<b>1 INCIDENT NAME</b> <b>American Fork Fire, Divide Complex and Woods Creek</b>	<b>2. OPERATIONAL PERIOD:</b> DAY / NIGHT <b>08/07/2021 Saturday 0600 -</b> <b>08/08/2021 Sunday 1000</b>	<b>2. DATE PREPARED</b> <b>08/06/2021</b>	<b>3. TIME PREPARED</b> <b>1800</b>									
<b>3. GENERAL CONTROL OBJECTIVES FOR THE INCIDENT (INCLUDE ALTERNATIVES)</b> <b>Management Objectives</b> 1) Protection of human life and safety is the first priority for all actions taken on a wildfire and can overrule all other strategic/management objectives and incident requirements. 2) Base management decisions on meeting objectives while also minimizing the risk of COVID-19 exposures to responders and the public. COVID-19 considerations may alter how you meet goals but should not lead to higher risk tactics. 3) Maintain and strengthen relationships with the Helena-Lewis and Clark NF, Custer-Gallatin NF, private landowners, the public, cooperators and partners by providing timely and accurate information. 4) Use management actions that ensure fire personnel safety from contact with bears through compliance with the Food Storage Special Order. 5) Protect the unique attributes of impacted watersheds through actions that minimize sedimentation and invasive species movement. 6) Protect impact to cultural resources through consultation with local forest specialists.  <b>Control Objectives</b> <b>Divide Complex</b> 1) Protection of human life and safety is the first priority for all actions taken and shall override all other incident control objectives. Evaluate risk vs. benefit in strategic and tactical planning and only commit operational resources to actions that have the highest probability of success. 2) Protect Tenderfoot Experimental Forest infrastructure within the tenderfoot drainage. 3) Protect the communities of Belt Park, Deer Creek Estates, Monarch, Neihart and the Hwy 89 corridor to avoid loss or damage to private lands and critical infrastructure. 4) Use mechanized equipment to establish and improve control lines where approved to minimize risk and exposure to firefighting resources. 5) Provide initial attack resources to respond to any new ignitions within the TFR area to limit potential size and growth. <b>American Fork Fire</b> 1) Protection of human life and safety is the first priority for all actions taken and shall override all other incident control objectives. Evaluate risk vs. benefit in strategic and tactical planning and only commit operational resources to actions that have the highest probability of success. 2) Keep fire on Forest Service lands to protect and limit impact to adjacent landowner property and values at risk. 3) Provide initial attack resources to respond to any new ignitions within the TFR area to limit potential size and growth. <b>Woods Creek Fire</b> 1) Protection of human life and safety is the first priority for all actions taken and shall override all other incident control objectives. Evaluate risk vs. benefit in strategic and tactical planning and only commit operational resources to actions that have the highest probability of success. 4) Keep fire on Forest Service lands to protect and limit impact to adjacent landowner property and values at risk. 2) Protect private properties along Camas Creek, Birch Creek and Benton Gulch to avoid loss or damage to private lands and critical infrastructure. 3) Protect Values at Risk such as the Miller Cabin, the Thompson Guard Station and the Duck Creek communication towers on FS 4023 road. 4) Protect the west slope cutthroat trout habitat in Camas Creek by limiting fire intensity and ground disturbance where feasible.												
<b>4. Operational Period Command Emphasis:</b> <p style="text-align: center;"><b>*** L C E S ***</b></p>												
<b>5. General Situational Awareness:</b> <p style="text-align: center;"><b>**Strong West Winds**</b>  <b>** Isolated thunderstorms over the higher elevations in the late afternoon**</b></p> <p><b><u>WEATHER DISCUSSION:</u></b> Strong westerly winds will pick up today, and continue tonight along ridgetops and along the upper east slopes as a mountain wave pattern forms aloft. Mainly dry conditions today with a slight chance of a thunderstorm in the late afternoon. Chances for thunderstorms increase Sunday afternoon/evening and will be potentially strong. A <b>Fire Weather Watch</b> is in effect from Sunday afternoon through Sunday evening for a wind shift as a cold front moves through. Below normal temperatures expected Monday.</p>

## Human Resource Message

The mission of the Red Team is to safely, effectively and efficiently manage the American Fork Fire, Divide Complex and Woods Creek Fire by maintaining a team of skilled and productive personnel. During this incident we will strive to successfully complete our mission and achieve our objectives while creating a positive, drug and alcohol free work environment for all assigned incident personnel.

Consumption of drugs that alter decision making abilities, such as marijuana and alcohol, is prohibited while assigned to the incident.

The Red Team fully supports EEO and will not tolerate sexual harassment or any form of discrimination!

All inappropriate behavior will be dealt with promptly. Disciplinary action and reporting back to an individual's home unit will be initiated as necessary.

Please report any incidents of inappropriate behavior to your supervisor, Pat Pearson or myself immediately.

*Steve Parrish*, Incident Commander

## INCIDENT Weather Forecast

View Local Obs →

FORECAST NO: 16  
PREDICTION FOR: Saturday

NAME OF FIRE: Am Fork/Divide/Woods Crk  
UNIT: Helena/Lewis & Clark NF and Custer Gallatin NF  
SHIFT DATE: August 07, 2021  
SIGNED: Ian Morrison

FORECAST ISSUED: 1800 Aug 6, 2021

Incident Meteorologist

**\*\*Strong West Winds\*\***

**\*\* Isolated thunderstorms over the higher elevations in the late afternoon \*\***

**WEATHER DISCUSSION:** Strong westerly winds will pick up today, and continue tonight along ridgetops and along the upper east slopes as a mountain wave pattern forms aloft. Mainly dry conditions today with a slight chance of a thunderstorm in the late afternoon. Chances for thunderstorms increase Sunday afternoon/evening and will be potentially strong. A **Fire Weather Watch** is in effect from Sunday afternoon through Sunday evening for a wind shift as a cold front moves through. Below normal temperatures expected Monday.

