Date and Time Products Delivered to Incident: 09/03/2017 @ 0145 MDT			
Comments /notes on tonight's mission and this interpretation: Started with IR perimeter from 20170903 @ 0206. The northern perimeter has reached Clack Mountain and crossed Bowl Creek about ½ mile south of its confluence with Middle Fork Flathead River. The eastern perimeter expanded beyond Grizzly Park and has crossed South Fork Trail Creek. The southeastern perimeter continues to follow Open Creek and is at its confluence with Fool Creek. The southwestern perimeter is ¾ mile from Dean Lake. Intense heat and spotting outside of the perimeter in all of these locations.
