near the F/K break at Fuller Pasture and Bear Flat that will challenge constructed fire line along the east flank of the fire. Scattered heat along the fire perimeter remains along DIVs A, C, and Z. Isolated heat is present in DIVs F, K, and O. A warming and drying trend with an increase in gusty winds will test current suppression efforts.</p>
48 hours:	<p>Moderate fire behavior is being observed east of Deadline Ridge, Pike Mountain, and Diamondfield Jack in Division B that has the potential to impact Wildland Urban Interface and Magic Mountain Ski Resort. Moderate fire behavior near the F/K break at Fuller Pasture and</p>

Incident Status Summary (ICS-209)

Incident: **Badger**

	<p>Bear Flat that will challenge constructed fire line along the east flank of the fire. Scattered heat along the fire perimeter remains along DIVs A, C, and Z. Isolated heat is present in DIVs F, K, and O. A warming and drying trend with an increase in gusty winds will test current suppression efforts.</p>
72 hours:	<p>Moderate fire behavior is being observed east of Deadline Ridge, Pike Mountain, and Diamondfield Jack in Division B that has the potential to impact Wildland Urban Interface and Magic Mountain Ski Resort. Moderate fire behavior near the F/K break at Fuller Pasture and Bear Flat that will challenge constructed fire line along the east flank of the fire. Scattered heat along the fire perimeter remains along DIVs A, C, and Z. Isolated heat is present in DIVs F, K, and O. A warming and drying trend with an increase in gusty winds will test current suppression efforts.</p>
Anticipated after 72 hours:	<p>Moderate fire behavior is being observed east of Deadline Ridge, Pike Mountain, and Diamondfield Jack in Division B that has the potential to impact Wildland Urban Interface and Magic Mountain Ski Resort. Moderate fire behavior near the F/K break at Fuller Pasture and Bear Flat that will challenge constructed fire line along the east flank of the fire. Scattered heat along the fire perimeter remains along DIVs A, C, and Z. Isolated heat is present in DIVs F, K, and O. A warming and drying trend with an increase in gusty winds will test current suppression efforts.</p>

37. Strategic Objectives (define planned end-state for incident):
Following the incident objectives developed during the WFSS process and in line with the Delegation of Authority strategic objectives are as follows (clockwise from north):

- NORTH of Mahogany Butte to protect grazing allotments, private inholdings, and cultural and natural resources.**
- EAST of FSR 542 and FSR 541, Deadline Ridge, and Rock Creek to protect vacation homes, Magic Mountain Ski Resort, improved campgrounds, grazing allotments, private inholdings, and cultural and natural resources.**
- SOUTH of County Road E2900N and County Road E 3000 N to protect residences, grazing allotments, and cultural and natural resources.**
- WEST of Cottonwood Ridge and Rams Horn Ridge to protect residences, grazing allotments, and cultural and natural resources.**

38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:

All of the above threats will remain valid and continue based on observed fire behavior.

Threats to life and property: Fire activity continues to pose a threat, though minimal for most divisions, to Wildland Urban Interface.

**Threats to public and private infrastructure:
 12 hours: Magic Mountain Ski Resort and nearby residential areas**

**Threats to cultural and natural resources:
 Priority sage grouse habitat remains threatened and continues to be potentially impacted.**

Incident Status Summary (ICS-209)

