

MAP 1: WUI from Wallace Creek to Salmon
 Condition: If fire reaches or potentially reaches the housing line and becomes established east of MAP 1...
 Action: Fire may threaten the WUI corridor from Wallace Creek to Salmon, Idaho...
 Resources: Liaison Officer: Sheriff's Office, IDT, Safety Officer...
 Operational Resources includes 30 Engines, 5 water tenders, 4 Dozers, 3 HC, 2 Type 2 IA Crews, 3 Task Force Leaders, 3 Type 1 Helicopters, and 10 Attack/Haz/ELCCO. Additional resource needs may be required as complexity escalates.

MAP 2: WUI corridor north of North Fork
 Condition: Fire is established east or north of MAP 2...
 Action: Fire may threaten the WUI corridor from North Fork to Gibbonsville, ID...
 Resources: Liaison Officer: Sheriff's Office, IDT, Safety Officer...
 Operational Resources includes 30 Engines, 5 water tenders, 2 Dozers, 5 HC, 3 Type 2 IA Crews, 3 Task Force Leaders, 3 Type 1 Helicopters, and 10 Attack/Haz/ELCCO. Additional resource needs may be required as complexity escalates.

MAP 3: Notifi Bitterroot National Forest
 Condition: If fire becomes established north of MAP 3...
 Action: Based on time of year and projected fire spread, consider notification to the Bitterroot National Forest for potential spread onto their administrative area...
 Resources: Liaison Officer: Forest Staff, LTANF/AN, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values. Risk to personnel will be a factor in determining actions.

MAP 4: ESA Fish Tributaries
 Condition: As suppression actions are developed, care must be taken to avoid negative suppression impacts to fish habitat in identified tributaries on all watersheds...
 Action: Fire action is not problematic in riparian corridors, but fire intensities that remove cover, or suppression activities that disturb streambeds and stream banks are undesirable...
 Resources: Liaison Officer: Operations Section Chief and Safety Officer

MAP 5: Salmon Municipal Watershed
 Condition: Fire crosses MAP 5 and becomes established...
 Action: High intensity fire on the forested slopes in the upper reaches of Puffed, Chips, and Jesse Creeks may result in high sediment flows that could negatively impact the Salmon municipal water system...
 Resources: Liaison Officer: LTANF/AN, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values. Risk to personnel will be a factor in determining actions.

MAP 6: Mine Power Line (4 mi buffer)
 Condition: Fire crosses MAP 6 and becomes established...
 Action: Loss of power will threaten Blackbird and Clear Track mines' wastewater filtration, potentially...
 Resources: Liaison Officer: LTANF/AN, Safety Officer...
 Additional resource needs may be required as complexity escalates.

MAP 7: Mine Power Line (1.5 mi buffer)
 Condition: Fire crosses MAP 7 and becomes established...
 Action: Loss of power will threaten the mine's ability to filter wastewater, this will poison the stream and kill fish...
 Resources: Liaison Officer: Operations Section Chief and Safety Officer

MAP 8: Blackbird Mine Access
 Condition: If fire reaches MAP 8 and becomes established, travel could be halted for mine employees...
 Action: Maintaining traffic flow to the mine is essential for the local economy and could jeopardize mine safety operations...
 Resources: Liaison Officer: LTANF/AN, Safety Officer...
 Operational resources include a Task Force Leader.

MAP 9: Panther Creek Closure and WUI
 Condition: Fire crosses MAP 9 and becomes established...
 Action: Operations and the Liaison Officer will coordinate with the Sheriff to plan for and implement road closures...
 Resources: Liaison Officer: LTANF/AN, Sheriff's Office, Safety Officer...
 Operational Resources includes 20 Engines, 3 water tenders, 2 HC, 2 Type 2 IA Crews, 3 Task Force Leaders, 3 Type 1 Helicopters, and 10 Attack/Haz/ELCCO. Additional resource needs may be required as complexity escalates.

MAP 10: Notifi Beaverhead-Deeridge National Forest
 Condition: If fire breaches and becomes established east of MAP 10...
 Action: Based on time of year and projected fire spread, consider notification to the Beaverhead-Deeridge National Forest for potential spread onto their administrative area...
 Resources: Liaison Officer: Forest Staff, LTANF/AN, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values. Risk to personnel will be a factor in determining actions.