### **FOR BALSINGER, AMERICAN FORK AND WOODS CREEK FIRES:**

**WEATHER:** Mostly clear with good RH recoveries early morning. Isolated showers and thunderstorms in the afternoon/evening. Strong and gusty westerly ridgetop winds will increase in the afternoon.

**TEMPERATURES:** 69-74 ridges and 80-86 valleys

**HUMIDITY:** Minimums 20 to 25%

#### **20 FT WINDS:**

**RIDGETOP** - WNW 20 to 25 mph with gusts to 45 mph.

**PROTECTED SLOPES** - Upslope/upvalley at 6 to 10 mph.

**LOWER ELEVATIONS** - W 10 to 20 mph becoming gusty in the afternoon.

**HAINES INDEX:** 3 (Very low chance of plume dominated activity)

**CHANCE OF WETTING RAIN (> .10):** 0%

**LAL:** 2

**STABILITY/INVERSION:** Moderate inversion breaking by 0900.

### **OUTLOOK FOR TONIGHT:**

Mostly clear with haze. Lows in the 50's. RH 40-60%. Ridgetop winds W 15 to 20 mph with gusts to 40 mph.

### **OUTLOOK FOR SUNDAY AND MONDAY:**

A strong cold front will bring a chance of rain to the northern fire area and wetting rain will be more likely at the Balsinger fire. Strong SW winds Sunday will shift to the west as the front moves through the area. A **fire weather watch** is in effect Sunday due to strong winds and winds shifting direction from the SW to W as the front passes. Temperatures will drop below normal Sunday night and Monday.

## FIRE BEHAVIOR FORECAST

<b>FORECAST NUMBER: 16</b>	<b>TYPE OF FIRE:</b> Wildland
<b>FIRE NAME:</b> Divide Complex, American Fork, & Woods Creek	<b>OPERATIONAL PERIOD:</b> Day & Night Shift
<b>DATE ISSUED:</b> 08/06/2021 <b>TIME ISSUED:</b> 1800	<b>SHIFT DATE:</b> Saturday, August 7, 2021
<b>UNIT:</b> Helena, Lewis & Clark, and Custer Gallatin NF	<b>SIGNED:</b> Greg Titus, FBAN

### WEATHER SUMMARY:

See weather forecast in IAP for detailed forecast. **Low RH values and Strong gusty winds.**  
**Local Thresholds – Watch Out**  
20-foot winds over **13 mph**, RH under **17%**, Temperature over **82°**, 1,000-hour fuel moisture under **14%**.

### FIRE BEHAVIOR:

**GENERAL:** The dominant fuel types found in the fire areas are heavy mixed conifer stands and short grass outside the forested areas. Heavy and live fuel moistures are at critical levels.

Active surface fire behavior with single tree and group torching, and spotting.

Fine Dead Fuel Moisture = **4%**, 1,000 Hour Fuel Moisture = **6-8%**, Live Fuel Moisture = **115-125%**

Live fuels (grass, herb, and woody) are continuing to cure and becoming more available.

Open short grass areas significantly slow rates of spread.

Heavy and taller grass areas are becoming less of a barrier to fire.

ERC's are above the 90<sup>th</sup> percentile for most RAWS in the area.

Fuel Model	Average Rate of Spread	Average Flame Length
Grass (GS2)	1-3 ch/hr	1-2 foot
Mixed Conifer (TU5)	15 ch/hr      Extreme 30 ch/hr	7 feet      Extreme 10 feet

Spot fires: **6 to 16** acres in one hour      Probability of Ignition = **73%**      Spotting distance up to **0.5 miles**  
in mixed conifer stands.      **1.0 mile** during gusts.

### **Specific Areas to Watch and Pay Close Attention:**

Wind driven fire is the concern. Once the wind finds heat near fuels, look for strong fire runs.

#### **Balsinger**

Div. I - Watch along the Tillinghast Creek drainage toward the Divide Rd.

Div. U – Continue to monitor heat and fire activity on the west side of the Tillinghast Creek in the Thunder Mt area.

#### **American Fork**

Div. M – Areas of concern are Dugout Creek and Lodgepole Creek.

Div. P – Watch for fire movement and runs in the Shields River drainage, around the Crandell Creek.

#### **Woods Creek**

Div. AA – Mule and Moose Creek drainages will continue to hold heat and have the potential to move further down drainage.

Div. YY – The Atlantic Creek and Boulder Creek drainages are of concern.

Div. MM – Remain alert in the Gipsy Creek area.

### **AIR OPERATIONS:**

Smoke and strong sustained and gusty winds will present issues for air operations.

### **SAFETY:**

There is a potential for large runs with long range spotting. The combination of running fire and long-range spotting results in high rates of spread. Have good lookouts. Know escape routes and safety zones. Pay close attention to increasing winds.

**6. Control Operations/Work Assignments:**  
**Task:** Recon and support private landowners with dozer line construction south to Holloway Gulch.  
**Purpose:** Establish point protection and indirect line for control operations.  
**End State:** Control fire resulting in minimal loss of critical rangeland and secure high value resources for homes and the ranching community.

**7. Special Instructions:**  
 Maintain situational awareness while driving on public and forest roads.  
 Leave all gates as you found them, either opened or closed. If the gate was closed when you arrived, close it as you leave.

