

**Helena-Lewis and Clark NF
Rocky Mountain Ranger District
10/12/2021
Crown Mountain Fire**

Legend

- Division Break
- Helispot
- Drop Point
- Completed Dozer Line
- Access or Improved Road
- Management Action Point
- Wildfire Daily Fire Perimeter
- Recreation Residence
- Resorts
- Benchmark Treatment Units
- Closure Area

Scale: 0 0.5 1 2 Miles

Incident Name: Crown Mountain
Cost: \$150,000
Shape: MAP 1 - Forest Boundary
Activated: 10/7/2021

MAP 1

Condition:
The intent is to evaluate, prioritize and implement the needed actions to protect the listed values at risk, protection plans, and consider coordinated firing operations. The trigger condition is if the fire is projected to cross this MAP, forest-private land boundary near Petty & Smith Creek confluence.

Actions:
Notify PVT landowners, Montana DNRC, Lewis and Clark County Sheriff's Office, Bureau of Land Management, and Augusta VFD. Utilize direct suppression tactics where feasible and when conditions allow, consider the use of dozer line in fuel type and topography change on private land. Consider the use of coordinated firing operations off of control lines and use of aviation resources where effective.

Resources:
Operations will develop list of critical resources needed to protect above values at risk and begin initiating protection actions.

- Type 1 and 2 helicopter(s)
- Air tankers
- Multiple Type 1 and/or Type 2-IA crews
- Engines (strike team)
- Dozer(s) w/ HEQB
- Road grader
- Water tenders
- READ

Incident Name: Crown Mountain
Cost: \$100,000
Shape: MAP 2 - Ford Smith
Activated: 10/7/2021
Deactivated:

MAP 2

Condition:
The intent of the MAP is to evaluate, prioritize and implement the needed actions to protect the listed values at risk, structure protection plans, and consider implementing evacuations. The trigger condition is if the fire is projected to cross the MAP and expected fire behavior and weather indicate continued growth is likely.

Actions:
Notify PVT landowners, Montana DNRC, Lewis and Clark County Sheriff's Office, and Augusta VFD. Utilize direct suppression tactics where feasible and when conditions allow at the Weisners Ranch and Cobb Ranch, consider the use of dozer line in fuel type and topography change on private land (southwest of Weisner Ranch). Consider the use of coordinated firing operations off of control lines and use of aviation resources where effective.

Resources:
Operations will develop list of critical resources needed to protect above values at risk and begin initiating protection actions.

- Structure protection group or specialist.
- Augusta VFD
- Type 1 and 2 helicopter(s)
- Air tankers
- Engines (strike team)
- Dozer(s)
- Road grader
- Water tenders
- READ
- Multiple Type 1 and/or Type 2-IA crews

Incident Name: Crown Mountain
Cost: \$150,000
Shape: MAP 3 - Petty Ford Divide
Activated: 10/7/2021
Deactivated:

MAP 3

Condition:
The intent is to evaluate, prioritize and implement the needed actions to protect the listed values at risk, protection plans, and consider coordinated firing operations. The trigger condition is if the fire is projected to cross this MAP (Petty - Ford Creek Divide above the Benchmark Road) and/or displays potential for long range spotting beyond divide and road.

Actions:
Notify PVT landowners, SUP Recreation Cabin holders, Montana DNRC, Lewis and Clark County Sheriff's Office, and Augusta VFD. Consider closure of the Benchmark Road to the general public. Consider coordination with Lewis & Clark County Sheriff for evacuation, estimated travel time for officers from Helena to Benchmark Road is 2.5 hours. Utilize direct suppression tactics where feasible and when conditions allow to slow, re-direct, reduce fire spread and intensity. Consider the use of coordinated firing operations off of control lines and use of aviation resources where effective. Monitor for long range spotting, especially if fire crosses Petty Creek, where extensive past beetle killed trees exists.

Resources:
Operations and Sheriff's Office will develop list of critical resources needed to protect above values at risk and begin initiating protection actions.

- Road/Security Guards & personnel for posting closures.
- L&C County Sheriff personnel for evacuation.
- Type 1 and 2 helicopter(s)
- Air tankers
- Multiple Type 1 and/or Type 2-IA crews
- Engines (strike team)
