Leland Complex Fire Safety Message:

“A minute focused on safety can last a lifetime...”

For Day Operations: August 2, 2021

Safety Quote for the Day:

“Remember, someone loves you at home. Don’t ask me why.”

Col. Potter, MASH 4077

Leader’s Intent

We provide leader’s intent so people closest to the scene of action can adapt plans and exercise initiative to accomplish the objective when unanticipated opportunities arise or when the original plan no longer suffices.

Leader’s intent is a crucial element of effective operations because it reduces internal friction and empowers subordinates – even when chaotic conditions prevent the chain of command from communicating effectively.

Leader’s intent is a clear, concise statement about what people must do to succeed in their assignments. It delineates three essential components:

1. **Task** - what is the objective or goal of the assignment?
2. **Purpose** – why the assignment needs to be done.
3. **End state** – how the situation should look when the assignment is successfully completed.

What is your Leader’s intent for you? If you don’t know... ask!

Thank you from your Safety Team!!

Ex: "Communications: Div. Alpha. Stand-by for Emergency Traffic."
- INCIDENT STATUS:** Provide incident summary (including number of patients) and command structure.
Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat/Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."

Severity of Emergency / Transport Priority	<input type="checkbox"/> RED/PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE <i>Ex: Unconscious, difficulty breathing, bleeding severely, 2° - 3° burns more than 4 palm sizes, heat stroke, disoriented.</i>
	<input type="checkbox"/> YELLOW/PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary. <i>Ex: Significant trauma, unable to walk, 2° - 3° burns not more than 1-3 palm sizes.</i>