**David Radzivil**  
The convention calls for frequency lists to show four digits after the decimal place, followed by either an "N" or a "W", depending on whether the frequency is narrow or wide band. Mode refers to either "A" or "D" indicating analog or digital (Project 25)

\*\*\* Special Instructions: Use Human Repeater When Necessary. All Medical calls use Command 4 - Channel 1 to Divide Communications to initiate IWI. Divide Communications Cell - (406) 438-1685

**American Fork AND Divide Complex Overnight Medical Incidents – contact DIVIDE COMMUNICATIONS on COMMAND, or if unreachable, contact by phone 406-438-1685.**

**Balsinger will be using Belt Ambulance as fire is in Cascade County. Complete Medical Incident Report (8 line) per process with responding dispatch center.**

## HEALTH AND SAFETY MESSAGE

*“We don’t plan on luck to be safe, we plan on sound risk management and good decisions”....the Red Team*

**Incident: Divide Complex**

**DATE:** Saturday, August 7th, 2021

**Major Hazards & Risks: Human Factors, Driving, Wildlife/Livestock**

**\*\*Driving on autopilot/distracted driving.\*\***

According to a recent study in a simulated commute environment, researchers found that people’s minds wandered 70% of the time while driving in this study. Imagine driving only 30% engaged with your commute to the fireline/camp? Our situational awareness decreases and our risk drastically increases.

### Hazards of driving on autopilot

- Decreased reaction time to road hazards
- Situation awareness becomes diminished

It only takes a second of distracted driving to cause a major accident, injury, or even worse, a fatality.

8. CONSTRUCTING FIRELINE WITHOUT SAFE ANCHOR POINT

### MITIGATING AUTOPILOT/DISTRACTED DRIVING:

- *Continue to shift your gaze side to side*
- *Avoid focusing solely on the vehicle in front of you*
- *Have passengers help keep you engaged in driving*
- *Do your best to avoid nighttime driving*

Remember your ability to maintain safety will have positive effects on others.

*Red Team Safety Officers: Tony Rivers, Mike Cook, Larry Connell, Brad Lidell, Jose Castro, John Fugitt, Tommy Hawkins, Chris Farinetti, Todd Mott*

204 W. Folsom  
White Sulphur Springs, MT 59645

# TRAINING MESSAGE

## CHECK-IN

If you have a position task book (PTB), please scan the QR code or click the link to the right to initiate the check-in process with the Incident Training Specialist. Please complete the form in its entirety. Upon completion, at your earliest convenience, **please email a copy of your qualification card and position task book cover to Al Hoke at [ahoke@gfc.state.ga.us](mailto:ahoke@gfc.state.ga.us).**

For your convenience, an electronic ICS-225 or ICS-226 and Evaluation Record will be sent to you after you complete the check-in process. Electronic Evaluation Records, Trainee Data Forms can also be provided.

<https://forms.office.com/g/25cqnByg71>

## DEMOB

In order to receive credit for your assignment, you must close out with the Incident Training Specialist prior to departure.

Close out requirements include:

1. Ensure your trainer(s)/evaluator(s) has/have initialed completed tasks in your PTB
2. Obtain an Incident Performance Rating (please sign in the appropriate block at the bottom of the form)
3. Obtain an Evaluation Record
4. If evaluator initialed #1 on your Evaluation Record, ensure he/she signs as final evaluator (located on the backside of your PTB cover page)
5. Email all documentation (including item #4, when appropriate) to [ahoke@gfc.state.ga.us](mailto:ahoke@gfc.state.ga.us)
6. Please scan the QR code or click the link to the right to complete the Incident Trainee Exit Interview with the Incident Training Specialist.

<https://forms.office.com/g/yqtU5x4Cch>

# FINANCE SECTION

- **Thank you! Please submit your TIME daily. Also we have several resources that have not submitted time since beginning on July 29<sup>th</sup>.**
- When submitting your CTRs and Shift Tickets, remember to email your information to the fire assigned on your Resource Order. In the remarks, place the name of the fire worked on that day.
  - [2021.divide.finance@firenet.gov](mailto:2021.divide.finance@firenet.gov)
  - [2021.americanfork.finance@firenet.gov](mailto:2021.americanfork.finance@firenet.gov)
  - [2021.woodscreak.finance@firenet.gov](mailto:2021.woodscreak.finance@firenet.gov)
- Please print **CLEARLY, LEGIBLY** and **SEND ELECTRONICALLY**. The items you **MUST** have on your CTR are: incident name, your name, your position (e.g. ENGB), O, C, E, A-#, date, hours, total hours, documentation in remarks such as fire you are working on, and supervisor signature.
- **Follow Work: Rest.** If exceeded, MITIGATE 2:1 and JUSTIFY. SIIBM Chapter 10-13
- **Hazard Pay** - SIIBM Chapter 10-18 and 5 CFR 550.901-907 Hazard pay is for those who engage in fireline activities. Indicate: "Firefighting on uncontrolled fireline."
- Please remember to take at least a 30-minute break every 8-hours. If a break is not taken, please document in remarks section on the bottom the CTR reason why break was not taken.
- Contact Finance Section via email 2-days prior to your scheduled **demob** date.
- ADs please make sure you have sent in your **Casual Hire and Resource Order** to the email address that reflects the fire listed on your Resource Order.

# Finance Remote Processing Procedures

To the right is access to electronic Finance forms. You can access them via the QR code or the URL. On each form are four buttons PRINT, RESET, SAVE and EMAIL. You can complete these forms on your cell phone, tablet or laptop. They are Adobe PDF forms so you will need a PDF reader app on your device. The forms were created on a laptop so the commands in your cell phone and tablet do not allow for the Save and Print functions to work. You will need to use your app's functionality to Save or Print. Once you have completed the appropriate form for your resource please email to your supervisor for approval.

