11. Report Time Period: From Date/Time: 08/25/2015 0500 PDT To Date/Time: 08/25/2015 1600 PDT													
12. Prepared By: Print Name: Steve Smith - SITL Date/Time Prepared: 08/25/2015 1600 PDT		13. Approved By: Print Name: Mike Wilkins - ICT1 Signature: _____											
14. Date/Time Submitted: 08/25/2015 1825 PDT	15. Primary Location, Organization, or Agency Sent To: NRCC												
16. State: ID	17. County / Parish / Borough: Clearwater	18. City: Orofino, ID											
19. Unit or Other:	20. Incident Jurisdiction:	21. Incident Location Ownership (if different than jurisdiction):											
22. Latitude/Longitude: Latitude: 46° 28' 2" Longitude: 116° 14' 22"	23. US National Grid Reference: Grid Zone: x-Coordinate: y-Coordinate:	24. Legal Description: Principal Meridian: Township: Range: Section: 1/4 Sec: of 1/4 Sec:											
25. Short Location or Area Description (list all affected areas or a reference point): Clearwater, Lewis and Nez Perce Counties in Idaho			26. UTM Coordinates: Zone: Easting: Northing:										
27. Note any geospatial data available (indicate data format, content, and collection time information and labels):													
28. Observed Fire Behavior or Significant Events for the Time Period Reported (describe fire behavior using accepted terminology. For non-fire incidents, describe significant events related to the materials or other causal agents): Minimal Smoldering Creeping													

Incident Status Summary (ICS-209)

Incident: MUNICIPAL COMPLEX

Narrative:

Residual heat still exists on all three fires in the Complex. Needle cast is increasing daily and could present opportunities for re-burn in locations with intense heat.

29. Primary Fuel Model, Materials, or Hazards Involved (hazardous chemicals, fuel types, infectious agents, radiation, etc):

**Timber (Grass and Understory)
Brush (2 feet)**

Narrative:

30. Damage Assessment Information (summarize damage and/or restriction of use or availability to residential or commercial property, natural resources, critical infrastructure and key resources, etc):
In addition, 1 historic homestead destroyed. All damage assessments conducted and confirmed by Clearwater County Sheriff on the Municipal Complex.

A. Structural Summary	B. # Threatened (up to 72 hrs)	C. # Damaged	D. # Destroyed
E. Single Residences	200	0	4
F. Multiple Residences	0	0	0
G. Mixed Commercial / Residential	0	0	0
H. Nonresidential Commercial Property	0	0	0
I. Other Minor Structures	120	0	8

31. Public Status Summary:

C. Indicate the Number of Civilians (Public) Below:

	Previous Report Total	A. # this Reporting Period	B. Total # to-date
D. Fatalities	0		0
E. With Injuries/Illness	0		0
F. Trapped/In Need of Rescue	0		0
G. Missing	0		0
H. Evacuated	0		0
I. Sheltering in Place	0		0
J. In Temporary Shelters	0		0
K. Have Received Mass Immunizations	0		0
L. Require Immunizations	0		0
M. In Quarantine	0		0
N. Total # Civilians (Public) Affected:	0		0

32. Responder Status Summary:

C. Indicate the Number of Responders Below:

	Previous Report Total	A. # this Reporting Period	B. Total # to-date
D. Fatalities	0		0
E. With Injuries/Illness	2	1	2
F. Trapped/In Need of Rescue	0		0
G. Missing	0		0
H. Evacuated	0		0
I. Sheltering in Place	0		0
J. In Temporary Shelters	0		0
K. Have Received Mass Immunizations	0		0
L. Require Immunizations	0		0
M. In Quarantine	0		0
N. Total # Responders Affected:	2	1	2

33. Life, Safety, and Health Status/Threat Remarks:

Very dense concentrations of smoke continue to pose a significant air quality concern throughout the Clearwater Valley especially in the community of Orofino. On the Fisher fire, a number of homes still hold some potential to be affected should any flare ups become established and make an advance out of Big Canyon. Cattle and agricultural enterprises are at highest risk with loss of grazing ground, crops and damages to farm machinery. 1 minor injury occurred late

