This topographic map displays the East Fork area, showing a large fire perimeter outlined in red. The map is divided into several management zones labeled Div B, Div G, Div M, Div R, Div X, and Div Z. Key features include the Center Creek Trail, various basins (e.g., Granddaddy, McAffee, Pigeon Water), and numerous peaks and ridges. The map includes a coordinate grid, a scale bar (0 to 4 miles), and a north arrow. A legend in the top left corner defines symbols for bridges, drop points, fire origins, helispots, repeaters, sling sites, water sources, and value at risk. It also defines line types for division breaks, wildfire daily fire perimeters, uncontrolled fire edges, completed hand lines, management action points, Bureau of Indian Affairs (BIA) boundaries, US Forest Service (USFS) land, and private land. A table in the top right corner provides a summary of map conditions and actions.

MAP	Condition	Action
1	Fire establishes itself beyond the MAP or is expected to cross the MAP within the next burning period.	Consider evacuations of the Blind Stream area.
2	If fire approaches MAP 2.	Contact Dano Jauregui at 435-315-5687 on the UWC.
3	If fire comes within 1 mile of MAP 3.	Consider evacuations and extending area closures east of the Lake Fork Trail.
4	If fire crossed the Wilderness boundary.	Consider evacuations of the remaining campgrounds in Rock Creek: Yellow Pine, Miner Gulch and Rock Creek Group Site.
5	Fire establishes itself beyond the MAP or is expected to cross the MAP within the next burning period.	Implement East Fork Fire Protection Plan Zone 1: Upper Stillwater/Rock Creek.
6	Fire establishes itself beyond the MAP or is expected to cross the MAP within the next burning period.	Implement East Fork Fire Protection Plan Zone 1: Upper Stillwater/Rock Creek.
7	Fire establishes itself beyond the MAP or is expected to cross the MAP within the next burning period.	Order Type 1 Helicopter (high performance to operate at 10,000 ft + elevations) if not currently available.
8	Fire establishes itself beyond the MAP or is expected to cross the MAP within the next burning period.	Order Type 1 helicopter (high performance to operate at 10,000 ft + elevations) if not currently available.
9	Fire establishes itself beyond the MAP or is expected to cross the MAP within the next burning period.	Order Type 1 helicopter and 1 Type 3 helicopter with PSD, (both with high performance to operate at 10,000 ft + elevations) if not currently available.