**Supervisors** can use their app to apply a signature or just type /s/ your name on the approval line. After approving please email the approved form back to the resource for their record and to the correct finance email:

[2021.americanfork.finance@firenet.gov](mailto:2021.americanfork.finance@firenet.gov)

[2021.divide.finance@firenet.gov](mailto:2021.divide.finance@firenet.gov)

[2021.woods creek.finance@firenet.gov](mailto:2021.woods creek.finance@firenet.gov)

**Resources**, please send photos or electronic copies of Casual Hire forms, contracts, Cooperative agreements, Vehicle inspection, Manifests and resource orders to the correct finance email:

[2021.americanfork.finance@firenet.gov](mailto:2021.americanfork.finance@firenet.gov)

[2021.divide.finance@firenet.gov](mailto:2021.divide.finance@firenet.gov)

[2021.woods creek.finance@firenet.gov](mailto:2021.woods creek.finance@firenet.gov)

Shift Ticket

Emergency Fuel and Oil Ticket

General Message

## Human Resource Message

“Just having fun”

The best assignment is one where you are able to accomplish your mission and have a good time in the process. We want this assignment to be a great one for you. It is okay to have some fun and good humor while you are here. Just remember, that sometimes what is funny to you may not be to those around you. Be sure you have the relationship with others necessary to support your behavior. If you have any problems or concerns that you need help with, come see me.

“Okay ... on the count of three  
everybody rattles.”

Human Resource Specialist – Karen Hartman  
801-368-3493

#### DEMOB HOURS 0700 - 2000

**\*\*\*If you need a flight home, contact demob at least 72 hours before your demob day to make arrangements. \*\*\***

#### Three things to keep in mind about demobbing:

1. You need to be off shift for minimum 8 hours and rested before we can let you start travelling.
2. You need to be back to your home unit by 2200 hours or you have to RON and continue travelling the next day.
3. If you are taking a flight home, please shower and put clean clothes on. Your fellow passengers will be very appreciative and you won't end up on the no fly list!

On your demob day, or last work day, you should:

1. Turn in all supplies, radios and computer equipment checked out from the incident.
2. Email all ICS-214s ( Unit Logs) and evaluations Documentation at [2021.divide.docs@firenet.gov](mailto:2021.divide.docs@firenet.gov)
3. Go to the Ground Support Unit for equipment and vehicle inspections.
4. Go through weed wash and obtain a receipt to verify that the equipment has been cleaned. Return that receipt to demob (this can be done virtually by emailing a picture of the receipt to: [2021.divide.demob@firenet.gov](mailto:2021.divide.demob@firenet.gov).)
5. For water handling equipment that has drafted from streams, lakes or ponds, you must decontaminate your fittings and drafting hose (footvalve, hose, etc) at the Aquatic Invasive Species Decontamination station co-located with the weed wash. Follow directions on the tank.
6. Contact Time Unit to complete time and review your final OF-288 or OF-286. This may be done virtually. See instructions in IAP.
7. Report back to the Demobilization Unit to verify travel information home, including ETD/ETA and RON locations. This can be done virtually by calling DMOB.

Call Marg Olson, DMOB at 573-647-5844 if you have questions. [2021.divide.demob@firenet.gov](mailto:2021.divide.demob@firenet.gov)

## **Logistics**

### **Ordering Process**

Orders should be sent to the below ORDM's by noon for Cache Orders. For all other orders please have orders to ORDM's by 0800 hours or 1500 hours. Orders should be routed as shown below:

Divide Complex Orders

Coreen Francis, ORDM

coreen\_francis@firenet.gov

American Fork & Woods Creek Orders

Darrius Truss, ORDM

darrius\_truss@firenet.gov

### **Weed Wash Hours:**

0730 to 1300 and 1430 to 2000.