34. Life, Safety, and Health Threat Management:

	Active?
A. No Likely Threat	
B. Potential Future Threat	X
C. Mass Notifications in Progress	

Incident Status Summary (ICS-209)

Incident: MUNICIPAL COMPLEX

<p>afternoon on 8/24. An crew member falling a tree strained a muscle. The individual was assessed and returned back to duty.</p>		Active?
<p>35. Weather Concerns (synopsis of current and predicted weather; discuss related factors that may cause concern): Wednesday- Mostly sunny with smoke. Slight chance of isolated dry thunderstorms or showers late afternoon and evening. High 85 to 90 in the valley, 75 to 80 on the ridges. Min Humidity - 15 - 20% in the valleys, 18 - 25% on the ridges. 20 Foot Winds : Ridges - South 7 - 15 mph. Valleys/Slope - Upslope 4 - 8 mph. Haines 5 - moderate LAL 2 CWR:0%</p>	<p>D. Mass Notifications Completed</p> <p>E. No Evacuation(s) Imminent</p> <p>F. Planning for Evacuation</p> <p>G. Planning for Shelter-in-Place</p> <p>H. Evacuation(s) in Progress</p> <p>I. Shelter-in-Place in Progress</p> <p>J. Repopulation in Progress</p> <p>K. Mass Immunization in Progress</p> <p>L. Mass Immunization Complete</p> <p>M. Quarantine in Progress</p> <p>N. Area Restriction in Effect</p> <p>O. Road Closure</p> <p>P. Trail Closure</p> <p>Q. Area Closure</p>	

<p>36. Projected Incident Activity, Potential, Movement, Escalation, or Spread and influencing factors during the next operational period and in 12-, 24-, 48-, and 72-hour time frames:</p>	
<p>12 hours: The Fisher fire will continue to consume areas of unburned fuels in the canyons which have proved to be resistant to control and containment in steep, rocky slopes. The Municipal fire has reduced areas of unburned fuels that continue to creep through the interior. The Old Greer fire is nearing full containment and is not expected make any further advancements. The Old Greer fire remains in a patrol and monitor status.</p> <p>24 hours: All fires are expected to be in limited mopup and patrol status with suppression repair initiated.</p> <p>48 hours:</p> <p>72 hours:</p> <p>Anticipated after 72 hours:</p>	

<p>37. Strategic Objectives (define planned end-state for incident):</p> <p>Protection of human life and safety is the first priority. Keep fires within existing control lines. Implement full suppression strategy using direct and indirect tactics for all initial attack and ongoing fires within the Complex. Provide point protection to homes and other values.</p>	
--	--

<p>38. Current Incident Threat Summary and Risk Information in 12-, 24-, 48-, and 72-hour timeframes and beyond. Summarize primary incident threats to life, property, communities and community stability, residences, health care facilities, other critical infrastructure and key resources, commercial facilities, natural and environmental resources, cultural resources, and continuity of operations and/or business. Identify corresponding incident-related potential economic or cascading impacts:</p>	
<p>12 hours: Several residences are located within 1/2 mile of the Municipal fire perimeter to the South of Upper Fords Creek Road. Additionally, the town of Orofino is within 1/10th mile of the fire perimeter to the north. On the Fisher fire, scattered homes and improvements exist in close proximity to the fire's perimeter. Additionally, the town of Craigmont is located 5 miles south of the Fisher fire. Several areas of cultural resources sacred to the Nez Perce Tribe exist throughout the fire area and special concern is to be given to protect and prevent damage to any sites.</p> <p>24 hours: The Incident Management Team has identified resources to respond for initial attack to support the local Idaho Department of Lands district and the Clearwater Potlatch Timber Protection Association from both the Municipal and Fisher fires. The Incident Management Team has identified a Suppression repair Group to assess and implement stabilization and rehabilitation efforts. Initial attack resources responded to two separate new</p>	

Incident Status Summary (ICS-209)

