

- MAP 1: WUI from Wallace Creek to Salmon**
 Condition: If fire becomes established east of Wallace Creek to Salmon, Idaho...
 Description: MAP 1 is the Diamond Creek Control Line north of Wallace Creek near the Salmon River... west to the Ridge Road containing south to Williams Creek Summit.
 Actions: Fire may threaten the WUI corridor from Wallace Creek to Salmon, Idaho...
 Resources: LIAISON OFFICER: Sheriff's Office, IOT, Safety Officer...
 Operational resources include 30 Engines, 5 water tenders, 4 Dozers, 3 HC, 2 Type 2 IA Crews, 3 Tank Force Leaders, 3 Type 1 Helicopters, and 10 Attack/HECCO. Additional resource needs may be required as complexity escalates.
- MAP 2: WUI corridor north of North Fork**
 Condition: If fire becomes established east of north of MAP 2...
 Description: MAP 2 follows the west side of Highway 93 north from North Fork and turns west at the Hill Creek Road.
 Actions: Fire may threaten the WUI corridor from North Fork to Gibbonsville, ID including drainages at Higher Creek, Clark Creek and Sheep Creek...
 Resources: LIAISON OFFICER: LIAISON/SALMON, Safety Officer...
 Operational resources include 30 Engines, 5 water tenders, 2 Dozers, 3 HC, 3 Type 2 IA Crews, 2 Tank Force Leaders, 3 Type 1 Helicopters, and 10 Attack/HECCO. Additional resource needs may be required as complexity escalates.
- MAP 3: Notifi Bitterroot National Forest**
 Condition: If fire becomes established north of MAP 3...
 Description: MAP 3 is a 4-mile wide buffer 1/2 mile north of the Salmon River, east to Ditcher Mountain, Bald Mountain, Indian Peak, and ending at Granite Mountain.
 Actions: Based on time of year and projected fire spread, consider notification to the Bitterroot National Forest for potential spread into their administrative area...
 Resources: LIAISON OFFICER: Forest Staff, LIAISON/SALMON, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values. Risk to personnel will be a factor in determining actions.
- MAP 4: ESA Fish Tributaries**
 Condition: As suppression actions are developed, care must be taken to avoid negative suppression impacts to fish habitat in identified tributaries on all watersheds...
 Description: This is a spatially defined buffer 1/2 mile north of the Salmon River...
 Actions: Fire is not problematic in riparian corridors, but fire intensities that remove cover or suppress stream flow could negatively impact the Salmon municipal water system...
 Resources: LIAISON OFFICER: LIAISON/SALMON, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values. Risk to personnel will be a factor in determining actions.
- MAP 5: Salmon Municipal Watershed**
 Condition: Fire crosses MAP 5 and becomes established...
 Description: MAP 5 follows the Ridge Road from the west end of the Diamond Creek Line near Wallace Creek, west to the Ridge Road, and the 202 road south to Williams Creek Summit.
 Actions: High intensity fire on the forested slopes in the upper reaches of Pollard, Chips, and Jesse Creeks may result in high sediment flows that could negatively impact the Salmon municipal water system...
 Resources: Local fire staff, LIAISON OFFICER: LIAISON/SALMON, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values.
- MAP 6: Mine Power Line (4 mi buffer)**
 Condition: Fire crosses MAP 6 and becomes established...
 Description: MAP 6 is a 4-mile wide buffer 1/2 mile north of the powerline to the Blackbird Mine.
 Actions: Loss of power will threaten Blackbird and Deer Track mines' wastewater filtration, potentially poisoning the stream and affecting fish and having long-term ecological and economic impacts...
 Resources: LIAISON OFFICER: LIAISON/SALMON, Safety Officer...
 Additional resource needs may be required as complexity escalates.
- MAP 7: Mine Power Line (1.5 mi buffer)**
 Condition: Fire crosses MAP 7 and becomes established...
 Description: MAP 7 is a 1.5-mile wide buffer 1/2 mile north of the powerline to the Blackbird Mine.
 Actions: Loss of power will threaten the mine's ability to filter wastewater, this will poison the stream and kill fish, having long-term ecological and economic impacts...
 Resources: LIAISON OFFICER: Operations Section Chief and Safety Officer...
 Additional resource needs may be required as complexity escalates.
- MAP 8: Blackbird Mine Access**
 Condition: If fire becomes established east of Blackbird Mine...
 Description: This is an east-west 1/2 mile wide buffer 1/2 mile north of the access road from Salmon to Blackbird Mine...
 Actions: Maintaining traffic flow in the mine is essential for the local economy and could jeopardize mine safety operations...
 Resources: LIAISON OFFICER: LIAISON/SALMON, Safety Officer...
 Operational resources include a Task Force Leader.
- MAP 9: Panther Creek Closure and WUI**
 Condition: Fire crosses MAP 9 and becomes established...
 Description: MAP 9 is a north-south 1/2 mile wide buffer 1/2 mile north of the Panther Creek Road...
 Actions: Operations and the LIAISON OFFICER will coordinate with the Sheriff's office to plan and implement road closures...
 Resources: LIAISON OFFICER: LIAISON/SALMON, Sheriff's Office, Safety Officer...
 Operational resources include 20 Engines, 3 water tenders, 2 HC, 2 Type 2 IA Crews, 3 Tank Force Leaders, 3 Type 1 Helicopters, and 10 Attack/HECCO. Additional resource needs may be required as complexity escalates.
- MAP 10: Notifi Beaverhead-Devilgate National Forest**
 Condition: If fire becomes established east of MAP 10...
 Description: MAP 10 extends north to south approximately 2 miles west of the Beaverhead-Devilgate National Forest...
 Actions: Based on time of year and projected fire spread, consider notification to the Beaverhead-Devilgate National Forest for potential spread into their administrative area...
 Resources: LIAISON OFFICER: Forest Staff, LIAISON/SALMON, Safety Officer...
 Operational resource needs will be determined given fire location, fuels, topography, and values. Risk to personnel will be a factor in determining actions.