### **Divide ICP Catering located at Jackson Ranch**

#### **Meal Hours:**

Breakfast: 0530 to 0830

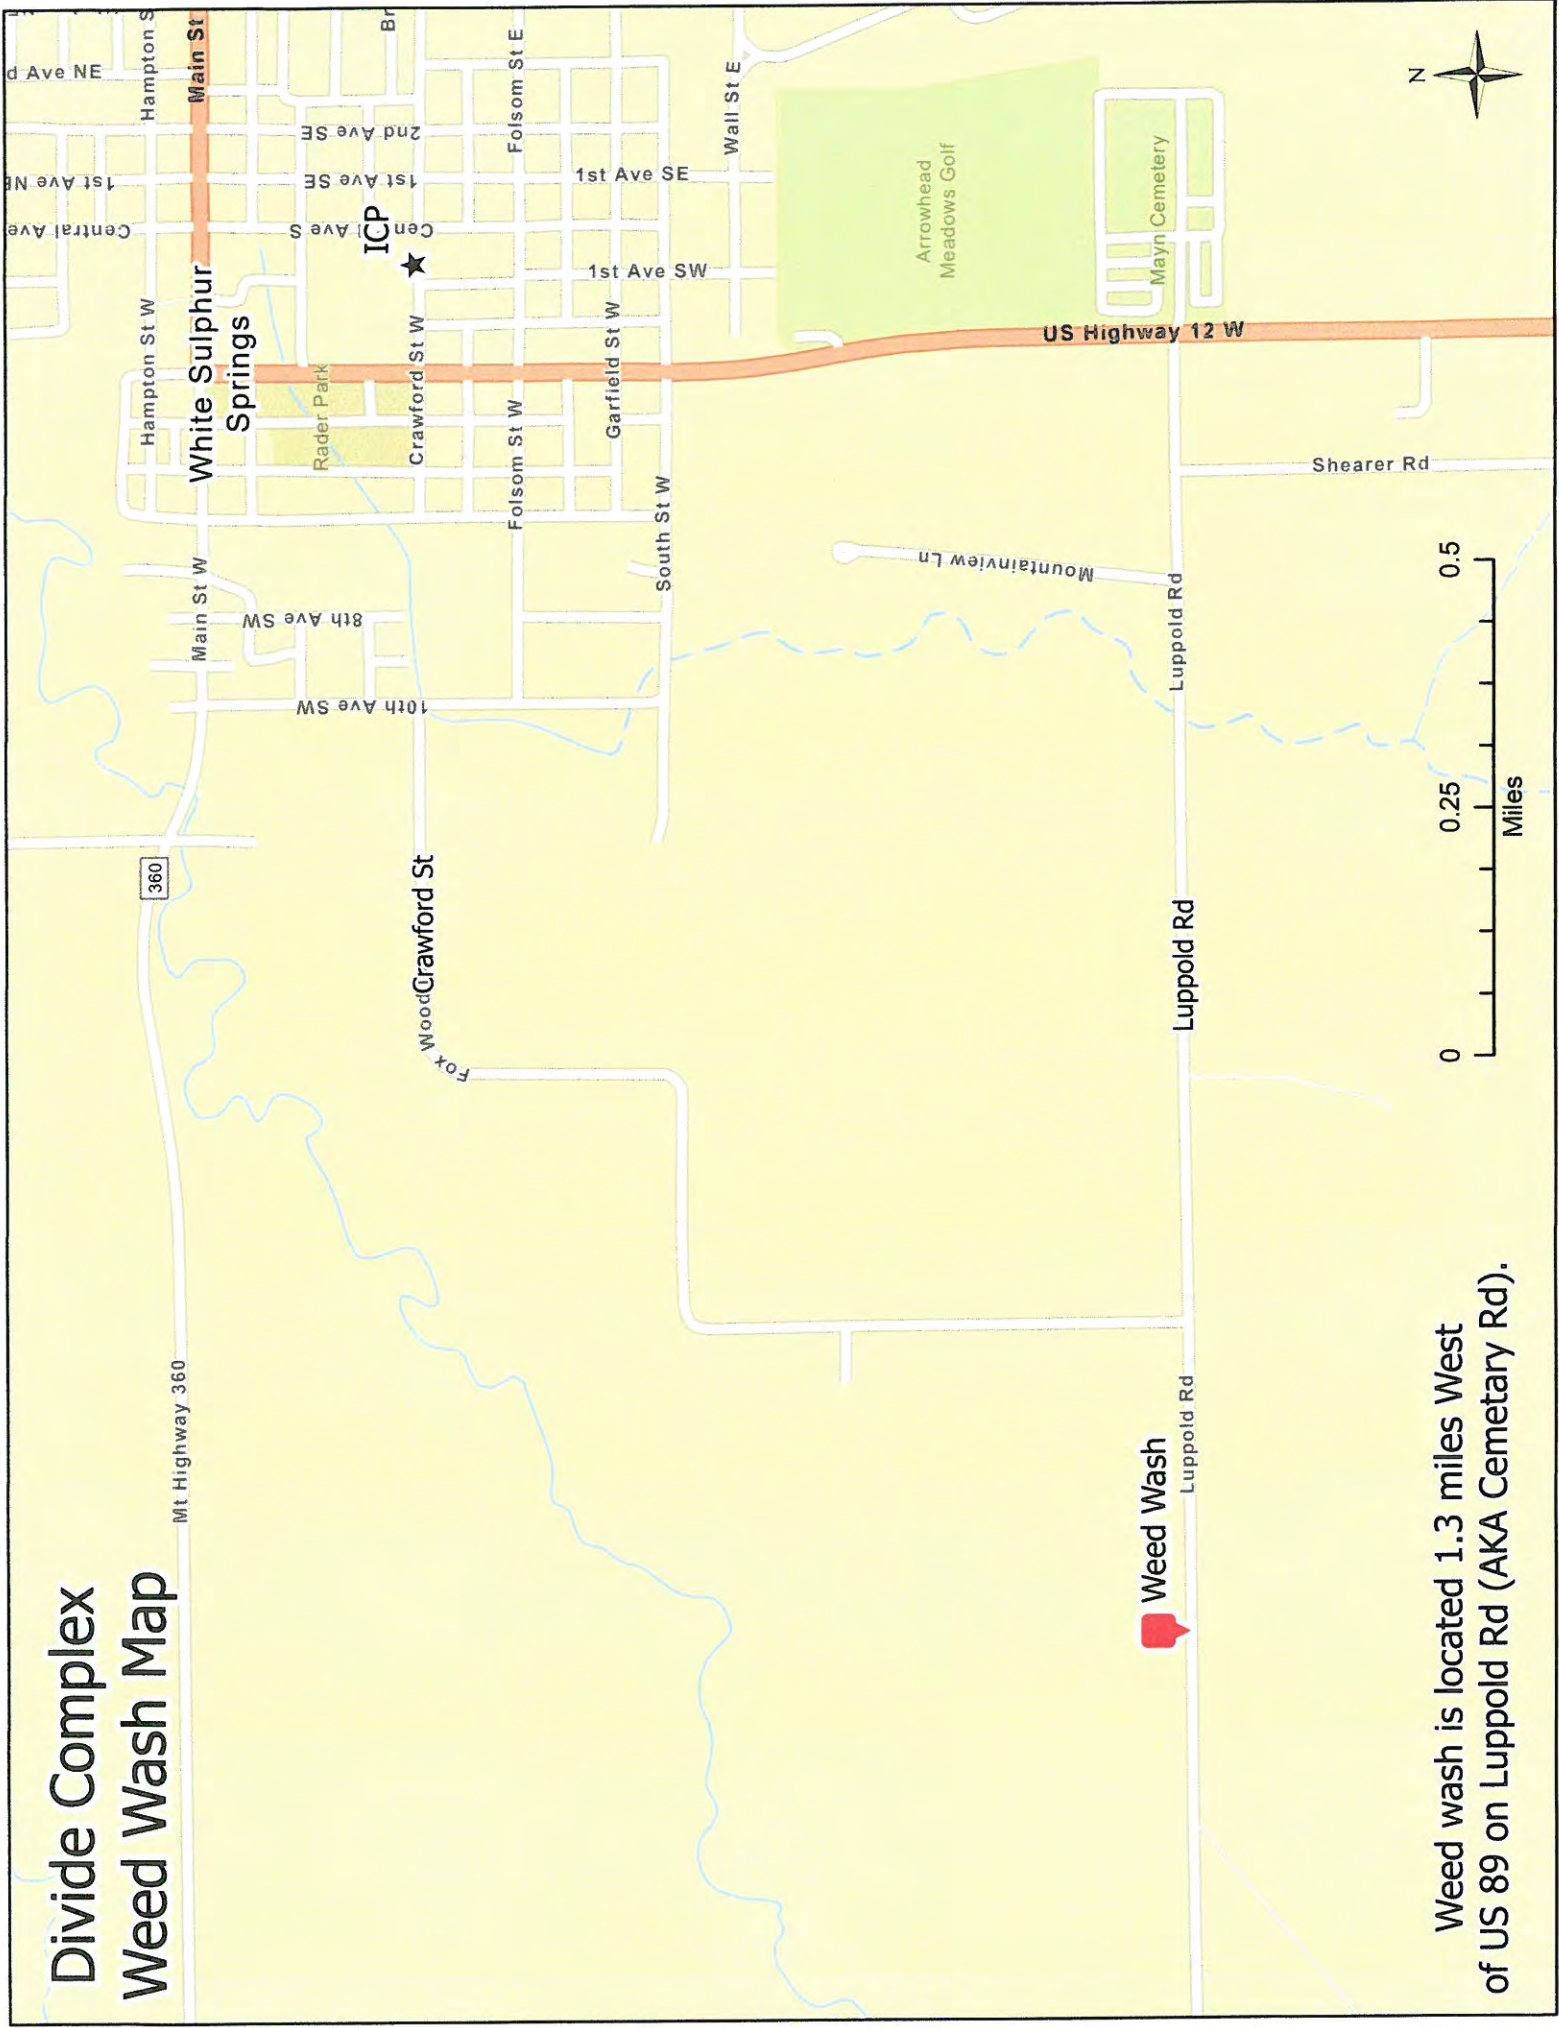

Dinner: 1830 to 2100

### **Shower Hours for Jackson Ranch Shower Unit**

0500 – 1200

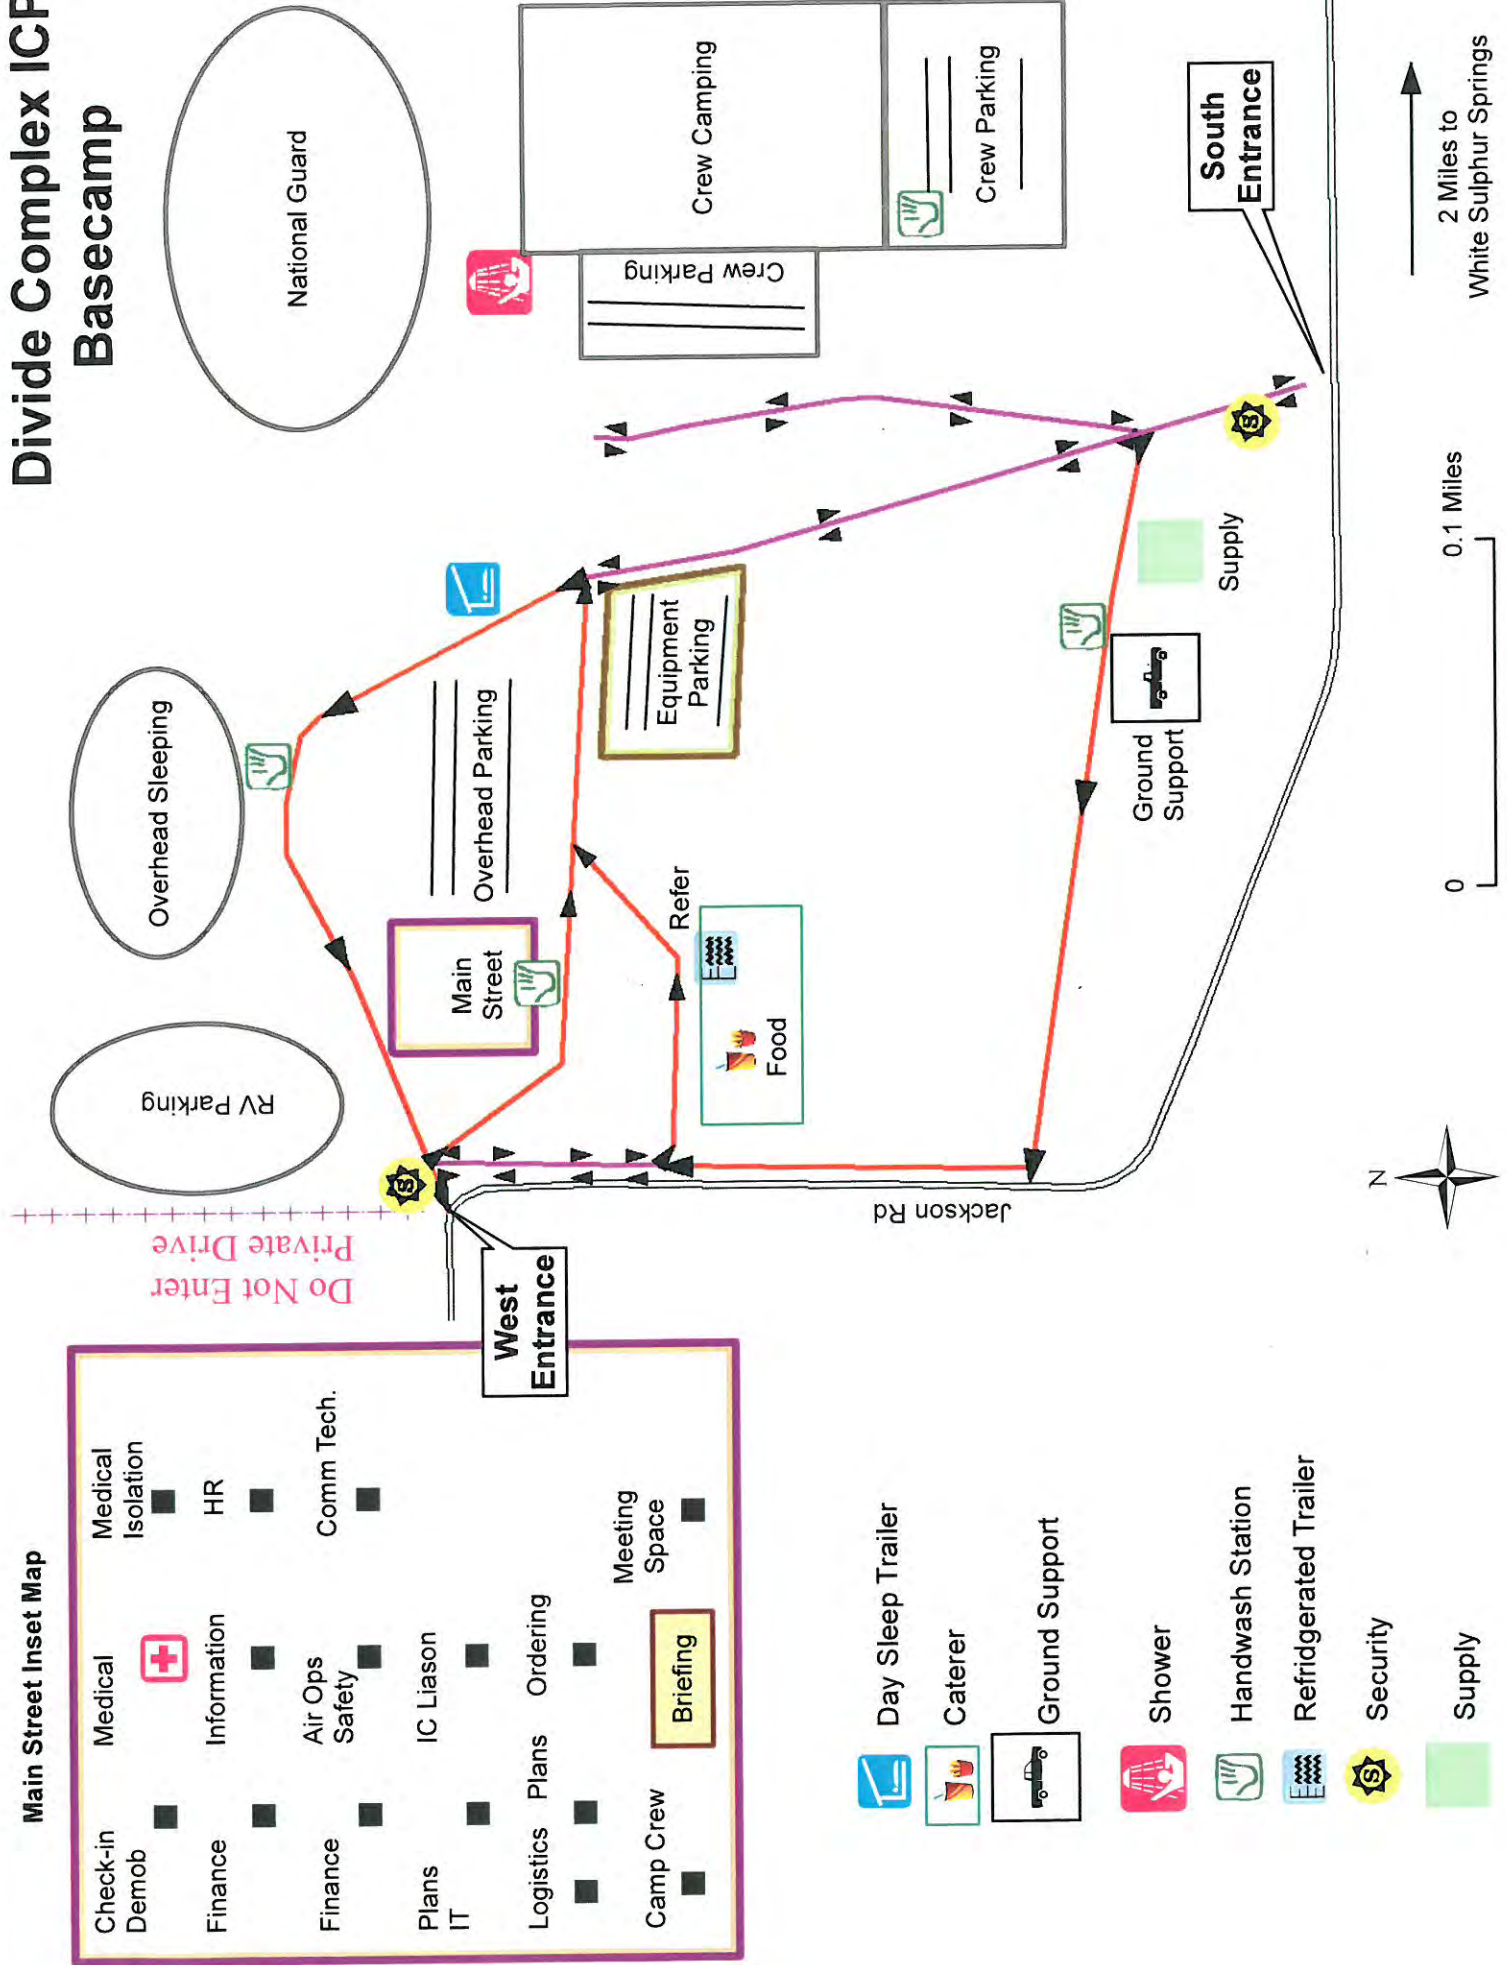

1400 - 2130

## MEDICAL PLAN (ICS 206 WF)

Controlled Unclassified Information//Basic

Medical Incident Report																													
<p><b>FOR A NON-EMERGENCY INCIDENT, WORK THROUGH CHAIN OF COMMAND TO REPORT AND TRANSPORT INJURED PERSONNEL AS NECESSARY.</b></p> <p><b>FOR A MEDICAL EMERGENCY: IDENTIFY ON SCENE INCIDENT COMMANDER BY NAME AND POSITION AND ANNOUNCE "MEDICAL EMERGENCY" TO INITIATE RESPONSE FROM IMT COMMUNICATIONS/DISPATCH.</b></p>																													
<p><b>Use the following items to communicate situation to communications/dispatch.</b></p>																													
<p><b>1. CONTACT COMMUNICATIONS / DISPATCH (Verify correct frequency prior to starting report)</b>                      Ex: "Communications, Div. Alpha. Stand-by for Emergency Traffic."</p>																													