Incident: MUNICIPAL COMPLEX

<p style="text-align: center;">starts on 8/24 to assist the Idaho Department of Lands and the Clearwater Potlatch Timber Protection Association</p> <p>48 hours: 72 hours: Anticipated after 72 hours:</p>
<p>39. Critical Resource Needs in 12-, 24-, 48-, and 72-hour timeframes and beyond to meet critical incident objectives. List resource category, kind, and/or type, and amount needed, in priority order:</p> <p style="padding-left: 40px;">6 TFLD's to manage complexity and supervise resources to assure adequate supervision to mitigate safety concerns. Currently DIVS are beyond their span of control and have difficulty providing safe and efficient oversight of multiple resources deployed over large geographical locations.</p> <p>12 hours: 24 hours: 48 hours: 72 hours: Anticipated after 72 hours:</p>
<p>40. Strategic Discussion: Explain the relation of overall strategy, constraints, and current available information to:</p> <ol style="list-style-type: none">1) critical resource needs identified above,2) the Incident Action Plan and management objectives and targets,3) anticipated results. <p>Explain major problems and concerns such as operational challenges, incident management problems, and social, political, economic, or environmental concerns or impacts.</p> <p>Overall strategy is to contain and mopup existing fire perimeters to prevent opportunity for any future advancements. Management objectives are as follows:</p> <ol style="list-style-type: none">1. Protection of human life and safety is the first priority for all actions and may override all incident and strategic operational objectives.2. Keep fires within existing control lines3. Protect waterways and riparian areas4. Provide and conduct Initial Attack (IA) on new fires if requested by the districts or association..5. Provide accurate and timely information to public through media release, public meetings and social media.6. Ensure suppression strategies consider cost containment and most efficient organization to minimize impacts to landowners.7. Implement full suppression strategy using direct and indirect tactics to contain fire. Provide point protection when necessary. <p>Municipal and Old Greer:</p> <ol style="list-style-type: none">1. Involve Clearwater, Lewis, and Nez Perce County officials in the decision making processes as appropriate to jurisdictions and responsibilities. Implement full suppression strategy using direct and indirect tactics to protect and prevent further damage to structures.2. Using the risk management process to identify values at risk and risk mitigation measures to manage risk and exposure to first responders and the public. <p>Fisher:</p> <ol style="list-style-type: none">1. Protect sensitive Nez Perce cultural resources that exist or may be encountered. Sites of concern should be undisturbed and avoided consistent with reporting to tribal agency administrator or resource advisor.2. The Incident Management Team has completed a wildfire protection assessment plan for the Pierce, Idaho area focusing on the lands between the Forest Service Boundary and the town of Pierce. In the event the Motorway Fire approaches the Forest Boundary, the Blue Team will initiate suppression action to stop westward movement of the fire and protect the Pierce area structures. This will be done in concert with CPTPA and the IMT that is responsible for the Motorway Fires. Initial coordination meetings have taken place between IMT's and cooperators.

Incident Status Summary (ICS-209)

Incident: MUNICIPAL COMPLEX

41. Planned Actions for Next Operational Period:
Strengthen control lines where available resources are capable of being productive. Employ extensive mopup to mitigate opportunity for escape. Continue to utilize hose lays along control lines on the Municipal fire to support mopup to areas inaccessible by engines. Continue assessments and planning for suppression repair.

42. Projected Final Incident Size/Area (use unit label – e.g., “Acres”, “Square Miles”):

43. Anticipated Incident Containment or Completion Date:

44. Projected Significant Resource Demobilization Start Date:

45. Estimated Incident Costs to Date: **\$4,131,844.00**

46. Projected Final Incident Cost Estimate:

47. Remarks (or continuation of any blocks above – list block number in notation):
This complex contains the Old Greer, Fisher and Municipal Fires as of 8/25/2015. The Incident expects to order miscellaneous heavy equipment resources for suppression repair within the next 24 hours. The Incident Management Team is making preparations to assume command of the Clearwater Complex and assessing logistical and resource needs.

Incident Name	Suppression Strategy	Size	MMA	Cost to Date
Municipal	Full Suppression	1,770	85 %	\$1,817,141.00
Fisher	Full Suppression	18,889	85 %	\$2,222,703.00
Old Greer	Full Suppression	73	95 %	\$92,000.00
