All support positions should review local Base Operations Plan and Interagency Aviation Mishap Response Guide.			FWPT and RAMP have taskbooks however not recognized by NWCG. Copies are available as an appendix to IABOG.
			Units implementing Agency personnel as RTCM and MXMS must have Approval from the local Aviation Officer and State Aviation Officer prior to operations. This is to ensure adequate Individuals can be identified for initial program implementation and oversight.
			Only fully qualified agency individuals or those qualified in positions that maintain currency for a position may act as final evaluators and successful performance rating officials. Contractors/Vendors may not certify agency personnel.