<p><b>2. INCIDENT STATUS: Provide incident summary (including number of patients) and command structure.</b>                      Ex: "Communications, I have a Red priority patient, unconscious, struck by a falling tree. Requesting air ambulance to Forest Road 1 at (Lat./Long.) This will be the Trout Meadow Medical, IC is TFLD Jones. EMT Smith is providing medical care."</p>																													
Severity of Emergency / Transport Priority	<input type="checkbox"/> <b>RED / PRIORITY 1 Life or limb threatening injury or illness. Evacuation need is IMMEDIATE</b> Ex: Unconscious, difficulty breathing, bleeding severely, 2° - 3° burns more than 4 palm sizes, heat stroke, disoriented. <input type="checkbox"/> <b>YELLOW / PRIORITY 2 Serious Injury or illness. Evacuation may be DELAYED if necessary.</b> Ex: Significant trauma, unable to walk, 2° - 3° burns not more than 1-3 palm sizes. <input type="checkbox"/> <b>GREEN / PRIORITY 3 Minor Injury or illness. Non-Emergency transport</b> Ex: Sprains, strains, minor heat-related illness.																												
Nature of Injury or Illness & Mechanism of Injury			Brief Summary of Injury or Illness (Ex: Unconscious, Struck by Falling Tree)																										
Transport Request			Air Ambulance / Short Haul/Hoist Ground Ambulance / Other																										
Patient Location			Descriptive Location & Lat. / Long. (WGS84)																										