Incident: **Badger**

	<p>All of the above threats will remain valid and continue based on observed fire behavior.</p> <p>Threats to life and property: Fire activity continues to pose a threat, though minimal for most divisions, to Wildland Urban Interface.</p>
24 hours:	<p>Threats to public and private infrastructure: Magic Mountain Ski Resort and nearby residential areas</p> <p>Threats to cultural and natural resources: Priority sage grouse habitat remains threatened and continues to be potentially impacted.</p>
	<p>All of the above threats will remain valid and continue based on observed fire behavior.</p> <p>Threats to life and property: Fire activity continues to pose a threat, though minimal for most divisions, to Wildland Urban Interface.</p>
48 hours:	<p>Threats to public and private infrastructure: Magic Mountain Ski Resort and nearby residential areas</p> <p>Threats to cultural and natural resources: Priority sage grouse habitat remains threatened and continues to be potentially impacted.</p>
	<p>All of the above threats will remain valid and continue based on observed fire behavior.</p> <p>Threats to life and property: Fire activity continues to pose a threat, though minimal for most divisions, to Wildland Urban Interface.</p>
72 hours:	<p>Threats to public and private infrastructure: Magic Mountain Ski Resort and nearby residential areas</p> <p>Threats to cultural and natural resources: Priority sage grouse habitat remains threatened and continues to be potentially impacted.</p>
	<p>All of the above threats will remain valid and continue based on observed fire behavior.</p> <p>Threats to life and property: Fire activity continues to pose a threat, though minimal for most divisions, to Wildland Urban Interface.</p>
Anticipated after 72 hours:	<p>Threats to public and private infrastructure: Magic Mountain Ski Resort and nearby residential areas</p> <p>Threats to cultural and natural resources: Priority sage grouse habitat remains threatened and continues to be potentially impacted.</p>
<p>39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:</p>	
12 hours:	<p>1 - AOB 2 - SOFR 2 - EMTF 1 - COST</p>
24 hours:	<p>1 - AOB 2 - SOFR</p>

Incident Status Summary (ICS-209)

Incident: **Badger**

	<p>2 - EMTF 1 - COST</p>
48 hours:	<p>1 - AOBD 2 - SOFR 2 - EMTF 1 - COST</p>
72 hours:	<p>1 - AOBD 2 - SOFR 2 - EMTF 1 - COST</p>
Anticipated after 72 hours:	<p>1 - AOBD 2 - SOFR 2 - EMTF 1 - COST</p>

40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:

- 1) critical resource needs identified above,
- 2) the Incident Action Plan and management objectives and targets,
- 3) anticipated results.

Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.

In alignment with the Sawtooth National Forest Plan and WFDSS direction for the Badger Fire, implement a full suppression strategy to meet incident objectives. Critical Resource Needs are necessary to meet incident objectives and fulfill the Delegation of Authority. The addition of CRNs will improve the probability of reducing fire spread while providing for firefighter and public safety.

41. Planned Actions for Next Operational Period:

DIV B: Resources will have completed line construction from the A/B break north to Goose Creek by end of shift, then improve and hold.

DIV C: Resources are holding secured fire line from Sagehen Flats through to Buck Brush Flats and south from Buck Brush Flats to Magpie Basin along Rock Creek Road.

DIV F and K: Resources are constructing line from the southern end of DIV F towards the northern end of DIV K near Fuller Pasture and Bear Flat.

DIV O: Resources will improve, hold, and patrol fire line between Durfee Meadow and Trapper Creek.

DIV A/Z: Resources will improve, hold, and patrol completed hand and dozer line construction from the A/Z break west to Little Piney Creek.

42. Projected Final Incident Size/Area (use unit label – e.g., "Acres", "Square Miles"): **120,000**

43. Anticipated Incident Containment or Completion Date: **10/31/2020**

44. Projected Significant Resource Demobilization Start Date: **10/13/2020**

Incident Status Summary (ICS-209)

Incident: **Badger**

45. Estimated Incident Costs to Date: **\$8,200,000.00**

46. Projected Final Incident Cost Estimate: **\$13,000,000.00**

47. Remarks (or continuation of any blocks above – list block number in notation):

(7.) Reduction in acreage due to more accurate mapping.

Burned acres by ownership:

FS - 71,159

BLM - 13,575

ST - 1,146

PRI - 3,210

49. Resources (summarize resources by category, kind, and/or type; show # of resources on top 1/2 of box, show # of personnel associated with resource on bottom 1/2 of box):