Incident Name			Geographic Name + "Medical" (Ex: Trout Meadow Medical)																										
On-Scene Incident Commander			Name of on-scene IC of Incident within an Incident (Ex: TFLD Jones)																										
Patient Care			Name of Care Provider (Ex: EMT Smith)																										
<p><b>3. INITIAL PATIENT ASSESSMENT: Complete this section for each patient as applicable (start with the most severe patient)</b></p>																													
Patient Assessment: See IRPG page 106																													
Treatment:																													
<p><b>4. TRANSPORT PLAN:</b></p>																													
Evacuation Location (if different): (Descriptive Location (drop point, intersection, etc.) or Lat. / Long.) Patient's ETA to Evacuation Location:																													
Helispot / Extraction Site Size and Hazards:																													
<p><b>5. ADDITIONAL RESOURCES / EQUIPMENT NEEDS:</b></p>																													
Example: Paramedic/EMT, Crews, Immobilization Devices, AED, Oxygen, Trauma Bag, IV/Fluid(s), Splints, Rope rescue, Wheeled litter, HAZMAT, Extrication																													
<p><b>6. COMMUNICATIONS: Identify State Air/Ground EMS Frequencies and Hospital Contacts as applicable</b></p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 15%;">Function</th> <th style="width: 20%;">Channel Name/Number</th> <th style="width: 15%;">Receive (RX)</th> <th style="width: 15%;">Tone/NAC *</th> <th style="width: 15%;">Transmit (TX)</th> <th style="width: 20%;">Tone/NAC *</th> </tr> </thead> <tbody> <tr> <td>COMMAND</td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>AIR-TO-GRND</td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>TACTICAL</td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table>						Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *	COMMAND						AIR-TO-GRND						TACTICAL					
Function	Channel Name/Number	Receive (RX)	Tone/NAC *	Transmit (TX)	Tone/NAC *																								
COMMAND																													
AIR-TO-GRND																													
TACTICAL																													
<p><b>7. CONTINGENCY: Considerations: If primary options fail, what actions can be implemented in conjunction with primary evacuation method? Be thinking ahead.</b></p>																													
<p><b>8. ADDITIONAL INFORMATION: Updates/Changes, etc.</b></p>																													
<p><b>REMEMBER: Confirm ETA's of resources ordered. Act according to your level of training. Be Alert. Keep Calm. Think Clearly. Act Decisively.</b></p>
